Forecast 3D 401(k) Plan
Carlsbad, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Forecast 3D 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of Forecast 3D 401(k) Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects in accordance with accounting principles generally accepted in the United States of America.
- The information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Forecast 3D 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Forecast 3D 401(k) Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Forecast 3D 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Forecast 3D 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of the ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedule of delinquent participant contributions as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- The form and content of the supplemental schedule is presented in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Auditor's Report on the 2020 Financial Statements

We are engaged to audit the 2020 financial statements of Forecast 3D 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by the qualified institution. In our report dated October 7, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

FORECAST 3D 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Forecast 3D 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions. The Plan’s sponsor is Forecast 3D (the “Company”, “Sponsor, or the “Employer”). The Plan’s custodian is Nationwide Trust Company, FSB a subsidiary of Nationwide Financial Services, Inc (“Nationwide” or “the Custodian”).

General

The Plan was initially adopted on January 1, 2018 and was most recently amended effective January 1, 2021. The Plan is a defined contribution plan covering substantially all employees of the Company. In order to be eligible to participate in the Plan, the participant must be at least 18 years of age and complete 30 days of service. An eligible employee may enter the Plan on the first day of the month after meeting the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Participants direct the investment of their pre-tax or Roth contributions (including employer contributions, if any) into various investment options offered by the Plan.

Effective January 1, 2021, the Plan was amended to increase the automatic enrollment percentage from 1% to 3%. The amendment also limits deferral modifications to be effective only at the beginning of each month, unless a participant is revoking their salary deferral election, which is allowed anytime during the plan year.

The Company terminated the Plan effective December 31, 2021 when all remaining net Plan assets were transferred to the GKN Group Retirement Savings Plan, the parent company of the Plan Sponsor’s retirement plan.

Automatic Enrollment

The Plan adopted an automatic enrollment feature effective January 1, 2018. If an employee eligible to participate in the Plan is subject to automatic enrollment, the employee will be notified within a reasonable period of time prior to when the Company will begin to automatically deduct 1% (3% effective January 1, 2021) of pre-tax wages as a deferral contribution. The employee may stop this automatic contribution at any time, change it at the first of every month or elect not to participate. Deferral contributions made are automatically treated the same under the Plan as a deferral contribution made by the employee’s own election.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and allocations of any Company contributions and Plan earnings (net of administrative fees). Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account balance.

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

Participant Contributions

Participants may elect to make salary deferral contributions to the Plan up to 100% of their annual compensation or up to the annual limit (\$19,500 in 2021) established by the IRS. Participants who are 50 or over at the end of the calendar year can make annual catch-up contributions in addition to the above, up to the maximum amount allowed by the IRS (\$6,500 in 2021).

Rollover Contributions

The Plan allows for participants in a former employer's qualified plan to contribute direct rollovers to this Plan.

Matching Contributions

The Plan allows for the Company to make matching contributions equal to a discretionary percentage of a participant's salary deferrals, which the Company will determine each year. The Company did not make any discretionary matching contributions for the year ended December 31, 2021.

Profit Sharing Contributions

The Plan allows for the Company to make profit-sharing contributions to all eligible employees at the Company's discretion. Employees are eligible for the profit-sharing contributions if they are at least 18 years of age. The Company did not make any profit-sharing contributions to the Plan for the year ended December 31, 2021.

Vesting

Participants are immediately fully vested in their voluntary contributions and the earnings and appreciation or depreciation thereon. Participants are vested in the employer's matching and profit-sharing contributions based on the following vesting schedule:

<u>Years of Vesting Service</u>	<u>Vesting%</u>
Less than one year	0%
One year but less than two years	20%
Two years but less than three years	40%
Three years but less than four years	60%
Four years but less than five years	80%
Five years or more	100%

For vesting purposes, a year of service is defined as a Plan year in which the employee completes at least 1,000 hours of service.

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of the value of the participant's vested account balance on the loan date. Loan terms range from 1-5 years or up to 30 years for the purchase a primary residence. The loans are secured by the balance in the participant's account and bear interest at the prime rate on the first business day of each month, plus 2% per annum, which is commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through payroll deductions.

Forfeited Accounts

Forfeitures of non-vested participant accounts (i.e. Employer portion) can be used to pay Plan expenses or to reduce future Employer contributions. There were no Plan expenses or employer contributions paid out of forfeiture funds during the year ended December 31, 2021. At December 31, 2021 and 2020, there was no forfeiture balances.

Payment of Benefits

On termination of service, death, disability or retirement, a participant (or participant's beneficiary in the event of death) may elect to receive a lump-sum distribution equal to the participant's vested account balance. A participant can only receive installment payments for required minimum distributions. For terminated participants' account balances that are less than \$1,000, the plan administrator may distribute the entire amount in a lump sum without the participant's consent. Hardship distributions are also permitted from the participant's deferral account.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Accounting Standards Codification

The Financial Accounting Standards Board's ("FASB") Accounting Standards Codification™ ("Codification") is the official source of authoritative, nongovernmental accounting principles generally accepted in the United States of America. The Codification is organized by overall topic which is at times referenced in the accompanying notes to the financial statements.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

The Plan's investments have been stated at fair value as determined by the Custodian. Quoted market prices are used to value investments at fair value. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end based on quoted market prices. Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net unrealized and realized appreciation/depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold during the year as well as held at year end. See Note 8 for a discussion of fair value measurements.

