Independent Auditors' Report

Plan Management and the Board of Trustees
Ohio Bricklayers Local No. 8 Security Plan
Canfield, Ohio

Opinion

We have audited the accompanying financial statements of Ohio Bricklayers Local No. 8 Security Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of May 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Ohio Bricklayers Local No. 8 Security Plan as of May 31, 2025 and 2024, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Ohio Bricklayers Local No. 8 Security Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Ohio Bricklayers Local No. 8 Security Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Ohio Bricklayers Local No. 8 Security Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Ohio Bricklayers Local No. 8 Security Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) and reportable transactions as of and for the year ended May 31, 2025, together referred to as "supplementary information" are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Ohio Bricklayers Local No. 8 Security Plan

Notes to Financial Statements
For the Years Ended May 31, 2025 and 2024

Note A - Description of Plan

The following brief description of the Ohio Bricklayers Local No. 8 Security Plan ("The Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a multi-employer defined contribution plan established June 1, 1998 under an agreement between Bricklayers Local No. 8 Union and the Builders Association of Eastern Ohio and Western Pennsylvania. The purpose of this Plan is to provide eligible employees and/or their beneficiaries with additional security upon retirement, disability, death or termination of employment. Participants are eligible upon completion of one hour of covered service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

In April 2023, the Bricklayers Local No. 8 was merged into the Bricklayers & Allied Craftworkers (BAC) Local 23 of the Ohio River Valley, as part of the Northeast Ohio Chapter.

Participant Accounts

Each participant's account is credited with the employers' contributions made to the Plan on their behalf. In addition, at the end of each Plan year, participant's accounts are adjusted to reflect the effects of all items of income and expense during such Plan year. All participants with an account balance as of the valuation date shall be included in the valuation. Net income or loss shall be allocated to each member's account on the basis of the ratio of his/her account balance as of the previous valuation date bears to the total of all account balances for all members as of the previous valuation date. Participants who received distributions during the Plan year for any reason shall have their account balance as of the previous valuation date reduced by the amount of payment they received during the Plan year. Net income to be allocated consists of dividends, interest, realized, and unrealized gains and losses on investments less all investment and administrative expense incurred during the Plan year.

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Married participants will receive their benefits in the form of a joint and survivor annuity unless otherwise elected.

Contributions

The Plan Agreement provides that employers will make monthly contributions to the Plan of a specified amount for each hour worked/paid as determined by the collective bargaining agreement in effect.

Funding Policy

According to the CBA, contributions must be funded to the Plan no later than the 15th day of the month following the date hours were worked by participants.

Vesting

Participants are 100% vested upon completion of one hour of covered service.

Payments of Benefits

Participants shall become entitled to the full value of their account at the normal retirement age of 62 or the early retirement age of 55. If a participant continues employment past the normal retirement date, they shall continue to be an active participant and shall not be entitled to retirement benefits until actual retirement.

Ohio Bricklayers Local No. 8 Security Plan

Notes to Financial Statements
For the Years Ended May 31, 2025 and 2024

Note A - Description of Plan (continued)

Payments of Benefits (continued)

When it is determined that a participant is totally and permanently disabled, under the requirements stipulated in the Plan, prior to their early or normal retirement then such disabled participant shall be entitled to receive the full value of their account.

Death Benefits in the amount of the Credit Account balance for a participant who is married will be paid in the form of a Preretirement Annuity unless otherwise elected. Distributions to the other beneficiaries will be completed by December 31 of the fifth anniversary of the participant's death unless otherwise elected.

Participants may apply for hardship withdrawals under certain circumstances set forth in the Plan. Participants may apply once they are in the plan for sixty days. Hardship withdrawals are limited to one-half of a participant's account balance and such distributions are limited to once every twelve months regardless of the number of years a participant has been in the Plan.

A participant who terminates service with an employer and does not engage in any work within the trade jurisdiction for a period of twelve consecutive months shall be entitled to distribution of their account if conditions in the Plan Agreement are met.

Note B - Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The financial statements of the Plan are prepared under the accrual method of accounting. The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

All investments of the plan are nonparticipant directed funds. The Plan's investments are held in trust in custodial accounts. Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Board of Trustees determines the Plan's valuation policies utilizing information provided by its investments advisers and custodians. See Note C for discussion of Fair Value Measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold during the year.

Employer Contributions Receivable

Employer contributions receivable at year-end are based on actual contributions received subsequent to year-end. Delinquent employer contributions are not included in employer contributions receivable as management does not consider delinquent amount to be collectible. Based on a review of historical losses, current economic conditions and supportable and reasonable forecast assumptions, management has concluded that any expected credit losses on balances outstanding at year end will be immaterial. See the "Funding Policy" section of Note A for additional information regarding employer contributions.

