INDEPENDENT AUDITOR'S REPORT

To the Trustees, Participants and Beneficiaries
W. T. Byler Co., Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of W. T. Byler Co., Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of May 16, 2025 (in liquidation), and the related statement of changes in net assets available for benefits for the period then ended (in liquidation), and the statement of net assets available for benefits as of December 31, 2024 (ongoing), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of W. T. Byler Co., Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution, Ameritas Life Insurance Corp., as of and for the period ended May 16, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of W. T. Byler Co., Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Plan Termination and Liquidation Basis of Accounting

As discussed in Note 1 to the financial statements, the Plan trustees of W. T. Byler Co., Inc. 401(k) Plan approved a plan of liquidation on January 9, 2025, and management determined that liquidation was imminent. Final distributions have been determined based on all participants being 100% vested and were made as of May 16, 2025. As a result, the Plan has changed its basis of accounting from going concern basis used in presenting the 2024 financial statements to the liquidation basis used in presenting the 2025 financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks.

Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of W. T. Byler Co., Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

W.T. BYLER CO., INC. 401(k) PLAN
Notes to the Financial Statements
May 16, 2025

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the W.T. Byler Co., Inc. (the "Company") 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Plan Termination

The Plan trustee terminated the Plan as of January 9, 2025. The Plan termination is subject to the provisions of ERISA. The Plan discontinued its contributions as of January 9, 2025, and all participants became 100% vested in their accounts. All benefits were distributed to participants or transferred to designated financial institutions per participant instructions. The final distributions were made as of May 16, 2025.

General

The Plan for the Company was amended and restated effective October 21, 2021. This amendment and restatement bring the Plan into compliance with current legislative and regulatory changes. The original Plan was adopted effective September 15, 2001. The Plan is a salary deferral plan covering all full-time employees of the Company or other participating employers within the controlled group of affiliated employers. The full-time employees must have one year of service and be age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan remains a Safe Harbor Plan, as previously amended and restated effective January 1, 2016.

Administration

The Plan is administered by the Company. Certain expenses of maintaining the Plan are paid by the Company and are therefore excluded from these financial statements.

Contributions

Participants may elect to contribute an amount up to 100% of eligible pre-tax compensation, not to exceed the limits of the Internal Revenue Code (IRC). Participants direct the investment of their contributions into various investment options offered by the Plan.

The plan includes a Safe Harbor matching contribution based on a basic match of 100% of the participant's salary deferral contributions up to the first 3% of a participant's compensation plus 50% of the participant's salary deferral contributions up to the next 2% of compensation. The Plan trustees may also approve discretionary profit sharing or additional matching contributions to participants who are employed on the last day of the year. For the period ended May 16, 2025, the Plan trustees made no discretionary matching or profit-sharing contributions above the Safe Harbor match.

Forfeited Amounts

During the period ended May 16, 2025 and the year ended December 31, 2024, there were no forfeitures.

NOTE 1 – DESCRIPTION OF THE PLAN - (continued)

Participant Accounts

Each participant's account is credited with the participant's contribution and earnings (losses) on those contributions. Each account is also credited by the Company's contribution and earnings (losses) on the Company's contribution. Each account is also charged with an allocation of fees and fee credits. Expense allocations are based on participant earnings and account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their contributions (deferrals) plus actual earnings thereon. For all safe harbor contributions, the participant is also immediately 100% vested. Vesting in the Company's discretionary match over the safe harbor match and profit-sharing contributions plus actual earnings thereon is based on years of continuous service. Subject to the Break in Service rules, a former employee is reinstated as an eligible participant immediately upon rehire, if the employee had satisfied the Plan's age and service requirements prior to termination of employment. A participant is 100% vested after four years of credited service. An employee earns a vesting year of service in each year in which the employee completes 1,000 hours of service or per the Plan if hours are not available. The non-vested balance is forfeited upon termination of service. For the period ended May 16, 2025, all participants became 100% vested in their accounts due to Plan termination.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions in varying increments to any of the investment options offered by the Plan custodian. Additional investment information is available from the Plan custodian.

Payments of Benefits

Account balances in excess of \$5,000: On termination of service due to death, disability, or retirement, a participant or beneficiary may receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account or substantially equal installments as permitted by the plan.

Account balances of \$5,000 or less: On termination of service due to death, disability, or retirement, a participant or beneficiary will receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting. Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

W.T. BYLER CO., INC. 401(k) PLAN
Notes to the Financial Statements
May 16, 2025

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (continued)

Investment Valuation and Income Recognition

Investments are reported at fair value except for fully benefit-responsive investment contracts, which are reported at contract value, see Note 8. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Plan Fees and Administrative Expenses

Plan fees and administrative expenses are generally paid by the Plan, unless paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Certain transactional fees are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are generally included within net investment earnings.

Subsequent Events

Management has evaluated subsequent events through February 19, 2026, which is the date that the financial statements were available for issuance. As a result of this evaluation, no changes were identified that are required to be disclosed or would have an impact on reported net assets available for benefits or changes in net assets available for benefits.

