INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of the
Bricklayers Union Local No. 1
Pension Fund of Virginia

Opinion

We have audited the financial statements of the Bricklayers Union Local No. 1 Pension Fund of Virginia (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of June 30, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of June 30, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended, in accordance with the accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedules of Administrative Expenses, referred to as “supplemental information,” are presented for the purpose of additional analysis and are not a required part of the financial statements. Supplemental information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2024 AND 2023

NOTE 1. DESCRIPTION OF THE PLAN

Bricklayers Union Local No. 1 Pension Fund of Virginia. (the Plan), became effective July 1, 1964.

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General - The Plan is a defined benefit pension plan covering employees of participating employers in the Richmond chapter of the Bricklayers Local Union No. 1 MD, VA & DC (the Union), who are subject to collective bargaining agreements with the Union. Effective July 8, 2013, the Union now refers to Bricklayers and Allied Craftworkers Local 8 Southeast. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Pension, Death and Disability Benefits - Normal retirement requires at least 5 years of vesting service and age 65. The monthly benefit is the sum of the monthly benefits accrued for past service credit (max of 25) and future service credit. Early retirement requires at least age 55 and 5 years of vesting service. The benefit is the regular pension reduced by ½ of 1% for each month less than age 65. To be eligible for disability benefits, a member must be totally and permanently disabled before age 65, have 5 years of vesting service and have worked at least 500 hours in covered employment during the 36-month period immediately before the effective date of the disability pension. The amount is 100% of the regular pension accrued to the date of disability. The pre-retirement death benefit requires 5 years of vesting service and is equal to 50% of the benefit the employee would have received the day before death and elected the 50% joint and survivor option. Post-retirement death benefits are paid in the form of a 50% joint and survivor annuity unless this form is rejected by employee and spouse.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements have been prepared using the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the use of estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Funding Policy and Revenue Recognition - Participating employers contribute to the Plan in accordance with collective bargaining agreements with the Union. Contributions for the current plan year have met the minimum funding requirements of ERISA. Employer contributions and Pension Benefit Guaranty Corporation funding contributions are accounted for as exchange transactions. The contributions are due on a monthly basis.

Employer contributions receivable are accrued based on an analysis of subsequent employer reports and remittances and subsequent receipts due from delinquent employer. The Plan believes that the receivables are fully collectible; therefore, no allowance for credit losses is recorded.

Payment of Benefits - Benefit payments to participants are recorded upon distribution.

NOTE 3. PRIORITIES UPON TERMINATION

The Trustees have the right to amend, at any time, in whole or part, any or all provisions of the Plan; however, no such amendment shall authorize or permit any part of the Plan to be used for or diverted to purposes other than the exclusive benefit of the participants or their beneficiaries. The authority to make such changes to the Plan rest with the Trustees and shall be made in accordance with the relevant provisions in the Trust Agreement.

Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation (PBGC), (a U.S. Government agency), if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC may not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. The Plan may be terminated by the Trustees or by the PBGC. If the Trustees determine that the Plan shall be terminated, and the PBGC permits the Trustees to terminate the Plan, the Trustees shall allocate the Plan assets in accordance with section 4044 of ERISA (or any successor section or statute). In no event shall the employer receive any amounts from the Plan upon termination unless residual amounts remain after the satisfaction of all liabilities of the Plan which arose as the result of variations between actual requirements and expected actuarial requirements.

NOTE 4. TAX STATUS

The Plan obtained its latest determination letter on October 8, 2015, in which the Internal Revenue Service (IRS) states that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since the receiving the determination letter. However, the plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 5. CONCENTRATION OF RISK

For the year ending June 30, 2024, two contributing employers accounted for approximately 73% of total contributions from employers and one contributing employer accounted for approximately 71% of receivables from employers. For the year ending June 30, 2023, two contributing employers accounted for approximately 82% of total contributions from employers and one contributing employer accounted for approximately 62% of receivables from employers. Economic changes to any of these employers may result in a financial impact to the Plan.

