Independent Auditor's Report

Plan Administrator
Resolvit Resources, LLC 401(k) Retirement Plan
Bellevue, Washington

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Resolvit Resources, LLC 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of April 1, 2025 and December 31, 2024, and the related statement of changes in net assets available benefits for the period from January 1, 2025 through April 1, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of April 1, 2025 and December 31, 2024, and for the period from January 1, 2025 through April 1, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule (Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the period from January 1, 2025 through April 1, 2025) is presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional

Notes to the Financial Statements

1. Description of the Plan

The following description of the Resolvit Resources, LLC 401(k) Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document and any amendments thereto for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing plan covering substantially all employees of Resolvit Resources, LLC (Resolvit); Resolvit Technical Staffing Solutions, LLC (RTSS), a wholly-owned subsidiary of Resolvit; and Purple Tech Staffing, LLC, a wholly-owned subsidiary of Resolvit (collectively, the Company) who have completed one month of service and have attained the age of 21. Effective January 1, 2024, Aditi Staffing, LLC became the Plan Sponsor (Employer) of the Plan. The Plan was most recently restated effective July 20, 2021. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Company's management team or the Plan's management determine the appropriateness of the Plan's investment offerings, monitor investment performance, and report to the Company's members.

Effective April 1, 2025, the Resolvit Resources, LLC 401(k) Retirement Plan merged into the Aditi Consulting 401(k) Plan. Participants became eligible to contribute to the Aditi Consulting 401(k) Plan on the effective date.

Trustee and Administration of the Plan

The trustee of the Plan is Fidelity Management Trust Company (FMTC) and the recordkeeper of the Plan is Fidelity Workplace Services LLC, for which FMTC serves as Trustee (collectively, Fidelity). The administrator of the Plan is the Company. Fidelity holds all assets of the Plan in accordance with the service provider contract with the Company. Plan Management determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Eligible participants could contribute up to 70% of their eligible compensation to the Plan, but not to exceed the maximum amount allowed by the Internal Revenue Code (IRC). Participants could also defer up to 90% of eligible compensation for catch-up contributions by employees aged 50 years and older before the end of the Plan year, up to the maximum amount allowed by the IRC. Participants could also make voluntary, non-deductible, after-tax Employee Roth Contributions limited to 70% of eligible Compensation. Beginning in 2021, the Plan was amended to provide for automatic enrollment whereby participants would be enrolled at an initial pre-tax deferral contribution of 2% and would be made for newly-eligible employees on each employee's entry date, and for active participants if they met certain criteria listed in the Plan Document. The Plan did not provide for automatic escalations. Participants could also contribute amounts representing distributions from other qualified defined benefit and defined contribution plans (rollover contributions).

The Company made matching contributions equal to 50% of each employee's elective deferrals which did not exceed 3% of each employee's gross wages during the period from January 1, 2025 through April 1, 2025.

Resolvit Resources, LLC 401(k) Retirement Plan

Notes to the Financial Statements

The Company could also make a non-elective discretionary contribution (profit-sharing contribution) to the Plan. Participants must have performed one year of service (defined as 1,000 hours of service during the Plan year) and be employed on the last day of the plan year, except in the event of death, disability, or retirement during the year, to be eligible for the profit-sharing contribution. No non-elective discretionary contributions were made for the period from January 1, 2025 through April 1, 2025.

Participants directed the investment of their contributions, employer matching contributions, and discretionary profit-sharing contributions into various investment options offered by the Plan. The Plan offered various mutual funds as investment options for participants. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account was credited with the participant's contributions, employer contributions, and an allocation of net Plan earnings or losses. Participant accounts were charged with an allocation of administrative expenses that were paid by the Plan. Allocations were based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which participants were entitled was the vested portion of their accounts.

Vesting

Participants were immediately vested in their voluntary contributions and rollover contributions, as well as actual earnings thereon. Vesting in the employer contributions was ratable and based on years of continuous service. A participant was 100% vested after five years of credited service or upon attainment of normal retirement age, or in the event of death or total and permanent disability.

Payment of Benefits

A participant's entire interest in the Plan was payable upon death; attainment of normal retirement age; becoming disabled, as defined; or termination of service. A participant could elect to receive a lump-sum amount equal to the vested portion of the participant's account. Participants could elect to rollover their vested balance to another qualified retirement plan or IRA.

Participants could elect to withdraw from their accounts in the event of proven financial hardships. Upon termination of service, if the vested value of a participant's account was less than \$5,000, his or her account will be distributed in a single lump-sum payment. If the vested value of a participant's account exceeded \$5,000, the participant could elect to receive either a lump-sum amount, substantially equal payments for a specified term, or elect to have all of the distribution paid in a direct rollover to another qualified plan, or a combination of the above.

