INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Capital Manor, Inc. 401(k) Savings Plan
Salem, Oregon

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Capital Manor, Inc. 401(k) Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of June 30, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended June 30, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Capital Manor, Inc. 401(k) Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institutions or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of June 30, 2025 and 2024, and for the year ended June 30, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

HANSEN HUNTER & CO. P.C.
Certified Public Accountants

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Capital Manor, Inc. 401(k) Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Capital Manor, Inc. 401(k) Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

HANSEN HUNTER & CO. P.C.
Certified Public Accountants

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Capital Manor, Inc. 401(k) Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Capital Manor, Inc. 401(k) Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Delinquent Participant Contributions and Assets Held at End of Year as of June 30, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 – Description of Plan

The following description of Capital Manor, Inc. 401(k) Savings Plan (the Plan) is provided for general information only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering all employees of Capital Manor, Inc. (the Organization) who have completed two months of eligible service and are eighteen years of age or older, excluding union employees, leased employees and residents of Puerto Rico. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions – Participants may contribute a portion of their compensation to the Plan, up to the maximum amount allowed under the Internal Revenue Code each year. Participants who have attained age fifty before the end of the Plan year are eligible to make catch-up contributions. At the option of the Organization's Board of Directors, the Organization may elect to make matching contributions, non-elective contributions or both to eligible participants. The matching contributions, if made, will be a percentage of the deferral made by the employees up to a maximum amount determined annually by the Organization. During the year ended June 30, 2025, the Organization made matching contributions equal to 50% of each eligible employee's deferral, with a maximum matching contribution of \$2,000 per employee.

Investment Options – Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan currently offers registered investment company accounts and an insurance company general account.

Participant Accounts – Each participant's account is credited with the participant's contribution, the matching and non-elective Organization contributions, if any, and an allocation of Plan earnings. Plan earnings are allocated based on a ratio of the participant's account balance to the total of the investment balance. Asset management fees are deducted directly from the various funds in each participant's account. The benefit to which a participant is entitled is the vested amount in their individual account.

Vesting – Participants are immediately vested in their elective deferral contribution plus actual earnings thereon. If a participant terminates employment prior to normal retirement age (65) for reasons other than death or disability the portion of the employer matching and nonelective contributions are vested based on years of eligible service. After the initial 1,000-hour service year, eligible years of service are calculated by the Plan year. Vesting in the remainder of their accounts is based on years of continuing service. A participant is 100 percent vested after three years of eligible service according to the following scale:

<u>Vesting Service Years</u>	<u>Vesting Percentage</u>
Less than 3	0%
3 or more	100%

NOTE 1 – Description of Plan (continued)

Payment of Benefits – Upon death, disability, normal retirement age or termination of service, the participant’s elective deferral contributions, plus any vested portion of the Organization’s contributions are disbursed to the participant. Account balances under \$5,000 are automatically disbursed as lump-sum distributions. Benefits are recorded when paid.

Hardship Withdrawals – The Plan allows for hardship withdrawals, limited to the participant’s elective deferral account balance.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of \$1,000 and maximum of \$50,000 or 50 percent of their vested account balance. Such \$50,000 maximum shall be reduced by the highest outstanding loan balance attainable by the participant during the 12-month period immediately prior to the new loan date. A participant may not initiate more than one loan in a calendar year. Loan terms range to a maximum of five years, with exceptions for the purchase of a primary residence, in which case, repayment shall not exceed 15 years. Repayments must be made through employer payroll deductions, consisting of principal and interest made each pay period. The loans are secured by the balance in the participant’s account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan custodian.

Administration of Plan Assets – The Plan administrator is Capital Manor, Inc. The administrator has entered into a contract with Reliance Trust Company (Reliance) and Standard Insurance Company. Under the terms of the contract, Reliance and Standard Insurance Company hold the Plan’s investment assets and execute investment transactions. As permitted by Department of Labor regulations, Reliance and Standard Insurance Company have certified certain financial information contained in the statements of net assets available for benefits and the statement of changes in net assets available for benefits to be complete and accurate.

Certain recordkeeping fees are paid by the Plan. Administrative costs paid by the Plan amounted to \$51,197 for the Plan year ending June 30, 2025. Other administrative costs were paid by the Organization and are not reported in the financial statements.

Forfeitures – A forfeiture is the non-vested portion of a participant’s account which the participant loses upon termination of employment. Forfeitures of matching contributions can be reallocated as an additional discretionary matching contribution. Forfeitures available at June 30, 2025 and 2024 were \$2,325 and \$0, respectively. For the year ending June 30, 2025, \$23,692 of forfeitures were reallocated as additional discretionary matching contributions.

