## REPORT OF INDEPENDENT PUBLIC ACCOUNTANTS

To the Plan Administrator  
American University Defined Contribution Retirement Plan

### *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit*

We have performed the audits of the financial statements of the American University Defined Contribution Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of April 30, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended April 30, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of April 30, 2025 and 2024, and for the year ended April 30, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### *Opinion*

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal controls. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal controls-related matters that we identified during the audit.

***Other Matter - Supplemental Schedule Required by ERISA***

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of April 30, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial

statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## REPORT OF INDEPENDENT PUBLIC ACCOUNTANTS

To the Plan Administrator  
American University Defined Contribution Retirement Plan

### *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit*

We have performed the audits of the financial statements of the American University Defined Contribution Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of April 30, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended April 30, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of April 30, 2025 and 2024, and for the year ended April 30, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### *Opinion*

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal controls. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal controls-related matters that we identified during the audit.

***Other Matter - Supplemental Schedule Required by ERISA***

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of April 30, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial

statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

# AMERICAN UNIVERSITY DEFINED CONTRIBUTION RETIREMENT PLAN

## Notes to the Financial Statements

April 30, 2025 and 2024

### 1. PLAN DESCRIPTION

The following description of American University Defined Contribution Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

#### General

The Plan is a defined contribution plan covering all employees of American University (the University), with the exception of students, part time employees who work 20 hours or less, leased employees, and non-resident aliens. Employees are eligible for participation in the Plan immediately upon employment. Plan participants are automatically enrolled in the Plan upon completion of at least 1,000 hours of service during the first 12 months of employment. Effective May 1, , 2025, University employees must complete either 1 year of service and 1,000-hours worked or two consecutive years of service (where the employee completes at least 500 hours of serviced in each of the two consecutive years) to become eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The University's management, along with the Plan Investment Committee, is responsible for oversight of the Plan. The University's Plan Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

On July 15, 2025, the Board approved a resolution adopting a change in Plan Year from a non-calendar year (May 1 – April 30) to a calendar year (January 1 – December 31).

#### Recent Legislation

The Setting Every Community Up for Retirement Enhancement (SECURE) Act 2.0 was signed into the 2023 Consolidations Appropriations Act under the Securing a Strong Retirement Act on December 29, 2022, with retirement provisions designed to increase retirement savings, facilitate access to retirement savings, encourage employees to save for retirement, and lower employers' cost of offering and funding retirement plans. The Plan's management and those charged with governance have a policy to incorporate these legislative changes in its Plan document by the prescribed deadlines.

#### Contributions

Participants may contribute pre-tax and Roth after-tax annual compensation, as defined in the Plan document, up to the maximum allowable under the Internal Revenue Code (IRC) each year. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Also, participants who have 15 years of service with the University shall be eligible to make IRC Section 403(b) catch-up contributions during a calendar year, in accordance with, and subject to the limitations of the IRC. Participants may also rollover distributions from other qualified plans.

## Notes to the Financial Statements

April 30, 2025 and 2024

### 1. PLAN DESCRIPTION (continued)

#### Contributions (continued)

Plan participants who normally work more than 20 hours per week and are credited with at least 1,000 hours of service in a twelve-month consecutive period become eligible to receive University matching contributions. The University makes matching contributions to the Plan equal to twice the participant's elective deferral contribution up to the maximum University matching contribution of 10% of the participant's annual base salary. The Plan also allows the University to make discretionary contributions. There were no discretionary contributions for the year ended April 30, 2025. Employees who do not affirmatively elect not to participate will be automatically enrolled and will contribute in the amount equal to 1% of their eligible compensation.

From January 1, 2026 to June 30, 2026 the University will reduce its 2 to 1 contribution match to all eligible Plan participants' contributions up to a maximum of 5% of participants' compensation to a 1 to 1 contribution match on all eligible Plan participants' contributions up to a maximum of 5% of the participants' compensation (i.e. up to a maximum University match of 5%).

