INDEPENDENT AUDITOR'S REPORT

To the Plan Trustees
SWA Group Employee Stock Ownership Plan
Sausalito, California

Opinion

We have audited the financial statements of SWA Group Employee Stock Ownership Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of June 30, 2025 and 2024, and the related statement of change in net assets available for benefits for the year ended June 30, 2025, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of SWA Group Employee Stock Ownership Plan as of June 30, 2025, and 2024, and the change in net assets available for benefits for the year ended June 30, 2025, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of SWA Group Employee Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of a Matter – Common Stock Valuation

As explained in Note 2, the Plan is an Employee Stock Ownership Plan and invests in common stock of the Plan Sponsor valued at \$24,523,433 and \$23,726,643 as of June 30, 2025, and 2024, respectively. The fair value of Plan Sponsor common stock is determined by the Plan Trustees based on an annual valuation of the common stock prepared by an independent appraiser. However, because of the inherent uncertainty of the valuation, those estimated values may differ significantly from the values that would have been used had a ready market for the investments existed, and the differences could be material.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held at end of year as of and for the year ended June 30, 2025, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

SWA GROUP
EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS
June 30, 2025 and 2024

NOTE 1: **DESCRIPTION OF PLAN**

The following description of SWA Group Employee Stock Ownership Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established on July 1, 1973, to provide benefits for the employees of SWA Group and its subsidiaries (the “Plan Sponsor”). The Plan is a non-leveraged Employee Stock Ownership Plan (ESOP) and is designed to comply with Sections 4975(e)(7) and 401(a) of the Internal Revenue Code of 1986, as amended (the “Code”), and is subject to applicable provisions of the Employee Retirement Security Act of 1974, as amended (ERISA). Eligible employees of the Plan Sponsor’s subsidiary in Shanghai, China are permitted to participate in the Plan. Three employees of the Plan Sponsor serve as trustees to the Plan.

Plan Year

The Plan year begins July 1st and ends June 30th.

Eligibility

Employees of the Plan Sponsor are eligible to participate in the Plan after completing 1,000 hours of service. Participants who are not credited with 1,000 hours of service during the plan year are generally not eligible to receive an allocation of Plan Sponsor contributions for that year.

Contributions

Under the provisions of the Plan, participants are not permitted to make contributions to the Plan. The Plan Sponsor may make a contribution to the Plan equal to a discretionary amount to be determined by the Board of Directors of the Plan Sponsor. Plan Sponsor contributions may be made in cash, shares of Plan Sponsor common stock, or a combination of both.

The Plan Sponsor elected to contribute \$2,798,912 in cash or 10% of eligible compensation to the Plan for the year ended June 30, 2025.

Vesting

Participants vest in their benefits in accordance with the following schedule:

Less than 2 years of credited service	0%
2 years of credited service	20%
3 years of credited service	40%
4 years of credited service	60%
5 years of credited service	80%
6 or more years of credited service	100%

Participants become fully vested in the event of death, normal retirement, or plan termination.

NOTE 1: **DESCRIPTION OF PLAN (Continued)**

Payment of Benefits

Upon termination of service, death, disability, or retirement, a participant may elect to receive a distribution equal to the value of the participant's vested account balance. Benefit payments are made in annual installments over five years or in single-lump sums. A one-time in-service distribution is also permitted for participants who have attained Normal Retirement Age. In-service distributions are paid in a single lump sum. If the value of a participant's vested account is not in excess of the applicable limit of \$5,000, such amount is subject to a force-out and lump sum payment.

The Plan Sponsor stock account of participants who have not elected to receive a benefit payment will be converted to cash during the sixth plan year following the plan year in which they terminate employment. Participant accounts converted to cash under this provision will be transferred to the Plan Sponsors profit sharing and savings plan.

Diversification

Participants have diversification rights that require the Plan to repurchase Plan Sponsor shares and allow the participant to purchase other qualified investments. A participant who has reached age 55 and has ten (10) years of service in the Plan may diversify up to 25% of their account balance during their first year of eligibility, with a 5% increase each year for years 2-6, up to a maximum of 50% of their vested balance.

