Independent Auditors' Report

To the Participants and Administrator of the  
Summit School at Nyack Retirement Plan:

***Scope and Nature of the ERISA Section 103(a)(3)(C) Audits***

We have performed an audit of the accompanying financial statements of the Summit School at Nyack Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the Statement of Net Assets Available for Benefits as of June 30, 2024 and June 30, 2023, the related Statements of Changes in Net Assets Available for Benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("Qualified Institution").

Management has obtained certifications from Qualified Institutions as of June 30, 2024 and June 30, 2023, and for the year ended June 30, 2024, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

***Opinion***

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the financial statements referred to above related to assets held by and certified to by a Qualified Institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditors' Report

***Basis for Opinion***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

***Auditors' Responsibilities for the Audits of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Independent Auditors' Report

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matter - Supplemental Schedules Required by ERISA***

The supplemental schedules of Schedule H, Part IV, line 4i – Schedule of Assets (Held at End of Year) as of June 30, 2024, and Schedule H, Part IV, line 4j – Schedule of Reportable Transactions for the year ended June 30, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment

## NOTES TO FINANCIAL STATEMENTS

AS OF AND FOR THE YEARS ENDED JUNE 30, 2024, AND 2023

### 1. **Description of the Plan**

The following is a brief description of the Summit School at Nyack Retirement Plan (the “Plan”) and is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

#### **General**

The Plan is a qualified defined benefit pension plan covering eligible employees, who are members of a controlled group which includes the Upper Nyack, NY campus, of the Summit School, Inc. and the Summit Children’s Residence Center, Inc., an affiliated participating employer (collectively, the “School”). The Plan provides deferred compensation benefits and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Principal Life Insurance Company is the investment custodian of the Plan (the “Investment Custodian”). The Plan’s investments are held by the Plan’s Investment Custodian. The Investment Custodian and the Plan administrator are appointed by the School.

Effective September 15, 2024, the School froze the Plan to new entrants and accrued benefits to employees. The School elected on December 10, 2024, to liquidate and terminate the Plan, effective December 15, 2024, and management determined liquidation is imminent. Participants can elect a lump sum distribution of their benefits before the purchase of annuity contracts from an insurance company to satisfy any remaining benefit obligations. All assets have been liquidated with final benefit payment to participants made August 2025, for the Plan. Excess assets were transferred from the Plan to the Summit School 403(b) Plan as a Qualified Replacement Plan on 10/20/2025 in the amount of \$2,036,972.

#### **Eligibility**

The Plan covers all eligible employees of the School who have attained the age of 21 years and who have completed one year of eligibility service, defined as a 12 consecutive month period beginning with the employees’ first day of employment with a minimum of 1,000 hours of service.

#### **Contributions**

The Plan’s funding policy is to make annual employer contributions in amounts actuarially determined. Contributions by participants are not permitted.

## NOTES TO FINANCIAL STATEMENTS

AS OF AND FOR THE YEARS ENDED JUNE 30, 2024, AND 2023

### 1. **Description of the Plan**

#### **Pension Benefits**

Participants, who have on the first month coincident with or next month following the attainment of age 65 and completion of five years of Plan participation (“Normal Retirement”), are entitled to pension benefits for life upon retirement based on an annual service credit which varies based on job title, between \$25 and \$66, multiplied by the years of credited service up to 35 years, which equals the monthly benefit at retirement, as defined in the Plan document. The Plan does not permit early retirement; therefore no special benefits are payable upon retirement at an age prior to the normal retirement age.

If a married participant dies prior to retirement, their vested accrued benefits will be paid to their spouse. Otherwise, there is no provision in the Plan for payment to a surviving beneficiary. Eligible employees may elect to receive their pension benefits in a lump sum, if the actuarial equivalent value of the participants vested accrued retirement benefit does not exceed \$5,000, otherwise, the benefit will be in the form of life annuity. A participant who was legally married throughout the one-year period before commencement of benefits may elect a joint and survivor annuity. Otherwise, any other form of benefit election will require spousal consent.

#### **Death Benefits**

In the event of the death of a participant while still employed, but prior to commencement of vested accrued retirement benefits, the Plan will provide a benefit to the spouse of the participant commencing on what would have been the participant’s normal retirement date based on a qualified joint and survivor annuity form of benefit payment, with the condition that they were married throughout the one-year period ending on the date of death of the participant.