#### Participant Accounts

Each participant's account is credited with the participant's contributions and the University contributions, as well as allocations of the Plan's earnings or losses. Participant accounts are charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings/losses or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

#### Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years, except for loans used for the purchase of a principal residence for which a reasonable repayment schedule is established. The loans are secured by the balance in the participant's account and bear interest at rates determined by the Plan based on prevailing commercial interest rates. Participants are responsible for repaying their loans directly to Fidelity Investments Inc. (Fidelity) or Teachers Insurance and Annuity Association of America (TIAA). Participants may only have two loans outstanding at any time. The loans mature at various dates through March 2035. The interest rate on these loans ranges from 4.25% to 9.50% as of April 30, 2025. As of April 30, 2025, outstanding notes receivable from participants was \$1,997,712 and \$1,532,072, respectively.

# AMERICAN UNIVERSITY DEFINED CONTRIBUTION RETIREMENT PLAN

## Notes to the Financial Statements

April 30, 2025 and 2024

### 1. PLAN DESCRIPTION (continued)

#### TIAA Loans to Participants

In addition to notes receivable from participants, the Plan offered collateralized loans under the Plan.

Effective August 1, 2022, collateralized loans were no longer offered by TIAA. Prior to August 1, 2022, participants could borrow directly from TIAA up to a maximum equal to the lesser of \$50,000 or 50% of the present value of the vested accrued benefit of the annuitant or 45% of the combined accumulations attributable to their Group Supplemental Retirement Annuity Certificate (GSRA) under the originating TIAA contract and the companion Certificate or 90% of the TIAA Annuity accumulation attributable to their GSRA balance. Collateral equaling 110% of the loan balance must be available in the TIAA GSRA Certificate.

Outstanding collateralized Plan loans made by TIAA as of April 30, 2025 and 2024, were \$381,547 and \$678,102, respectively. As of April 30, 2025 and 2024, there were \$157,394 and \$23,986, respectively, of loans in default. Because the source of the assets to fund these loans were not Plan assets, these loans are not considered assets of the Plan and have not been included in the accompanying statements of net assets available for benefits.

#### Vesting

Participants are 100% vested at all times in both their contributions, University contributions and earnings.

#### Payment of Benefits

Benefit payments may be in the form of lump sums, partial or installment payments, or an annuity contract. Distributions of all participant and University contributions are payable upon termination of employment and upon attainment retirement age. Distributions from a participant's rollover account may be made at any time. Hardship withdrawals are permitted from participant contributions, subject to provisions defined in the Plan document. Participants must take all other distributions and non-taxable loans available to them under the Plan before making a hardship withdrawal.

### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### Basis of Accounting

The accompanying financial statements have been prepared on the accrual method of accounting, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

# AMERICAN UNIVERSITY DEFINED CONTRIBUTION RETIREMENT PLAN

## Notes to the Financial Statements

April 30, 2025 and 2024

### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make certain estimates and assumptions that affect reported amounts of assets and liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

#### Investment Valuation and Income (Loss) Recognition

The Plan's investments, with the exception of fully benefit-responsive investment contracts, are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price). See Note 4 for additional information related to fair value measurements.

Units in fully benefit-responsive investment contracts are reported at contract value. Contract value represents accumulated cash, contributions and credited interest, less withdrawals.

Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

#### Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of April 30, 2025 and 2024. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

#### Contributions

Participant contributions are recorded in the period that the University makes payroll deductions from the participant's earnings. Employer matching contributions are recorded when the participant contribution is recorded and discretionary contributions when approved.

#### Payments of Benefits

Benefit payments to participants and beneficiaries are recorded when paid.

# AMERICAN UNIVERSITY DEFINED CONTRIBUTION RETIREMENT PLAN

## Notes to the Financial Statements

April 30, 2025 and 2024

### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### Plan Termination

Although it has not expressed any intent to do so, the University has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the accounts of each affected participant remain fully vested.

#### Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan unless otherwise paid by the University. Expenses that are paid by the University are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account balance and are not included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

The Plan has a revenue credit account. On a periodic basis, certain revenue sharing payments (e.g., 12b-1 fees, etc.) received from certain of the Plan's investment options are deposited into a dedicated revenue credit account in the Plan. Revenue sharing payments are reported as mutual fund rebate income in the accompanying statement of changes in net assets available for benefits. Amounts deposited in the revenue credit account are used to pay on-going administrative expenses of the Plan in accordance with ERISA and guidance issued by the U.S. Department of Labor.

During the year ended April 30, 2025, \$600,154 was deposited into the dedicated account and \$184,959 was used during the year to offset the Plan's administrative expenses. The balance of the account was \$2,813,168 and \$2,397,972, as of April 30, 2025 and 2024, respectively.

#### Subsequent Events

The Plan Administrator evaluated subsequent events and transactions through February 12, 2026, the date these financial statements were available for issue, and has determined that no material subsequent events except as disclosed in Note 1, have occurred that would affect the information presented or require additional disclosure.

### 3. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIANS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held as of April 30, 2025 and 2024, and net appreciation (depreciation) in fair value of investments, interest, dividends, and interest earned on notes receivable from participants for the year ended April 30, 2025 were obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Fidelity Investments Inc., TIAA and CREF, custodians of the Plan.

## Notes to the Financial Statements

April 30, 2025 and 2024

### 4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used as of April 30, 2025 and 2024.

*Traditional Annuity:* The value of the TIAA Traditional equals the accumulated cash contributions, interest credited to the Plan's contracts, and transfers, if any, less any withdrawals and transfers, if any. The TIAA Traditional Annuity is not available for sale or transfer on any securities exchange. Accordingly, transactions in similar investment instruments are not observable.

### 4. FAIR VALUE MEASUREMENTS (continued)

*Pooled Separate Account:* The TIAA Real Estate Account (REA) is valued at the market value of the underlying real estate holdings or other real estate related investments as well as such liquid fixed income investments. Real estate holdings are valued principally using external appraisals, which are estimates of property values based on a professional's opinion. The REA also holds liquid, fixed income investments. These are generally priced using quoted prices in active markets or values obtained from independent pricing sources. Accumulation units are available for transactions at the closing accumulation unit value on any date the New York Stock Exchange (NYSE) is open for business.

*Registered Investment Companies:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

*Self-Directed Brokerage Accounts:* Self-directed brokerage accounts represent investments in a wide array of mutual funds and cash accounts that are directed by the individual participant. The mutual funds are valued at the daily closing net asset value as reported by the fund and are deemed to be actively traded.

*Variable Contracts:* The Variable Contracts consist of College Retirement Equities Fund (CREF) Funds and TIAA Access Annuity Accounts. CREF Accounts invest principally in equity securities, fixed-income instruments, and short-term investments in accordance with each portfolio's investment objectives. Account investments are primarily valued using market quotations or prices obtained from independent pricing sources who may employ various pricing methods to value the investment including matrix pricing. CREF Money Market Account holdings are generally valued at an amortized cost.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets valued at fair value as of April 30, 2025 and 2024:

- (a) In accordance with U.S. GAAP, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

### Changes in Fair Value of Level 3 Assets

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

The significance of transfers between levels is evaluated based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. The following table set forth a summary of certain changes in the fair value of the Plan's Level 3 assets for the year ended April 30, 2025.

	Traditional Annuity	Pooled Separate Account
Contributions	\$ 1,663,390	\$ 915,915
Distributions	13,253,621	2,233,984
Transfers in	27,071,981	3,331,429
Transfers out	26,394,708	2,055,436

The following table sets forth certain changes in the fair value of the Plan's Level 3 assets for the years ended April 30, 2024:

	Traditional Annuity	Pooled Separate

### 4. FAIR VALUE MEASUREMENTS (continued)

#### Quantitative Information About Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The significant unobservable inputs used in the fair value measurement of the Plan's Level 3 investments are subject to market risks resulting from changes in the market value of its investments. The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments as of April 30, 2025 and 2024, and the significant unobservable inputs and the ranges of values for those inputs:

