Independent Auditor's Report

To the Board of Trustees
Iron Workers Local 25 Vacation Pay Trust

Opinion

We have audited the financial statements of Iron Workers Local 25 Vacation Pay Trust (the "Trust"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits and trust benefit obligations as of April 30, 2025 and 2024 and the related statements of changes in net assets available for benefits and changes in trust benefit obligations for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the net assets available for benefits and trust benefit obligations of the Trust as of April 30, 2025 and 2024 and the changes in net assets available for benefits and changes in trust benefit obligations for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report. We are required to be independent of the Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Trust's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Trust; and determining that the Trust's transactions that are presented and disclosed in the financial statements are in conformity with the Trust's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or that may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that audits conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

To the Board of Trustees
Iron Workers Local 25 Vacation Pay Trust

In performing audits in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Trust's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets held at end of year as of April 30, 2025 and reportable transactions for the year ended April 30, 2025 are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplemental information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of the Trust's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 - Fund Description

The employers making contributions to Iron Workers Local 25 Vacation Pay Trust (the "Trust") operate in the steel erection industry in southeastern Michigan. The Trust is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Trust was established in May 1962 for the purpose of collecting moneys from employers pursuant to collective bargaining agreements after withholding applicable federal and local income taxes for employees working under the jurisdiction of participating local unions. The contributions are used to make distributions to the employees and to pay authorized administrative expenses.

In the event the Trust terminates, all remaining assets shall be distributed in the order indicated:

- All outstanding debts owed by the Trust shall be paid, and a reserve shall be set aside to pay for the costs of terminating the Trust.
- All outstanding claims for benefits payable under the Trust shall be paid.
- All remaining moneys shall be used to pay vacation benefits to eligible employees so long as it is fiscally practicable to do so; any surplus remaining thereafter shall be distributed and applied in such a manner as will, in the opinion of the board of trustees, best effectuate the purpose of the Trust.

Information about the benefit provisions of the Trust is contained in the plan document and summary plan description. Copies are available from the fund administrator.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation

The Trust's investments are stated at fair value.

The money market fund is valued at fair value based on closing quoted prices reported in active markets. See Note 7 for additional information.

Contributions Receivable and Contributions from Employers

Contributions receivable of the Trust include amounts to be collected from employers for hours worked on or prior to April 30 of each year and amounts collected into the IW Local 25 Service Corporation (Service Corporation) collection accounts but not transferred to the Trust prior to April 30. The amount due from the funds for contributions collected on behalf of the Trust was \$1,435,245 and \$1,256,013 as of April 30, 2025 and 2024, respectively.

Contributions from employers are recorded on the accrual basis in the fund year to which the contribution applies except where collection is doubtful, in which case they are recorded upon the receipt of the contributions.

Payments for Vacation Benefits

The Trust provides a payment of vacation benefits on a monthly and semiannual basis. The semiannual distribution includes contributions for hours worked by an employee for the six-month work periods of October through March and April through September. For the monthly distributions, upon request, employees may receive a distribution of amounts allocated to their accounts for previous hours worked. Monthly distributions are subject to deduction of reasonable expenses that otherwise would be taken on a semiannual basis. Distributions to beneficiaries are recorded when distributed by the Trust.

Trust Expenses

Administrative expenses are recorded when incurred.

April 30, 2025 and 2024

Note 2 - Summary of Significant Accounting Policies (Continued)

Unclaimed Vacation Benefits

Unclaimed vacation benefits will revert to net assets one year after the original distribution. Unclaimed vacation benefits exceeding one year will be recorded as reverted benefits in the statement of changes in net assets available for benefits.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the financial statements.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including February 11, 2026, which is the date the financial statements were available to be issued.

Note 3 - Vacation Benefits Payable

Employees covered under the Trust earn eligibility credits based on the amount of time they work per year, as defined in the plan document. These amounts accumulate on a monthly basis. Vacation benefits payable represents amounts due to participants for accumulated eligibility credits. Employees' accumulated eligibility credits are decreased when payments are made.

Note 4 - Tax Status

The trust established under the Trust to hold the Trust's assets is intended to qualify pursuant to Section 501(c)(9) of the Internal Revenue Code (the "Code"), and, accordingly, the Trust's net investment income is exempt from income taxes. The Trust has obtained a favorable tax exemption letter from the Internal Revenue Service, and the plan sponsor believes that the Trust continues to qualify for and to operate in accordance with applicable provisions of the Code.

Note 5 - Trust Administration and Operating Expenses

Iron Workers Local 25 Pension Trust, Iron Workers Local 25 Training Trust, Iron Workers Local 25 Defined Contribution Retirement Trust, Iron Workers Local 25 Health Care Trust, and the Trust collectively represent the "Iron Workers Fringe Benefit Funds." The expenses incurred in connection with the administration of these funds are recorded as operating expenses. A portion of the expenses are paid initially by the Service Corporation. The Service Corporation is reimbursed by the remaining Iron Workers Fringe Benefit Funds for their share in such expenses.

Included in the above-mentioned operating expenses are office expenses for administrative costs of the Trust in the amount of approximately \$0 and \$750 for the years ended April 30, 2025 and 2024, respectively. The amount of operating expenses, primarily legal and payroll audit costs, incurred by the Service Corporation on behalf of the Trust and reimbursed to the Service Corporation was approximately \$58,000 and \$0 for the years ended April 30, 2025 and 2024, respectively.

Note 7 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value. Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Trust has the ability to access.

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Trust's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The Trust measures the money market fund at fair value on a recurring basis. The fair value of the money market fund is based primarily on Level 1 inputs, as described above.