Forfeitures

At April 1, 2025 and December 31, 2024, forfeited non-vested accounts totaled \$0 and \$62,031, respectively. These accounts could be used to reduce future employer contributions or pay administrative expenses. No forfeitures were used to pay administrative expenses and/or fund employer contributions during the period from January 1, 2025 through April 1, 2025. Effective with the merger on April 1, 2025, \$74,069 of unused non-vested forfeitures were transferred to the Aditi Consulting 401(k) Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are maintained on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from estimated amounts.

Investment Valuation and Income Recognition

Investments were reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determined the Plan's valuation policies utilizing information provided by Fidelity. See Note 4 for additional information related to fair value measurements.

Purchases and sales of securities were recognized principally on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation included the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions Receivable

Participant contributions and any related employer matching contributions were recognized in the period during which the Company makes the respective payroll deduction from the participant's compensation.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS were recorded as a liability with a corresponding reduction to contributions.

Benefit Payments

Benefits were recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan were paid by the Plan, unless otherwise paid by the Company. Expenses that were paid by the Company are excluded from these financial statements. Investment related expenses are included in net depreciation in fair value of investments.

Notes to the Financial Statements

3. Certified Investment Information

Certain information related to investments disclosed in the accompanying financial statements as of April 1, 2025 and December 31, 2024, and net appreciation in fair value of investments, and interest and dividends, for the period from January 1, 2025 through April 1, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity, a qualified institution.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds - These assets were valued at the daily closing price as reported by the fund. Mutual funds held by the Plan were open-end mutual funds that are registered with the Securities Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan were deemed to be actively traded.

Money Market Fund - This asset was valued at amortized cost, which approximated fair value.

Resolvit Resources, LLC 401(k) Retirement Plan

Notes to the Financial Statements

Collective Investment Trusts - The collective investment trusts were valued at the NAV of units, as provided by the Trustees, and were used as a practical expedient to estimate fair value. The NAV was based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient was not used when it was determined to be probable that the funds would sell the investments for amounts different than the reported NAV. Participant transactions (purchases and sales) could occur daily. Were the Plan to initiate a full liquidation of the collective investment trusts, notice to the Trustees was required and could result in the Plan's investment in the collective investment trusts being placed into an investment only account for up to 12 months. The collective investment trusts were direct filing entities. There were no unfunded commitments.

The preceding methods described could produce a fair value calculation which may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believed its valuation methods were appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There were no assets at fair value as of April 1, 2025 as a result of the merger of the Plan into the Aditi Consulting 401(k) Plan. The following table sets forth by level within the fair value hierarchy the Plan's assets at fair value as of December 31, 2024:

December 31, 2024

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 3,821,225	\$ -	\$ -	\$ 3,821,225
Money market fund	64,881	-	-	64,881
Total Investments, at fair value level	\$ 3,886,106	\$ -	\$ -	3,886,106
Investments, measured at net asset value (NAV)*				1,735,884
Total Investments, at fair value				\$ 5,621,990

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Fair Value of Investments in Certain Entities that Calculate NAV per Share

The following table summarizes investments measured at fair value based on NAV per share as of April 1, 2025 and December 31, 2024, respectively:

	Fair Value		Redemption Frequency	Redemption Notice Period
	April 1, 2025	December 31, 2024		
Collective investment trusts:				
Great Gray Trust Company	\$ -	\$ 1,507,114	Daily	5 days
Wells Fargo Bank, N.A.	-	189,038	Daily	5 days
John Hancock Trust Company	-	25,061	Daily	10 days
SEI Trust Company	-	14,671	Daily	5 days
Total	\$ -	\$ 1,735,884		

5. Related Party Transactions and Party-in-Interest Transactions

Certain Plan investments were in funds and accounts that were managed by Fidelity or its subsidiaries and affiliates. As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules.

6. Income Tax Status

The Plan used a pre-approved plan document sponsored by Fidelity. Fidelity received an opinion letter from the IRS, dated June 30, 2020, which stated that the pre-approved plan document, as then designed, satisfied the applicable provisions of the IRC. Although the Plan has been amended since the date of the opinion letter, the Plan's management believed that the Plan was currently designed and being operated in compliance with the applicable requirements of the IRC.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

7. Risks and Uncertainties

The Plan held various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities would occur in the near term and that such changes could materially affect the amounts reported in the financial statements and participant account balances.

8. Prohibited Transactions

During the Plan year ended December 31, 2024, participant contributions totaling \$108,092 were not remitted to the Plan within the period prescribed by Department of Labor (DOL) regulations. These transactions constitute non-exempt party-in-interest transactions or prohibited transactions

Resolvit Resources, LLC 401(k) Retirement Plan

Notes to the Financial Statements

as defined by ERISA. The Plan's management is working to calculate lost earnings and will remit them to the Plan and correct the late remittances during 2026.

9. Subsequent Events

The Plan Administrator has evaluated subsequent events through February 13, 2026, the date the financial statements were available to be issued. The Plan Administrator is not aware of any subsequent events which would require recognition or disclosure in the financial statements.