NOTE 6. INSOLVENCY AND THE PENSION BENEFIT GUARANTY CORPORATION

On September 1, 2019, the Plan issued a notice of insolvency to the Pension Benefit Guaranty Corporation (PBGC). In connection with this notice, the Plan submitted an application for financial assistance requesting the PBGC provide supplemental funding for payment of benefits and reasonable administrative expenses incurred by the Plan after the depletion of existing plan assets. During the plan year beginning July 1, 2019, the PBGC began providing financial assistance to the Plan. During the years ended June 30, 2024 and 2023, the Plan received \$790,986 and \$750,400, in assistance, respectively.

Amounts received from the PBGC are recognized as an addition to net assets in the period received. Funding provided by the PBGC is technically a loan, but due to the circumstances, repayment is considered unlikely, and no liability has been recorded. The ability of the Plan to continue operations and pay benefits is dependent on the PBGC continuing to provide financial assistance.

Since the Plan is now insolvent, PBGC only requires that an actuarial valuation of the Plan be performed once every five years if the present value of the Plan's nonforfeitable benefits is less than \$50 million.

NOTE 7. ACTUARIAL INFORMATION

Actuarial valuations of the Plan were made by Savasta & Company the consulting actuary as of June 30, 2023. As discussed in Note 6, the Plan became insolvent effective September 1, 2019. As the Plan present value of nonforfeitable benefits at June 30, 2023 were less than \$50,000,000, the Plan is not required to have an actuarial valuation completed again until June 30, 2028. Information shown in the reports included the following:

Actuarial present value of accrued vested benefits:	
Participants currently receiving benefits	\$ 4,816,010
Other vested benefits	2,281,478
Nonvested benefits	<u>4,558</u>
 Total actuarial present value of accrued vested benefits	 <u>\$ 7,102,046</u>

The Plan's present value of accrued vested benefits as of June 30, 2023, totaled \$7,102,046. The net assets available for benefits as of the same date totaled \$205,187.

NOTE 7. ACTUARIAL INFORMATION (continued)

The value of nonforfeitable benefits exceeds the value of Plan assets by \$6,896,859 at June 30, 2023.

The Trustees of the Plan are required under Section 4281(b) of the Employee Retirement Income Security Act of 1974 (ERISA), as amended, to determine annually whether the value of nonforfeitable benefits exceed the value of Plan assets. When the value of the benefits exceeds the value of assets, the Plan shall be amended to reduce benefits to the extent necessary to ensure that the Plan's assets are sufficient to discharge, when due, all of the Plan's obligations with respect to nonforfeitable benefit

The significant assumptions underlying the actuarial computations are as follows:

Interest rate:	7%
Actuarial cost method:	Accrued benefit actuarial cost method.
Mortality rates:	Pri - 2012 Blue Collar Mortality Tables with Scale MP-2020 for future mortality improvement.
Disability rates:	1985 Pension Disability Table Class I.
Retirement rate:	100% at age 65 with 5 years of service.
Actuarial value of assets:	Average fair market value (without phase-in). Averaging period is 5 years as adjusted under the Pension Relief Act of 2010.
Termination rates:	Sarason T-11 table.

NOTE 8. FUNDING STATUS

For plan year beginning July 1, 2019, the Plan's actuary certified to the U.S. Department of Treasury that the Plan is in critical status. The Plan is considered to be in critical status because it has funding or liquidity problems, or both. Federal law requires pension plans in critical status to adopt a rehabilitation plan aimed at restoring the financial health of the Plan.

The law permits pension plans to reduce, or even eliminate, benefits called "adjustable benefits" as part of a rehabilitation plan.

NOTE 8. FUNDING STATUS (continued)

The current rehabilitation plan includes the following changes:

- Contribution increases of 6.0% per year starting with the next collective bargaining agreement.
- Extension of the amortization charge bases for five years by automatic approval.
- Reducing the value of future accrued benefits to \$20 per month per year of credited service effective July 1, 2009.
- Changed the reduction for an Early Retirement Pension from 3% per year prior to age 65 to 6% per year prior to age 65.

NOTE 9. SUBSEQUENT EVENTS

Subsequent events were evaluated through April 3, 2025, which is the date the financial statements were available to be issued. This review and evaluation revealed no material event or transaction which would require adjustment to or disclosure in the accompanying financial statements.
