Independent Auditor's Report

To the Plan Administrator
Fresh Direct 401(k) Plan
New York, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of Fresh Direct 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audits* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The ERISA-required supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Fresh Direct 401(k) Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the Fresh Direct 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan Document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan for the benefit of certain eligible employees, as defined in the Plan Document, of Fresh Direct Holdings, Inc. (the Company or Employer). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Employer is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

In January 2021, the Company was acquired by Ahold Delhaize USA (Ahold). In November 2023, Ahold sold the Company to Getir US Inc. The Company remained as the Plan sponsor. During the years ended December 31, 2023 and 2022, certain employees of Ahold-related entities were allowed participation in the Plan.

In April 2022, certain employees of the Company elected to unionize, and the Company signed a collective-bargaining agreement with United Food and Commercial Workers (UFCW) Local 342. Plan participants that unionized in April 2022 were transferred out of the Plan in December 2022 and into a newly created defined contribution plan sponsored by the Company named Fresh Direct Bargaining Unit 401(k) Plan.

Eligibility

All eligible non-union employees of the Company who have completed six months of service and are age 18 or older are eligible to make voluntary participant contributions. Effective July 1, 2022, the age requirement increased from 18 to 21 and the service requirement decreased from six months to 60 days of service for employees hired after that date. Certain employees are excluded from participation if they fall within certain categories as defined in the Plan Document.

Contributions

Each year, participants may contribute up to 90% of pretax annual compensation, as defined in the Plan Document, up to the maximum limits of the Internal Revenue Code (IRC). Effective July 1, 2022, the Plan Document was amended to change the deferral limit to 75% of compensation.

Effective January 1, 2017, the Plan was amended to permit Roth elective deferral contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant; these deferrals will increase by 1% on the first day of each calendar year up to a maximum of 5%.

Fresh Direct 401(k) Plan

Notes to Financial Statements

Participants direct the investment of all contributions into various investment options offered by the Plan.

The Plan was amended and restated effective April 1, 2022. The amended and restated Plan Document provides for a discretionary Employer matching contribution. The maximum amount that an eligible participant can receive in a discretionary Employer contribution is 5% of eligible compensation, as defined by the Plan Document. With certain exceptions due to death, disability, or termination of employment on or after normal retirement age, an eligible participant is required to be employed on the last day of the Plan year in order to be eligible to receive the discretionary Employer matching contribution. In October 2024, \$1,943,942 of discretionary Employer matching contributions were funded to the Plan for the 2023 Plan year.

Corrective Contributions

For the 2022 Plan year only, the Plan was amended so that eligible employees who were not employed on the last day of the Plan year and completed at least 585 hours of service as an eligible participant of the Plan, would be eligible to receive the discretionary Employer matching contribution.

For the 2022 Plan year only, the Plan was amended to extend the eligibility of the discretionary Employer matching contribution to all non-statutorily excludable, non-union, non-highly compensated employees employed by Ahold eCommerce Services LLC, at its Jersey City location, and by certain cost centers, U.T.F Trucking Inc. and Fresh Direct, LLC, related entities to the Company.

For the 2023 Plan year only, the Plan was amended to extend the eligibility of the discretionary Employer matching contribution to all non-statutorily excludable, non-union, non-highly compensated employees employed by Ahold E-Commerce Sales Company, Giant Delivery, Stop & Shop DCT/CES, and Stop & Shop Coordinator, related entities to the Company.

In January 2024, \$4,836,727 of Employer non-elective corrective contributions were funded to the Plan for the 2022 Plan year. Corrective contributions are presented in Other Employer contributions in the statement of changes in net assets available for benefits.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions, Employer contributions, and an allocation of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings and losses, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the vested portion of their account. Participants direct the investments of their accounts into various investment options offered by the Plan.

Vesting

Participants are vested immediately in their pre-tax and Roth deferrals, rollovers, discretionary Employer matching, and Employer non-elective corrective contributions plus the allocated earnings thereon.

Fresh Direct 401(k) Plan

Notes to Financial Statements

Notes Receivable from Participants

Participants may borrow from their account balance up to a maximum equal to the lesser of \$50,000 or 50% of the participant's vested account balance, reduced by the highest outstanding loan balance in their account during the prior 12-month period. The Plan requires a minimum loan of \$1,000. Loan terms range from one to five years; however, terms may exceed five years, as defined in the Plan Document, for the purchase of a primary residence. Each participant may not have more than one loan outstanding at any time. Effective July 1, 2022, participants may only have one new loan per Plan year.

The loans are secured by the balance in the participant's account and bear interest rates commensurate with local prevailing rates at inception of the loan, as determined quarterly by the Plan administrator. Principal and interest are repaid through a payroll deduction agreement, except to the extent the Plan administrator determines payroll withholding is not practical given the level of the participant's wages, the frequency with which the participant is paid, or other circumstances.

Payment of Benefits

A participant may elect to receive the value of the vested interest in his or her account in the form of: (a) a lump-sum distribution as of the most recent valuation date, (b) installment payments, or (c) any other forms noted in the Plan Document. Upon termination of service due to reaching retirement age, disability, or death, a participant is considered fully vested. Participants may withdraw an amount at age 59½ if certain criteria are met. In addition, the Plan allows for hardship distributions if certain criteria are met. Account balances less than \$5,000 will automatically be paid directly to the participant upon the participant's severance from employment unless the participant elects a direct rollover.

