INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of

BIRD ACQUISITION 401(k) PLAN

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of ***Bird Acquisition 401(k) Plan*** ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 and the supplemental schedule of delinquent participant contributions for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or are derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BIRD ACQUISITION 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

(1) Description of the Plan

The following description of the ***Bird Acquisition 401(k) Plan*** (the “Plan”) provides only general information. Participants should refer to the Plan document for a complete description of the Plan’s provisions.

- A. General** – The Plan is a defined contribution plan covering all employees of Bird Acquisition, LLC dba AeroGuard Flight Training Center (the “Company”) who are age 21 or older. Charles Schwab Trust Bank (“Schwab”) is the trustee of the Plan’s investments and Standard Insurance Company (“The Standard”) serves as the Plan’s recordkeeper. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).
- B. Eligibility** – Employees who have completed three months of service are eligible to make contributions and receive Company matching and non-elective discretionary contributions.
- C. Contributions** – Each year, participants may contribute up to 100% of their pretax or after-tax annual compensation, as defined in the Plan. There are two types of elective deferrals: pre-tax deferrals and Roth deferrals. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (“rollovers”). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a stable value fund as investment options for participants.

The Company contributes employer matching contributions and may make discretionary non-elective employer contributions. Under the matching contributions provision, the Company contributes 50% of the first 6% of total compensation that a participant contributes to the Plan. Additionally, the Company may elect to make discretionary non-elective contributions. No discretionary non-elective employer contributions were made in 2024. Contributions are subject to certain Internal Revenue Service (“IRS”) limitations.

- D. Participant accounts** – Each participant’s account is credited with the participant’s contributions, employer matching contributions and allocations of the Company’s discretionary non-elective contributions, Plan earnings and losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account balance.
- E. Vesting** – Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company’s contribution portion of their accounts is based on years of continuous service. A participant is vested 25% after one year of credited service and vests an additional 25% each year until fully vested after four years of credited service.
- F. Payment of benefits** – On termination of service due to death, disability or retirement, a participant may elect to receive either a lump sum amounts equal to the value of the participant’s vested interest in his or her account, or life annuities over a defined period of time, or elect to roll his or her investment into another qualified plan or account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

BIRD ACQUISITION 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

(1) Description of the Plan (continued)

- G. Notes receivable from participants** – Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined by the Plan administrator. Loan terms are five years unless the loan is used to acquire a principal residence. The maximum loan term for a principal residence is 10 years. The maximum number of loans outstanding at any one time is one and no more than two loans are approved for any participant in a twelve-month period. Principal and interest are paid ratably through payroll deductions.
- H. Plan termination** – Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.
- I. Forfeitures** – At December 31, 2024 and 2023, forfeited non-vested accounts totaled approximately \$7,000 and \$5,800, respectively. These accounts may be used to pay Plan expenses or reduce any future Company contributions. During the year ended December 31, 2024, approximately \$16,900 of forfeited non-vested accounts were used to pay administrative expenses.
- J. Plan expenses** – Certain expenses of the Plan are paid by the Company and are excluded from these financial statements. The Plan permits administrative expenses to be paid from the Plan's assets and to be allocated either proportionately based on the value of the account balances or as an equal dollar amount based on the number of participants in the Plan. Expenses relating to specific participant transactions (i.e., loan setup, distribution, and hardship withdrawal requests, etc.) are charged directly against the appropriate participant's account. Investment related expenses are included in net appreciation in fair value of investments.

(2) Significant accounting policies

The significant accounting policies followed by the Plan are as follows:

Basis of accounting – The accompanying financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America. Accordingly, income and contributions are recognized when earned and expenses are recorded when incurred.

Management's use of estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires the plan administrator to make estimates and assumptions that affect the reported amounts of net assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

BIRD ACQUISITION 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

(2) Significant accounting policies (continued)

Investment valuation and income recognition – Investments in shares of mutual funds are reported at net asset value, which are readily determinable fair values of those shares as they are published daily and are the basis for current transactions. Investments in the stable value fund, a fully benefit-responsive investment contract, is reported at contract value. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded, based on the terms of the Plan document.

Payment of benefits – Benefits are recorded when paid.

Subsequent events – The Plan has evaluated subsequent events through December 22, 2025, the date the financial statements were available to be issued.

(3) Fair value measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. If a Level 1 input is available, it must be used.

Level 2: Inputs other than quoted prices that are observable for assets or liabilities, either directly or indirectly. Examples include matrix pricing utilizing yield curves, prepayment speeds, credit risks, etc.; quoted prices for similar assets in active markets; and inputs derived from observable market data by correlation or other means.

