INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
Depaul Community Resources 403(b) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Depaul Community Resources 403(b) Plan, (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of May 6, 2025 and, December 31, 2024, the related statement of changes in net assets available for benefits for the period ended May 6, 2025, and the related notes to the financial statements ("financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of May 6, 2025 and December 31, 2024, and for the period ending May 6, 2025, stating that the certified investment information, as described in the note titled "Information Certified by Custodian" included in the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Depaul Community Resources 403(b) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

DEPAUL COMMUNITY RESOURCES 403(B) PLAN

NOTES TO FINANCIAL STATEMENTS

1. PLAN DESCRIPTION:

The following description of the Depaul Community Resources 403(b) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General:

The Plan was a defined contribution plan covering all full-time and part-time employees of DePaul Community Resources (“DePaul”). The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The DePaul Board of Directors oversaw governance of the Plan. The Plan’s Investment Committee determined the appropriateness of the Plan’s investment offerings, monitored investment performance, and reported to the Board of Directors.

Investment options:

The Plan offered investments in various registered investment companies (“mutual funds”) and a guaranteed annuity contract as investment options for the participants.

Contributions:

Participant Contributions

The Plan had an auto-enrollment provision whereby all newly eligible employees were automatically enrolled in the Plan, unless they affirmatively elected not to participate, with a default deferral rate set at 3% of eligible compensation, with no escalation in future years.

Plan participants could elect to contribute up to 100% of eligible compensation, not to exceed the allowable amount under Section 402(g) of the Internal Revenue Code. Contributions were based upon total eligible compensation, which included all W-2 compensation paid during the taxable year excluding fringe benefits and bonuses. Participants were eligible to make deferrals and receive matching employer contributions immediately upon date of hire. Participants directed their contributions into various investment options offered by the Plan. Contributions were automatically invested in the Plan’s designated allocation of funds until changed by the participant.

The Plan also had a Roth feature. Roth contributions are made from after-tax eligible compensation as defined by the Plan. Participants will not be taxed on future distributions of their Roth contributions and related earnings if certain requirements are met.

Employer Contributions

DePaul provided an employer discretionary matching contribution of each participant’s pre and post-tax elected deferrals. For the period ended May 6, 2025, DePaul matched up to 4% of participants’ eligible compensation. In addition to an employer discretionary matching contribution, DePaul could have made employer discretionary non-elective contributions to eligible employees who are at least 21 years of age and have completed one year of service (1,000 hours). For the period ended May 6, 2025, DePaul did not make any employer discretionary non-elective contributions.

DEPAUL COMMUNITY RESOURCES 403(B) PLAN

NOTES TO FINANCIAL STATEMENTS – (Continued)

1. PLAN DESCRIPTION – (Continued):

Contributions – (Continued):

Rollover Contributions

Participants who were members of a former employer's qualified plan could have elected to make rollover contributions from that plan to the Plan.

Participant accounts:

Each participant's account was credited with the participant's contributions, employer matching and non-elective contributions, an allocation of earnings, and an allocation of administrative expenses paid by the Plan. Allocations were based on participant earnings or account balances, as defined. The benefit to which a participant was entitled is the benefit that can be provided from the participant's vested account. The employer discretionary non-elective contribution was allocated based on a percentage of eligible compensation.

Vesting:

Participants were immediately vested in their contributions and employer discretionary matching contributions, plus actual earnings thereon. Vesting in DePaul's employer discretionary non-elective contributions plus actual earnings thereon was based on years of continuous service. Participants were 100% vested in their employer discretionary non-elective contributions after four years of credited service. The Plan provided 100% vesting for a participant who terminates employment due to death or disability.

Payment of benefits:

On termination of service due to death, disability, retirement, or other reasons, a participant could have elected to receive a lump-sum distribution or installment payments equal to the value of the participant's vested interest in his or her account.

Prior to terminating service or attaining normal retirement age, a participant under certain hardship conditions and with the approval of the Plan Administrator, could have elected to receive a distribution of the lesser of their cumulative undistributed participant contributions or their employer contribution balance.

In-service withdrawals of vested balances could have been elected by participants who had reached 59 ½ years of age.

Participant notes receivable:

Participants could borrow from their Plan accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000, with a maximum of one loan outstanding per participant. Loans were amortized over a reasonable period not to exceed 5 years, and a maximum of 15 years if used for purchase of a primary residence. The loans were secured by the balance in the participant's account and bore interest at a fixed rate of prime plus 1% as of the origination date. For both the period ended May 6, 2025 and year ended December 31, 2024, interest rates ranged from 4.25% - 9.50% on open loans. Principal and interest were paid ratably through payroll deductions.

DEPAUL COMMUNITY RESOURCES 403(B) PLAN

NOTES TO FINANCIAL STATEMENTS – (Continued)

1. PLAN DESCRIPTION – (Continued):

Forfeitures:

Under the Plan, forfeitures could be applied to reduce employer contributions or to pay administrative expenses. During the period ended May 6, 2025, forfeitures of \$0 were used to pay administrative expenses. As of May 6, 2025 and December 31, 2024, forfeited non-vested accounts totaling \$0 and \$9, respectively, were available to reduce employer contributions or to pay administrative expenses.

2. SIGNIFICANT ACCOUNTING POLICIES:

Basis of accounting:

The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with U.S. generally accepted accounting principles (“GAAP”) and the Department of Labor Rules and Regulations and Disclosure under ERISA.