NOTE 2 – Summary of Significant Accounting Policies

Basis of Accounting – The financial statements and supplemental schedules have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investments held by a defined contribution plan are required to be reported at fair value except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

The statements of net assets available for benefits present the contract value of the fully benefit-responsive investment contracts. The statement of changes in net assets available for benefits is prepared on a fair value basis for investment contracts that are not deemed to be fully benefit-responsive.

Investment Valuation – Investments are stated at fair value and contract value. The Plan’s custodian, Standard Insurance Company, certifies the contract value of the fully benefit-responsive investment contract. Reliance Trust Company certifies the fair value of the other investments. Investments are maintained in registered investment companies and an insurance company general account. Quoted market prices determine the fair value of the registered investment company accounts. The Insurance Company General Account is reported at contract value.

Purchases and sales of securities are recorded on trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan’s gains and losses on investments bought and sold, as well as held during the year.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (i.e. the “exit price”) in an orderly transaction between market participants at the measurement date. Contract value is the relevant measurement for assets invested in fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based on the terms of the Plan document.

Operating Expenses – Certain administrative fees are collected from participant accounts and paid to the record keeper, the custodians and the Plan’s investment advisor. Certain administrative expenses such as audit and legal fees are paid by the Organization. Expenses related to specific participant transactions are charged to the respective participant’s account.

NOTE 3 – Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results may differ from those estimates.

NOTE 4 – Information Certified by Custodians of the Plan

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company and Standard Insurance Company have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown on the statements of net assets available for benefits as of June 30, 2025 and 2024.
- Net investment activity and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended June 30, 2025.
- Investment information included in the footnotes and supplemental schedule of assets (held at end of year) as of June 30, 2025 and 2024.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 5 – Fair Value Measurements

The Plan has adopted the requirements of the Fair Value Measurements and Disclosure Topic of the FASB Accounting Standards Codification. This Topic defines fair value and requires enhanced disclosure about assets and liabilities carried at fair value. These additional disclosures are required only for financial assets and liabilities measured at fair value and for nonfinancial assets and liabilities measured at fair value on a recurring basis. The Defined Contribution Pension Plans Topic of the FASB Accounting Standards Codification exempts defined contribution plans from other requirements of this Topic.

This Topic requires that a fair value measurement reflect the assumptions market participants would use in pricing an asset or liability based on the best available information. These assumptions include risks inherent in a particular valuation technique (such as a pricing model) and the risks inherent in the inputs to the model. It also specifies that transaction costs should not be considered in the determination of fair value. According to this Topic, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price).

This Topic establishes a fair value hierarchy that prioritizes the inputs used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy defined by this Topic are as follows:

Level 1 – Quoted prices are available in active markets for identical assets or liabilities as of the reporting date. Active markets are those in which transactions for the asset or liability occur in sufficient frequency and volume to provide pricing information on an ongoing basis.

Level 2 – Inputs other than quoted prices that are observable for assets and liabilities, either directly or indirectly. These inputs include quoted prices for similar assets or liabilities in active markets and quoted prices for identical or similar assets or liabilities in markets that are less active.

Level 3 – Pricing inputs include significant inputs that are generally less observable from objective sources. These inputs may be used with internally developed methodologies that result in management’s best estimate of fair value. Level 3 instruments include those that may be more structured or otherwise tailored to customers’ needs.

As required by this Topic, financial assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value. The descriptions of the valuation methods and assumptions used by the Plan to estimate the fair value of investments are as follows:

Registered investment companies – The fair values of registered investment companies are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

There have been no changes in the methodologies used at June 30, 2025 and 2024. There were no assets valued at fair value using Level 2 or Level 3 inputs.

NOTE 6 – Group Annuity Contract with Insurance Company

The Plan entered into a benefit-responsive group annuity contract with Standard Insurance Company. Standard Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by Standard Insurance Company. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan.

Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. Under the terms of the existing contract, the crediting interest rate is based on a formula agreed upon with the issuer.

The crediting rate is currently 3% and may be reset upon sixty days written notice by Standard Insurance Company.

Certain events limit the Plan's ability to transact at contract value with Standard Insurance Company. Such events include termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total plan termination, retirement incentive programs, and the liberalization of plan withdrawal or transfer rules. Upon occurrence of any of these events, a market value adjustment or withdrawal restrictions may apply.

The Issuer may terminate the contract with 30 days advance written notice to the contract owner for reasonable cause, including the contract owner's failure to abide by state or federal law, failure to render performance necessary to comply with the terms of the contract, layoffs, plan disqualification or failure to adopt the Plan in a reasonable period of time. Upon termination by the Issuer, a market value adjustment or withdrawal restrictions may apply.

