INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of The College of Saint Rose
Non-Contract Employees' Pension Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The College of Saint Rose Non-Contract Employees' Pension Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for plan benefits as of April 20, 2025, and June 30, 2024, and the related statements of changes in net assets available for plan benefits for the period from July 1, 2024 to April 20, 2025 and the year ended June 30, 2024, the statement of accumulated plan benefits as of June 30, 2024, the related statement of changes in accumulated plan benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of The College of Saint Rose Non-Contract Employees' Pension Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of April 20, 2025 and June 30, 2024, and for the period from July 1, 2024 to April 20, 2025 and for the year ended June 30, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The College of Saint Rose Non-Contract Employees' Pension Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Going Concern

The accompanying financial statements have been prepared assuming that The College of Saint Rose Non-Contract Employees' Pension Plan will continue as a going concern. As further discussed in Note 1 to the financial statements, the Plan was terminated on June 30, 2024. The financial statements do not include any adjustments that might result from the outcome of this uncertainty. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The College of Saint Rose Non-Contract Employees' Pension Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The College of Saint Rose Non-Contract Employees' Pension Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The College of Saint Rose Non-Contract Employees' Pension Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

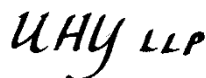

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of April 20, 2025 and Schedule H, line 4j – Schedule of Reportable Transactions for the period from July 1, 2024 to April 20, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 — DESCRIPTION OF PLAN

The following brief description of The College of Saint Rose Non-Contract Employees' Pension Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more information and a complete description of the Plan.

General

The Plan is a defined benefit pension plan covering all eligible non-contract employees of The College of Saint Rose (the "College"). It is subject to the provisions of ERISA.

In December 2023, the College's Board of Trustees made a decision to close the school permanently due to declining enrollment, prolonged impact of the COVID-19 pandemic and a shrinking pool of graduating high school graduates in New York and the northeast, colloquially known as the demographic cliff. This decision was made after a comprehensive review of the College's financial health and operational sustainability. The College ceased academic instruction in June 2024. In May 2024, the Plan was amended to terminate the Plan with the effective date of the termination being June 30, 2024.

Effective April 21, 2025, the Pension Benefit Guaranty Corporation (PBGC) was appointed as trustee of the Plan.

Eligibility

In June 2020, the Board of Trustees approved a resolution to freeze the Plan. The Plan was frozen as of July 31, 2020. Since July 31, 2020, no new participants are permitted to enter the Plan, and future benefit accruals have been frozen for existing participants. Non-Contract employees were eligible as of August 1, 2020, to participate in the College's Defined Contribution 403(b) Plan.

Prior to the July 31, 2020 freeze date, Non-Contract employees who completed one year of service (as defined in the Plan) and had attained age 21 were eligible to participate. Non-Contract employees are defined as all regular employees of the College, exclusive of faculty, administrative employees, temporary employees, students and leased employees.

Pension Benefits

Participants who reach normal retirement age (65) or early retirement age (55 with at least ten years of vested service) are entitled to receive benefits under the Plan. The participants select either a lump-sum distribution or monthly installments payable over a period not to exceed the maximum period allowed by law. An active participant in the Plan is eligible for a Disability Retirement Benefit under the Plan upon the occurrence of permanent disability coincident with or following the participant's attainment of the tenth anniversary of their employment. A participant's Disability Retirement Benefit is based on their vested percentage as of their Disability Retirement Date. In the event of the death of an active participant, the participant's surviving spouse, if any, will be entitled to receive a monthly pension benefit equal to 50% of the monthly pension benefit which would have been payable had the participant retired on the day before their death. If a Plan participant terminates employment for any reason other than retirement, death or disability, the participant is entitled to receive the vested portion of their account. Payment may be deferred until the participant attains retirement age.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

**THE COLLEGE OF SAINT ROSE
NON-CONTRACT EMPLOYEES' PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
April 20, 2025 and June 30, 2024**

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the reported amounts, assets, liabilities, and changes therein, disclosure of contingent assets and liabilities and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Vesting

A participant's vested percentage is determined in accordance with the following table; however, a participant will immediately become 100% vested upon reaching normal retirement age (65), irrespective of the number of years of vesting service which has been earned.

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 3 years	0%
3 years	20%
4 years	40%
5 years	60%
6 years	80%
7 years or more	100%

Effective June 30, 2024, all participants became 100% vested, due to the Plan termination, see Note 7.

Administrative Expenses

The Plan's expenses are paid either by the Plan or the College, as provided in the plan document. Expenses that are paid directly by the College are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for plan benefits. In addition, certain investment related expenses are included in net appreciation of fair value of investments presented in the accompanying statements of changes in net assets available for benefits.

Subsequent Events

In preparing these financial statements the College has evaluated events and transactions for potential recognition through February 6, 2026, the date the financial statements were available for issuance.

NOTE 3 — FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of April 20, 2025, and June 30, 2024.

Money Market Fund: Valued at the daily closing price as reported by the fund. Money market funds seek to maintain a stable \$1.00 net asset value (NAV).

