Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) Unmodified (2) Qualified (3) Disclaimer (4) Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) DOL Regulation 2520.103-8 (2) DOL Regulation 2520.103-12(d) (3) neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: CBIZ CPAS, P.C.

(2) EIN: 43-1947695

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		X

Independent Auditors' Report

To the ESOP Committee
Consolidated Bus Transit, Inc. ESOP

Opinion

We have audited the financial statements of the Consolidated Bus Transit, Inc. ESOP (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

For the Year Ended December 31, 2024

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Consolidated Bus Transit, Inc. ESOP (the “Plan”) provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan’s provisions, which are available from the Plan administrator.

GENERAL

The Plan is a defined contribution plan sponsored by Consolidated Bus Transit, Inc. and Affiliates (collectively the “Company”) and was established effective January 1, 2014. The Plan operates as an internally-leveraged employee stock ownership plan (“ESOP”) and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (“IRC”). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The Plan is administered by the Consolidated Bus Transit, Inc. ESOP Committee (the “Committee”), which is a committee of the Board of Directors of the Company. The trust department of an independent third-party financial institution is the Plan’s Trustee.

On June 26, 2014, the Plan purchased 36,800 shares of common stock (80% of total shares outstanding) from the Company for an adjusted purchase price of \$49,098,144, using the proceeds of notes payable from the Company’s stockholders (“Sellers”) (see Note 7). The notes payable are to be repaid by fully deductible Company contributions and dividends to the trust fund. As the Plan makes each payment of debt service, an appropriate percentage of stock will be allocated to eligible employees’ accounts in accordance with applicable regulations under the IRC. Allocated shares are subject to vesting.

The notes payable are collateralized by the unallocated shares of Company stock and are guaranteed by the Company. The lenders have no rights against shares once they are allocated under the ESOP. Accordingly, the financial statements of the Plan as of December 31, 2024 and 2023 present separately the assets and liabilities and changes therein pertaining to the accounts of employees with vested rights in allocated Company stock (allocated) and Company stock not yet allocated to employees (unallocated).

ELIGIBILITY

The Plan covers all eligible employees, as defined, except those covered by a collective bargaining agreement, leased employees and non-resident aliens. Employees of the Company who have attained age twenty-one and have completed twelve months of service consisting of at least 1,000 hours are eligible to participate on the nearest January 1st of the Plan year upon fulfilling eligibility requirements.

NOTES TO FINANCIAL STATEMENTS

For the Year Ended December 31, 2024

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

CONTRIBUTIONS

The Company will determine the annual contribution amount subject to limitations set forth in the IRC and the Plan, which is no less than, when aggregated with the Plan's dividends, the amount required to enable the Trustee to discharge the Plan's obligations on any current outstanding loans incurred. Company contributions will be paid in cash or the Company's stock as the Company may determine from time to time. The Company's stock will be valued at its fair value. The Company shall pay to the Trustee its contribution to the Plan for each Plan year within the time prescribed by law, including extensions of time for the filing of the Company's federal income tax return for the year. Employee contributions are not permitted.

PARTICIPANT ACCOUNTS

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each Plan year with an allocation of shares of the Company's stock released by the Trustee from the unallocated account and forfeitures of terminated participants' non-vested accounts. Only those participants who are eligible employees of the Company as of the last day of the Plan year will receive an allocation. Allocations are based on participants' eligible compensation relative to total eligible compensation. Plan earnings are allocated to each participant's account based on the ratio of the participant's account balance to the total account balance.

VESTING

Unless termination is due to normal retirement (age of sixty-five and five years of participation) or death, vesting of the participants' accounts is based on years of continuous service as follows:

Years of Service	% Vested
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years or more	100%

FORFEITURES

Participants' accounts that are not distributable upon termination of service due to nonvesting shall constitute a forfeiture upon the occurrence of the participant's fifth consecutive one-year break in service. Forfeitures will be allocated in the same manner as employer contributions are allocated. Forfeitures allocated to participants during the year ended December 31, 2024 included 11 shares of common stock and \$192,266 in cash. There were no forfeited nonvested amounts as of December 31, 2024 and 2023.