Forfeited Accounts

At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$86,477 and \$85,335, respectively. These accounts, comprised of uncashed checks, may be used to pay administrative expenses and reduce future Employer contributions. No forfeited funds were used to pay administrative expenses or fund Employer contributions in 2024.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Fresh Direct 401(k) Plan

Notes to Financial Statements

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions Receivable

Participant contributions are recognized in the period during which the Company makes the respective payroll deduction from the participant's compensation. The discretionary Employer matching contributions and Employer non-elective corrective are recorded in the relevant period in accordance with the terms in the Plan Document.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded on the accrual basis. If a participant ceases to make loan payments and the loan is deemed a distribution based on the terms of the Plan Document, the participant's loan balance is reduced, and a benefit payment is recorded. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Benefits Paid

Benefit payments to participants are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to participant-initiated transactions are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

Other Income - Revenue Sharing

The Plan has entered into an agreement with Transamerica Financial Life Insurance Company (Transamerica) to maintain an Expense Budget Account (EBA), which may be used to pay Plan-related expenses. The EBA is a plan-level unallocated account held under the terms of the Plan, which may be credited with revenue in excess of the amount of compensation that Transamerica received during the year. As of December 31, 2024 and 2023, the EBA had a balance of \$33,446 and \$29,770, respectively. During the year ended December 31, 2024, additions totaling \$82,233 were credited to the EBA and are reflected as Other income in the statement of changes in net assets available for benefits. During the year ended December 31, 2024, approximately \$79,700 of the EBA funds were used to pay Plan-related expenses.

Fresh Direct 401(k) Plan

Notes to Financial Statements

Net Transfers

In the event that a Plan participant has a change in employment status such that the participant is no longer eligible to participate in the Plan but is eligible to participate in another defined contribution plan maintained by the Company or affiliate, the value of such participant's accounts will be transferred to the other plan when the participant has become eligible as a result of the change in employment status.

3. Certified Investment Information

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedule, related to investments and notes receivable from participants held as of December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Reliance Trust Company and Transamerica Trust Company, each a qualified institution.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, are described as follows:

Level 1 - This level includes inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - This level includes inputs to the valuation methodology that include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - This level includes inputs to the valuation methodology that are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Fresh Direct 401(k) Plan

Notes to Financial Statements

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual Funds - Mutual funds are valued at the daily closing price, as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trust - The fair value of the investment in the common/collective trust is valued at NAV, as a practical expedient, as reported by the sponsoring financial institution. The NAV is determined by reference to the value of the underlying assets owned by the common/collective trust, minus its liabilities, and then divided by the number of units outstanding. This practical expedient is not used when it is determined to be probable that the common/collective trust will sell for an amount different than the reported NAV. The Plan's common/collective trust consists of the Reliance/MetLife Stable Value Fund, which is composed primarily of fully benefit-response investment contracts. There were no redemption restrictions for this investment, and there were no unfunded commitments as of December 31, 2024 and 2023. The collective trust fund is a direct filing entity.

Interest-Bearing Cash - Interest-bearing cash is valued at fair value, which approximates cost plus interest earned in the cash account. Interest-bearing cash is a non-participant directed investment.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

December 31, 2024

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 41,234,275	\$ -	\$ -	\$ 41,234,275
Interest-bearing cash	33,596	-	-	33,596
Common/collective trust*				580,055
Total Investments, at fair value				\$ 41,847,926

December 31, 2023

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 33,731,288	\$ -	\$ -	\$ 33,731,288
Interest-bearing cash	29,915	-	-	29,915
Common/collective trust*				1,754,927
Total Investments, at fair value				\$ 35,516,130

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Fresh Direct 401(k) Plan

Notes to Financial Statements

The Plan had no assets that were measured at fair value on a nonrecurring basis as of December 31, 2024 and 2023.

5. Related Party and Party-in-Interest Transactions

Certain Plan investments are managed by Reliance Trust Company and Transamerica Retirement Solutions, LLC (TRS), the Plan's recordkeeper. Any purchases and sales of these funds qualify as party-in-interest transactions. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. Notes receivable from participants, fees paid to TRS, and investment advisory fees paid to Morgan Stanley also qualify as exempt party-in-interest transactions.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, each participant's individual account balance would remain 100% vested.

7. Tax Status

The Plan uses a Non-Standardized Pre-Approved Profit-Sharing/Money Purchase/Cash or Deferred Arrangement (CODA) plan document sponsored by TRS. The IRS has determined and informed TRS by a letter dated June 30, 2020 that the Plan is designed in accordance with the applicable sections of the IRC. Although the Plan has subsequently been amended, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Accordingly, the Plan is permitted to rely on TRS' opinion letter.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

8. Risks and Uncertainties

The Plan holds investments that potentially subject the Plan to concentrations of risk, such as investments of the Plan's trustee. The Plan provides for various investment securities, which include investments in any combination of mutual funds and a common/collective trust. Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investment securities, it is possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the Plan's financial statements. The Plan's exposure to a concentration of credit risk is limited by the diversification of investments across various participant-directed fund elections. Additionally, the investments within each participant-directed fund election are further diversified into varied financial instruments.

9. Subsequent Events

In August and October 2025, collectively \$740,542 of participant balances pertaining to those employees actively employed by Ahold Delhaize USA or its affiliates were transferred to the Stop & Shop Supermarket Company 401(k) Plan and the Giant of Maryland 401(k) Plan.

In March 2025, \$1,135,845 of Employer non-elective corrective contributions and \$442,728 of discretionary Employer matching contributions were funded to the Plan for the 2023 Plan year.

In October 2025, \$1,278,647 of discretionary Employer matching contributions were funded to the Plan for the 2024 Plan year.

The Company evaluated subsequent events through February 13, 2026, the date these financial statements were available to be issued and determined that no other material subsequent events have occurred that would affect the information presented in the accompanying financial statements or require additional disclosure.
