Part I	Asset and Liability Statement
---------------	--------------------------------------

1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

INDEPENDENT AUDITOR'S REPORT

**Board of Trustees
West Virginia Pipe Trades Health and Welfare Fund
Mount Laurel, New Jersey**

Opinion

We have audited the accompanying financial statements of West Virginia Pipe Trades Health and Welfare Fund, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of May 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, the schedules of administrative expenses, for years ended May 31, 2025 and 2024, the statements of plan's benefit obligations for years ended May 31, 2025 and 2024, the statements of changes in plan benefit obligations for years ended May 31, 2025 and 2024, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of West Virginia Pipe Trades Health and Welfare Fund as of May 31, 2025 and 2024, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of West Virginia Pipe Trades Health and Welfare Fund and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter

As discussed in Note 2 under Summary of Significant Accounting Policy Local 625 withdrew from the West Virginia Pipe Trades Health and Welfare Fund effective after the close of the Plan Year ended on May 31, 2022.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about West Virginia Pipe Trades Health and Welfare Fund's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free

from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of West Virginia Pipe Trades Health and Welfare Fund's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about West Virginia Pipe Trades Health and Welfare Fund's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets held for investment purposes as of May 31, 2025 and reported transactions for the year then ended are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

WEST VIRGINIA PIPE TRADES HEALTH AND WELFARE FUND
NOTES TO FINANCIAL STATEMENTS
MAY 31, 2025 AND 2024

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the West Virginia Pipe Trades Health and Welfare Fund provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provision.

The West Virginia Pipe Trades Health and Welfare Fund was established and is maintained pursuant to collective bargaining agreements between Local Unions 83, 565, and 625, and employers of employees represented for collective bargaining purposes by those local unions. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

As of 5/31/22 Local 625 was not part of this plan.

The West Virginia Pipe Trades Health and Welfare Plan is maintained for the purpose of providing death, dismemberment, disability, hospitalization, surgical, medical, dental, vision and other related benefits.

Employers of members contribute to the Fund, based upon hours worked, at rates specified in the negotiated contracts. Certain locals contribute at higher rates than others, in order to provide additional benefits, such as lower initial eligibility, higher benefits and additional accumulated eligibility.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements have been prepared using the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America. Significant accounting policies are summarized below:

By notice dated February 15, 2022, Plumbers & Pipefitters Local #625 (Local 625) notified the Trustees of the West Virginia Pipe Trades Health and Welfare Fund (WVPT Fund) that it was withdrawing from the WVPT Fund effective after the close of the Plan Year ending on May 31, 2022. Local 625 then established the Plumbers & Pipefitters Local 625 Health & Welfare Fund (Local 625 Fund) effective June 1, 2022. Under Article II, Section 2.03 of the Trust Agreement, as amended, Local 625 is entitled to the net assets attributable to Local 625 and said assets must be paid to the Local 625 Fund. Said payment will be effectuated in payments as agreed to by all parties.

The activity in the account due to Local 625 is as follows:

Net Assets attributable to Local 625 as of June 1, 2024		\$ 2,547,384
Local 625 transactions that occurred in the fund during the year ended May 31, 2025		
Scheduled monthly payments of 60,000	(\$ 480,000)	
Funds received for previous benefit	<u>(693,797)</u>	
Net Decrease	(1,173,797)	<u>(1,173,797)</u>
Balance as of May 31, 2025		<u>\$ 1,373,587</u>

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain amounts and disclosures. Accordingly, actual results may differ from those estimates.

MAY 31, 2025 AND 2024

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Board of Trustees determines the appropriateness of the Plan's investment offerings and monitors investment performance. The trustees also determine the Plan's valuation policies. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Income Tax Status - The trust established under the Plan to hold the Plan's assets is intended to qualify pursuant to Section 501(c)(9) of the Internal Revenue Code and, accordingly, the Trust's net investment income is exempt from income taxes. The trust has obtained a favorable tax determination letter from the Internal Revenue Service, and the Plan's Board of Trustees believes that the trust, as amended, continues to qualify and to operate in accordance with applicable provisions of the Internal Revenue Code.

The plan obtained its latest determination letter in 2004, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. Plan management and Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

Postretirement Benefits - The amount reported as the postretirement benefit obligation represents the actuarial present value of those estimated future benefits that are attributed by the terms of the Plan to employees' service rendered to the date of the financial statements, reduced by the actuarial present value of contributions expected to be received in the future from current Plan participants. Postretirement benefits include future benefits expected to be paid to or for (1) currently retired or terminated employees and their beneficiaries and dependents and (2) active employees and their beneficiaries and dependents after retirement from service with participating employers. The postretirement benefit obligation represents the amount that is to be funded by contributions from the Plan's participating employers and from existing Plan assets. Prior to an active employee's full eligibility date, the postretirement benefit obligation is the portion of the expected postretirement benefit obligation that is attributed to that employee's service in the industry rendered to the valuation date.

The actuarial present value of the expected postretirement benefit obligation is determined by an actuary and is the amount that results from applying actuarial assumptions to historical claims-cost data to estimate future annual incurred claims costs per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as those for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

WEST VIRGINIA PIPE TRADES HEALTH AND WELFARE FUND
NOTES TO FINANCIAL STATEMENTS
MAY 31, 2025 AND 2024

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

For measurement purposes for Pre-Medicare participants, a 8.00% annual rate of increase in the per capita cost of covered health care benefits was assumed for 2025; reducing by .5% for the first year and each additional established group of years reducing to 4.00% by the year 2071. For measurement purposes for Medicare participants, a 5.00% annual rate of increase in the per capita cost of covered health care benefits was assumed for 2025 and until the year 2036; then reducing by .5% until 2071.

