Independent Auditors' Report

The Plan Administrator of Monterey Spine & Joint, PC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Monterey Spine & Joint, PC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of September 15, 2025 (liquidation basis) and December 31, 2024 (ongoing basis), and the related statement of changes in net assets available for benefits (liquidation basis) for the period from January 1, 2025 to September 15, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (a qualified institution).

Management has obtained certifications from an agent on behalf of a qualified institution as of September 15, 2025 and December 31, 2024, and for the period from January 1, 2025 to September 15, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Plan Termination and Liquidation Basis of Accounting

As discussed in Note 1 to the financial statements, effective June 30, 2025, the Plan was amended to terminate the Plan, and management determined liquidation is imminent. As a result of the termination, the Plan changed its basis of accounting from the going concern basis used in presenting the 2024 financial statements to the liquidation basis used in presenting the 2025 financial statements. As of September 15, 2025, all assets of the Plan were distributed and the Plan ceased to exist as of that date.

Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

**The Plan Administrator of
Monterey Spine & Joint, PC 401(k) Plan**
Page 3

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Monterey Spine & Joint, PC 401(k) Plan

Notes to Financial Statements

September 15, 2025

1. Description of Plan

The following description of the Monterey Spine & Joint, PC 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan was a defined contribution plan covering eligible employees of Monterey Spine & Joint, PC (the "Company" or "Employer") who completed 90 days of service and were 18 years of age or older. Employees who were nonresident aliens or were part of a union were not eligible to participate in the Plan. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

In June 2025, the Plan was amended to terminate the Plan effective June 30, 2025. As of the date of termination, no employees could enter the Plan and no contributions were made to the Plan. Upon termination, participants became 100% vested in their accounts. As of September 15, 2025, all assets of the Plan were distributed and the Plan ceased to exist as of that date.

Contributions

Each year, participants could elect to have a percentage or specified dollar amount deducted from their compensation as defined by the Plan Document. The participant contribution to the Plan could be made on a pre-tax or after-tax basis (Roth). Participants who are age 50 before the end of the plan year were eligible to make catch-up contributions. Participants could also contribute amounts representing distributions from other qualified plans. A participant could elect to increase, decrease or suspend deductions according to procedures established by the Company. There was an annual limit as to the amount that could be deducted from eligible compensation that is determined by the Internal Revenue Code ("IRC").

The Company made a Safe-Harbor matching contribution equal to 100% of the participant's elective deferral up to 5% of the participant's eligible compensation. Safe-Harbor matching contributions made to the Plan amounted to \$127,674 for the period from January 1, 2025 to September 15, 2025.

The Employer could make discretionary profit sharing contributions in amounts set by the Employer each year. Employees did not have to make 401(k) contributions in order to receive a discretionary profit sharing contribution, which was based on participant's eligible compensation. No Employer discretionary profit sharing contributions were made to the Plan for the period from January 1, 2025 to September 15, 2025.

Participant Accounts

Each participant's account was credited with the participant's contribution and allocations of (a) Employer's contributions and (b) Plan earnings (losses) thereon. Allocations were based on participant earnings, account balances, or specific participant transactions, as defined in the Plan Document. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

Notes to Financial Statements

September 15, 2025

1. Description of Plan (*continued*)

Vesting

A participant was 100% vested in their contributions and the Employer safe harbor matching contributions including allocated earnings thereon at all times. Prior to Plan termination, the following vesting schedule applied to Employer matching and discretionary profit sharing contributions:

<u>Years of Service</u>	<u>Vested Interest</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Prior to Plan termination, a participant became 100% vested upon: death, total or permanent disability, or early retirement.

Forfeiture

At September 15, 2025 and December 31, 2024, forfeited account balances held in non-participant directed accounts were \$0 and \$354. These accounts were used to reduce administrative expenses. From January 1, 2025 to September 15, 2025, \$1,985 of forfeitures were used to reduce administrative expenses and no forfeitures were used to reduce Employer contributions.

Payment of Benefits

Upon termination of service due to death, disability, retirement or other reason, a participant was entitled to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants were also eligible to receive benefit payments when they reach age 59½.

Expenses

Certain expenses of maintaining the Plan were paid directly by the Company and were excluded from these financial statements. Investment related expenses were included in the net asset value ("NAV") of the respective investment vehicle and consequently, those expenses were not separately reflected but were a component of net appreciation in fair value of investments.

1. Description of Plan (*continued*)

Notes Receivable from Participants

Participants could borrow from their accounts a minimum amount of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50 % of their vested account balance. Participants could only have one loan outstanding at a time. Loan terms ranged from 1-5 years or up to 30 years for the purchase of a primary residence. Loans were secured by the balance in the participant's account and bear interest at rates of 1% over the prime rate. Principal and interest were paid ratably through payroll deductions.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

As a result of the Plan's termination (see Note 1), the Plan changed its basis of accounting from the going concern basis for the 2024 financial statements to the liquidation basis for the 2025 financial statements. All assets of the Plan have been distributed as of September 15, 2025. The accompanying financial statements are prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") which requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Fair Value Measurements

The Plan followed U.S. GAAP guidance on *Fair Value Measurements* which defined fair value and established a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist. As of September 15, 2025 and December 31, 2024, the Plan's investments were valued using level 1 inputs.

Investment Valuation and Income Recognition

The Plan's investments were stated at fair value. The mutual funds and money market fund were valued at the daily closing price as reported by the funds. The funds held by the Plan were open-end funds that were registered with the Securities and Exchange Commission. These funds were required to publish their daily NAV and to transact at that price. These funds were deemed to be actively traded.

Purchases and sales of investments were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation in fair value of investments included the Plan's gains and losses on investments bought and sold as well as held during the year.

2. Summary of Significant Accounting Policies (*continued*)

Notes Receivable from Participants

Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default upon a distributable event, the participant loan balance was reduced and a deemed distribution is recorded.

Payment of Benefits

Benefits were recorded when paid.

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is January 6, 2026.

3. Information Certified (Unaudited)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements including investments and notes receivable from participants held at December 31, 2024, and the net appreciation in fair value of investments, interest and dividends, and interest on notes receivable from participants for the period from January 1, 2025 to September 15, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Ascensus, LLC, as agent for Ascensus Trust Company, a qualified institution.

4. Tax Status

The Internal Revenue Service ("IRS") has determined and informed the prototype plan sponsor by an opinion letter dated June 30, 2020, that the prototype Plan was designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the plan administrator believed that the Plan was designed and being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan was subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

5. Party-in-Interest Transactions

Participants who were active employees could borrow from their accounts and such loans qualified as exempt party-in-interest transactions under ERISA. These loans were recorded as notes receivable from participants in the statements of net assets available for benefits.