Level 3: Unobservable inputs, which contain assumptions by the party valuing those assets or liabilities. For Level 3 inputs, there is no market data or correlations with market assumptions. Examples would include limited partnership interests, closely held stock, etc.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

BIRD ACQUISITION 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

(3) Fair value measurement (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ <u>4,427,903</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>4,427,903</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ <u>3,943,216</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>3,943,216</u>

(4) Investment contract with insurance company

The Standard Stable Asset A is a fixed annuity contract with The Standard. The returns of the contract are determined by the provisions of the contract and owners are provided with claims-paying ratings. The contract is presented in the financial statements at contract value. The value of the fixed annuity contract is derived from the contract provisions, which is backed by the general account of the issuing company. The general account represents all of the assets of the issuing company, including fixed income, equities, real estate, cash, and others. Contract value represents contributions made under the contract, plus interest credited, less participant withdrawals.

The Standard has certain restrictions on the free transferability from the fixed annuity contract to other investment options and withdrawals for reasons driven by the contract owner. However, the Plan management believes that these restrictions are minimal in the context of the definition of benefit responsive. There are no events that would result in the Plan not being able to receive contract value over a five-year installment period. However, the following events could trigger termination by the issuer, resulting in the Plan not being able to receive immediate contract value: termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total plan termination, retirement incentive programs, and the liberalization of plan withdrawal or transfer rules.

The Standard is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate varies by contract and can range from 1% to 3% annually. The crediting rate of the contract will track current market yields on a trailing basis. The average yield for the year ended December 31, 2024 was 3.07%.

BIRD ACQUISITION 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

(5) Information certified by the trustee

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Schwab, the Trustee, has certified that the following information included in the accompanying financial statements and supplemental schedules are complete and accurate:

- Investments
- Notes receivable from participants
- Interest income on notes receivable from participants
- Interest and dividend income
- Net appreciation in fair value of investments
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform any auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

(6) Party-in-interest transactions

Certain Plan investments are shares of mutual funds managed by Schwab and a stable value fund issued by The Standard. The Standard provided recordkeeping and administrative services to the Plan and received total fees of approximately \$47,000 for the year ended December 31, 2024, for providing these services to the Plan. These investments and fees qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

(7) Tax status

On June 30, 2020, the Internal Revenue Service stated that the volume submitter adopted by the Plan, as then designed, qualified under the applicable sections of the Internal Revenue Code ("IRC"). The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. There are currently no audits for any tax periods in progress.

(8) Risk and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

(9) Reconciliation of financial statements to form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31:

	<u>2024</u>	<u>2023</u>
Net assets available for benefits per the financial statements	\$ 5,211,363	\$ 4,636,508

Net assets available for benefits per Form 5500	<u>\$ 5,189,895</u>	<u>\$ 4,606,203</u>

The following is a reconciliation of the net change in assets available for benefits per the financial statements for the year ended December 31, 2024 to the Form 5500:

Net increase in assets available for benefits per the financial statements	\$ 574,855
Add: contributions receivable at December 31, 2023	23,786
Less: contributions receivable at December 31, 2024	(17,637)
Add: distributions requested but not yet funded as of December 31, 2023	6,519
Less: distributions requested but not yet funded as of December 31, 2024	(3,831)
Net increase in assets available for benefits per Form 5500	<u>\$ 583,692</u>

(10) Non-exempt transactions

The DOL's regulations require defined contribution plans to remit participant contributions and loan repayments to the Plan as soon as they can be reasonably segregated from the employer's general assets, but not later than the 15th business day of the month following the month in which the participant contributions and loan repayments are withheld by the employer. For the year ended December 31, 2023, the Company failed to remit certain participant contributions to the Plan in a timely manner constituting a lending of such monies to the Company. These late contributions totaled \$18,971 for the year ended December 31, 2023 and were corrected by the Company with the funding of lost earnings associated with the late deferrals in 2024. As such, these transactions represent non-exempt transactions between the Company and the Plan as identified in Schedule H, Line 4(a), Schedule of Delinquent Participant Contributions, in the Plan's Form 5500 for the year ended December 31, 2024. The lost earnings are not material to the financial statements of the Plan.

For the year ended December 31, 2022, the Company failed to remit certain participant contributions to the Plan in a timely manner constituting a lending of such monies to the Company. These late contributions totaled \$126,067 for the year ended December 31, 2022 and were corrected by the Company with the funding of lost earnings associated with the late deferrals in 2024. As such, these transactions represent non-exempt transactions between the Company and the Plan as identified in Schedule H, Line 4(a), Schedule of Delinquent Participant Contributions, in the Plan's Form 5500 for the year ended December 31, 2024. The lost earnings are not material to the financial statements of the Plan.
