## INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator  
California Society of CPAs 401(k) Plan

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audits**

We have performed audits of the accompanying financial statements of California Society of CPAs 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of California Society of CPAs 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of California Society of CPAs 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about California Society of CPAs 401(k) Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audits of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of California Society of CPAs 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about California Society of CPAs 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

#### **Other Matter - Supplemental Schedules Required by ERISA**

The supplemental schedules of delinquent participant contributions for the year ended December 31, 2024, and of assets (held at end of year) as of December 31, 2024, (combined, the "supplemental schedules") are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

California Society of CPAs 401(k) Plan  
Notes to Financial Statements  
December 31, 2024 and 2023

1. DESCRIPTION OF THE PLAN

The following description of the California Society of CPAs 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan documents for a more complete description of the Plan's provisions.

General

The Plan, a defined contribution savings plan sponsored by California Society of CPAs (the "Society" or "Employer"), is intended to qualify under Section 401(a) and related provisions of the Internal Revenue Code (IRC), and was established April 1, 1997, and restated January 1, 2023. The Plan is designed to provide participants with a means to defer a portion of their compensation for retirement and to provide benefits in the event of disability, death, termination of employment, or financial hardship. The Plan covers certain employees of the Society and employees of certain participating affiliates, including California Certified Public Accountants Education Foundation, who meet certain eligibility requirements as defined in the Plan. The Plan is subject to the provisions of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA) and subsequent amendments.

An expansion of Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE 2.0") was signed into law on December 29, 2022, as part of the Consolidated Appropriations Act of 2023. The Society has until the end of the first Plan year beginning on or after January 1, 2026, to amend the Plan for the changes related to SECURE 2.0. The Plan has not been formally amended to adopt these provisions as of the date the financial statements were available to be issued.

Plan administration

The Society is the administrator of the Plan and, as such, carries out the duties imposed by ERISA. The Society has delegated certain responsibilities for the operation and administration of the Plan. Empower Annuity Insurance Company of America (the "Custodian") and Empower Trust Company, LLC (the "Trustee") acts as the Plan's asset custodian and directed trustee (Note 3) and an affiliate of the Trustee performs participant record-keeping services.

Eligibility

All employees are eligible to begin participating in the Plan and receive Employer matching contributions immediately upon hire. Participants are eligible to receive Employer non-elective contributions upon attainment of age 21 and the completion of one year of service. An employee must complete 1,000 hours of service during the eligibility computation period to receive credit for one year of service. Entry dates are immediate upon completing eligibility requirements.

California Society of CPAs 401(k) Plan  
Notes to Financial Statements  
December 31, 2024 and 2023

1. DESCRIPTION OF THE PLAN (continued)

Contributions

Participants may elect to contribute through payroll deductions, amounts up to 100% of their eligible annual compensation as defined by the Plan on a pre-tax or Roth basis, up to a maximum amount allowed by the IRC. The maximum allowed deferral amount was \$23,000 for 2024. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified employer-sponsored retirement plans (rollovers). Participants may also make after-tax contributions, up to a maximum amount allowed by the IRC.

The Employer makes matching contributions in the amount equal to 100% of elective deferral contributions up to 2% of the participant's eligible compensation, plus 50% of elective deferral contributions which are greater than 2% but not more than 6% of the participant's eligible compensation. The Employer made matching contributions of \$315,084 during the year ended December 31, 2024.

The Employer may make a discretionary non-elective contribution to eligible employees. The Employer paused discretionary non-elective contributions effective July 1, 2023, and reinstated them on June 1, 2024. In 2024, the Employer approved and made discretionary non-elective contributions equal to 3% of eligible compensation totaling \$123,549.

Participant accounts

Each participant's account is credited with the participant's contributions, allocations of the Employer matching contributions and an allocation of Employer discretionary non-elective contributions, collectively, "Employer contributions", if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan and Plan losses. Allocations are based on participant earnings or account balances, as defined in the plan documents. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance. Participants direct the investments of their contributions into various investment options offered by the Plan.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Employer contribution portion of their accounts plus actual earnings thereon is based on years of continuous service, as defined in the plan documents.

1. DESCRIPTION OF THE PLAN (continued)

Vesting (continued)

Participants vest in Employer contributions according to the following schedule:

| <u>Years of Service</u> | <u>Percentage</u> |
|-------------------------|-------------------|
| Less than 1             | 0 %               |
| 1                       | 33.33 %           |
| 2                       | 66.67 %           |
| 3                       | 100 %             |

A participant is entitled to the full value of his or her account upon retirement, as defined by the plan documents, or in the event of termination of employment due to death or disability.