Investments

Accounting Standard Update ("ASU") No. 2015-07, Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or its equivalent), removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. ASU No. 2015-07 additionally removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The fixed annuity is valued at net asset value and is exempt from the requirement to categorize within the fair value hierarchy in accordance with ASU No. 2015-07 (see Notes 8 and 9).

Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal plus accrued interest. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a distribution is recorded. A participant is only allowed one outstanding loan at a time.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

All expenses incident to the administration, termination, or protection of the Plan, including, but not limited to, legal, accounting, and Custodian fees, shall be paid by the Company or, if not paid by the Company, shall be paid by the plan administrator from the Plan assets. Most of the administrative expenses of the Plan were paid by the Company during the year ended December 31, 2021. In addition, the Company provides administrative services at no cost to the Plan.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Subsequent Events

The Company has evaluated subsequent events through October 14, 2022, which is the date these financial statements were available to be issued. All subsequent events requiring recognition or disclosure have been incorporated into these financial statements.

NOTE 3 – PLAN TERMINATION

The Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. The Company was acquired by GKN Powder Metallurgy on January 2, 2020, with the intent of transferring plan assets to the GKN Group Retirement Savings Plan. The Company terminated the Plan effective December 31, 2021 when remaining net Plan assets totaling \$1,328,855 were transferred to the GKN Group Retirement Savings Plan.

NOTE 4 – RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds held and managed by the Custodian and therefore, these transactions qualify as party-in-interest transactions. Investment fees paid by the Plan to the Custodian are not separately stated and are included as a component of net realized and unrealized appreciation in fair value of investments in the accompanying statement of changes in net assets available for benefits. Contract administrative recordkeeping fees paid by the Plan to the Custodian totaled \$12,059 for the year ended December 31, 2021.

The Plan also incurred direct investment advisory fees to Wells Fargo Clearing Services, LLC, the Plan's investment advisor, which totaled \$4,708 for the year ended December 31, 2021.

NOTE 5 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits. All Plan assets were transferred to the GKN Group Retirement Savings Plan on December 31, 2021.

FORECAST 3D 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

NOTE 6 – TAX STATUS

The Plan adopted a prototype non-standard profit-sharing plan which the IRS has determined and informed the Plan administrator by letter dated February 9, 2021, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since adopting this prototype plan to comply with more recent pension laws and regulations, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRS and therefore believe that the Plan is qualified, and the related trust is tax-exempt.

The Plan is subject to routine audits by tax jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

NOTE 7 – INFORMATION CERTIFIED BY THE CUSTODIAN

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Nationwide, has certified to the completeness and accuracy of all investments and related investment activity and notes receivable from participants and related activity in the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020, the statement of changes in net assets available for benefits for the year ended December 31, 2021 and the related disclosures. The Custodian reports such information primarily on the cash basis while the accompanying financial statements are presented on the accrual basis. Therefore, certain amounts reflected in the financial statements may differ from the information certified by the Custodian.

NOTE 8 – FAIR VALUE MEASUREMENTS

The “*Fair Value Measurements*” topic of the Codification establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no significant changes in the methodologies used during the years ended December 31, 2021 and 2020.

Cash and cash equivalents: Valued at the net asset value (“NAV”) of shares held by sponsoring company (generally \$1 per share).

Mutual funds: Valued at the net asset value (“NAV”) of shares held by the Plan at year end based on quoted market prices in active markets.

NOTE 8 – FAIR VALUE MEASUREMENTS (CONTINUED)

Fixed annuity: This fund is a group annuity contract made by Nationwide Life Insurance Company. It offers quarterly interest rates and features a net interest rate that will not go below 0.5%. The fund is shown at contract value, which is substantially the same as fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable or reflective of future fair value. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy and those measured using the NAV practical expedient, which is considered fair value, the Plan's investments as of December 31, 2020:

	Investments at Fair Value	
	Level 1	Total
Assets in the fair value hierarchy		
Cash and cash equivalents	\$ 1	\$ 1
Mutual funds	936,703	936,703
Total assets in the fair value hierarchy	936,704	936,704

Fixed annuity	-	11,619
Total investments, at fair value	\$ 936,704	\$ 948,323

FORECAST 3D 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

NOTE 9 – FIXED ANNUITY

In 2018, the Plan entered into a group annuity contract with Nationwide Life Insurance Company. Nationwide maintains the contributions in a general account. The account is credited with quarterly interest charged for participant withdrawals and administrative expenses. The quarterly interest rate will never go below 0.5% at any time during the contract. The fixed annuity fund issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed by the Plan. The contract is included in the financial statements at contract value, which is substantially the same as fair value, as reported to the Plan by Nationwide Life Insurance Company. Contract value, as reported to the Plan by Nationwide Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events can limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other plan sponsor events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator believes that any event that would limit the Plan's ability to transact at contract value with participants are not probable of occurring. The fixed annuity does not permit Nationwide Life Insurance Company to terminate the agreement prior to the scheduled maturity date unless the Plan is terminated.
