Independent Auditor's Report

To the Administrative Committee of Delaware Supermarkets Retirement Plan
Wilmington, Delaware

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Delaware Supermarkets Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of July 29, 2024 and December 31, 2023, and the related statements of changes in net assets available for benefits for the short-year and year then ended, respectively, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Delaware Supermarkets Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of July 29, 2024 and December 31, 2023, and for the short-year and year then ended, respectively, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued on next page)

Independent Auditor's Report (Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Delaware Supermarkets Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Plan Merger and Shortened Period

As further discussed in Note 10 to the financial statements, the administrative committee of the Plan approved the merger of the Plan into the Peppermint Pooled Employer Plan - 001, effective July 29, 2024, which resulted in the termination of the Plan as a separate reporting entity and a shortened plan year ending July 29, 2024 being presented in these financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Delaware Supermarkets Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

(Continued on next page)

Independent Auditor's Report (Continued)

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

In performing an audit in accordance with Generally Accepted Auditing Standards, we:

Exercise professional judgment and maintain professional skepticism throughout the audit.

Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Delaware Supermarkets Retirement Plan's internal control. Accordingly, no such opinion is expressed.

Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Delaware Supermarkets Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

The following description of the Delaware Supermarkets (the "Company") Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering eligible employees of Delaware Supermarkets, Inc. (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Administrative Committee of the Plan is responsible for oversight of the Plan.

Investment options: Upon enrollment in the Plan, a participant may direct both employee and employer contributions into any of the investment funds offered by the Plan's trustee, Ascensus Trust. Participants may change their investment options at any time. The investment advisor determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Administrative Committee.

Contributions: Amounts are to be contributed to the Plan by the employees through payroll withholdings of eligible earnings, as defined in the Plan, not to exceed a specified limit imposed by the Internal Revenue Service. Catch-up contributions are allowed if the employee has attained age 50 before the end of the Plan year. The Company will make matching contributions equal to 100% of an employee's elective deferrals. Elective deferrals in excess of 6% of eligible earnings will not be matched. The Company may also make a discretionary profit sharing contribution, if it so desires. There were no discretionary profit sharing contributions to the Plan in 2024 and 2023. Participants are allowed to make rollover contributions to their accounts from other qualified retirement plans. The Plan does not currently include an autoenrollment provision. Contributions are subject to certain IRS statutory limitations.

Participant accounts: Each participant's account is credited with the participant's elective deferral contribution, the Company's matching contribution, an allocation of the Company's discretionary profit sharing contribution (if applicable), and an allocation of Plan earnings. Participants are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the company's matching contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.

NOTES TO FINANCIAL STATEMENTS - ContinuedNOTE 1. Description of the Plan - continued

Notes receivable from participants: Participants may borrow from their fund accounts up to a maximum amount equal to the lesser of \$50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account and bear interest at a rate determined by the plan administrator. The interest rate must be a reasonable one based on the prevailing rates charged by persons in the business of lending money for loans which would be made under similar circumstances. Principal and interest are repaid in level payments over a period not extending beyond five years and with a frequency not less than quarterly, generally through payroll deductions.

Payment of Benefits: On termination of service due to death, disability, retirement, or any other reason, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, periodic partial payments, or regularly scheduled installment payments. Participants may also request in-service withdrawals if certain age and eligibility requirements are met. Additionally, upon proof to the satisfaction of the plan administrator, of an immediate and heavy financial need, amounts contributed via participant deferrals may be withdrawn for a hardship purpose.

Forfeited Accounts: At July 29, 2024 and December 31, 2023, forfeited nonvested accounts totaled \$-0- and \$-0-, respectively. These accounts will be used to reduce future employer contributions or to pay administrative expenses of the plan. Administrative expenses of \$-0- and \$-0- were paid from forfeited nonvested accounts in 2024 and 2023, respectively. Employer contributions were reduced by \$-0- and \$-0- from forfeited nonvested accounts in 2024 and 2023, respectively.

NOTE 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent events: The Plan has evaluated subsequent events through October 15, 2025, the date the financial statements were available to be issued.

