INDEPENDENT AUDITOR'S REPORT

To the Participants and Administrator of
The Instinet Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Instinet Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of the April 1, 2025 (date of merger) and for the year ended December 31, 2024, the related statements of changes in net assets available for benefits for the period January 1, 2025 to April 1, 2025 and the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution, Principal Trust Company, as of the period from January 1, 2025 to April 1, 2025 (date of merger) and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Chicago, IL 60604
T: +1 312 332 4964
F: +1 312 332 0181

mitchelltitus.com

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis-of-Matter – Plan Merger

As discussed in Note 1 to the financial statements, effective on April 1, 2025 (the date of merger), the Plan was merged with and into the Nomura Securities International, Inc. Retirement Investment Plan (the Nomura Plan), with the Nomura Plan being the surviving plan following the merger. The Plan's assets were transferred to the Nomura Plan's Trust as soon as administratively practicable on or after the date of merger. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

MITCHELL TITUS

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

THE INSTINET SAVINGS PLAN

Notes to Financial Statements

For the Period From January 1, 2025 to April 1, 2025

(Date of Merger) and For the Year Ended December 31, 2024

NOTE 1 DESCRIPTION OF PLAN

The following description of The Instinet Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General and Plan Merger

The Plan was a defined contribution plan that covered all eligible employees. The Plan was designed to provide certain employees of Instinet Incorporated (the Company) and its subsidiaries a systematic means of saving and investing for the future. The Plan was merged with and into the Nomura Securities International, Inc. Retirement Investment Plan (Nomura), effective April 1, 2025. Nomura is the surviving plan. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The merger of the Plan with and into Nomura was implemented in accordance with the applicable requirements of ERISA and federal income tax rules.

Regular full-time employees, excluding non-resident aliens, leased employees, those covered by a collective bargaining agreement, and those scheduled to work less than 1,000 hours a year, were eligible to participate in the Plan and received an annual discretionary matching contribution if employed on the last day of the Plan year.

The Plan allowed participants who changed employment between the Company and its parent to transfer the balance of the participant's account to where their continued benefits are covered.

The Investment Committee determined the appropriateness of the Plan's investment offerings, monitored investment performance and reported to the Plan's trustees and employees.

Contributions

Participants could contribute up to 50% of their base pay up to the maximum allowable under the Internal Revenue Code (IRC). Participants who attained age 50 before the end of the Plan year were eligible to make catch-up contributions. Participants could also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company's matching contributions were discretionary. Participants must have been employed by the Company at December 31 in order to receive a matching contribution for that year. For the period from January 1, 2025 to April 1, 2025 (date of merger) and for the year ended December 31, 2024, the Company contributed 0% and 51%, respectively, of the participants' contributions. For the period from January 1, 2025 to April 1, 2025 (date of merger) and for the year ended December 31, 2024, the Company did not make a discretionary contribution.

(Date of Merger) and For the Year Ended December 31, 2024

NOTE 1 DESCRIPTION OF PLAN *(continued)*

Participant Accounts

Each participant's account was credited with his or her contributions, the Company's matching and profit-sharing contributions, and an allocation of Plan earnings and charged with an allocation of administrative expenses. The allocation was based on participants' account balances or specific participant transactions, as defined in the Plan document. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account. Participants could direct the investment of their account balances into various investment options offered by the Plan.

In connection with the merger of the Plan with and into Nomura, the participants' accounts in the Plan were transferred to Nomura. Participants in the Plan automatically became participants on April 1, 2025, the Plan's merger date.

Vesting

Participants were immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contributions was based on years of continuous service. Participants vested 20% each year and were fully vested after five years of service.

Notes Receivable from Participants

Participants could borrow from their vested account balances a minimum of \$1,000 and a maximum of the lesser of \$50,000, less the highest outstanding loan balance during the one-year period prior to the new loan application date, or 50% of the participant's account balance. Loan terms ranged from one to five years or up to 10 years for the purchase of a primary residence. The loans were secured by the participant's vested account balance and bore interest at the prime rate plus 1%, which ranged from 4.25% to 11.50% for the period January 1, 2025 to April 1, 2025 (date of merger) and for the year ended December 31, 2024.

(Date of Merger) and For the Year Ended December 31, 2024

NOTE 1 DESCRIPTION OF PLAN *(continued)*

Payment of Benefits

Upon death, retirement, disability or termination of service, participants could elect to receive their benefit amount equal to the value of the participant's vested interest in his or her account as a lump sum or roll over the balance to another qualified plan or individual retirement account. For balances that exceeded \$5,000 upon termination of service, a participant could choose to either withdraw his or her balance or continue to maintain the balance in the Plan. If no election was made, for balances between \$1,000 and \$5,000, the Plan administrator would automatically roll over the vested balance into an individual retirement account. For balances below \$1,000, the Plan administrator would distribute the account as a lump-sum cash payment. Participants could withdraw all or a portion of rollover contributions at any time. Participants who were age 59½ or older could withdraw all or a portion of their vested account balance. The Plan allowed hardship withdrawals for immediate and heavy financial need.