New Accounting Pronouncements

The Company considered the applicability and impact of all accounting standards updates (ASU's) issued by the Financial Accounting Standards Board (FASB). Most ASU's were assessed and determined to be either not applicable or are expected to have minimal impact on the financial position and results of operations of the Company.

NOTE 3 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

W.T. BYLER CO., INC. 401(k) PLAN

NOTE 4 – TAX STATUS

The IRS has determined the Volume Submitter Profit Sharing Plan, used by W.T Byler Co., Inc 401(k) Plan, is acceptable under section 401 of the Internal Revenue Code for use by employers for the benefit of their employees by a letter dated June 30, 2020. The Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan is identified as a Volume Submitter Profit Sharing Plan and was restated effective October 21, 2021 to be identical to the Volume Submitter Profit Sharing Plan receiving the determination letter. The Plan trustees and the Plan custodian believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan trustees have analyzed the tax positions taken by the Plan, and has concluded that as of May 16, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Plan management believes it is no longer subject to income tax examinations for years prior to 2022.

NOTE 5 – INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN (Unaudited)

The Plan trustees have elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA of 1974. Accordingly, Ameritas Life Insurance Corp., the Plan custodian of the Plan, has certified to the completeness and accuracy of the following information included in the financial statements as of May 16, 2025 and December 31, 2024, and for the year ended period ended May 16, 2025:

	May 16, 2025	December 31, 2024
Pooled separate accounts, at fair value	\$ -	\$ 14,670,080
Guaranteed investment contract, at contract value	\$ -	\$ 603,139
Net depreciation in fair value of investments	\$ (636,406)	n/a
Interest income	\$ 2,434	n/a
Plan fees and administrative expenses	\$ (10,365)	n/a

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements.

Notes to the Financial Statements

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan. Certain Plan investments are managed by Ameritas Life Insurance Corp., the Plan custodian and record-keeper of the Plan. The Plan's participants paid \$10,365 in administration fees to Ameritas Life Insurance Corp. during the period ended May 16, 2025.

The Company paid certain administrative expenses of the Plan, including recordkeeping and audit fees. Two officers of the Company are the Plan trustees as defined by the Plan and therefore qualify as parties-in-interest to the Plan. There were no fees paid by the Plan for trustee services for the period ended May 16, 2025 and the year ended December 31, 2024.

NOTE 7 – FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under this framework are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quotes prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level with the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used as of May 16, 2025 and December 31, 2024.

W.T. BYLER CO., INC. 401(k) PLAN
Notes to the Financial Statements
May 16, 2025

NOTE 7 – FAIR VALUE MEASUREMENTS - (continued)

Pooled separate accounts: These investments are purchased and held by the Third-Party Administrator (TPA) as directed by the participant in the plan. These investments are public investment vehicles valued using the net asset value (NAV) provided by the Plan custodian of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within level 1 of the valuation hierarchy.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of May 16, 2025 and December 31, 2024. As the Plan was terminated and all assets were distributed by May 16, 2025, the Plan held no investments at fair value as of that date.

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
<u>May 16, 2025</u>				
Pooled separate accounts	\$ -	\$ -	\$ -	\$ -
Total investments	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>
<u>December 31, 2024</u>				
Pooled separate accounts	\$ 14,670,080	\$ 14,670,080	\$ -	\$ -
Total investments	<u>\$ 14,670,080</u>	<u>\$ 14,670,080</u>	<u>\$ -</u>	<u>\$ -</u>

In regards to the classification of investment options offered by the Plan, there were no reclassifications in or out of levels 1, 2, or 3 during the period ended May 16, 2025. The nature, risks, and investment objectives of the investments for which fair value is estimated using the NAV as a practical expedient can be found in the Plan's enrollment literature. These investments can be redeemed immediately and without a redemption notification period. As of May 16, 2025, there were no unfunded commitments associated with any of these investments.

NOTE 8 – INVESTMENT CONTRACT WITH INSURANCE COMPANY

As of May 16, 2025 and December 31, 2024, the Plan held assets of \$0 and \$603,139, respectively, in a fully benefit-responsive investment contract with Ameritas Life Insurance Corp. Ameritas Life Insurance Corp. maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

W.T. BYLER CO., INC. 401(k) PLAN
Notes to the Financial Statements
May 16, 2025

NOTE 8 – INVESTMENT CONTRACT WITH INSURANCE COMPANY - (continued)

The average yield for the Ameritas Guaranteed Account for the year ended December 31, 2024 was 3.47%. The weighted average interest crediting rate, as of December 31, 2024 was 3.29%. The new deposit rate as of January 1, 2025 has a guaranteed rate of 4.30%.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for the portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Ameritas Life Insurance Corp., represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligation may be affected by future economic and regulatory developments.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 0%. Such interest rates are reviewed on an annual basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Company or other Company events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA. The Plan trustees do not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

In addition, certain events allow the contract issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Examples of such events include the following: (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreements without the consent of the contract issuer.
