INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of
Northern Illinois Annuity Fund
Seattle, Washington

Opinion

We have audited the accompanying financial statements of Northern Illinois Annuity Fund (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of May 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Northern Illinois Annuity Fund as of May 31, 2025 and 2024 and its changes in net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The schedules of general and administrative expenses are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NORTHERN ILLINOIS ANNUITY FUND

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED MAY 31, 2025 AND 2024

NOTE 1. DESCRIPTION OF THE PLAN

The following description of the Northern Illinois Annuity Fund (the Plan) provides general information only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General - The Plan was established under collective bargaining agreements of Laborers Locals #32, 309, 393, 681, 727 and Great Plains District Council as a defined contribution pension plan exclusively for the purpose of providing retirement income benefits to employees and their families and/or beneficiaries. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Employer Contributions - Employers contribute to the Plan each month based on hours worked per participant. Employee contributions are not allowed. Participants may contribute rollover distributions from other qualified retirement plans.

Participant Accounts - Each participant's account is credited with (a) the employer contribution and (b) semi-annual allocation of Plan earnings, net of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefits that can be provided from the participant's account.

Vesting - A participant is vested and shall have a non-forfeitable interest in his account at all times.

Payment of Benefits - Participants, or their beneficiaries in the event of a participant's death, are eligible to receive benefits payable in a lump sum or partial lump sum when they satisfy one of the following requirements:

1. Retirement, death or disability.
2. Upon other termination of employment, resulting in no employer contributions being made on behalf of a participant for twelve consecutive months.

Hardship Withdrawals - Participants may also make a hardship withdrawal. A hardship withdrawal shall only be made when certain requirements are met. A participant's request for a hardship withdrawal must be accompanied by evidence of hardship. Approval or disapproval of such request shall be within the sole discretion of the Board of Trustees (Trustees).

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements have been prepared using the accrual basis of accounting. Under this basis, revenue is recognized when earned and expenses are recognized when incurred.

Investment Valuation and Income Recognition - Investments are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recognized on a trade-date basis. Interest income is recognized on the accrual basis. Dividends are recognized on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions Receivable - Contributions receivable consists of amounts due from employers for which the Plan has an unconditional right to receive payment. Contributions receivable are stated at the amount management expects to be collected. Economic factors such as the concentration of employers in a similar geographic area and within the same industry might impact the nature, amount, timing and uncertainty of cash collections. As of May 31, 2025, management has determined that any estimated allowance for credit losses will be immaterial.

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Payment of Benefits - Benefit payments are recorded when paid.

Cash and Cash Equivalents - Cash and cash equivalents represent cash held in checking accounts and money market accounts available for immediate withdrawal.

Administrative Expenses - The Plan's expenses are paid by the Plan as provided by the Plan document. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation in fair value of investments presented in the accompanying statements of changes in net assets available for benefits.

NOTE 3. TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Plan by a letter dated February 19, 2016 that the Plan and related Trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC).

NOTE 3. TAX STATUS (CONTINUED)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan has analyzed the tax positions taken by the Plan, and has concluded that as of May 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan believes it is no longer subject to income tax examinations for years prior to the year ended May 31, 2022.

NOTE 4. PRIORITIES UPON TERMINATION

Although it has not expressed any intent to do so, the Trustees have the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, distribution of Plan assets will be made to the participants after all expenses incurred by the Plan are paid.

NOTE 5. FAIR VALUE MEASUREMENTS

Accounting standards provide the framework for measuring fair value which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include other significant observable inputs including:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 5. FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of May 31, 2025 and 2024:

	Assets at Fair Value as of May 31, 2025			
	Total	Level 1	Level 2	Level 3
Investment cash	\$ 1,313,325	\$ -	\$ 1,313,325	\$ -
Registered investment companies	85,118,805	85,118,805	-	-
	86,432,130	\$ 85,118,805	\$ 1,313,325	\$ -
Investments measured at net asset value *	68,929,144			
Investments at fair value	<u>\$ 155,361,274</u>			

	Assets at Fair Value as of May 31, 2024			
	Total	Level 1	Level 2	Level 3
Investment cash	\$ 1,236,309	\$ -	\$ 1,236,309	\$ -
Registered investment companies	100,326,156	100,326,156	-	-
	101,562,465	\$ 100,326,156	\$ 1,236,309	\$ -
Investments measured at net asset value *	37,614,349			
Investments at fair value	<u>\$ 139,176,814</u>			

* In accordance with Accounting Standards Codification, investments that were measured at net asset value (NAV) per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at May 31, 2025 and 2024.

Investment cash: The investment cash is valued using amortized cost which approximate fair value.

Registered investment companies: Shares held are traded on national securities exchanges and are valued at the net asset value on the last business day of each period presented.