Investment	2025 Fair Value	2024 Fair Value	Principal Valuation Techniques	Unobservable Inputs	Range of Significant Inputs
TIAA traditional annuity	\$182,342,343	\$185,137,736	Discounted cash flow, theoretical transfer (exit value)	Risk adjusted discount rate	2025: RA - 3.65% - 6.50% RC - 3.90% - 6.75% 2024: RA - 4.00% - 6.75% RC - 4.25% - 7.00%
Pooled separate account	\$ 27,171,704	\$ 27,026,685	External appraisals of real estate		

#### Fair Value of Investments in Entities that Use Net Asset Value (NAV)

The following table and additional disclosures summarize investments measured at fair value based on NAV per share as of April 30, 2025 and 2024:

Investment	2025	2024	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Variable Contracts	\$ 290,765,482	\$ 285,391,031	None	Limited <sup>(a)</sup>	None

(a) Transfers out of REA to a TIAA or CREF account or into another investment option can be executed at any time, but are limited to once per calendar quarter.

### 5. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Plan holds two fully benefit responsive contracts, the TIAA Traditional Annuity Contract (TIAA Traditional Annuity) and the New York Life Guaranteed Interest Account (New York Life GIA).

# AMERICAN UNIVERSITY DEFINED CONTRIBUTION RETIREMENT PLAN

## Notes to the Financial Statements

April 30, 2025 and 2024

### 5. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS (continued)

The TIAA Traditional Annuity is a fixed rate annuity contract that is fully and unconditionally guaranteed and backed by the claims-paying ability by TIAA, a New York domiciled nonprofit legal reserve life insurance company. During the accumulation phase, the TIAA Traditional Annuity provides a guarantee of principal, a guaranteed minimum rate of interest between 1% and 3%, and the potential for additional interest, if declared by TIAA. Additional interest, when declared, remains in effect for the “declaration year,” which begins every March 1st. Additional interest is not guaranteed for future years. When the contract value accumulation (plan asset) of TIAA Traditional Annuity is converted to an annuity (plan withdrawal) based on life expectancy, the present value of the stream of payments is equal to the accumulation.

The New York Life GIA is a stable value product that guarantees principal and accumulated interest through a group annuity contract issued and guaranteed by New York Life Insurance Company (New York Life). Funds are held in the general account of New York Life and are subject to the claims-paying ability of the insurance company. These contracts are credited an interest rate, which generally renews annually. There is no specific formula used to credit the new or renewal interest rates, and the interest rates are not tied to the performance of a set of assets. Each of the contracts has a minimum guaranteed crediting rate, which varies based upon the contract in question, and year of issue, but is subject to a minimum guaranteed rate of 1%.

Contract value is the relevant measure for fully benefit responsive investment contracts, because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The contract value as of April 30, 2025 and 2024, was as follows:

	<u>2025</u>	<u>2024</u>
TIAA Traditional Annuity	\$ 47,256,355	\$ 47,484,318
New York Life GIA	11,064,183	10,061,372
	<u>\$ 58,320,538</u>	<u>\$ 57,545,690</u>

The Plan’s ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer’s ability to meet its financial obligations. The issuer’s ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

# AMERICAN UNIVERSITY DEFINED CONTRIBUTION RETIREMENT PLAN

## Notes to the Financial Statements

April 30, 2025 and 2024

### 5. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS (continued)

1. Amendments to the Plan documents (including complete or partial Plan termination or merger with another plan);
2. Changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions;
3. Bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spinoffs of a subsidiary) that cause insignificant withdrawal from the Plan;
4. The failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction under ERISA; or
5. Premature termination of the contracts.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines;
2. A breach of material obligation under the contract;
3. A material misrepresentation; or
4. A material amendment to the agreements without the consent of the issuer.

### 6. RELATED PARTY AND PARTY IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Fidelity and TIAA-CREF, custodians for the Plan, and, therefore, these transactions qualify as parties in interest transactions.

### 7. TAX STATUS

The Plan was designed using a prototype plan document which received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2017 stating that the prototype plan was in compliance with the applicable requirements of the Internal Revenue Code (the Code).

U.S. GAAP require Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2022.

### **8. RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
