INDEPENDENT AUDITOR'S REPORT

To the Participants and Administrators of the
Geater Machining & Manufacturing Co., Inc. Retirement Savings Plan
Independence, Iowa

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Geater Machining & Manufacturing Co., Inc. Retirement Savings Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of August 31, 2025 and December 31, 2024, and the related statements of changes in net assets available for benefits for the period from January 1 to August 31, 2025 and the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Geater Machining & Manufacturing Co., Inc. Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the period from January 1 to August 31, 2025 and the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT, CONTINUED

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Geater Machining & Manufacturing Co., Inc. Retirement Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Geater Machining & Manufacturing Co., Inc. Retirement Savings Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

INDEPENDENT AUDITOR'S REPORT, CONTINUED

Auditor's Responsibilities for the Audit of the Financial Statements, continued

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Geater Machining & Manufacturing Co., Inc. Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Geater Machining & Manufacturing Co., Inc. Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

GEATER MACHINING & MANUFACTURING CO., INC.
RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
August 31, 2025 and December 31, 2024

1. Description of the plan

The following brief description of the Geater Machining & Manufacturing Co., Inc. Retirement Savings Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan Agreement or Summary Plan Description for a more complete description of the Plan’s provisions.

The plan was a defined contribution plan covering all eligible employees of Geater Machining & Manufacturing Co., Inc. (the “Company”) who had completed one consecutive month of service and were eighteen years of age or older. Employees became participants on the first of the month immediately following meeting the age and service eligibility requirements. Employees became eligible for employer contributions on the first of the month immediately following meeting the age requirement and obtaining one year of service, as defined by the Plan Agreement. The Plan allowed participants to designate all or a portion of their elective deferrals as Roth elective deferrals. Roth elective deferrals were accounted for separately in the respective participant’s account. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Effective March 28, 2025, the Plan elected to merge with the Accelerated Retirement Advantage Pooled Employer Plan. The Plan was terminated and all assets were transferred as discussed further in Note 8.

Contributions

The Plan was funded by contributions from participants, limited to the maximum amount deductible by salary reduction under the Internal Revenue Code (“IRC”). The Plan was also funded by safe harbor matching contributions equal to 100% of each participant’s elected salary deferral not to exceed 3% of the participant’s compensation plus 50% of employee deferrals in excess of 3%, up to 5% of the participant’s compensation for the Plan year. The Company could also make discretionary matching and profit sharing contributions to the Plan. Participants must have been employed on the last day of the plan year to be eligible for discretionary matching and profit sharing contributions. For the period ended August 31, 2025 and the year ended December 31, 2024, the Company made discretionary profit sharing contributions of \$-0- and \$312,271, respectively. The Company made no discretionary matching contributions in 2025 or 2024. Participants could also rollover or transfer amounts representing distributions from other qualified retirement plans.

Participant accounts

Each participant's account was credited with participant contributions, an allocation of the Company’s contributions, an allocation of Plan earnings, forfeitures of terminated participants’ nonvested accounts and charged with an allocation of administrative expenses. Allocations were based on participants’ compensation or account balances, as defined in the Plan Agreement. The benefit to which a participant was entitled was the benefit that can be provided from the participant's vested account.

1. Description of the plan, continued

Vesting

Participants were immediately vested in their elective salary deferrals, rollover contributions, and Company contributions, plus actual earnings thereon.

Investment options

Upon enrollment in the Plan, participants directed investment of their contributions into various investment options offered by the Plan or self-directed investment options through a self-directed brokerage account. Participants could change their investment options at their discretion and changes became effective on the next business day.

During 2025 and 2024, Plan management made no changes to investment options.

Notes receivable from participants

Participants could borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes were secured by the vested balance in the participant's account and bear interest at fixed rates ranging from 5.25% to 10.50%, which were commensurate with local prevailing rates. Principal and interest were paid ratably through payroll deductions.

Forfeited accounts and unallocated balances

During 2025 and 2024, there were no forfeited nonvested accounts as participants were vested in their entire account balance at all times. If excess funds were remitted to the Plan due to errors in Company contributions, these funds were moved to an unallocated account. These unallocated funds could be used to reduce future company contributions or pay plan expenses. There were no unallocated amounts available for future use as of August 31, 2025 and December 31, 2024.

Payment of benefits

Upon termination of service due to death, disability, or retirement, a participant could elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or payment of the value of the vested interest in his or her account in partial withdrawals or installments. For termination of service due to other reasons, a participant could receive the value of the vested interest in his or her account as a lump-sum distribution. Participants automatically had balances rolled into an individual retirement account for accounts with a vested balance less than \$5,000 if no election form was completed. Distributions of accounts with balances in excess of \$5,000 were made at the election of the participants.

Plan termination

Effective March 28, 2025, the Plan elected to merge with the Accelerated Retirement Advantage Pooled Employer Plan. The Plan was terminated and all assets were transferred as discussed further in Note 8.

1. Description of the plan, continued

Subsequent events

Plan management has evaluated subsequent events through February 18, 2026, the date the financial statements were available to be issued.

2. Summary of significant accounting policies

Basis of accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America using the accrual basis of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect certain reported amounts of assets, liabilities, changes therein, and disclosures in the financial statements. Actual results may differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisors and custodian. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Concentration of investment risk

Approximately 11% of the Plan's investments were held in one individual mutual fund as of December 31, 2024. In addition, approximately 67% of the Plan's investments were held by two mutual fund families as of December 31, 2024. Each of these mutual fund families and the individual mutual fund held in excess of 10% of the Plan's total investments at December 31, 2024. The Plan held no investments as of August 31, 2025.

