## Independent Auditor's Report

To the Plan Administrator of the Joseph P. Fazzio Organization, LLC Cash Balance Pension Plan:

### ***Opinion***

We have audited the financial statements of the Joseph P. Fazzio Organization, LLC Cash Balance Pension Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024, and the changes in its net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America ("GAAP").

### ***Basis for Opinion***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Supplemental Schedules Required by ERISA***

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2024 and the Schedule H, Line 4(j) - Schedule of Reportable Transactions for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

### ***Report on Compiled 2023 Financial Statements***

Plan management is responsible for the accompanying financial statements of the Plan, which comprise the statement of net assets available for benefits as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statement nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on this financial statement.

JOSEPH P. FAZZIO ORGANIZATION, LLC CASH BALANCE PENSION PLAN  
NOTES TO FINANCIAL STATEMENTS

A. DESCRIPTION OF PLAN:

The following description of the Joseph P. Fazio Organization, LLC Cash Balance Pension Plan (the "Plan") provides only general information. Participants should refer to the plan document for a complete description of the Plan's provisions.

General

The Plan is a non-contributory defined benefit cash balance plan sponsored by Joseph P. Fazio Organization, LLC (the "Company") established January 1, 2022. Employees who have attained the age of 18 and completed one year of service are eligible to receive benefits. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Funding Policy

Contributions to the Plan are made solely by the Company based on actuarial calculations made by the Plan's actuaries and are subject to the minimum funding requirement of ERISA. The plan met the minimum funding requirements for the plan years ended December 31, 2024 and 2023.

Benefits

Normal retirement benefits are based on the actuarial equivalent of a participant's hypothetical account balance. All participants receive an interest credit each year based on their hypothetical account balance at the beginning of the plan year times the interest crediting rate for the year. All eligible participants who have completed a year of service during the plan year will receive a principal credit based on their group, as defined in the plan document.

The normal form of a benefit payment is a life annuity. If the participant is married as of their annuity starting date, the normal form of payment will be a joint and survivor annuity. Participants may also elect to take their benefit in the form of a contingent annuitant, life annuity, life annuity with guaranteed monthly payments, or a lump sum payment.

If an individual's accrued vested benefit is less than \$5,000, the participant will receive a lump sum distribution of their benefit.

In the case a participant becomes totally or permanently disabled, they are deemed to have retired on the date the disability begins.

In the case of death of a participant before the benefit is distributed, the participant's vested accrued benefit will be distributed to the surviving spouse or, otherwise, sole designated beneficiary.

All benefits are subject to the limitations prescribed by the Internal Revenue Code (the "IRC") which includes provisions that limit the amount of retirement income which may be paid to an individual participant.

JOSEPH P. FAZZIO ORGANIZATION, LLC CASH BALANCE PENSION PLAN  
NOTES TO FINANCIAL STATEMENTS

---

Retirement Dates

A participant's normal retirement age is 65. There is no early retirement age. There is no mandatory retirement age.

Vesting

A participant becomes fully vested upon attaining normal retirement or after completing three years of service. In the event of full or partial termination of the Plan, the rights of all affected participants to the benefits accrued to the date of such full or partial termination, to the extent that such benefits have been funded, shall be nonforfeitable.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein; disclosure of contingent assets and liabilities; and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Expenses of the Plan

Substantially all plan expenses are paid by the Company, unless paid by the Plan. Expenses that are paid by the Company are excluded from these financial statements. Certain administrative fees are paid through the Plan. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

JOSEPH P. FAZZIO ORGANIZATION, LLC CASH BALANCE PENSION PLAN  
NOTES TO FINANCIAL STATEMENTS

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump sums distributions, that are attributable, under the Plan's provisions, to the service employees have rendered and include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Vested benefits are benefits to which members are entitled regardless of future service with the Company. Nonvested benefits are dependent upon future services.

The actuarial present value of accumulated plan benefits is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The more significant assumptions underlying the actuarial computations used in the valuation as of December 31, 2023 are as follows for all participating employers:

Discount Rate	- 5.28%
Mortality Basis	- 2024 Applicable Mortality Table from Notice 2023-73
Retirement	- Age 65

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits. The computation of the actuarial present value of accumulated plan benefits was made as of January 1, 2024. Had the valuation been performed as of December 31, 2023, there would be no material difference.

