INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Bettis and Subsidiaries 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Bettis and Subsidiaries 401(k) retirement plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. (qualified institution)

Management has obtained a certification from qualified institutions as of and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C)

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Bettis and Subsidiaries Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP), and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Not Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary information on pages 15-16 are presented for purposes of additional analysis and are not a required part of the financial statements. The consolidating information is presented for purposes of additional analysis and are not a required part of the financial statements, but rather than to present the financial statements of the individual companies. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The supplementary and consolidating information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary and consolidating information is fairly stated in all material respects in relation to the financial statements as a whole.

Other Matters (continued)

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H; Line 4i-Schedule of Assets (Held At End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BETTIS & SUBSIDIARIES 401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

1. Description of the Plan

The following description of the Bettis & Subsidiaries 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan organized under section 401(k) of the Internal Revenue Code. Employees of Bettis & Subsidiaries (the Company) are eligible to join the Plan once they have completed three months of service and have attained 18 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees for the Plan is responsible for oversight of the Plan. Management of the Plan determines the appropriateness of the Plan's investment offerings, and monitors investment performance and reports to the Board of Trustees.

Contributions

Each year, participants may contribute a percentage of their annual compensation, as defined by the Plan. Participants may elect to have their salary deferrals as pre-tax contributions, or on an after-tax basis as a Roth deferral. Participants who have attained age 50 or older before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company made a safe harbor matching contribution equal to 100% of an employee's salary deferrals up to 4% of an employee's deferral. The Company may make a discretionary matching contribution to the Plan to eligible employees who have completed one year of service. There were no Company discretionary matching contributions in 2024. The Company's safe harbor and discretionary contributions are participant-directed. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution, an allocation of the Company's safe harbor matching and discretionary contributions, and Plan earnings, and is charged for any withdrawals or distributions made by the participant and the participant's share of administrative fees and expenses paid out of the Plan, if any. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions and any qualified nonelective employer contributions plus actual earnings thereon. Vesting in the Company's discretionary contributions and the earnings thereon are based on years of continuous service. A participant is 100% vested after six years of continuous service. A participant, however, becomes fully vested regardless of the years of service upon attainment of normal retirement age, disability, death, or termination of the Plan.

BETTIS & SUBSIDIARIES 401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS (continued)

1. Description of the Plan (continued)

Forfeitures

At December 31, 2024, forfeited non-vested accounts totaled \$13,072. These accounts will be used to reduce future employer contributions or pay Plan administrative expenses. During the year ended December 31, 2024, no employer contributions were reduced from forfeited non-vested accounts.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. A participant may only have one loan outstanding at any one time and may not receive a new loan more than once every 12 months. The notes receivables are secured by the vested balance in the participant's account and bear interest at a rate equal to the Wall Street Journal prime rate. Principal and interest are paid ratably through payroll deductions or an ACH agreement.

Payment of Benefits

The Plan provides for payment of benefits upon death, disability, retirement, or termination of employment. The participant may also elect to receive a distribution upon reaching age 59 ½. Benefits are paid by a lump sum distribution or installment payments. A separated participant with a vested balance exceeding \$5,000 may elect to defer receipt of their distribution until a later date. The Plan automatically distributes accounts less than \$5,000 upon participant separation.

Hardship withdrawals are available to Plan participants, as defined by the Plan Adoption Agreement and permitted by the Internal Revenue Code.

Administrative Expenses

Certain Plan administrative expenses are paid out of the Plan as a reduction in each participant's account. The Company provides administrative services and pays certain administrative expenses on behalf of the Plan. As the Plan does not reimburse the Company for the cost of such services, they are not included in these financial statements. Expenses relating to specific participant transactions (i.e., loan set up, distribution requests, etc.) are charged directly against the appropriate participant's account. Investment related expenses are included in net appreciation in fair value of investments.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Estimates and Uncertainties

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

BETTIS & SUBSIDIARIES 401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS (continued)

2. Summary of Accounting Policies (continued)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisor and the custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

3. Information Certified and Provided by Custodian

The following is a summary of the Plan's asset information as of December 31, 2024, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the custodian United of Omaha Life Insurance Company (Mutual of Omaha), and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian that information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets:

Investments at fair value	\$ 36,520,658
---------------------------	---------------

The custodian also certified to the completeness and accuracy of \$3,735,328 of net appreciation in fair value of investments, \$431,863 of interest and dividends and \$28,047 of loan interest related to the aforementioned plan assets for the year ended December 31, 2024.

BETTIS & SUBSIDIARIES 401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS (continued)

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under F ASB ASC 820 are described as follows:

Basis of Fair Value Measurement

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;
- Level 2 Inputs to the valuation methodology include observable inputs other than quoted active market prices, including quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, and inputs derived principally from or corroborated by observable market data by correlation or other means;
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2024:

1. Pooled separate accounts: Valued at market value less operating expenses accrued and not deducted. All pooled separate accounts are valued daily and the Plan's separate account market value at any given date is equal to the Plan's units of participation multiplied by the unit value which is net asset value (NAV). There are no restrictions on redemptions, and there are no unfunded commitments.

BETTIS & SUBSIDIARIES 401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS (continued)

4. Fair Value Measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

	Quoted prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total Investments
Investments at fair value	\$ -	\$ -	\$ -	\$ -
Investments measured at net asset value ^(a)	-	-	-	36,520,658
Total assets at fair value	\$ -	\$ -	\$ -	\$ 36,520,658

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented on the statements of net assets available for benefits.

5. Investments Measured Using the Net Asset Value per Share Practical Expedient

Investments	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Pooled separate accounts	\$ <u>36,520,658</u>	None	Daily	None
Total assets at fair value	\$ <u>36,520,658</u>			

6. Related-Party and Party-in-Interest Transactions

Certain Plan investments are shares of pooled separate accounts managed by Mutual of Omaha & Ascensus. Mutual of Omaha & Ascensus are the custodian's as defined by the Plan and these transactions qualify as party-in-interest transactions. Most investment management and administrative fees are paid by the Company. Fees paid by the Plan for Mutual of Omaha were \$5,000 for the year ended December 31, 2024. Fees paid by the Plan for Ascensus were \$32,032 for the year ended December 31, 2024.

BETTIS & SUBSIDIARIES 401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS (continued)

7. Tax Status

The Internal Revenue Service has determined and informed the Plan by a letter dated September 21, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, no further contributions will be made to the Plan, and participants would become 100 percent vested in their employer contributions.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

11. Subsequent Events

The Company has evaluated all events subsequent to the balance sheet date of December 31, 2024, through February 9, 2026, the date the financial statements were issued, and determined there were no events requiring additional disclosure.