The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

NOTE 7 – Notes Receivable from Participants

The Plan makes loans to participants based on their vested account balance. The maximum loan amount is limited to 50% of the participant's vested balance or \$50,000, whichever is less. Each loan shall be for a minimum amount of \$1,000 and a participant may not initiate more than one loan in a calendar year. Loans must be repaid within a reasonable period of time not to exceed five years unless the purpose is for purchase of principal residence then it shall not exceed fifteen years. Repayments must be made through employer payroll deductions, consisting of principal and interest made each pay period. All outstanding loans currently carry an interest rate between 4.25% and 9.50%. Loans are secured by the vested account balance of the participant, but not in excess of 50% of such vested account balance at the time the loan is issued.

NOTE 8 – Plan Termination

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts.

NOTE 9 – Income Tax Status

The Plan has adopted a volume submitter plan and trust sponsored by Standard Retirement Services, Inc. In a letter dated March 31, 2014, the Internal Revenue Service notified the Sponsor that the Plan is qualified, and the trust established under the Plan is tax-exempt under the appropriate sections of the Internal Revenue Code.

The Plan has been amended to incorporate applicable provisions of law changes since receiving the original designation letter. However, the Plan Administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the Internal Revenue Code.

In accordance with the guidance on accounting for uncertainty in income taxes, the Plan administrator evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure in or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 10 – Separated Participants with Deferred Vested Benefits

Included in net assets available for benefits are amounts due to participants who have withdrawn from the Plan but still have vested benefits in the Plan's net assets. For the Plan years ended June 30, 2025 and 2024, these benefits were \$1,351,250 and \$751,967, respectively.

**CAPITAL MANOR, INC.

NOTE 11 – Related Party and Party-in-Interest Transactions

Certain Plan investments are held in investment vehicles managed by Standard Insurance Company, a custodian of the Plan. Standard Insurance Company is owned by StanCorp Financial Group. Administrative fees paid by the Plan to StanCorp Financial Group, the owner of a custodian, amounted to \$32,396, for the year ended June 30, 2025. Consulting and investment advisory fees paid by the Plan to the Cascade Employers Association, Inc. of the Pacific Northwest amounted to \$18,801 for the year ended June 30, 2025. These transactions qualify as party-in-interest transactions.

NOTE 12 – Corrective Refunds Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as corrective refunds payable in the accompanying statements of net assets available for benefits. As of June 30, 2025, corrective refunds payable were \$21,699. Excess aggregate contributions were corrected, subsequent to year end in order to comply with the actual deferral percentage (ADP) under Code Section 401(k) for the 2025 Plan year.

NOTE 13 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Plan has a concentration of investments in Vanguard Total Bond Market Index, Vanguard 500 Index Admiral and Mainstay Large Cap Growth Fund. A change in the value of the investments could cause the value of the Plan's net assets available for benefits to change due to this concentration. In addition, as a result of funds being selected by participants, certain other funds may individually represent a concentration greater than 10% of Plans investments at fair value in the statements of net assets available for benefits. Although these individual funds maintain a level of diversification by investing in multiple equity, debt and other instruments, there may be a concentration risk because the funds are invested at the direction of a single fund manager. At June 30, 2025, the Vanguard Total Bond Market Index, Vanguard 500 Index Admiral, and Mainstay Large Cap Growth Fund individually represented greater than 10% of the Plan's investments at fair value.

Net increase per Schedule H of the Form 5500	\$ <u>854,979</u>

NOTE 15 – Delinquent Participant Deferral Transmittals

During the year ending June 30, 2025, 2024 and 2023, the Organization inadvertently failed to deposit \$105, \$18,435 and \$151,184, respectively, of participant contributions within the required timeframe stated by the Department of Labor (DOL). The DOL considers late deposits to be nonexempt prohibited transactions. The 2024 and 2023 untimely remittances have been corrected as of May 20, 2025. The Organization will calculate the foregone earnings that would have been credited to participants' accounts if the late remittances had been made on a timely basis for the 2025 late remittances, and the Organization will contribute those amounts to the Plan subsequent to year end. Management will calculate the foregone earnings and make the corrective contributions to the plan.

NOTE 16 – Subsequent Events

The fair value of investments held by the Plan could fluctuate significantly subsequent to year end. The custodians and management monitor the performance of the Plan's investments including approving changes in the investment options subsequent to year end.

The Plan did not have any other subsequent events through February 19, 2026, which is the date the financial statements were issued, requiring recording or disclosure in the financial statements for the year ended June 30, 2025.