Put Option

Under federal income tax regulations, the Plan Sponsor common stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Plan Sponsor buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current appraised value of the stock. The Plan Sponsor can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Participant Accounts and Allocations

Participant accounts are non-participant directed and are comprised of a Plan Sponsor common stock account and other investment account. Each eligible participant's account is credited with Plan Sponsor contributions, and if applicable, forfeitures, plan earnings, and plan expenses. Plan Sponsor contributions and Plan forfeitures are allocated to participant accounts based on the ratio of a participant's eligible compensation to total participants' eligible compensation, subject to IRS limitations. The Plan's earnings and Plan expenses are allocated to each participant's account in proportion to participant account balances.

Rebalancing

After the completion of all allocations for the plan year, each participant's Plan Sponsor common stock account shall be rebalanced so that the participant's portion of Plan Sponsor common stock is equal to the same percentage of total Plan Sponsor common stock to total investments and each participant's other investment account shall be rebalanced so the participant's portion of other investments is equal to the same percentage of total other investments to total investments, excluding accounts of terminated participants.

Forfeitures

Any portion of the final balance in a participant's account which is not vested will become forfeited when the participant incurs a five-year break in service or, if earlier, when the participant's account has been completely distributed. Forfeitures may be used to pay for Plan expenses. Forfeitures that are not used to pay for Plan expenses are allocated to the accounts of eligible participants in the same ratio as Plan Sponsor contributions. Forfeitures allocated to participant accounts totaled \$325,825 for the year ended June 30, 2025. There were no forfeitures used to pay for plan expenses in 2025 and there were no unallocated forfeitures as of June 30, 2025.

Normal Retirement

Normal retirement is the age of 65.

NOTE 1: **DESCRIPTION OF PLAN (Continued)**

Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue contributions and terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Administrative Expenses

Administrative expenses of the Plan are paid by both the Plan and Plan Sponsor.

Plan Administration

The Plan is administered by the Administrative Committee for the SWA Group Retirement Plans (the "Committee"). The Committee has selected a third-party record keeper, Principal Financial Group, to assist in the administration of the Plan and Fidelity Investments to serve as the custodian of the Plan's other investment assets. Plan Sponsor contributions are held by the trustees, who approve investment options, invest cash received, interest, and dividend income and make distributions to participants. Investment options are advised upon by SageView Advisory Group, an independent advisor to the Plan.

Voting Rights

Shares of Plan Sponsor stock in the trust are voted by the trustees as directed by the Committee. With respect to certain corporate matters, each participant (or beneficiary) will be entitled to give confidential instruction to the trustees as to the voting of shares of Plan Sponsor common stock allocated to their stock account.

NOTE 2: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Basis of Presentation

The financial statements of the Plan are maintained on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Cash and Cash Equivalents

For financial statement purposes, the Plan considers all highly liquid assets with original maturities of three months or less to be cash or cash equivalents. The Plan maintains cash in bank deposit accounts which, at times, may exceed federally insured limits. The Plan has not experienced any losses in such accounts and believes it is not exposed to any significant risk on cash and cash equivalents.

Benefits

Benefits are recorded when paid.

Investment Valuation and Income Recognition

Investments in mutual and money market funds are stated at fair market value using quoted market prices when available. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded when earned. Dividend income is recorded on the ex-dividend date.

The investment in Plan Sponsor stock is stated at fair market value as determined by an independent appraiser and approved by the Plan trustees. The appraised value per share was \$277 and \$268 for a total appraised value of \$24,523,433 and \$23,726,643 as of June 30, 2025, and 2024, respectively. Because of the inherent uncertainty of the valuation, estimated and appraised values of the investment in Plan Sponsor common stock may differ significantly from values that would have been used had a ready market for such investments existed, and such differences could be material. Net appreciation in the fair value of investments is reflected in the statement of change in net assets available for benefits.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Income Taxes

The Plan obtained a favorable determination letter on November 3, 2014, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the Code. The Plan has been amended since receiving the determination letter; however, the Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Plan management evaluates tax positions taken by the Plan to recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has determined that as of June 30, 2025, there are no uncertain tax positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine examinations by taxing authorities and there are currently no examinations for any tax periods in progress.

