Report of Independent Auditors

To the Participants and Trustees of
International Union of Operating Engineers Local 399
Health Reimbursement Account Plan

Opinion

We have audited the financial statements of International Union of Operating Engineers Local 399 Health Reimbursement Account Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of May 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of International Union of Operating Engineers Local 399 Health Reimbursement Account Plan as of May 31, 2025 and 2024, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Responsibilities of Management for the Financial Statements (continued)

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit;
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements;
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed;
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements; and
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Health Reimbursement Account Plan**

Notes to Financial Statements

May 31, 2025 and 2024

Note 1. Summary of Significant Accounting Policies

Method of Accounting - The accompanying financial statements of International Union of Operating Engineers Local 399 Health Reimbursement Account Plan (the Plan) have been prepared using the accrual basis of accounting.

Investments - The investments of the Plan are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell that asset (or paid to transfer a liability) in an orderly transaction between market participants at the measurement date (the exit price). Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Purchases and sales of the investments are reflected on a trade-date basis.

Dividend income is recorded on the ex dividend date. Interest income is recorded on the accrual basis.

Contributions Receivable - Employer contributions due but not received at year end are recorded as contributions receivable. Employer contributions due as determined by payroll compliance audits are recognized upon settlement with the employer. Delinquent amounts are not considered to be material. Therefore, an allowance for uncollectible amounts is considered unnecessary and has not been provided.

Employer Contribution Income - Employer contributions are recognized in the period in which covered work is performed, based on the number of eligible participants and the contribution rates set forth in the collective bargaining agreement. Employers are required to remit contributions monthly. The Plan carries out its purpose as described in Note 2 within a jurisdiction located in certain counties in the states of Illinois and Indiana.

Payment of Benefits - Benefits paid to participants are recorded upon distribution. There were no benefits approved but not yet paid at either May 31, 2025 or 2024.

Expenses - Certain investment related expenses are included in net appreciation in fair value of investments.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

Note 1. Summary of Significant Accounting Policies (continued)

Subsequent Events - Subsequent events have been evaluated through February 11, 2026, which is the date the financial statements were available to be issued.

Note 2. Description of the Plan

The Plan was established on June 1, 2014, as a result of collective bargaining agreements between International Union of Operating Engineers Local 399 and various employers. The Plan is a multiemployer defined contribution welfare plan, subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan is a retiree-only health reimbursement arrangement (HRA) account plan established for the purpose of helping retirees defray the cost of retiree healthcare coverage.

Individuals whose employer made contributions on their behalf to the Plan while an active employee are eligible to receive benefits under the Plan upon becoming eligible for a retirement benefit from Central Pension Fund of the International Union of Operating Engineers (the Central Pension Fund). If the retiree is not a participant in the Central Pension Fund, the retiree must be at least age 55 with either ten years of eligibility under International Union of Operating Engineers Local 399 Health and Welfare Trust (the Welfare Fund) or ten years of employment with a collectively bargained employer; at least age 65 with either five years of eligibility under the Welfare Fund or five years of employment with a collectively bargained employer; or a recipient of disability benefits from the Social Security Administration and eligible for at least 15 years of eligibility under the Welfare Fund or employed for at least 15 years by a collectively bargained employer.

Individual accounts are established and maintained for each participant on whose behalf an employer contribution is made to the Plan. Participants are not vested in the contributions made on their behalf, and their available balance may be used only when eligibility requirements are met, provided the amounts are used for covered expenses, which are described under current provisions of the Plan to be premiums that are related to the Consolidated Omnibus Budget Reconciliation Act (COBRA), spouse employer-sponsored group health care plan, Medicare supplement plans, Medicare Part D prescription drug plans and individual health care plans including plans purchased through an Affordable Care Act exchange. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Retiree accounts will be forfeited if the retiree does not meet the eligibility requirements and there have been no employer contributions for the past three years or if an eligible retiree has made no withdrawals for covered premium expenses for the past five years. Forfeitures during the years ended May 31, 2025 and 2024 totaled \$359,586 and \$235,285 respectively. Amounts forfeited are available to pay the administrative costs of the Plan.