Payment of benefits

The Plan provides for the payment of benefits to the participant (or, if applicable, the beneficiary) upon attainment of retirement age, disability, death, financial hardship (as defined in the plan documents), or termination of employment. If upon termination and prior to reaching retirement age, a participant has an account balance that is equal to or less than \$1,000, the vested balance will be immediately distributed in a lump sum. If the participant's account balance is greater than \$1,000 and less than or equal to \$5,000 the balance will be automatically transferred to an Individual Retirement Account designated by the plan administrator. If the account balance is greater than \$5,000, the participant can consent to either a distribution paid in the form of a lump-sum cash payment, a direct rollover into another qualified plan, or delay the distribution until the participant is required by law to receive minimum required distributions, as described in the plan documents.

Upon attaining the age of 65 the participant may, while still employed by the Society, request a withdrawal from their vested account balance. Participants with an immediate and heavy financial need may be eligible for a hardship withdrawal, subject to certain restrictions as described in the plan documents.

Notes receivable from participants

The Plan allows participants to borrow not less than \$1,000 and up to a maximum of the lesser of \$50,000 or 50% of their vested account balance reduced by the highest outstanding note (or "loan") balance during the past 12 months. Participants are restricted to a maximum of two loans outstanding at one time. The loans are secured by the balance in the participant's account and bear interest at a rate of prime plus 2%. Principal and interest are generally paid ratably through payroll deduction each pay period, over a period not to exceed five years, unless the loans were used to purchase a primary residence in which case the loan terms may not exceed fifteen years. As of December 31, 2024, participant loans interest rates ranged from 5.25% to 10.50% and mature at various dates through June 2029.

1. DESCRIPTION OF THE PLAN (continued)

Forfeited accounts

Forfeitures may occur as a result of excess Employer contributions or forfeited non-vested Employer contributions. At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$9,857 and \$26,415, respectively. The Plan provides that forfeited accounts can be used to pay the Plan's administrative expenses or reduce future Employer contributions. Forfeitures of \$24,535 were used to reduce Employer contributions for the year ended December 31, 2024. Approximately \$151 of forfeitures were used to pay the Plan's administrative expenses for the year ended December 31, 2024.

Administrative expenses

Certain administrative expenses of the Plan, including recordkeeping and audit fees, were paid by the Employer for the year ended December 31, 2024. Investment fees, which may vary according to the individual funds selected, are paid indirectly out of the assets of the Plan and impact Plan earnings.

Participants may be charged for some or all of the costs and expenses of operating the Plan. Such expenses include but are not limited to investment expenses and costs to process distributions and notes receivable to participants. Generally, the Employer pays for administrative expenses of the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting and financial statement presentation

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts. Actual results and disclosures may differ from those estimates. Significant items subject to such estimates and assumptions include the fair value of investments.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risk in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

California Society of CPAs 401(k) Plan  
Notes to Financial Statements  
December 31, 2024 and 2023

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment valuation and income recognition

Participants direct the investment of their contributions into a variety of investment options offered by the Plan, including mutual funds and a guaranteed interest account (GIA). The Plan's investments in mutual funds are reported at fair value as determined on the open market. The Plan's investment in the GIA is valued at contract value as determined by the Custodian and is the amount a participant would receive under the terms of the contract.

Purchases and sales of investments are recorded by the Custodian and Trustee on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions and contributions receivable

Contributions from participants are recorded based on the date the contributions have been separated from a participant's pay by the Society, which is the pay date. Employer contributions are recorded in the year earned to coincide with the year in which the Society records the contributions in its general ledger. The Plan records receivables for contributions recorded by the Plan but received by the Plan subsequent to year end.

Rollover contributions are recorded based on the date the rollover contributions are received by the Custodian and Trustee.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. If a participant ceases to make loan repayments and the participant loan is determined to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Expenses are recorded when incurred.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Subsequent events

The Plan has evaluated subsequent events through September 9, 2025, the date the financial statements were available to be issued. No subsequent events have occurred that would have a material impact on the presentation of the Plan's financial statements.

3. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN AND TRUSTEE (UNAUDITED)

The plan administrator, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of ERISA. Accordingly, the Custodian and Trustee (Note 1), determined to be qualified institutions by the plan administrator, have certified to the completeness and accuracy of the following certified information ("certified information"):

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023.
- Net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2024.
- Investments and notes receivable from participants reflected on the schedule of assets (held at end of year) as of December 31, 2024.