#### **Vesting**

Participants become 100% vested after five years of service with the School or the attainment of the normal retirement age or they die or become disabled while an employee. A participant shall be credited with one year of vesting service for each Plan year in which the participant completed 1,000 hours of service within a 12-consecutive month computation period.

#### **Administrative Expenses**

Any Plan expenses not paid by the School shall be paid by the Plan. All expenses directly relating to investments of the Plan shall be paid by the Plan. The School incurred administrative expenses relating to the Plan for the years ended June 30, 2024 and 2023, without charge to the Plan.

## NOTES TO FINANCIAL STATEMENTS

AS OF AND FOR THE YEARS ENDED JUNE 30, 2024, AND 2023

### 2. Summary of Significant Accounting Policies

#### **Basis of Accounting**

The accompanying financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

#### **Use of Estimates and Assumptions**

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein; disclosure of contingent assets and liabilities; and the actuarial present value of accumulated plan benefits at the beginning of the Plan year and accompanying notes. Actual results could differ from those estimates.

#### **Investment Valuation and Income Recognition**

Investments are reported at fair value except the investment contracts with insurance companies which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for a discussion of fair value measurements. Investment contracts with insurance companies are valued at contract value which represents the amount of contributions deposited, plus interest credited daily as determined by the contract, less any participant withdrawals and administrative expenses paid. Purchases and sales of securities are recorded as of the trade date. Interest income is recorded when earned. Dividend income is recorded on the ex-dividend date. The Plan presents, in the Statements of Changes in Net Assets Available for Benefits, the net appreciation (depreciation) of the fair value of its investments, which includes the Plan's gains and losses on investments bought and sold as well as held during the year.

#### **Actuarial Present Value of Accumulated Plan Benefits**

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, which are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to: (1) retired or terminated employees or their beneficiaries, (2) beneficiaries of employees who have died and (3) present employees or their beneficiaries. Benefits payable under all circumstances (retirement, death, disability and termination of employment) are included to the extent they are deemed attributable to employee service rendered to the valuation date. See Note 10 for the assumptions used in the actuarial valuation and further details.

#### **Payment of Benefits**

Benefit payments to participants or beneficiaries are recorded upon distribution.

## NOTES TO FINANCIAL STATEMENTS

AS OF AND FOR THE YEARS ENDED JUNE 30, 2024, AND 2023

### 2. Summary of Significant Accounting Policies

#### **Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

Plan contributions are made, and the actuarial present value of accumulated plan benefits are prepared based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption process, it is at least reasonably possible that changes in these estimates and assumptions in the near-term would-be material to the financial statements.

#### **Income Tax Status**

The Internal Revenue Service (“IRS”) has determined in an opinion letter dated March 31, 2018, that the volume submitter plan adopted by the School, qualifies under Section 401(a) of the Internal Revenue Code (“IRC”). The Plan has been amended since the date of the opinion letter but the School believes that the Plan currently is designed and being operated in compliance with the applicable requirements of the IRC. No provision for income taxes has been included in the financial statements since the Plan has no unrelated business income tax.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS or the Department of Labor (“DOL”). The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of June 30, 2024, and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by the DOL and the IRS; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to July 1, 2021.

## NOTES TO FINANCIAL STATEMENTS

AS OF AND FOR THE YEARS ENDED JUNE 30, 2024, AND 2023

### **2. Summary of Significant Accounting Policies**

#### **Subsequent Events**

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through February 13, 2026, which is the date the financial statements were available to be issued.

### **3. Funding Policy**

Contributions to provide benefits under the Plan are made solely by the School. The School's policy is to make cash contributions to the Plan in amounts determined by the Plan's actuary. The School made contributions to the Plan of \$575,000 and \$390,000 for the years ended June 30, 2024 and 2023, respectively.

The School has met the minimum funding requirements of ERISA for the years ended June 30, 2024 and 2023. Although it has not expressed any intention to do so, the School has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA (see Note 4).

### **4. Plan Termination**

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA, which it elected to do, effective December 15, 2024. As discussed in Note 1, there were sufficient assets to either distribute to requesting participants or to purchase annuities contracts from an insurance company to satisfy any remaining benefit obligations. There were excess funds which were transferred to Summit School 403(b) Plan since it was treated as a Qualified Replacement Plan.

### **5. Investments**

For the year ended June 30, 2024 and 2023, the Plan's investments appreciated (including gains and losses on investments bought and sold, as well as held during the year) in value by \$1,163,232 and \$802,529, respectively.

