REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Plan Sponsor and Administrator
US HealthConnect, Inc. 401(k) Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of US HealthConnect, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedules required by ERISA

The supplemental schedules of delinquent participant contributions for the year ended December 31, 2024 and assets (held at end of year) as of December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE A - PLAN DESCRIPTION

The following description of the US HealthConnect, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions, including definitions of key terms.

General

The Plan is a defined contribution plan that meets the requirements of section 401(a) of the Internal Revenue Code ("IRC" or "Code") covering all eligible employees of US HealthConnect, Inc. (the "Company"). Employees are eligible upon hire and may enter the Plan on the first day of the month after completing the enrollment forms and have attained the minimum age of 21 years.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Contributions

Participants may make pre-tax and post-tax contributions based on an elected dollar amount or percentage of eligible compensation, as defined in the Plan document, subject to certain Internal Revenue Service ("IRS") limitations. Participants may also contribute amounts representing eligible rollover distributions from an eligible plan sponsored by a previous employer. The Plan allows participants to make Roth deferrals and direct rollovers from another qualified Roth contribution program into the Plan.

The Company's matching contribution is 20% of the amount contributed by each employee, but no match will be made on deferred amounts exceeding 6% of the employee's compensation.

The Company may make discretionary profit-sharing contributions to participants. There were no discretionary profit-sharing contributions for the year ended December 31, 2024.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants vest in the Company's matching and discretionary matching contributions plus actual earnings thereon based on the following schedule:

<u>Years of Service</u>	<u>Vesting Requirement</u>
After 1 year of service	25%
After 2 years of service	50%
After 3 years of service	75%
After 4 years or more years	100%

Participant Accounts

Participants may direct contributions to any of the investment options offered by the Plan. Individual participant accounts are credited with applicable participant contributions, an allocation of the Company's contributions and investment earnings or losses. Allocations are based upon participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is equal to the vested portion of the participant's account.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2024 and 2023

Forfeitures

A participant who terminates employment and is less than 100% vested forfeits the non-vested portion of their account. Forfeitures are used to reduce future employer matching contributions or pay plan expenses. At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$23,546 and \$44,220, respectively. For the year ended December 31, 2024, employer matching contributions were reduced by \$28,612 from forfeited non-vested accounts.

Distributions

Distributions from the Plan are permitted under the following circumstances: (i) attainment of age 59½, (ii) termination of employment, (iii) death or permanent disability, and (iv) a proven hardship. Distributions of a participant's account are made in the form of a lump-sum payment or installments over a period of not more than the participant's assumed life expectancy (or the assumed life expectancy of the participant and their beneficiary). Death benefits generally must be paid to the beneficiary within five years after the participant's death. Minimum required distributions for participants who have reached age 73 also apply per IRS regulations.

Notes Receivable From Participants

In general, the Plan Administrator may permit participants to borrow an amount not to exceed the lesser of (i) \$50,000 or (ii) 50% of the vested amount of the participant's account attributable to salary deferrals and rollovers from other plans. Only one outstanding loan per participant is allowed and the minimum amount of any loan is \$1,000. The loans are secured by the balance in the participant's account and bear interest at rates as described in the Plan documents. Principal and interest are paid ratably through payroll deductions. At December 31, 2024, the applicable interest rates on outstanding loans ranged between 3.25% and 9.50%.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value, except for the Plan's investment in an insurance contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Interest income is recorded on the accrual basis. Purchases and sales of securities are recorded on a trade-date basis.

The Plan presents, in the statement of changes in net assets available for benefits, the net change in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation or depreciation on those investments.

US HealthConnect, Inc. 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2024 and 2023

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as benefits paid to participants based upon the terms of the Plan document. Interest income is recorded on an accrual basis. No allowance for credit losses has been recorded at December 31, 2024 and 2023.

Benefit Payments

Benefits are recorded when paid. At December 31, 2024 and 2023, there were no benefits processed and approved for payment, but not paid.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits, and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of Plan income and expenses during the reporting period. Actual results could differ from those estimates.