Forfeitures

Forfeitures from nonvested participant accounts were generally used first to reduce future Company contributions and then to pay administrative expenses of the Plan. During the period January 1, 2025 to April 1, 2025 (date of merger) and for the year ended December 31, 2024, forfeitures of approximately \$0 and \$203,878 were used to reduce the Company's contribution and pay administrative expenses. Forfeited nonvested accounts totaled \$0 at April 1, 2025 and \$612,621 at December 31, 2024.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The process of preparing financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make certain estimates and assumptions regarding certain types of assets, liabilities, additions to net assets and deductions from net assets. Such estimates relate primarily to unsettled transactions and events as of the date of the financial statements. Accordingly, upon settlement, actual results could differ from estimated amounts.

For the Period From January 1, 2025 to April 1, 2025

(Date of Merger) and For the Year Ended December 31, 2024

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

Investment Valuation and Income Recognition

Investments are reported at fair value. Unitized mutual fund investments and collective trust funds are valued at the net asset value (NAV) of units held by the Plan at year end. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company's Investment Committee determined the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the period.

Notes Receivable from Participants

Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans were reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses was recorded as of the year ended December 31, 2024. If a participant ceases to make loan repayments and the Plan administrator deemed the participant loan to be in default, the participant loan balance was reduced and a benefit payment was recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Company paid the administrative costs of the Plan associated with any professional services provided to the Plan. Expenses that are paid by the Company are excluded from these financial statements. Fund fees, investment advisory fees, and loan fees were deducted from participant account balances and are included in administrative expenses.

(Date of Merger) and For the Year Ended December 31, 2024

NOTE 3 INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

The Plan administrator elected the method of compliance permitted by 29 CFR 2520.103-S(C) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Trust Company, the custodian of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected in the accompanying statement of net assets available for benefits as of the year ended December 31, 2024, and the related investment activity and interest income on notes receivable from participants reflected in the statements of changes in net assets available for benefits for the period January 1, 2025 to April 1, 2025 and for the year ended December 31, 2024.

NOTE 4 FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements*, provides the framework for measuring fair value. This framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2: Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

For the Period From January 1, 2025 to April 1, 2025

(Date of Merger) and For the Year Ended December 31, 2024

NOTE 4 FAIR VALUE MEASUREMENTS *(continued)*

The following are descriptions of the valuation methodologies used for assets measured at fair value. The following methods described may produce a fair value calculation that may not indicate net realizable value or reflect future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The Plan's policy is to recognize transfers between Level 1, Level 2, and Level 3 as of the end of the year. There were no transfers between Level 1, Level 2 and Level 3 for the year ended December 31, 2024.

Mutual Funds

Mutual funds held directly by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. These mutual funds are valued at the daily closing price as reported by the fund. These mutual funds are deemed to be actively traded and are valued using Level 1 inputs.

Advice Track Funds

Participants may elect to participate in a program called "Advice Track." The mutual funds that are part of this program are unitized investments valued at NAV as the practical expedient to estimate fair value. The NAV is based on the underlying fair value of the investments less any applicable fees or liabilities.

Common Collective Trusts

Common collective trusts are valued at the NAV of units of the common collective trusts. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

The following tables set forth, by level within the fair value hierarchy, the Plan's assets at fair value as of the year ended December 31, 2024: There were no investments held as of April 1, 2025.

Investment Assets at Fair Value as of December 31, 2024				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 136,032,343	\$ -	\$ -	\$ 136,032,343
Total assets in the fair value hierarchy	\$ 136,032,343	\$ -	\$ -	136,032,343
Investments measured at NAV				60,864,734
Total investments at fair value				\$ 196,897,077

(Date of Merger) and For the Year Ended December 31, 2024

NOTE 4 FAIR VALUE MEASUREMENTS *(continued)*

Common Collective Trusts *(continued)*

The following tables set forth additional disclosures of the Plan's investments whose fair value is estimated using the NAV per share as of the year ended December 31, 2024:

	2024			
	Fair Value Estimated Using NAV per Share			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
<i>Asset category</i>				
Common collective trusts	\$ 59,474,952	\$ -	Immediate	None
Advice Track funds	1,389,782	-	Immediate	None
	<u>\$ 60,864,734</u>	<u>\$ -</u>		

NOTE 5 RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Prior to the Plan's merger into Nomura certain Plan investments were common collective trusts and Advise Track funds managed by Principal Trust Company, which was the custodian as defined by the Plan. Therefore, these transactions qualified as party-in-interest transactions.

NOTE 6 TAX STATUS

The Internal Revenue Service ruled on April 1, 2014, that the Volume Submitter Profit Sharing Plan with CODA (the prototype plan of Wells Fargo Bank, N.A. upon which the Plan is based) qualifies under Section 401 of the IRC and the related trust is, therefore, not subject to tax under present income tax law. The Plan is required to operate in conformity with the IRC to maintain its Tax-exempt qualification. The Plan administrator is not aware of any course of action or series of events that have occurred which might adversely affect the Plan's qualified status.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more-likely-than-not would be sustained upon examination by the applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of the period from January 1, 2025 to April 1, 2025 (date of merger) and for the year ended December 31, 2024, there were no uncertain tax positions taken or are expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for the years prior to 2022.