## NOTES TO FINANCIAL STATEMENTS

AS OF AND FOR THE YEARS ENDED JUNE 30, 2024, AND 2023

### 6. Fair Value Measurements

The Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2024 and 2023:

**Pooled separate accounts:** Valued at the net asset value (“NAV”) of units of the underlying insurance company maintained pooled separate account. The NAV, as provided by the Investment Custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund, less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

SUMMIT SCHOOL AT NYACK RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF AND FOR THE YEARS ENDED JUNE 30, 2024, AND 2023

**6. Fair Value Measurements**

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2024, and 2023:

	<b>2024</b>			
	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>	<b>Total</b>
Investments in the fair value hierarchy	\$ -	\$ -	\$ -	\$ -
Pooled separate accounts (a)				13,946,927
Investments, at fair value				\$ 13,946,927
	<b>2023</b>			
	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>	<b>Total</b>
Investments in the fair value hierarchy	\$ -	\$ -	\$ -	\$ -
Pooled separate accounts (a)				12,663,632
Investments, at fair value				\$ 12,663,632

(a) In accordance with ASC Subtopic 820-10, certain investments were measured at fair value using the NAV per share (or its equivalent) as a practical expedient and have not been classified in the fair value hierarchy above. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits. The primary investment strategy is to diversify via various mutual funds.

NOTES TO FINANCIAL STATEMENTS

AS OF AND FOR THE YEARS ENDED JUNE 30, 2024, AND 2023

**6. Fair Value Measurements**

**Fair Value of Investments in Entities that Use NAV**

The following table summarizes investments measured at fair value based on NAV as of June 30, 2024, and 2023, respectively:

<b>June 30, 2024</b>	<b>Fair Value</b>	<b>Unfunded Commitments</b>	<b>Redemption Frequency</b>	<b>Redemption Notice</b>
Principal Life Insurance Company Pooled Separate Accounts	\$13,946,927	N/A	Daily	12 months

<b>June 30, 2023</b>	<b>Fair Value</b>	<b>Unfunded Commitments</b>	<b>Redemption Frequency</b>	<b>Redemption Notice</b>
Principal Life Insurance Company Pooled Separate Accounts	\$12,663,632	N/A	Daily	12 months

**Changes in Fair Value Levels**

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the years ended June 30, 2024, and 2023, there were no purchases, issuances, transfers in or transfers out of Level 3.

**7. Related Party and Party-in-Interest Transactions**

The Plan's investments are managed by the Investment Custodian. As mentioned in Note 1, ELAINY was appointed as the administrative agent for the insurance contracts which the Plan has invested in and that were issued by TRLIC. Transactions with the Investment Custodian qualify as party-in-interest transactions. The above transactions are not considered prohibited transactions under CFR 408(b) of the ERISA regulations.

NOTES TO FINANCIAL STATEMENTS

AS OF AND FOR THE YEARS ENDED JUNE 30, 2024, AND 2023

**8. Unaudited Information Certified by the Plan’s Investment Custodian**

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-5(c) of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan’s independent auditors not to perform any auditing procedures with respect to the following information which was certified by the Investment Custodian, as complete and accurate, except for comparing such information certified by the Investment Custodian to information included in the Plan’s financial statements and supplemental schedules:

<b>As of June 30:</b>	<b>2024</b>	<b>2023</b>
Investment, at fair value	\$ 13,946,927	\$ 12,663,632
Total investments	\$ 13,946,927	\$ 12,663,632

<b>For the years ended June 30:</b>	<b>2024</b>	<b>2023</b>
Investment income:		
Net appreciation of the fair value on the investments	\$ 1,163,232	\$ 802,529
Interest income	-	46,732
Total investment income	\$ 1,163,232	\$ 849,261

In addition, the information in the supplemental Schedule of Assets (Held at End of Year) as of June 30, 2024, has been certified by Principal to be complete and accurate.