Notes receivable from participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of August 31, 2025 and December 31, 2024.

Payment of benefits

Benefits are recorded when paid.

2. Summary of significant accounting policies, continued

Income tax status

The Plan was a nonstandardized prototype plan. The Internal Revenue Service (“IRS”) had determined and informed EPIC Retirement Plan Services in a letter dated June 30, 2020, that the Plan and related trust were designed in accordance with applicable sections of the IRC. Although the Plan had been amended since receiving the opinion letter, Plan management believed the Plan was designed and operated in compliance with applicable requirements of the IRC and therefore believed the Plan was qualified and related trust was tax-exempt prior to termination.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) for an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has evaluated their material tax positions and determined there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

3. Information prepared and certified by Charles Schwab Trust Bank, a party-in-interest

Substantially all assets of the Plan were held by Charles Schwab Trust Bank, a party-in-interest, as of December 31, 2024. All investment transactions during the period ended August 31, 2025 and the year ended December 31, 2024 were executed under formal custody agreements between the Plan and Charles Schwab Trust Bank. All securities bought, sold or exchanged were executed under these agreements. Such financial information has not been audited by independent auditors.

In accordance with the provisions of Section 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA, Charles Schwab Trust Bank has certified the following unaudited financial information to be complete and accurate with respect to the Plan’s assets held by them as of December 31, 2024, and investment activity for the period from January 1 to August 31, 2025 and the year ended December 31, 2024:

Total investment income	<u>\$ (1,660,269)</u>	<u>\$ 2,471,269</u>

4. Risks and uncertainties

The Plan provided for investments in various securities, which in general, were exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it was at least reasonably possible that changes in the values of investment securities would occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

5. Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

5. Fair value measurements, continued

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used during the period ended August 31, 2025 and the year ended December 31, 2024.

Money market fund: Valued at cost, which approximates fair value.

Collective investment trust: Valued at the net asset value ("NAV") of units of a common collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the trust will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. The trust does not have a finite life, the Plan has no unfunded commitments, and there are no participant redemption restrictions.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage account: This account includes various assets self-directed by a participant and includes investments in common stock, exchange traded funds, unit investment trusts, and equity options. All of these investments are valued at the closing prices on the active market on which each security is traded.

5. Fair value measurements, continued

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth the Plan's investments at fair value as of August 31, 2025 and December 31, 2024, respectively:

	<u>2025</u>	<u>2024</u>
Investments in the fair value hierarchy:		
Level 1 - money market fund	\$ -	\$ 8,671
Level 1 - mutual funds	-	15,751,402
Level 1 - self-directed brokerage account	-	856,666
Total investments in the fair value hierarchy	<u>-</u>	<u>16,616,739</u>
Investments valued at net asset value:		
Collective investment trust	<u>-</u>	<u>701,554</u>
Total investments at fair value	<u><u>\$ -</u></u>	<u><u>\$ 17,318,293</u></u>

The Plan held no investments in Levels 2 or 3 of the fair value hierarchy as of August 31, 2025 and December 31, 2024.

The Plan's policy is to recognize transfers between Levels as of the date of the event or change in circumstances that caused the transfer. For the period ended August 31, 2025 and the year ended December 31, 2024, there were no transfers.

6. Administrative expenses

Administrative fees for the maintenance of investments, contributions and distributions records, and the processing of related transactions were paid by the Plan to EPIC Retirement Plan Services, a party-in-interest. Total fees paid by the Plan were reduced by Plan Expense Reimbursements received by the Plan based on investment balances in various investment options. Plan Expense Reimbursements received by the Plan and used to offset administrative fees totaled \$10,052 and \$22,410 for the period ended August 31, 2025 and the year ended December 31, 2024, respectively. Net administrative fees paid by the Plan for the period ended August 31, 2025 and the year ended December 31, 2024 totaled \$38,967 and \$64,815, respectively. In addition, administrative fees for certain participant directed transactions are charged to the respective participant's account balance. The Company paid audit fees totaling \$16,000 and \$15,000 for the for the period ended August 31, 2025 and the year ended December 31, 2024, respectively, to BGHN Associates, P.C., a party-in-interest.

7. Related party and party-in-interest transactions

The Company had agreements with Charles Schwab Trust Bank and EPIC Retirement Plan Services to provide administrative, custodial, and transaction processing services for the Plan's investments. Other related party and party-in-interest transactions are described in Notes 3 and 6.

8. Plan merger and termination

On March 7, 2025, the Company approved the transition of its existing 401(k) retirement plan into the Accelerated Retirement Advantage Pooled Employer Plan ("PEP"), effective March 28, 2025. A PEP is a retirement plan structure authorized under the Setting Every Community Up for Retirement Enhancement ("SECURE") Act of 2019, which allows unrelated employers to participate in a professionally managed, pooled 401(k) plan.

The Plan Sponsor elected to join the Accelerated Retirement Advantage PEP to simplify plan administration, reduce fiduciary risk, and potentially lower administrative and investment costs for plan participants. Under the PEP structure, the Pooled Plan Provider assumes key administrative and fiduciary responsibilities, including plan operation, compliance, and Form 5500 filing. The change is expected to enhance the overall efficiency and governance of the Company's retirement plan.

Effective March 28, 2025, the Plan was terminated and all participant accounts were transferred to the PEP.
