INDEPENDENT AUDITOR'S REPORT

To the Plan Administrators
Creditsafe USA Inc. 401(k) Plan
Allentown, PA

Opinion

We have audited the accompanying financial statements of Creditsafe USA Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Creditsafe USA Inc. 401(k) Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Creditsafe USA Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Creditsafe USA Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Creditsafe USA Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Creditsafe USA Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**CREDITSAFE USA INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2024**

1. Description of Plan

The following description of Creditsafe USA Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a contributory defined contribution plan covering substantially all full-time and part-time, non-union employees who whose regularly scheduled service is greater than 1,000 hours of Creditsafe USA Inc. (the “Company” or “Employer”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Eligibility

An eligible employee becomes a participant in the Plan on the first day of the month following 3 months of employment and having reached age 21. If the employee does not make an affirmative or negative election to participate, they will be automatically enrolled in the Plan at an initial period elective deferral of 3% of compensation, with their contributions invested in a designated fund until changed by the participant.

Contributions

Participants may contribute a percentage of annual compensation, as defined in the Plan. Participant-elected annual salary deferrals are limited to the maximum allowable under the Internal Revenue Code (“IRC”). Salary deferrals can be designated as a portion of pretax compensation or designated as a Roth 401(k) contribution. Effective January 1, 2023, the Company elected a Safe Harbor matching contribution of 100% of employee contributions up to 3% of participants’ eligible compensation plus 50% of the amount employees contribute exceeding 3% of eligible compensation but that does not exceed 5% of eligible compensation. The matching contribution is contributed to each eligible participant in accordance with an Internal Revenue Service acceptable nondiscriminatory formula. Eligible rollover distributions, which may include Roth 401(k) contributions, from other qualified retirement plans may also be transferred into the Plan and retained as rollover contributions.

Participants direct the investment of all contributions into various investment options offered by the Plan and exercise investment control over the funds by appropriate direction to the trustee. Contributions are subject to certain limitations. Participants may change their deferral election at times (per pay period) throughout the year as defined in the plan document.

Participant Accounts

Each participant’s account is credited with the participant’s contribution, any rollover contributions, and allocations of (a) the Company’s safe harbor contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

NOTES TO FINANCIAL STATEMENTS
December 31, 2024**

1. Description of Plan (Continued)

Vesting

Participants are vested immediately and fully in their salary deferral account and rollover account regardless of the number of years of service. Additionally, participants are 100% vested in all employer safe harbor contributions.

Notes Receivable from Participants

Participants may borrow, from their fund accounts, a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at fixed rates of prime plus 1%. Principal and interest is paid ratably through payroll deductions over a period of up to five years, unless it is for the purchase of a participant's principal residence, in which the loan can be repaid over a period up to ten years. A participant may only have one loan outstanding at any time.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. The Plan allows participants to make in-service withdrawals upon attaining age 59 ½ and hardship withdrawals. Vested account balances less than \$5,000 may be distributed automatically upon termination.

Forfeiture Accounts

Forfeited non-vested accounts totaled \$-0- at December 31, 2024. These accounts may be used to reduce future employer contributions or may be allocated to all participants in the same proportion that each participant's compensation for the Plan year bears to the compensation of all participants for such year. Use of the forfeitures are at the employer's discretion.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Plan Amendments

The Plan was amended, with new provisions effective as of December 20, 2024. The most significant plan provisions updated as a result of the amendment were to increase the minimum amount for a new loan from \$1,000 to \$2,500, and to offer a loan repayment period not to exceed 15 years for purchase of a principal residence.

**CREDITSAFE USA INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

2. Summary of Accounting Policies

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value, except for benefit responsive investment contracts. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrator determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold, as well as held during the year.

Investment Fees

Net investment returns reflect certain fees paid by the investment funds to their affiliated investment advisors, transfer agents, and others as further described in each fund prospectus or other published documents. These fees are deducted prior to allocation of the Plan's investment earnings activity and thus are not separately identifiable as an expense.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. No allowance for credit losses has been recorded as of December 31, 2024.

Benefit Payments

Benefit payments to participants are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Certain investment related expenses are included in net appreciation of fair value of investments.

3. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosure*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Investments classified within Level 3 whose fair value measurements consider several inputs may include Level 1 and/or Level 2 inputs as components of the overall fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Stable Value Investment

The Plan provides for investments in the CMFG Stable Value Fund, which is comprised of underlying fully benefit-responsive investment contracts. These contracts are reported at contract value, which is the relevant measure for the portion of net assets available for benefits attributable to such contracts. Contract value represents contributions made to the fund, plus earnings, less participant withdrawals and administrative expenses.

A contract is considered fully benefit-responsive if it meets the following criteria: (1) the contract is directly between the Plan and the issuer and cannot be assigned or sold without the issuer's consent; (2) the issuer is financially obligated to repay principal and interest credited to participants; (3) all permitted participant-initiated transactions (such as withdrawals, loans, and transfers) are executed at contract value, with no conditions, limits, or restrictions, except for certain administrative provisions (e.g., short-term transfer restrictions or penalties for early withdrawal that do not affect benefit responsiveness); (4) events that could limit the Plan's ability to transact at contract value (such as plan termination or bankruptcy) are not probable of occurring; and (5) the Plan allows participants reasonable access to their funds, with no restrictions on access to funds used to pay benefits, except for permissible penalties.

The Stable Value Fund may include fixed or group annuity contracts, and may be subject to certain penalties or market value adjustments if withdrawals are made outside the terms of the contract. The Plan's accounting policy is to value these contracts at contract value in accordance with FASB ASC Topic 962, including ASC 962-325-35-5A, which requires contract value reporting for fully benefit-responsive investment contracts in defined contribution plans.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their employer contributions.

7. Tax Status

The Company adopted a Prototype Non-standardized Profit-Sharing Plan which received a favorable opinion letter from the Internal Revenue Service (IRS) on June 30, 2020. Although the Plan has been amended since receiving the determination letter, the Company believes that the Plan is designed, and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more-likely-than-not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there were no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Transactions with Parties in Interest

Certain routine plan administrative expenses are incurred and/or paid by the plan sponsor. Notes receivable from participants also qualify as exempt transactions with parties-in-interest. Other than the aforementioned, the Plan has no agreements or transactions with parties in interest.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. Subsequent Events

Management has evaluated subsequent events through January 6, 2026, the date the financial statements were available to be issued, and has determined that no material subsequent events exist that require recognition or disclosure.
