Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform an audit of the financial statements of the **Iris Software Group 401(k) Plan**, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Iris Software Group 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Iris Software Group 401(k) Plan. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

The Iris Software Group 401(k) Plan has not maintained certain payroll and participant account records relating to current and former employees prior to January 1, 2023. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Iris Software Group 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Iris Software Group 401(k) Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matter described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Iris Software Group 401(k) Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

Other Matters - Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Other Matters

The accompanying statement of net assets available for benefits of the Iris Software Group 401(k) Plan as of December 31, 2023 was not audited, reviewed, or compiled by us and, accordingly, we do not express an opinion or any other form of assurance on it.

IRIS SOFTWARE GROUP 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Description of Plan

The following description of the Iris Software Group 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan for the exclusive benefit of eligible employees and their beneficiaries. Employees are eligible to enter the Plan when they have reached age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Practice Engine Systems, Inc. (the Company) is the Plan sponsor. The Plan Trustees (Trustees) are responsible for oversight of the Plan. The Trustees determine the appropriateness of the Plan's investment offerings and monitor the investment performance.

During the Plan year, SwipeClock, LLC 401(k) Plan and SourceOne Plan merged into the Plan and assigned the account balances of all participants directly to the Plan. The transfer into the Plan totaled \$2,127,520. The Plan was amended to allow immediate participation for all eligible employees as of January 1, 2024.

Contributions

Under the provisions of the Plan, each participant may contribute a portion of qualified compensation. Participant contributions may be traditional elective deferrals (pre-tax) or Roth elective deferrals (after-tax). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollover). The Plan does not have an automatic enrollment provision. The Company makes a safe harbor matching contribution in an amount equal to 100 percent of the participant's contributions that are not in excess of 6 percent of the participant's plan compensation. In addition to employer safe harbor matching contributions, the Company may contribute to the Plan discretionary contributions and non-elective contributions. The Company made no such discretionary or non-elective contributions during 2024. Contributions are subject to certain limitations.

Participant Accounts

Individual accounts are maintained for each participant. Each participant's account is credited with the participant's contributions, the Company's contributions, and qualified rollover contributions, and adjusted for gains and losses based on the investment performance of a participant's account, less any withdrawals, distributions, and allocations of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(1) Description of Plan (Continued)

Vesting

Participants are immediately vested in all voluntary and Company safe harbor matching contributions plus actual earnings thereon. Vesting in the Company's discretionary and non-elective contributions is based on years of continuous service. Participants vest in Company contributions 10 percent after one year of service, 20 percent after two years of service, 40 percent after three years of service, 60 percent after four years of service, 80 percent after five years of service and 100 percent after six years of service. Participants become 100 percent vested in Company contributions if employed on or after their normal retirement age, as specified by the Plan, or upon death or becoming disabled.

Special vesting provisions apply for balances transferred from merged plans (e.g., APEX Payroll 401(k) Plan balances vest 0 percent at one year, 50 percent at two years, 100 percent at three years; Accountants World LLC Star Plan balances immediately vest 100 percent).

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance, as adjusted for outstanding loans. The loans are secured by the balance in the participant's account and bear a fixed interest rate which is one percent above prime interest rate. Interest rates ranged from 4.25 percent to 9.50 percent as of December 31, 2024. Principal and interest are paid through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or other reason, a participant may elect to receive a lump-sum payment equal to the value of the participant's vested interest in their account. Participants receiving a distribution on or following the attainment of age 65 or normal retirement age may elect to receive periodic installments over a period of years not exceeding the normal life expectancy of the participant or, if applicable, the beneficiary.

Hardship Withdrawals

In the event funds are needed because of extreme financial hardship, as defined by the law, the participant may be allowed to make a withdrawal from their vested account balance from eligible accounts, as defined by the Plan. In accordance with the Internal Revenue Code (the Code), benefits withdrawn prior to age 59½ may be subject to additional taxes.

Forfeited Accounts

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits from the discretionary employer contributions under the Plan. These forfeited amounts may be used to reduce nonelective contributions or to pay reasonable Plan expenses. As of December 31, 2024 and 2023, there were \$5,506 and \$870 of forfeited nonvested amounts. No forfeited amounts were used to reduce employer contributions or pay administrative expenses of the Plan in 2024.

Investment Options and Investments

Participants direct the investment of all contributions into various investment options offered by the Plan. Participants may change their investment options at any time.

(2) Summary of Significant Accounting Policies

The Company's financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). The Financial Accounting Standards Board (FASB) provides authoritative guidance regarding U.S. GAAP through the *Accounting Standards Codification (ASC)* and related Accounting Standards Updates (ASUs). The following describes the more significant of those policies:

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of Plan assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustees determine the Plan's valuation policies utilizing information provided by the investment advisors, custodian, and recordkeeper. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Contributions from Plan participants and the matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

Payment of Benefits

Benefits are recorded when paid.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions, when applicable.

Administrative Expenses

Certain expenses for maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to participants' requests are charged directly to the participants' account and are included in administrative expenses. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

(3) Information Prepared and Certified by the Custodian (Unaudited)

Certain information in the accompanying financial statements and ERISA-required supplemental schedule, related to investments and notes receivable from participants held at December 31, 2024 and 2023 (Unaudited), and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by VOYA, a qualified institution.

(4) Fair Value Measurements

The FASB issued a statement that defines fair value and establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's and liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2024 and 2023.

Fixed Account: Valued based on credited rate is subject to minimum contractual guarantees. The credited rate is communicated to the Plan and credited daily. Value adjustments are based on formulas and terms of the fixed account contract. Management has determined that this contract is not fully benefit responsive. Values are readily determinable.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values.

(4) Fair Value Measurements (Continued)

Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31:

2024	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Fixed Account	\$ -	\$ 553,937	\$ -	\$ 553,937
Pooled Separate Accounts	-	<u>17,239,938</u>	-	<u>17,239,938</u>
Total	<u>\$ -</u>	<u>\$ 17,793,875</u>	<u>\$ -</u>	<u>\$ 17,793,875</u>
2023 - Unaudited				
Fixed Account	\$ -	\$ 146,502	\$ -	\$ 146,502
Pooled Separate Accounts	-	<u>10,644,899</u>	-	<u>10,644,899</u>
Total	<u>\$ -</u>	<u>\$ 10,791,401</u>	<u>\$ -</u>	<u>\$ 10,791,401</u>

(5) Income Tax Status

The prototype plan sponsor, ERISA Services, Inc., has received a favorable determination letter from the Internal Revenue Service (IRS), dated June 1, 2021, which states that the form of the Plan is qualified under Section 401(a) of the IRC, and therefore, the related trust is tax-exempt. The plan document has been amended since receiving the determination letter and the Plan has not received a determination letter specific to the Plan itself; however, the Company and the Company's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, the Company and the Company's tax counsel also maintain that the Plan has been administered in accordance with all applicable laws and, accordingly, no provision has been made for income taxes in the accompanying financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and concluded that, as of December 31, 2024, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(6) Related-Party and Party-in-Interest Transactions

Certain Plan assets are investment options offered through the Plan custodian or affiliates; therefore, these transactions qualify as party-in-interest transactions. Administrative expenses on the statement of changes in net assets available for benefits include amounts paid by the Plan to the custodian and recordkeeper for administrative services.

Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempted from the prohibition of party-in-interest transactions under ERISA.

(7) Plan Termination

Although it has not expressed an intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

(8) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate risk, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

(9) Subsequent Events

Management has evaluated events subsequent to December 31, 2024 through February 6, 2026, the date these financial statements were available to be issued.