CONSOLIDATED BUS TRANSIT, INC. ESOP

NOTES TO FINANCIAL STATEMENTS

For the Year Ended December 31, 2024

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

PAYMENT OF BENEFITS

Upon termination of service due to death, disability or normal retirement, a distribution will be paid, at an option of the Plan sponsor, in either a lump-sum amount equal to the value of the participant's vested interest in their account in the Plan year following the event or equal annual installments over a period not to exceed five years. Distributions for other reasons commence in the fifth Plan year following the separation from service, unless a later date is elected. The amount to be distributed is based upon the immediately preceding valuation date. Distributions are made in cash, or if the Plan sponsor elects, in Company stock plus cash for any fractional shares of stock. The distribution shall not include any stock acquired with the proceeds of an acquisition loan until the close of the Plan year in which such loan is repaid in full. Under the provisions of the Plan, the Company is obligated to repurchase participant shares which have been distributed under the terms of the Plan if the shares are not publicly traded or if the shares are subject to trading limitations.

VOTING RIGHTS

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. The Trustee is not permitted to vote any allocated share for which instructions have not been given by a participant. The Trustee is required, however, to vote any unallocated shares on behalf of the collective best interest of Plan participants and beneficiaries.

PUT OPTION

Under federal income tax regulations, the Company's stock that is held by the Plan and its participants and is not readily tradable on an established market or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of the Company's stock distributed to participants for which there is no market. The put price is representative of the current appraised value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

DIVERSIFICATION

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of their investment in the Company's stock into investments which are more diversified. Participants who are at least age fifty-five with at least ten years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. Participants who elect to diversify receive a cash distribution, in which case shares are distributed. The election to diversify is made subsequent to year-end based upon the shares of Company stock in the participant's account at year-end.

NOTES TO FINANCIAL STATEMENTS

For the Year Ended December 31, 2024

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

DIVERSIFICATION (CONTINUED)

As of December 31, 2024, the Plan has a dividend receivable of \$1,186,414 which relates to diversification payments to the participants during the year ended December 31, 2024. This receivable was repaid by the Company in August 2025.

ADMINISTRATIVE EXPENSES

Certain administrative expenses of maintaining the Plan are paid by the Company and are not included in the statement of changes in net assets available for benefits.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The accompanying financial statements are prepared on the accrual basis of accounting.

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

ALLOCATIONS

The financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to: (a) the accounts of employees with rights in allocated stock and nonparticipant-directed funds (see Note 6) (“allocated”) and (b) stock not yet allocated to employees (“unallocated”), including shares that are committed to be released. Shares are released from collateral and become allocated generally in the period in which debt service is actually paid.

INVESTMENT VALUATION AND INCOME RECOGNITION

The Plan’s investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussions of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Realized gains and losses from security transactions are reported on the average cost method. Net depreciation includes the Plan’s gains and losses on investments bought and sold, as well as held during the year.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

NOTES TO FINANCIAL STATEMENTS

For the Year Ended December 31, 2024

NOTE 3 – ADMINISTRATION OF PLAN ASSETS

The Plan’s assets, which primarily consist of the Company’s common stock, are held by the Trustee of the Plan. Company contributions are held and managed by the Trustee, which invests cash received and dividend income, and makes distributions to participants. The Trustee also administers the payment of interest and principal on the loan.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

NOTE 4 – INVESTMENTS

The Plan’s investment in the Company stock is presented in the following table:

	2024		2023	
	Allocated	Unallocated	Allocated	Unallocated
Consolidated Bus Transit, Inc. common stock:				
Number of shares	17,619	19,181	16,373	20,427
Cost	\$ 23,507,197	\$ 25,590,947	\$ 21,844,723	\$ 27,253,421
Estimated fair value	\$ 23,263,018	\$ 25,325,126	\$ 27,109,003	\$ 33,821,125

The dividend on allocated shares was applied to debt service. This is reported as a transfer from the allocated accounts to the unallocated accounts on the statement of changes in net assets available for benefits. As required by the Plan document, the current appraised value of the shares returned to participant accounts in exchange for the use of such dividends was at least equal to the current value of such dividends.

NOTE 5 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

CONSOLIDATED BUS TRANSIT, INC. ESOP

NOTES TO FINANCIAL STATEMENTS

For the Year Ended December 31, 2024

NOTE 5 – FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024 and 2023:

	Investments at Fair Value as of December 31, 2024

CHANGES IN FAIR VALUE OF LEVEL 3 ASSETS AND RELATED GAINS AND LOSSES

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2024:

	Company Common Stock
Balance, beginning of year	\$ 60,930,128
Unrealized depreciation in estimated fair value	<u>(12,341,984)</u>
Balance, End of Year	<u>\$ 48,588,144</u>
The amount of total losses for the period included in changes in net assets attributable to the change in unrealized loss relating to assets still held at the reporting date	
	\$ (12,341,984)

Unrealized loss included in changes in net assets for the period above is reported in net depreciation in fair value of investments in the statement of changes in net assets available for benefits.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Exchange-Traded Funds

Valued at the closing price reported on the active market on which the individual securities are traded.