Reciprocity Agreements

The Plan has signed reciprocity agreements with other locals and amounts due from or due to other plans of those locals are recorded as accounts receivable or accounts payable.

Notes to Financial Statements
For the Years Ended May 31, 2025 and 2024

Note B - Summary of Significant Accounting Policies (continued)

Cash

Cash consists of amounts held in a bank account at a financial institution. Such balances may be held in non-interest-bearing or interest-bearing accounts, including accounts with automatic sweep features, and are available for use by the Plan on demand.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan's expenses are paid by the Plan, as provided by the plan document. Certain expenses incurred in connection with the general administration of the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in the net investment income presented in the accompanying statement of changes in net assets available for benefits.

Shared and Allocated Expenses

The Plan participates in certain administrative and professional service arrangements that also benefit other related plans and programs. Certain expenses may be invoiced to, or paid by, one of the related arrangements and are allocated among the benefiting plans based on reasonable methods reflecting the relative benefits received. The Plan is charged only for the portion of expenses properly attributable to it.

Note C - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of value hierarchy under FASB ASC Topic 820 are described as follows:

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Fair Value Measurements

Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are delivered principally from or corroborated by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

For the Years Ended May 31, 2025 and 2024

Note C - Fair Value Measurements (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used to maximize the use of observable inputs and minimize the use of unobservable measurements.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at May 31, 2025 and 2024.

Money Market Funds: Valued at the closing price reported on an actively traded exchange and are reported as level 1.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are therefore reported as level 1.

The preceding method described may produce fair value calculations that may not be indicative of net realizable value or reflective of future values. Furthermore, although the plan believes its valuation is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value could result in a different fair value measurement at the reporting date.

Assets at Fair Value as of May 31, 2025				
	Level 1	Level 2	Level 3	Total
Money Market Funds	\$ 1,657,849	\$ -0-	\$ -0-	\$ 1,657,849
Mutual Funds	8,210,602	-0-	-0-	8,210,602
Total	\$ 9,868,451	\$ -0-	\$ -0-	\$ 9,868,451

Assets at Fair Value as of May 31, 2024				
	Level 1	Level 2	Level 3	Total
Money Market Funds	\$ 1,634,865	\$ -0-	\$ -0-	\$ 1,634,865
Mutual Funds	7,456,130	-0-	-0-	7,456,130
Total	\$ 9,090,995	\$ -0-	\$ -0-	\$ 9,090,995

There were no level 2 or 3 investments as of May 31, 2025 and 2024.

Note D - Plan Termination

Although it has not expressed any intent to do so, the Plan may be terminated at any time upon the written agreement of the Local and the Association and subject to the provisions of the ERISA. Upon termination, contributions to the Plan would cease and the fund would be distributed in accordance with the terms and provisions of the Plan.

Note E - Income Tax Status

The Internal Revenue Service issued its latest determination letter to the Plan on February 10, 2016 stating that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the plan has been amended since receiving the determination letter, the

Note E - Income Tax Status (continued)

Plan administrator and the Plan's tax counsel believe that the Plan is designed, and currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Note F - Risks and Uncertainties

Investments

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Concentration of Cash

The Plan maintains its cash in bank deposit accounts at financial institutions. The balances, at times, may exceed current federally insured limits through the Federal Deposit Insurance Corporation of \$250,000, per institution.

Significant Participating Employers

During the years ended May 31, 2025 and 2024, there were three employers which represented 36% and three employers which represented 40% of the total employer contributions to the Plan, respectively.

Note G - Related Party and Party in Interest Transactions

The Plan pays fees for several arrangements with service providers and affiliated entities. These transactions are considered exempt party in interest transactions under ERISA. Such fees are included on the statements of changes in net assets available for benefits. Additionally, the Plan holds investments with certain service providers to which it pays such fees. To the best of management's knowledge, all transactions with these parties are in compliance with ERISA's prohibited-transaction exemptions. Detailed listings of such investments are presented in the accompanying Schedule H, Line 4i - Schedule of Assets (Held at End of Year).

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Plan sponsor and certain others.

The Plan pays fees for Trustees to attend conferences and meetings in order for them to continue their education regarding their duties and responsibilities. Total expenses for these conferences and meetings are included on the statements of changes in net assets available for benefits.

Note H - Plan Amendments

- The Plan was amended to increase the limit for immediate cash-out distributions, as set forth in the Setting Every Community Up for Retirement Enhancement Act 2.0 of 2022.

Note I - Subsequent Events

Subsequent events have been evaluated through February 13, 2026, the date the financial statements are available to be issued.