	<u>\$ 3,413,606</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 3,413,606</u>

NOTE 4 — INFORMATION CERTIFIED BY THE TRUSTEE

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103.8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments held at April 20, 2025, and June 30, 2024, and investment income for the period from July 1, 2024 to April 20, 2025, and year ended June 30, 2024, that are disclosed in the accompanying financial statements and supplemental schedules, were obtained and derived from information supplied to the Plan administrator and certified as complete and accurate by Key Bank National Association, ("Key Bank") as trustee of the Plan.

NOTE 5 — ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are based on employees' compensation during their last five years of credited service.

Benefits payable under all circumstances—retirement, death, disability, and termination of employment—are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by the Plan's independent consulting actuary and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. The significant actuarial assumptions used in the valuations as of July 1, 2024 were (a) life expectancy of participants (PRI 2012 Mortality Table with projection Scale MP-2021), (b) retirement age assumptions (participants are assumed to retire at a weighted average retirement age of 62), and (c) investment return. The 2024 valuation included a discount rate of 4.0% and an assumed average rate of return on investments of 5.5%.

**THE COLLEGE OF SAINT ROSE
NON-CONTRACT EMPLOYEES' PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
April 20, 2025 and June 30, 2024**

NOTE 5 — ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS (Continued)

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. While the Plan terminated on June 30, 2024, as described in Note 1, the original decision to terminate the Plan was made after the July 1, 2024 valuation date (original termination date of July 31, 2024 was changed to June 30, 2024 by the PBGC).

The plan termination is considered an unusual or infrequent event. Had the termination been reflected in the actuarial present value of accumulated plan benefits, the impact to the present value of accumulated plan benefits is not determinable.

NOTE 6 — PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are managed by Key Bank. Key Bank is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

NOTE 7 — PLAN TERMINATION

As described in Note 1, the Plan was terminated effective June 30, 2024. If the Plan is liquidated, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- 1) To any Deductible Voluntary Account, Nondeductible Voluntary Account or Rollover Account;
- 2) Portion, if any, of each Participant's accrued benefit which is derived from the Participant's mandatory contributions;
- 3) Retirement benefits that former participants or their beneficiaries have been receiving for at least three years, or that participants eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.
- 4) All other benefits guaranteed by the PBGC (determined without regard to Section 4022(b)(5) of ERISA and as if Section 4022(b)(6) of ERISA did not apply).
- 5) To all other vested benefits; and
- 6) All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC when a Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, a statutory ceiling exists, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees. For plan terminations occurring during 2025 that ceiling is approximately \$6,750 per month. That ceiling applies to those pensioners who elect to receive their benefits in the form of a single-life annuity and are 65 years old at the time of retirement or plan termination (whichever comes later). For younger annuitants or for those who elect to receive their benefits in some form more valuable than a single-life annuity, the corresponding ceilings are actuarially adjusted downward.

THE COLLEGE OF SAINT ROSE
NON-CONTRACT EMPLOYEES' PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
April 20, 2025 and June 30, 2024

NOTE 7 — PLAN TERMINATION (Continued)

Benefit improvements attributable to the Plan amendments may not be fully guaranteed even though total benefit entitlements fall below the aforementioned ceilings.

Whether all participants receive their benefits during the Plan termination will depend on the sufficiency, at that time, of the Plan's net assets to provide those benefits, together with additional contributions required to be made by the College under the provisions of ERISA and may also depend on the level of benefits insured by the PBGC.

In December 2023, the College's Board of Trustees made a decision to close the school permanently due to declining enrollment, prolonged impact of the COVID-19 pandemic and a shrinking pool of graduating high school graduates in New York and the northeast, colloquially known as the demographic cliff. This decision was made after a comprehensive review of the College's financial health and operational sustainability. The College ceased academic instruction in June 2024. In May 2024, the Plan was amended to terminate the Plan with the effective date of the termination being June 30, 2024 (Termination Date).

As part of the Plan amendment, no non-spouse beneficiary shall be entitled to annuity benefits payable under the terms of the Plan; provided however, that this provision shall not apply to any Plan participant or their non-spouse beneficiary who is receiving benefits under the terms of the Plan.

In conjunction with the termination of the Plan, 1) current retirees shall have the option to elect a lump sum form of distribution of their remaining accrued benefits, 2) no new employee or employer contributions shall be permitted on or after the Termination Date, and 3) as of the Termination Date, all participants who have been credited with an hour of service as of the Termination Date will become 100% vested in any and all employer contributions to their account.

NOTE 8 — RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

NOTE 9 — FUNDING POLICY

The College's funding policy is to make contributions based on the minimum funding requirements as determined by the Plan's actuary. The ERISA minimum funding requirements have been met for the period from July 1, 2024 to April 20, 2025 and the year ended June 30, 2024. Contributions are made to trust funds managed by Key Bank National Association (Key Bank) as trustee under the terms of a trust agreement.

THE COLLEGE OF SAINT ROSE

NOTES TO FINANCIAL STATEMENTS
April 20, 2025 and June 30, 2024

NOTE 9 — FUNDING POLICY (Continued)

Key Bank has discretionary authority concerning the investment and reinvestment of the trust funds.

The College has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. See Note 7 related to the Plan termination.

NOTE 10 — TAX STATUS

The Plan obtained its latest determination letter on August 3, 2020, in which the Internal Revenue Service ("IRS") states that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. However, the plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of April 20, 2025, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