For measurement purposes for Pre-Medicare participants, a 7.5% annual rate of increase in the per capita cost of covered health care benefits was assumed for 2024; reducing by .25% to .5% each additional established group of years reducing to 4.00% by the year 2073. For measurement purposes for Medicare participants, a 6.00% annual rate of increase in the per capita cost of covered health care benefits was assumed for 2024 and until the year 2050; then reducing by .5% until 2026, then an additional .5% to 4.00% by the year 2073.

The following were other significant assumptions used in the valuations as of May 31, 2025 and 2024:

Weighted-average discount rate	5.5% at 5/31/25 and 5.4% at 5/31/24
Retirement age	62-65
Mortality — Healthy	SOA PRI-2012 headcount weighted and blue collar adjusted, gender distinct mortality with separate rates for pre-and post-commencement and a 2012 base year. Separate rates provided by the SOA are used for survivor beneficiaries.
Mortality — Disabled	SOA PRI-2012 headcount weighted and disabled adjusted, gender distinct mortality with a 2012 base year.
Mortality — Improvement Scale:	MP-2021 mortality improvement applied generationally from the base year.

Postretirement Benefits

The weighted-average health care cost-trend rate assumption as a significant effect on the amounts reported in the accompanying financial statements. If the assumed rates increased by one percentage point in each year, it would increase the obligation as of May 31, 2025 by \$3,447,672 and as of May 31, 2024 by \$3,506,896.

The foregoing assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the postretirement benefit obligation.

Other Plan Benefits - Claims Payable at May 31 are for health benefits and insurance premiums for active participants. Accumulated eligibility credits are maintained by the Fund office. Health claims incurred by retired participants but not reported at year end are included in the postretirement benefit obligation.

NOTE 3 - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

WEST VIRGINIA PIPE TRADES HEALTH AND WELFARE FUND
NOTES TO FINANCIAL STATEMENTS
MAY 31, 2025 AND 2024

The fair value measurements accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs were used only when Level 1 inputs were not available. There have been no changes in the methodologies used at May 31, 2025 and 2024.

Level 1 Fair Value Measurements - The fair value of mutual funds is based on quoted net asset values of the shares held by the Fund at year-end. The fair values of common stocks are based on the closing price reported on the active market where the individual securities are traded.

Level 2 Fair Value Measurements - The fair values of certain corporate bonds and U.S. government securities for which quoted market prices are not available are based on yields currently available on comparable securities of issuers with similar credit ratings.

Level 3 Fair Value Measurements - For those assets with fair value measured using Level 3 inputs, the Fund determines the fair value measurement using available current market conditions and other applicable third party information.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of May 31, 2025 and 2024.

NOTE 5 – RECIPROCITY

The Fund has entered into reciprocal agreements with various other Health and Welfare Funds throughout the Country. The principal of these agreements is "money follows the man" so that the participant may remain eligible for benefits in his Home Fund. The agreements call for the Transferring Fund to transfer the hours and contributions for the employee to the Home Fund at the lesser of (1) the rate of hourly contributions of the Home Fund or (2) the rate of hourly contributions of the Transferring Fund. There shall also be an administrative charge by the Transferring Fund not to exceed ten (10) percent of the amount contributed. Also, some participants are eligible to transfer funds under the United Association Health and Welfare Fund Reciprocal Agreement, which transfers actual money earned with no administrative fee.

NOTE 6 – ACCUMULATED ELIGIBILITY CREDITS

Dollar Bank: Monthly contributions for active employees in excess of \$1,320.00 per month for Local 83 and for 565 excess of either \$2,700/\$3,600 per quarter. Anyone moving from Active plan to an Early Retiree Plan can use the bank reserve to remain in the Active plan until the bank reserve is totally depleted. Once depleted, employee will be moved into the proper Early Retiree group or Over 65 Group, depending on age. The maximum bank reserve balance for local members of 83 is \$8,757, for 565 it is \$6,000. Retirees may use the bank reserve towards continued coverage under the active plan coverage only.

Healthcare Reimbursement: Health Reimbursement Accounts (HRA) were established as of 7/1/2007 for Local 83, 4/1/2009 for Local 565. Initial deposits were made to each eligible account.

Effective for work performed July 1, 2024, \$.93 per hours paid will be added to the HRA Account of Local 83 members.

Effective for work performed June 1, 2024, \$.60 per hours paid will be added to the HRA Account of Local 565 members.

NOTE 7 - LEGAL SETTLEMENT

On February 11, 2025, the Plan entered into a settlement agreement with Nationwide Children’s Hospital (the “Provider”) related to claims for healthcare services rendered by the Provider to a Plan beneficiary. Under the terms of the agreement, the Plan is obligated to pay a total of \$360,000 to the Provider in monthly installments over thirty-six (36) consecutive months.

The first installment payment of \$10,000 was made on March 3, 2025, and total payments of \$40,000 were made during the fiscal year ended May 31, 2025. As of May 31, 2025, the remaining settlement obligation of \$320,000 is recorded as a liability on the Statement of Net Assets Available for Plan Benefits. Of this amount, \$120,000 is due within the next twelve months and is classified as a current liability, while the remaining \$200,000 is payable after twelve months and is classified as a long-term liability.

NOTE 10 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits. The actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, health care inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.
