American Solutions for Business

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of American Solutions for Business Employee Stock Ownership Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of June 30, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended June 30, 2025, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of American Solutions for Business Employee Stock Ownership Plan as of June 30, 2025 and 2024, and the changes in its net assets available for benefits for the year ended June 30, 2025, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of American Solutions for Business Employee Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about American Solutions for Business Employee Stock Ownership Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the American Solutions for Business Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about American Solutions for Business Employee Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of June 30, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

AMERICAN SOLUTIONS FOR BUSINESS EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025 AND 2024

NOTE 1 DESCRIPTION OF PLAN

The following description of American Solutions for Business Employee Stock Ownership Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution retirement plan established January 1, 2000. The Plan has been amended throughout the years to comply with tax legislation. The Plan was last restated effective July 1, 2014 and last amended effective December 31, 2022. The Plan is a defined contribution plan intended to constitute an employee stock ownership plan (ESOP) and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code (IRC). The Plan is a stock bonus plan which meets the requirements of IRC Section 401(a). The Plan covers substantially all employees of American Business Forms, Inc. dba: American Solutions for Business (the Company), who have met eligibility requirements, including attaining age 18. The Plan excludes employees covered by collective bargaining agreements and leased employees. A description of the Plan is set forth in the Summary Plan Description provided to all Plan participants. It is subject to ERISA, as amended.

All of the Company common stock is allocated to Plan participants.

Subsequent to year end, Dubow Decorating Inc. is now a participating employer as of July 1, 2025.

Contributions

The Company is obligated to make contributions in cash to the Plan which, when aggregated with the Plan's dividends and interest earnings, equal the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on any term loans. There are no term loans currently outstanding. Each Plan year, the Company may contribute additional amounts, as determined by its Board of Directors. All contributions by the Company are made in cash or Company common stock. In order to receive an allocation of Company contributions, a participant must complete 1,000 hours of service and be employed on the last day of the Plan year unless the participant terminates employment because of death, disability or retirement after age 62. Employees included in the category of sales associate or field employee must also meet specified incentive goals in order to receive an allocation of Company contributions. Contributions by Plan participants are neither required nor permitted by the Plan. Contributions are subject to Internal Revenue Service (IRS) limitations.

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025 AND 2024

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Allocations

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited with an allocation of shares of the Company's contribution, Plan earnings or losses, and forfeitures of terminated participants' nonvested accounts. Allocations of contributions are based on a participant's eligible compensation, relative to total eligible compensation. Contributions for employees included in the category of sales associate or field employee are allocated based on working units as defined in the Plan.

S corporation distributions of earnings on allocated shares are allocated to participants' accounts on the basis of stock account balances.

Income is allocated based on each participant's share of the fund at the beginning of the year, less distributions and withdrawals during the year.

The stock account of any person who is not a current employee shall be liquidated at estimated fair value and invested in other assets pursuant to Plan provisions.

Vesting

Participants are 100% vested following the completion of five years of credited service subject to a five-year graded vesting schedule. Prior to July 1, 2017, the Plan was subject to a five-year cliff schedule. Notwithstanding the above, Plan participants become 100% vested in their accounts upon attaining age 62, death, or permanent disability.

In the event the Plan is deemed "top heavy," vesting on account of years of credited service are graded over six years of service at the rate of 20% per year, commencing with the completion of two years of service.

Voting Rights

Each participant is entitled to the extent required by Section 401(a)(22) and 409(e) to exercise voting rights attributable to the shares allocated to his or her account and is notified by the trustee prior to the time that such rights are to be exercised. On most matters, the trustee will vote the shares in accordance with the directions of the Board of Directors. On certain major corporate issues the participants may exercise their voting rights which involves the voting of such shares with respect to the approval or disapproval of any corporate merger or consolidation, recapitalization, reclassification, liquidation, dissolution, sale of substantially all assets of a trade or business, or such similar transaction as may be prescribed by regulations.

AMERICAN SOLUTIONS FOR BUSINESS EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025 AND 2024

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Put Option

Under federal income tax regulations, the Company common stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its common stock distributed to participants for which there is no market. The put price is representative of the current value of the common stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Diversification

Each qualified participant may elect within 90 days after the close of each Plan year during the election period to withdraw the value of 25% of the total shares of Company common stock. A qualified participant is any participant or former participant who has completed ten Plan years of service as a participant and has attained age 55. The election period is the period of six consecutive Plan years beginning with the year the participant first becomes a qualified participant. In addition, the qualified participant can make an election, at any time in the last year of the election period, to diversify up to 50% of the Company common stock credited to his or her account. At the election of the qualified participant, the portion selected for diversification shall be transferred to another qualified plan of the Company or distributed to the qualified participant.

Distributions

The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. Distributions from the Plan will be made after a participant retires, dies (in which case, payment shall be made to his or her beneficiary or, if none, his or her legal representative), or otherwise terminates employment. The amount to be distributed is based upon the account valuation date immediately preceding the distribution. Distributions are made in cash or, if a participant elects, in the form of Company common stock plus cash for any fractional share of common stock.