Investments Measured at Net Asset Value

Limited partnerships: Fair value for the Plan's share of limited partnerships is determined by the general partner's valuation of the underlying investments at estimated fair value.

NOTE 5. FAIR VALUE MEASUREMENTS (CONTINUED)

Common collective trust: Value is determined at the net asset value of the units held by the Plan at year end. The underlying investments of these trusts consist of marketable securities that are valued based on quoted market prices or yields currently available on comparable securities.

There were no transfers between levels for the years ended May 31, 2025 and 2024.

NOTE 6. FAIR VALUE MEASUREMENTS OF INVESTMENTS IN CERTAIN ENTITIES THAT CALCULATE NET ASSET VALUE PER SHARE (OR ITS EQUIVALENT)

Authoritative guidance on fair value measurements permits the Plan to measure the fair value of an investment entity that does not have a readily determinable fair value based upon the NAV per share or its equivalent of the investment. This guidance does not apply if it is probable that the investment will be sold at a value different than NAV.

The Plan's risk of loss in these entities is limited to its investment. The Plan may increase or decrease its level of investment in these entities at its discretion. The Plan typically has the ability to redeem its investment from these entities on a daily or quarterly basis, but longer lock-up periods can apply to certain investments.

The following tables summarize the Plan's investments in certain entities that calculate NAV per share as fair value measurement as of May 31, 2025 and 2024:

Description	2025 Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
a. Limited partnerships	\$ 31,805,028	\$ -	Daily - Quarterly	10 days - 90 days
b. Common collective trusts	37,124,116	-	Daily	One day
	<u>\$ 68,929,144</u>	<u>\$ -</u>		

Description	2024 Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
a. Limited partnerships	\$ 14,937,149	\$ -	Quarterly	30 days - Quarterly
b. Common collective trusts	22,677,200	-	Daily	One day
	<u>\$ 37,614,349</u>	<u>\$ -</u>		

a. The Plan invests in several limited partnerships that are valued at NAV.

Acadian All Country World Ex US Fund - The investment objective is to seek long-term capital appreciation by investment primarily in common stocks of international issuers with varying market capitalizations.

American Strategic Value Reality, L.P. - The fund is an open-ended investment fund which main assets are investment in real estate, unconsolidated joint ventures and note receivable.

NOTE 6. FAIR VALUE MEASUREMENTS OF INVESTMENTS IN CERTAIN ENTITIES THAT CALCULATE NET ASSET VALUE PER SHARE (OR ITS EQUIVALENT) (CONTINUED)

U.S. Real Estate Investment Fund, LLC - The investment objective of this fund is to invest in a pool of real estate assets that are diversified by geography and property type, with a focus on yield-driven investments and, to a lesser extent, on value-added investment.

Loomis Sayles NHIT World Credit Asset Trust - The Trust's investment objective is to outperform a blended benchmark composed as follows: 50% of the Bloomberg Capital Global Aggregate Corporate Index USD Hedged, 25% of the Bloomberg Capital Global High Yield Index USD Hedged, 15% of the JP Morgan Corporate Emerging Markets Bond Index (CEMBI) Broad Diversified and 10% of the Standard & Poor's/LSTA Leveraged Loan Index.

b. The plan's investments in common collective trusts consist of the ASB Labor Equity Index Fund and the CTF Opportunistic Fixed Income Allocation Portfolio. The objective of the ASB Labor Equity Index Fund is to replicate the performance of the Standard and Poor's 500 Index by the purchase and sale of such equities which compose the S&P 500 Index. The objective of the CTF Opportunistic Fixed Income Allocation Portfolio is an unconstrained, non-benchmark-oriented investment approach. The Bloomberg U.S. Aggregate Bond Index is used as the primary reference benchmark. All common collective trusts report as direct filing entities and can be redeemed according to the table.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

As disclosed in Note 2, the Plan pays certain administrative, investment and professional fees to various service providers. In addition, Bank of Labors, the investment custodian and recordkeeper for the Plan. These transactions are party-in-interest transactions under ERISA.

NOTE 9. RECONCILIATION OF FINANCIAL STATEMENTS TO THE FORM 5500

The following is a reconciliation of additions and deductions per the financial statements to the Form 5500 for the year ended May 31, 2025:

Total additions per audited financial statements	\$ 28,378,749
Add: investment management expenses	<u>182,449</u>
Total additions per Form 5500	<u>\$ 28,561,198</u>
Total deductions per audited financial statements	\$ 11,898,178
Add: investment management expenses	<u>182,449</u>
Total deductions per Form 5500	<u>\$ 12,080,627</u>

NOTE 10. SUBSEQUENT EVENTS

Subsequent events have been evaluated through November 19, 2025, which is the date the financial statements were available to be issued. This review and evaluation revealed no material event or transaction which would require an adjustment to or disclosure in the accompanying financial statements.