The actuarial present value of accumulated plan benefits consists of the following as of December 31, 2023:

Actuarial present value of accumulated plan benefits:

Vested benefits:	
Participants currently receiving payments	\$ -
Participating employees	1,916,262
Participants with deferred benefits	<u>10,988</u>
Total vested benefits	1,927,250
Nonvested benefits	<u>50,194</u>
Total actuarial present value of accumulated plan benefits	<u>\$ 1,977,444</u>

JOSEPH P. FAZZIO ORGANIZATION, LLC CASH BALANCE PENSION PLAN  
NOTES TO FINANCIAL STATEMENTS

The net increase in actuarial present value of accumulated plan benefits can be attributed to the following for the year ended December 31, 2023:

Actuarial present value of accumulated plan benefits at beginning of year:	\$ 959,148
Increase (decrease) during the year attributable to:	
Increase due to the decrease in the discount period	38,366
Benefits accumulated	<u>979,930</u>
Net increase	<u>1,018,296</u>
Total actuarial present value of accumulated plan benefits	<u>\$ 1,977,444</u>

C. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

*Level 1* - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

*Level 2* - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

*Level 3* - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used by the Plan. There have been no changes in the methodologies used at December 31, 2024 and 2023.

*Mutual funds* – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

JOSEPH P. FAZZIO ORGANIZATION, LLC CASH BALANCE PENSION PLAN  
NOTES TO FINANCIAL STATEMENTS

**D. RELATED-PARTY AND PARTIES IN INTEREST TRANSACTIONS:**

Section 3(14) of ERISA defines a party in interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, the management of investments held by the custodian is considered party in interest transactions.

**E. TAX STATUS**

The Internal Revenue Service ("IRS") has determined and informed the sponsor of the volume submitter plan document adopted by the Company by a letter dated September 28, 2018 that the volume submitter plan document and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**F. PLAN TERMINATION:**

While it is the intent of the parties to maintain this Plan indefinitely, in the event the Plan is wholly or partially terminated, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in order indicated:

- (a) Benefits attributable to employee contributions.

JOSEPH P. FAZZIO ORGANIZATION, LLC CASH BALANCE PENSION PLAN  
NOTES TO FINANCIAL STATEMENTS

---

- (b) Benefits for participants who, three years prior to the Plan termination date, were either receiving retirement income or would have been eligible to receive retirement income had they or the employee from whom their rights derived then retired.
- (c) Other vested benefits guaranteed by the Pension Benefit Guaranty Corporation ("PBGC") under Title IV of ERISA, determined in accordance with Section 4044 thereof.
- (d) All other vested benefits not insured by the PBGC.
- (e) All non-vested benefits.

The amount necessary to provide the benefits specified in each of the above categories will be determined in accordance with annuity purchase rate assumptions recommended by the actuary in accordance with applicable governmental regulations.

If the net assets of the Plan applicable to any of the above categories are insufficient to provide full benefits for all persons in such group, the benefits otherwise payable to such persons shall be reduced proportionally. The allocation of the net assets of the Plan shall be calculated in accordance with the above priority categories.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal-age retirement benefits, early retirement benefits, and certain disability and survivors' pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination, subject to a statutory ceiling on the amount of the individual's monthly benefit.

Whether all participants receive their benefits should the Plan be terminated at some future time will depend on the sufficiency, at the time, of the Plan's net assets to provide these benefits, the priority of those benefits to be paid, and the level and type of benefits guaranteed by the PBGC at the time. Some benefits may be fully or partially provided for by the existing assets and the PBGC guaranty, while other benefits may not be provided for at all.

G. RISKS AND UNCERTAINTIES:

The plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

JOSEPH P. FAZZIO ORGANIZATION, LLC CASH BALANCE PENSION PLAN  
NOTES TO FINANCIAL STATEMENTS

---

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

H. SUBSEQUENT EVENTS:

The Plan has evaluated subsequent events through December 16, 2025, the date these financial statements were available for issuance.

**Statement by Enrolled Actuary**

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

**Cash Balance Pension Plan**

Weighted Average Retirement Age

Plan Year: 1/1/2024 to 12/31/2024

Valuation Date: 1/1/2024

The weighted average retirement age of 65 is the average of the assumed retirement ages for all active participants as of the valuation date weighted based on the funding target and rounded to the nearest whole age. For an active late retiree, the assumed retirement age may be later than the Plan's normal retirement age. Each participant's rate of retirement is assumed to be 100% as of the participant's assumed retirement age.