If the participant terminates and the participant's account balance was not greater than \$1,000, the account will be distributed in a lump sum as soon as practicable after separation from service, without the participant's consent. If the balance of the terminated participant's account is between \$1,000 and \$5,000, the Plan Sponsor may authorize that the benefit payment be rolled into an individual retirement account in the participant's name. Distributions of vested accounts over \$5,000 but less than \$10,000 will be distributed in a lump sum as soon as practicable upon request. Vested portions of accounts exceeding \$10,000 will be made in a series of six installments over a five-year period. In the case of a participant with an account balance in excess of \$1,330,000 (may be increased by cost of living adjustments each year), the payment period may extend from five years plus one additional year (but not more than five additional years), for each \$266,000 or fraction thereof exceeding \$1,300,000 (may be increased by cost of living adjustments each year) subject to cost of living increases as prescribed in Section 415(d).

AMERICAN SOLUTIONS FOR BUSINESS EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025 AND 2024

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Under the provisions of the Plan, the Company is obligated to repurchase participant shares, which have been distributed under the terms of the Plan if the shares are not publicly traded or if the shares are subject to trading limitations. No shares were repurchased during 2025 and 2024.

Forfeited Accounts

Forfeited nonvested accounts are first used to restore amounts previously forfeited and then are reallocated annually to participants who are entitled to share in the Company contribution for that Plan year in the same manner as the Company's contribution. Forfeitures allocated to participants' accounts were \$31,052 for the year ended June 30, 2025. There were no unallocated forfeitures as of June 30, 2025 and 2024.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenue and expense during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments in Company securities are reported at estimated fair value and other investments are reported at fair value. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements.

Subsequent Events

The Plan has evaluated subsequent events through February 5, 2026, the date the financial statements were available to be issued.

AMERICAN SOLUTIONS FOR BUSINESS EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025 AND 2024

NOTE 3 INVESTMENTS

The Plan's initial investment in Company securities consisted of 1,000,000 shares of the outstanding common stock of American Business Forms, Inc. The shares were acquired on June 30, 2000, for \$28.76 per share, which was the estimated fair market value, as determined by independent appraisal, at that time. The estimated fair market value, as determined by independent appraisal as of June 30, 2025 and 2024 was \$46.18 and \$38.98 per share, respectively.

The following table presents pertinent information on this investment as of June 30:

	2025	2024
Investment at Independent Appraisal Value - Common Stock of American Business Forms, Inc. dba: American Solutions for Business		
Number of Shares	1,000,000	1,000,000
Original Cost	\$ 28,760,000	\$ 28,760,000
Market	\$ 46,180,000	\$ 38,980,000

NOTE 4 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

NOTE 4 FAIR VALUE OF INVESTMENTS (CONTINUED)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at June 30, 2025 and 2024.

Money Market Fund: Valued at the daily closing price as reported by the fund. The Money Market Mutual fund held by the Plan is an open-end mutual fund that is registered with the Securities and Exchange Commission. This fund is required to publish its daily net asset value (NAV) and to transact at that price. The money market mutual fund held by the Plan is deemed to be actively traded.

Company Securities: Valued at estimated fair value based on an independent third-party appraisal. This appraisal is based upon the discounted cash flow method, consistent with prior years. The appraiser took into account historical and projected sales, net income, and other financial information, market comparables, and estimated fair value of Company assets and liabilities. Plan management has concluded that a market participant would also recognize a discount for lack of marketability.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30:

	2025			
	Level 1	Level 2	Level 3	Total
Company Securities	\$ -	\$ -	\$46,180,000	\$46,180,000
Money Market Fund	-	89,354	-	89,354
Total Investments at Fair Value	\$ -	\$ 89,354	\$46,180,000	\$46,269,354

	2024

NOTE 5 PLAN TERMINATION

Although the Company has not expressed any intent to do so, it has the right under the terms of the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts and the interest of each participant will be distributed to the participant or his or her beneficiary at the time prescribed by the Plan terms and the IRC. Upon Plan termination, the Plan administrative committee will direct the Trustee of the Plan to pay all liabilities and expenses of the trust and, if applicable, to sell shares of financed stock held in the loan suspense account to the extent it determines such sale to be necessary in order to repay the Plan loans.

NOTE 6 PLAN TAX STATUS

The Plan obtained its latest determination letter, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC and therefore, the related trust is tax-exempt. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's legal counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions. Currently, the Plan is under examination by the IRS.

NOTE 7 RISKS AND UNCERTAINTIES

The Plan investments consist primarily of the Company's common stock, which is exposed to various risks such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows and/or other such techniques. Due to the level of risk associated with the investment in the common stock and to uncertainties inherent in the estimations and assumption process, it is at least reasonably possible that changes in the value of common stock will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE 8 PARTIES-IN-INTEREST

The Plan's assets, which consist primarily of Company common shares, are held by Alerus, the trustee. Company contributions are held and managed by the trustee, who invests cash received as a result of cash contributions and interest income and makes distributions to participants.

The Plan is administered by an independent Plan administrator. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.