Administrative Expenses

Certain administrative expenses of the Plan are paid by the Company. The participant's quarterly statement reflects an administrative fee based on the investment options chosen by the participant and varies from quarter to quarter based on the difference, if any, between the amounts of revenue sharing associated with the Plan's investment options and the fixed administrative fee paid to the trustee for recordkeeping and administrative services.

Investment management fees and operating expenses charged to the Plan are deducted from investment income earned on a daily basis and are not separately reflected. Consequently, investment management fees and operating expenses are reflected as a reduction of investment return.

NOTE C - INVESTMENTS AND INFORMATION CERTIFIED BY THE CUSTODIAN

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Equitable Life Insurance Company, custodian of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value, investments, at contract value, and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2024 and 2023;
- Net investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2024; and
- Schedule H, Line 4i - schedule of assets (held at end of year) as of December 31, 2024.

The Plan's independent accountants did not perform auditing procedures with respect to information certified by the trustee except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading

US HealthConnect, Inc. 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2024 and 2023

the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

NOTE D - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Accounting Standards Codification ("ASC") No. 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Pooled Separate Accounts are valued using the net asset value ("NAV") provided by the Trustee, which is based on the fair value of the underlying investments. The NAV is used as a practical expedient to estimate fair value when the investment does not have a readily determinable market price. The underlying investments valued using quoted market prices of the underlying investments. The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net appreciation in fair value of investments in the statement of changes in net assets available for benefits.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one level to another. In such instances,

US HealthConnect, Inc. 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

the transfer is reported at the beginning of the reporting period. There were no transfer of Plan assets between levels during the year ended December 31, 2024.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

December 31, 2024	Investments at Fair Value			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ -	\$ 25,907,800	\$ -	\$ 25,907,800
Total investments, at fair value	<u>\$ -</u>	<u>\$ 25,907,800</u>	<u>\$ -</u>	<u>\$ 25,907,800</u>
December 31, 2023	Investments at Fair Value			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ -	\$ 23,331,968	\$ -	\$ 23,331,968
Total investments, at fair value	<u>\$ -</u>	<u>\$ 23,331,968</u>	<u>\$ -</u>	<u>\$ 23,331,968</u>

NOTE E - INVESTMENT IN UNALLOCATED INSURANCE CONTRACT

The Guaranteed Interest Option ("GIO") is part of Equitable Financial Life Insurance Company's ("Equitable Financial") General Account and pays interest at guaranteed rates. Equitable Financial sets current interest rates for the GIO on a monthly basis. Interest rates may be equal to or higher than the annual minimum guaranteed interest rate, but will never be lower. There are no specific events that would impact the participant's ability to transact at contract value. The GIO has a minimum interest rate of 1% and as of December 31, 2024 the interest rate is 2%. These assets are not recorded at fair value and are therefore excluded from the fair value hierarchy in Note D.

NOTE F - RELATED-PARTY TRANSACTIONS

The Plan invests in a pooled separate account and an insurance contract that are managed by the recordkeeper of the Plan. The Plan also permits notes receivable from participants. These transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules.

NOTE G - PROHIBITED TRANSACTIONS

During the years ended December 31, 2024 and 2023, the Company failed to segregate, and remit in a timely manner, certain participant contributions from its operating assets within the required time period as specified by the United States Department of Labor ("DOL") Reg. 2510.3012. These contributions were remitted in 2024. Failure to segregate and remit contributions within the specified time period is a prohibited transaction according to the provisions of ERISA and the Internal Revenue Code (the "Code").

US HealthConnect, Inc. 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2024 and 2023

NOTE H - TAX STATUS

The Plan has obtained an opinion letter on the prototype non-standardized pre-approved profit-sharing plan with a cash or deferral arrangement ("prototype plan") dated June 30, 2020, stating that the form of the Plan is acceptable under Section 401 of the Code. The Plan has been amended since receiving the opinion letter. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE I - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities offered by the Plan. The Company selects the investment vehicles offered within the Plan to provide appropriate investment options to participants. Investment securities are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in the values of investment securities may occur in the near term and those changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE J - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, participants will become fully vested in their accounts.

NOTE K - SUBSEQUENT EVENTS

Subsequent events have been evaluated through November 26, 2025, which is the date the financial statements were available to be issued. There were no additional subsequent events that would require recognition or disclosure in the Plan's financial statements.