Investment valuation and income recognition: Investments are valued at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisor, trustee, and insurance company. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Earnings on investments includes the Plan's gains and losses on investments bought and sold as well as held during the year, and interest and dividend income, net of investment advisory fees paid by the plan.

NOTES TO FINANCIAL STATEMENTS - ContinuedNOTE 2. Summary of Significant Accounting Policies - continued

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of July 29, 2024 or December 31, 2023. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits: Benefits are recorded when paid.

Administrative Expenses: Certain expenses of maintaining the Plan are paid by the plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees paid by the plan to a third party administrator related to the general administration of the plan as well as fees paid by the plan to an accounting firm related to the annual audit of the plan are allocated to participant accounts as defined in the Plan, and are classified as administrative expenses. Investment advisory fees are paid by the plan and allocated to participant accounts as defined in the Plan, and are included in earnings on investments.

NOTE 3. Tax Status

The Plan has received a determination letter from the IRS dated June 30, 2020, stating that the pre-approved plan adopted by the Plan is qualified under the IRC Section 401(a). The plan administrator and the Plan's tax counsel believe the Plan, which adopted that pre-approved plan, was thus qualified under IRC Section 401(a) and the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. Although the pre-approved plan and the Plan have since been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan is qualified, and the related trust is tax-exempt as of the date of these financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS and state taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows.

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets the Plan has the ability to access.

NOTES TO FINANCIAL STATEMENTS - ContinuedNOTE 4. Fair Value Measurements - continued

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at July 29, 2024 and December 31, 2023.

Mutual funds: The Plan's investments in mutual funds, including money market funds, are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of July 29, 2024 and December 31, 2023.

	<u>Assets at Fair Value as of July 29, 2024</u>		
	<u>Level 1</u>	<u>Level 2</u>	<u>Total</u>

NOTES TO FINANCIAL STATEMENTS - ContinuedNOTE 5. Information Prepared and Certified by Trustee

The Plan has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, all information related to investments and notes receivable from participants disclosed in the accompanying financials statements and supplemental schedule, including investments and notes receivable from participants held at July 29, 2024 and December 31, 2023, as well as earnings on investments for the short-year ended July 29, 2024 and the year ended December 31, 2023, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Ascensus Trust (the trustee of the Plan).

NOTE 6. Plan Termination

The Plan was terminated, effective July 29, 2024, as a result of the Plan's merger into a successor plan. See Note 10. All eligible participants of the Plan were eligible to participate in the successor plan and their account balances were transferred in full to that plan on July 29, 2024.

Prior to the merger, the Company, in accordance with plan provisions, had the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination for reasons other than a merger, participants would have become 100% vested in their employer contributions.

NOTE 7. Party-in-Interest Transactions

As described in Note 1 and Note 2, the Plan paid certain expenses to service providers related to plan administration and investment advisory services. These transactions are party-in-interest transactions under ERISA.

NOTE 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS - ContinuedNOTE 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at July 29, 2024 and December 31, 2023, to Form 5500:

Changes in net assets available for benefits per the Form 5500	<u>\$ (8,348,974)</u>	<u>\$ 1,315,683</u>

NOTE 10. Plan Merger and Its Effect on Comparability of Financial Information.

With the approval of the administrative committee of the Plan, the Plan was merged into the Peppermint Pooled Employer Plan - 001, a successor plan, effective July 29, 2024, which resulted in the termination of the Plan as a separate reporting entity. All assets and liabilities of the Plan were transferred to the successor plan on July 29, 2024. No further activity is expected under the Plan. As a result, the current year reflects a shortened reporting period. The accompanying financial statements present the operations of the Plan for the period from January 1, 2024 through July 29, 2024 (the "short-year"), and the full calendar year ended December 31, 2023 for comparative purposes. Due to the difference in reporting periods, direct comparison between the current and prior year results may not be meaningful. Users of these financial statements should consider the impact of the shortened period when evaluating year-over-year changes.
