INDEPENDENT AUDITOR'S REPORT

The Advisory Committee of the CentiMark Corporation
Employee Stock Ownership Plan and Trust
Canonsburg, Pennsylvania

Opinion

We have audited the accompanying financial statements of the CentiMark Corporation Employee Stock Ownership Plan and Trust (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of April 30, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of April 30, 2025 and 2024, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of April 30, 2025 is presented for the purpose of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS
APRIL 30, 2025 AND 2024

NOTE 1 - DESCRIPTION OF PLAN

The following brief description of the CentiMark Corporation Employee Stock Ownership Plan and Trust (Plan) is provided for general information purposes only. Participants should refer to the Plan document for a complete description of the Plan's provisions.

CentiMark Corporation (CentiMark or Company) established the Plan effective as of November 1, 1988. The Plan operates, in relevant part, as a leveraged Employee Stock Ownership Plan (ESOP) and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986 (IRC), as amended, and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan is administered by CentiMark acting through an Advisory Committee comprised of seven members, which directs the trustee on investment decisions and distributions to participants.

During each of the years ended April 30, 2025 and 2024, the Plan acquired an additional 39,500 shares of CentiMark stock from an outside shareholder and the shares had an appraised value of \$845 per share. The full purchase price of \$33,377,500 was contributed to the Plan by CentiMark during the years ended April 30, 2025 and 2024. All shares related to these purchases were allocated to participants immediately upon purchase.

Eligibility - The Plan covers substantially all employees of CentiMark, Superior Travel Services, Inc., CentiMark International Corporation, Westminster Financial Service, Ltd., MTN, Inc. and any other corporation that may become a wholly owned subsidiary of CentiMark, who have completed one year of service and who have reached the age of 18. Participants who are not employed on the last working day of a plan year are not eligible for an allocation of Company contributions for such year.

Contributions - The Company is obligated to make contributions to the Plan that equal or exceed the amount necessary to enable the Plan to make its regularly scheduled payments due on its term loan, if any. Employee contributions are not permitted.

Payment of Benefits - Distributions from the Plan are made when a participant retires, dies (in which case, payment shall be made to his or her beneficiary or, if none, his or her legal representatives), terminates employment with the Company and its participating subsidiaries, or requests an in-service distribution (if the participant has attained age 65 and has completed 10 years of plan participation). Distributions are made in cash or, if a participant elects, in the form of CentiMark common stock plus cash for any fractional share. Under provisions of the Plan, the Company is obligated to repurchase participant shares that have been distributed under the terms of the Plan if the shares are not publicly traded or are subject to trading limitations.

The Plan requires the Advisory Committee to authorize benefit distributions to participants based on the fair value of CentiMark's common stock. Benefits provided by the Plan are not insured by the Pension Benefit Guaranty Corporation, since the insurance provisions of ERISA are not applicable to the Plan.

Participant Accounts - The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each plan year with an allocation of shares of CentiMark's common stock released by the trustee from the unallocated account and forfeitures of terminated participants' nonvested accounts. Only those participants who are eligible employees of the Company as of the last day of the plan year will receive an allocation. Allocations are based on a participant's eligible compensation, relative to total eligible compensation. Plan earnings are allocated to each participant's account based on the ratio of the participant's account balance to all participants' account balances.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Vesting - The distribution of benefits to participants is subject to vesting provisions of the Plan, which provide that all participants are fully vested after five years of service with vesting based on a five-year graduated scale. Employees who terminate prior to full vesting forfeit all of the unvested Plan benefits. Forfeitures for those employees are allocated to the Plan participants after five consecutive one-year breaks in service from the date at which the employee terminates.

Put Option - Under federal income tax regulations, the employer stock that is held by the Plan and its participants that is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Diversification - Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in CentiMark common stock into investments that are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. Participants who elect to diversify receive a distribution of shares, which are immediately purchased by the Company in exchange for cash. The election to diversify is made subsequent to year-end based on the shares of employer stock in the participant's account at year-end.