Estimates and Assumptions

The preparation of these financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 3: INVESTMENT IN PLAN SPONSOR COMMON STOCK

The Plan's investment in Plan Sponsor common stock is presented in the following table:

	<u>2025</u>	<u>2024</u>
SWA Group common stock:		
Number of shares	<u>88,532.25</u>	<u>88,532.25</u>
Cost	<u>\$ 885,116</u>	<u>\$ 885,116</u>
Fair value	<u>\$ 24,523,433</u>	<u>\$ 23,726,643</u>

NOTE 4: FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board (FASB) ASC 820 provides a framework for measuring fair value. That framework provides a three-tier hierarchy that prioritizes the inputs to valuation techniques used for measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are as follows:

Level 1 - Inputs are unadjusted quoted prices for identical assets or liabilities that the Plan has the ability to access.

Level 2 - Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, model-based valuation techniques for which all significant assumptions are observable in the market, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Inputs that are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 4: FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2025, and 2024:

Plan Sponsor Common Stock: An annual valuation of the Plan Sponsor common stock is prepared by an independent appraiser. The trustees of the Plan approve the fair value based on the annual valuation. The valuation utilizes the income approach, specifically the discounted cash flow method, containing significant unobservable inputs, including; an EBITDA multiple, control premium and discount for marketability.

Mutual Funds: Mutual funds have quoted prices in an active market and are valued at the net asset value of shares held by the Plan at year-end.

Money Market Funds: Money market funds have underlying short-term investments with quoted prices in active markets to preserve the value of the investments at \$1.00 per share.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values.

The following table sets forth by level within the fair value hierarchy, the Plan’s financial assets that were accounted for at fair value on a recurring basis at June 30, 2025:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Investment in Plan Sponsor common stock	\$ -	\$ -	\$ 24,523,433	\$ 24,523,433
Mutual funds	7,203,673	-	-	7,203,673

	<u>\$ 8,872,764</u>	<u>\$ -</u>	<u>\$ 24,523,433</u>	<u>\$ 33,396,197</u>

The following table sets forth by level within the fair value hierarchy, the Plan’s financial assets that were accounted for at fair value on a recurring basis at June 30, 2024:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Investment in Plan Sponsor common stock	\$ -	\$ -	\$ 23,726,643	\$ 23,726,643

	<u>\$ 6,510,057</u>	<u>\$ -</u>	<u>\$ 23,726,643</u>	<u>\$ 30,236,700</u>

NOTE 5: RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in the common stock of the Plan Sponsor and money market and mutual funds managed by the custodian of the Plan’s other investments. Fees for certain administrative expenses are paid to service providers which are considered to be parties-in-interest. These investments and transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules of ERISA.

NOTE 6: TRANSFERS FROM THE PLAN

Transfers from the plan occur when eligible participants elect to diversify shares in their Plan Sponsor common stock account or when terminated participants do not withdraw their funds from the Plan after five years of the Plan Sponsor attempting to reach the participants. Assets related to diversifications and the accounts of terminated participants after five years are transferred to the SWA Group Profit Sharing and Savings Plan (“PSP”). Assets transferred from the Plan to the PSP during the year ended June 30, 2025, totaled \$247,324.

NOTE 7: **RISKS AND UNCERTAINTIES**

The Plan invests in various securities. Investment securities are exposed to various risks such as interest rate, market, credit risk, and valuation assumptions based on earnings, cash flows and other such techniques. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 8: **SUBSEQUENT EVENTS**

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through February 12, 2026, the date the financial statements were available to be issued, and management has determined that no subsequent events have occurred that should be disclosed.