**9. Actuarial Present Value of Accumulated Plan Benefits**

The actuarial present value of accumulated plan benefits is determined by an actuary and is that amount that results from applying actuarial assumptions. The computation uses assumptions reflecting the time value of money (through discounting based on anticipated investment income) and the probability of payments (through assumptions for withdrawals and mortality) for the interval between the valuation date and the expected payment date. The actuarial present value of accumulated plan benefits information as of the beginning of the Plan year is as follows:

	<b>July 1, 2023</b>
Vested accumulated benefits:	
Participants and beneficiaries currently receiving benefits	\$ 3,309,974
Participants and beneficiaries entitled to deferred benefits	2,016,167
Other participants	5,348,409
Total vested benefits	10,674,550
Non-vested accumulated benefits	127,562
Total actuarial present value of accumulated plan benefits	<b>\$ 10,802,112</b>
Changes in accumulated plan benefits:	
Actuarial present value of accumulated plan benefits as of July 1, 2022	\$ 10,083,939
Increase (decrease) during the year attributable to:	
Change in discount period	596,660
Benefit payments	(261,232)
Benefits accumulated and other	335,105
Change in actuarial assumptions	47,640
Net increase	718,173
Actuarial present value of accumulated plan benefits as of July 1, 2023	<b>\$ 10,802,112</b>

SUMMIT SCHOOL AT NYACK RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF AND FOR THE YEARS ENDED JUNE 30, 2024, AND 2023

**9. Actuarial Present Value of Accumulated Plan Benefits**

The significant actuarial assumptions used in the valuation of the actuarial present value of accumulated plan benefits as of July 1, 2023, are as follows:

<b>Valuation Method:</b>	Actuarial Cost Method
<b>Mortality Table:</b>	Pre-retirement and post Retirement mortality in accordance with 2023 Mortality Tables prescribed by the IRS under Section 430(h)(3) for Annuitants and Non-Annuitants Combined, Males and Females, respectively.
<b>Discount Rate:</b>	6.00%
<b>Normal Retirement Age:</b>	65 and completion of 5 years of participation
<b>Asset Valuation:</b>	Fair market value of Plan assets

The foregoing actuarial assumptions from the valuation of the actuarial present value of accumulated Plan benefits as of July 1, 2023 (“Valuation Date”), are based on the presumption that the Plan will continue. Were the Plan to terminate as of the Valuation Date, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated Plan benefit.

## Summit School at Nyack Retirement Plan

EIN: 11-2167091 PN: 002

### Schedule SB, Part V – Statement of Actuarial Assumptions/Methods

---

---

## Actuarial Basis

### A. Funding Method

The valuation method is the actuarial cost method prescribed under Section 430 of the Internal Revenue Code.

Under this method, the following terms are used:

The Funding Target is the sum of the present value of all benefits accrued or earned under the plan as of the beginning of the plan year.

The Applicable Funding Target is equal to the Funding Target multiplied by the applicable transition percentage under the Worker, Retiree, and Employer Recovery Act of 2008.

The Target Normal Cost is the sum of the present value of all benefits which are expected to accrue or be earned under the plan during the plan year.

The Carryover Balance maintained by the plan was set equal to the Credit Balance, if any, in the Funding Standard Account as of the final day of the 2007 plan year. It is decreased when used to reduce the minimum required contribution in succeeding plan years. The unused portion is adjusted to reflect the rate of return on plan assets in those succeeding plan years.

The Prefunding Balance is the accumulation of discounted contributions in excess of the minimum funding requirement for 2008 and later plan years. It is decreased when used, and adjusted for return on plan assets, similarly to the Carryover Balance.

The Funding Shortfall is equal to the Funding Target, less the Actuarial Value of Assets, reduced by the Prefunding Balance and the Carryover Balance.

The Adjusted Funding Shortfall is equal to the Applicable Funding Target, less the Actuarial Value of Assets, reduced by the Prefunding Balance and the Carryover Balance.

A Shortfall Amortization Base is established for a plan year equal to the Adjusted Funding Shortfall less the present value of the existing Shortfall Amortization Installments and Waiver Amortization Installments, if any. Under some circumstances, no Shortfall Amortization Base may need to be established and/or prior Shortfall Amortization Bases may be eliminated.

A Shortfall Amortization Installment is the amount necessary to amortize the Shortfall Amortization Base over the 7-plan-year period beginning with the plan year it is established. Under the Preservation of Access to Care for Medicare Beneficiaries and Pension Relief Act of 2010, an extended amortization period may be elected by the plan sponsor for certain plan years. Effective with the 2021 plan year, the American Rescue Plan Act (ARPA) allows the plan sponsor to eliminate all prior amortization installments and reamortize the Funding Shortfall over a period of 15 years. A 15-year period will then be used for any new Shortfall Amortization Installments established in future plan years. The sponsor may choose to reamortize in the 2020 or 2021 plan years but must do so by the 2022 plan year.