Forfeitures - Plan forfeitures are allocated to each participant's account based on the relation of the participant's eligible compensation to total eligible compensation for the Plan year. Forfeitures of terminated nonvested account balances allocated to remaining participants for the years ended April 30, 2025 and 2024 totaled approximately \$1,618,000 and \$1,468,000, respectively. Unallocated forfeitures were not significant at April 30, 2025 or 2024.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of significant accounting policies consistently applied by the Plan administrator in the preparation of the accompanying financial statements follows:

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of the financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

EMPLOYEE STOCK OWNERSHIP PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS
APRIL 30, 2025 AND 2024

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Allocations - The financial statements of the Plan present separately the assets and liabilities, if any, and changes therein pertaining to (a) the accounts of employees with rights in allocated stock (“allocated”) and (b) stock not yet allocated to employees (“unallocated”), including shares that are committed to be released. Shares are released from collateral and become allocated generally in the period in which debt service is actually paid.

Investment Valuation and Income Recognition - The shares of Company common stock are reported at fair value. (See Notes 3 and 4.) The Plan presents in the statements of changes in net assets available for benefits the net appreciation in estimated fair value of its investment in common stock of CentiMark, which consists of the realized gains or losses and the unrealized appreciation/depreciation on this investment.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - Plan administrative expenses are paid directly by CentiMark and, as such, are not expenses of the Plan.

Subsequent Events - Subsequent events are defined as events or transactions that occur after the statement of net assets available for benefits date, but before the financial statements are issued or are available to be issued. Management has evaluated subsequent events through February 16, 2026, the date that the financial statements were issued, and determined there have been no events that have occurred that would require adjustments to or disclosures in the financial statements.

NOTE 3 - INVESTMENTS

The Plan’s investments at April 30 are presented in the following table:

NOTE 4 - FAIR VALUE MEASUREMENT

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The Plan's assets consist entirely of its investment in CentiMark's common stock, which is classified as Level 3 within the fair value hierarchy. In the absence of an established market, the Advisory Committee developed an estimate of the fair value of CentiMark's common stock as of April 30, 2025 and 2024. In developing its estimate, the Advisory Committee considered, among other factors: (i) the financial condition of CentiMark, (ii) projected earnings potential of CentiMark and (iii) current market trends. The fair values of CentiMark's common stock determined by the Advisory Committee were within a market value range estimated by an independent stock brokerage and valuation firm retained by CentiMark. There have been no changes in methodologies used at April 30, 2025 and 2024.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Further, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

CENTIMARK CORPORATION
EMPLOYEE STOCK OWNERSHIP PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS
APRIL 30, 2025 AND 2024

NOTE 4 - FAIR VALUE MEASUREMENT (Continued)

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the years ended April 30:

	2025	2024
Investment in CentiMark Corporation common stock:		
Balance, beginning of year	\$ 686,501,046	\$ 481,267,320
Purchases of common stock	33,377,500	33,377,500
Net appreciation in estimated fair value of investments	19,529,258	200,961,090
Distributions of common stock to participants	(59,789,642)	(29,104,864)
Balance, end of year	\$ 679,618,162	\$ 686,501,046

NOTE 5 - RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in CentiMark common stock (Note 3) and the Company pays all plan expenses (Note 2). These are related-party and party-in-interest transactions. The Plan has a number of service providers. Such providers are parties-in-interest under ERISA.

NOTE 6 - RISKS AND UNCERTAINTIES

The Plan invests in CentiMark common stock, which is exposed to various risks, such as interest rate, market and credit risks, as well as valuation assumption changes based on earnings, cash flows and other such techniques. Due to the level of risk associated with the investment in the CentiMark common stock and to uncertainties inherent in estimates and assumptions, it is at least reasonably possible that changes in the value of the CentiMark common stock will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE 7 - PLAN TERMINATION

Although it has not expressed intent to do so, CentiMark has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

CENTIMARK CORPORATION
EMPLOYEE STOCK OWNERSHIP PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS
APRIL 30, 2025 AND 2024

NOTE 8 - TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated November 8, 2017 that the Plan is qualified under the IRC and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since receiving the determination letter, however, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified, and the related trust was tax-exempt as of April 30, 2025 and 2024.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