Accordingly, as requested by the plan administrator, the Plan's independent auditor performed no audit procedures on the certified information other than to agree the certified information to the related information included in the financial statements and schedule of assets (held at end of year) described above.

4. FAIR VALUE MEASUREMENTS

Accounting standards establish a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements).

The three levels of fair value hierarchy are as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities that the Plan has the ability to access.

California Society of CPAs 401(k) Plan  
Notes to Financial Statements  
December 31, 2024 and 2023

4. FAIR VALUE MEASUREMENTS (continued)

- Level 2: Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

In instances where the determination of the fair value measurement is based on inputs from different levels of the fair value hierarchy, the level in the fair value hierarchy within which the entire fair value measurement falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2024 and 2023.

*Mutual Funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets, by type, at fair value as of December 31, 2024:

|              | Level 1       | Level 2 | Level 3 | Fair Value    |
|--------------|---------------|---------|---------|---------------|
| Mutual funds | \$ 15,105,753 | \$ -    | \$ -    | \$ 15,105,753 |

The following table sets forth by level, within the fair value hierarchy, the Plan's assets, by type, at fair value as of December 31, 2023:

|              | Level 1       | Level 2 | Level 3 | Fair Value    |
|--------------|---------------|---------|---------|---------------|
| Mutual funds | \$ 13,960,096 | \$ -    | \$ -    | \$ 13,960,096 |

5. GROUP ANNUITY CONTRACT WITH THE CUSTODIAN

The Key Guaranteed Portfolio Fund (the "Contract") issued under a group annuity contract is a guaranteed fixed annuity contract available as an investment option to Plan participants. Contributions into the Contract are held with the general account of the Custodian. The Contract is fully and unconditionally guaranteed by Empower.

For investment contracts that are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits attributable to the contract. Contract value represents accumulated cash contributions made under the contract, and interest credited to the contracts, less participant withdrawals and transfers. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The plan administrator is not aware of reserves against contract value for credit risk of the Custodian or otherwise. The Contract provides a guarantee of principal and that the effective annual interest rate may not be less than 0%, while offering the opportunity for additional amounts of interest. When declared, additional amounts of interest remain in effect for the following calendar quarter. Additional interest is not guaranteed for future years. The crediting interest rate was 1.41% for the year ended December 31, 2024.

Certain events limit the ability of the Plan to transact at contract value with the Custodian. Such events include the following: (1) amendments to the plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the Plan's trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable.

The Contract does not permit the Custodian to terminate the Contract prior to the scheduled maturity date. The plan administrator may terminate the Contract with advance written notice provided to the Custodian.

6. TAX STATUS

The Plan has adopted the Non-Standardized Pre-Approved Profit Sharing/Money Purchase/CODA Plan (the "Pre-Approved Plan"). The Internal Revenue Service informed the issuer of the Pre-Approved Plan, by a letter dated November 14, 2022, that the Pre-Approved Plan is designed in accordance with the applicable sections of the IRC and is appropriate for use by employers for the benefit of their employees. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified and is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Notes to Financial Statements  
December 31, 2024 and 2023

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Society has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants' accounts will become fully vested.

8. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

ERISA defines a party-in-interest similarly to a related party under accounting standards, except that ERISA's definition is broader and includes all entities and individuals that provide services to the Plan; however, these entities may not necessarily be related parties. Plan management did not identify any related parties to the Plan that were not also considered to be parties-in-interest.

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, and a person who owns 50 percent or more of such an employer or employee association or relatives of such persons.

The Society pays certain fees and expenses on behalf of the Plan. These transactions qualify as party-in-interest transactions. The Plan is not required to repay expenses paid by the Society on its behalf. The Plan has included in its investment fund options certain funds managed by the Custodian and Trustee or one of their affiliates. Transactions in these funds are considered party-in-interest transactions under ERISA. Such transactions are permitted under provisions of the Plan and are specifically exempt from prohibition of party-in-interest transactions under ERISA.

The Custodian and Trustee retain as compensation for services provided to the Plan, any interest (or "float") on amounts earned, while certain transactions are pending. This applies to both contributions and distributions. Earnings are at institutional money market rates.

Certain fund level fees incurred by the funds in which the Plan invests for such services as investment management and shareholder services are paid through fund level revenue sharing arrangements. These fees reduce fund earnings, thereby impacting Plan revenue applied to participants' accounts.