Money Market Fund

Valued at amortized cost, which approximates fair value.

NOTE 5 – FAIR VALUE MEASUREMENTS (CONTINUED)

Company Common Stock

The Company’s common stock held by the Plan is valued at fair value based upon an independent appraisal. This appraisal was based upon an income valuation technique consistent with the prior year as illustrated below:

Instrument	December 31,		Valuation Technique	Unobservable Inputs
	2024 Fair Value	2023 Fair Value		
Company Common Stock	\$ 48,588,144	\$ 60,930,128	Income	EBITDA Long-term growth rate Weighted-average cost of capital Discount rate Discount for lack of marketability

The valuation process involves Plan management’s selection of an independent appraiser. Plan management accumulates the data for the appraiser from historical and projected financial information of the Company. The appraiser prepares a report which Plan management, along with the ESOP trustee, reviews in detail, discusses and approves.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

NOTE 6 – NONPARTICIPANT-DIRECTED INVESTMENTS

Information about the net assets and the significant components of the changes in net assets relating to the nonparticipant-directed investments, other than Company common stock, is as follows:

NOTE 7 – RELATED PARTY TRANSACTIONS

On June 26, 2014, the Plan entered into promissory notes with the Sellers amounting to \$52,500,000 (the “Initial Seller Notes”), which were subject to a post-closing adjustment to the purchase price (see below). The proceeds of the notes were used to purchase 80% of the Company’s issued and outstanding common stock. The promissory notes bore interest at 5.14% per annum and were payable in thirty annual installments of equal principal and accrued interest, commencing December 31, 2014. The Plan could repay the principal amount, in whole or in part, at any time without penalty. Any prepayments would be applied against the unpaid installments of principal.

On July 31, 2014, the Company assumed from the Plan all rights and obligations under the Initial Seller Notes by issuing several promissory notes to the Sellers and the Plan entered into a credit agreement (the “ESOP Loan”) with the Company in the amount of \$47,536,547, subject to the post-closing adjustment to the initial purchase price (see below). The ESOP Loan bears interest at 3.06% per annum and is payable in thirty equal annual installments of principal, plus interest, commencing December 31, 2014.

The stock purchase agreement provided that the initial purchase price for the shares of the Company was subject to adjustment based upon the difference between the Projected Net Worth and the Closing Net Worth by adjusting the principal amount of the Initial Seller Notes retroactive to June 26, 2014. In January 2015, the purchase price was reduced by \$3,401,856 and the aggregate principal amount of the ESOP Loan was retroactively reduced as of July 31, 2014.

NOTE 7 – RELATED PARTY TRANSACTIONS (CONTINUED)

Aggregate annual maturities of the ESOP Loan payable at December 31, 2024 are as follows:

For the Years Ending December 31,	Amount
2025	\$ 1,455,715
2026	1,455,715
2027	1,455,715
2028	1,455,715
2029	1,455,715
Thereafter	<u>20,380,009</u>
	<u>\$ 27,658,584</u>

Interest expense for the year ended December 31, 2024 was approximately \$891,000.

Plan investments include shares of Company common stock purchased using proceeds of a loan from the Company. This investment, transactions in this investment, and the loan from the Company qualify as party-in-interest transactions. The Plan also has a number of service providers that qualify as parties-in-interest under ERISA.

During the year ended December 31, 2024, the Plan received dividends of \$1,813,716 from the Company.

NOTE 8 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions. Upon such termination of the Plan, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and related regulations. Upon termination of the Plan, the Trustee shall pay all liabilities and expenses of the trust fund and sell shares of financed Company stock held in the loan suspense account to the extent it determines such sale to be necessary in order to repay the loan.

NOTE 9 – TAX STATUS

The Internal Revenue Service (“IRS”) has determined and informed the Company by a letter dated August 23, 2017 that the Plan and related trust are designed in accordance with the applicable requirements of the IRC.

NOTES TO FINANCIAL STATEMENTS

For the Year Ended December 31, 2024

NOTE 9 – TAX STATUS (CONTINUED)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 10 – RISKS AND UNCERTAINTIES

The Plan investments consist of the Company's common stock and various investment securities, which are exposed to various risks such as interest rate, market and credit risk, as well as valuation assumptions based on earnings, cash flows and/or other such techniques. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities and the investment in the common stock and uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE 11 – SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through February 13, 2026, which is the date the financial statements were available to be issued.