Estimates:

The preparation of financial statements in conformity with GAAP required the Plan Administrator to make estimates and assumptions that affected the reported amounts of assets, liabilities, and changes therein and disclosures of contingent assets and liabilities. The significant estimate used to prepare these financial statements is the fair value of investments. Accordingly, actual results may have differed from those estimates.

Valuation of investments and income recognition:

Excluding the guaranteed annuity contract, the Plan’s investments were reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation included the gains and losses on investments bought and sold as well as those held during the year.

Investments in group annuity contract:

The group annuity contract was a fully benefit-responsive investment contract and was reported at contract value in the statements of net assets available for benefits. The statement of changes in net assets available for benefits was also prepared on a contract value basis. Benefit responsiveness is defined as the extent to which a contract’s terms and the Plan permits or requires participant-initiated withdrawals at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

Great-West Life and Annuity Insurance Company (“Great-West”) maintained contributions in a general account. Great-West was contractually obligated to repay the principal at a specified interest rate that was guaranteed to the Plan. Crediting interest rates were reset quarterly.

DEPAUL COMMUNITY RESOURCES 403(B) PLAN

NOTES TO FINANCIAL STATEMENTS – (Continued)

2. SIGNIFICANT ACCOUNTING POLICIES – (Continued):

Investments in group annuity contract – (Continued):

The contract did not specify any events that would limit the ability of Plan participants to transact at contract value with the issuer or any events that would allow the issuer to terminate the contract and settle for an amount different from contract value. The contract provided various payment options for surrendering the contract at contract value; however, DePaul did not surrender the contract.

Participant notes receivable:

Participant notes were measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income was recorded on the accrual basis. Related fees were charged directly to the borrowing participant's account and were included in administrative expenses when incurred. If a participant did not make loan repayments and the Plan administrator considered the note receivable to be in default, the note receivable balance was maintained until a distributable event occurred at which point the note receivable balance was reduced and the delinquent note receivable was recorded as a benefit payment based on the terms of the Plan document.

Benefit payments:

Benefit payments were recorded when paid.

Administrative expenses:

Administrative expenses were paid by the Plan.

3. FAIR VALUE MEASUREMENTS:

The Plan's investments were reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods were appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of observable inputs other than quoted prices for identical assets; and Level 3 inputs consist of unobservable inputs and have the lowest priority. The Plan used appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measured fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs were used only when Level 1 inputs were not available. There were no Plan assets requiring the use of Level 2 or Level 3 inputs as of both May 6, 2025 and December 31, 2024.

3. FAIR VALUE MEASUREMENTS – (Continued):

	Level 1
May 6, 2025 -	
Registered investment companies, at fair value	\$ <u><u>-</u></u>
December 31, 2024 -	
Registered investment companies, at fair value	\$ <u><u>5,745,689</u></u>

The fair values of registered investment companies were based on quoted net asset values of the shares held by the Plan at year end.

Gains and losses included in net decrease in net assets available for benefits for the period ended May 6, 2025, are reported in net appreciation in fair value of investments.

4. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS:

Certain administrative functions were performed by officers or employees of DePaul. These employees were also Plan participants. No such officer or employee received compensation from the Plan.

The Plan invested in a guaranteed annuity contract managed by Great-West. Great-West served as custodian as defined by the Plan; therefore, these transactions qualify as parties-in-interest transactions.

The Plan also paid fees to its recordkeeper, independent investment advisors, and independent auditor for services provided. Fees paid by the Plan for recordkeeping, investment advice, and audit services amounted to \$33,781 for the period ended May 6, 2025.

5. PLAN TERMINATION:

DePaul has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

DePaul elected to join the American TCS Fiduciary Services PEP on September 12, 2024, and executed the joinder agreement on March 14, 2025. The PEP is managed by the Pooled Plan Provider, which is American TCS Fiduciary Services, LLC. The transition was effective May 6, 2025.

DEPAUL COMMUNITY RESOURCES 403(B) PLAN

NOTES TO FINANCIAL STATEMENTS – (Continued)

6. INCOME TAX STATUS:

The Plan operated under a volume submitter plan document provided by Great-West. The volume submitter plan received a favorable determination letter dated March 31, 2017, from the Internal Revenue Service as to the volume submitter plan's qualified status. The Plan has been amended since receiving the determination letter; however, the Plan Administrator believes the Plan was designed and was operated in compliance with the applicable requirements of the Internal Revenue Code.

GAAP requires Plan management to evaluate income tax positions taken by the Plan and recognize an income tax liability (or asset) if the Plan has taken an uncertain income tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the income tax positions taken by the Plan, and has concluded that as of May 6, 2025, there are no uncertain income tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

7. INFORMATION CERTIFIED BY CUSTODIAN:

The following information included in the accompanying financial statements was obtained from data that has been prepared and certified as complete and accurate by the custodian:

	2025	2024
Investments	\$ -	\$ 5,760,323
Participant notes receivables	\$ -	\$ 160,635
Dividends and interest	\$ 4,564	
Net appreciation in fair value of investments	\$ 70,006	
Interest income on participant notes receivable	\$ 3,742	

8. RISKS AND UNCERTAINTIES:

The Plan invested in various investment securities. Investment securities were exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