Note 2. Description of the Plan (continued)

In October 2023, the Trustees adopted a policy providing for the allocation of investment earnings or losses and forfeitures to participant accounts. The net earnings, losses, appreciation, depreciation and forfeitures (collectively, "accumulated earnings") are allocated to participant accounts in the ratio of the value of the participant's account balance to the total value of all assets of the Plan as of the valuation date (May 31). In order to mitigate investment volatility, the Plan will also establish a "loss buffer" to be utilized to restore any negative accumulated earnings until the point that the loss buffer is exhausted. In each Plan year that the Plan has positive accumulated earnings, 10% of the accumulated earnings will be allocated to the loss buffer. Allocations to the loss buffer will cease once the value of the loss buffer has reached the expected loss in a one-year period in the 90th percentile as calculated annually by the investment consultant. Included in net assets available for benefits are unallocated amounts reserved for purposes of the loss buffer totaling approximately \$1,219,000 and \$689,000 at May 31, 2025 and 2024, respectively.

Participants should refer to the summary plan description for more complete information.

Note 3. Priorities upon Termination

It is the intent of the Trustees to continue the Plan in full force and effect; however, to safeguard against any unforeseen contingencies, the right to discontinue the Plan is reserved to the Trustees. In the event of termination, the Trustees shall first satisfy or make provisions to satisfy the obligations of the Plan. Any remaining Plan assets will be distributed in such manner as will, in the opinion of the Trustees, bring about the purpose of the Plan. Termination shall not permit any part of the Plan to be used for or diverted to purposes other than the exclusive benefit of the participants.

Note 4. Tax Status

The Plan has obtained a notice of exemption in which the Internal Revenue Service stated that the trust established under the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the notice of exemption. The Plan's administrator and the Plan's legal counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. They therefore believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require the Plan to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5. Funding Policy

The Plan is primarily funded by employer contributions. Participating employers contribute such amounts as specified in their collective bargaining agreements. The monthly contribution rate ranged from \$147 to \$199 for the years ended May 31, 2025 and 2024.

Note 6. Concentrations

As of May 31, 2025 and 2024, the Plan held units in the Vanguard Total Stock Market Index Fund and the Vanguard Total International Stock Index Fund with fair values totaling \$35,431,064 and \$26,813,726 respectively, which represented approximately 58% and 59% of net assets available for benefits at May 31, 2025 and 2024, respectively. It is reasonably possible that changes in the values of these investments could materially affect the amounts reported in the statements of net assets available for benefits.

Contributions from two employers accounted for approximately 30% of employer contributions during each of the years ended May 31, 2025 and 2024. In the event these employers suspend contributions, the Plan would terminate coverage to the employers' participants as required under the Plan document. The Plan would retain the risk of meeting current fixed administrative expenses until the appropriate adjustments were made.

The Plan places its cash balances with a financial institution deemed to be creditworthy. Balances are insured by the FDIC up to \$250,000. At May 31, 2025, the Plan's cash exceeded federally insured limits by approximately \$2,541,000.

Note 7. Fair Value Measurements

The *Fair Value Measurements and Disclosures* Topic of the FASB Accounting Standards Codification established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The following describes the three levels of the fair value hierarchy.

Basis of Fair Value Measurement

- | | |
|---------|---|
| Level 1 | Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities |
| Level 2 | Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly |
| Level 3 | Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable |

Note 7. Fair Value Measurements (continued)

As required, assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's investments in mutual funds are classified within Level 1 of the fair value measurements hierarchy. The fair values of the mutual funds are determined by reference to the funds' underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds are traded on national securities exchanges and are valued at the net asset value as of the last business day of each period presented.

Note 8. Related Organizations

The Plan is related to a local union, a welfare plan, a savings plan, a defined contribution retirement plan and a training fund.

Shared Operating Costs

The Plan shares office facilities, equipment and staff with the related welfare plan, for which costs are reimbursed. The Plan's portion of shared administrative expenses for the years ended May 31, 2025 and 2024 was \$82,908 and \$103,569 respectively. At May 31, 2025 and 2024, the Plan owed the related welfare plan \$21,098 and \$48,216 respectively, for amounts related to these shared expenses.

Contributions

In addition, the related welfare plan initially receives contributions on behalf of the Plan. At May 31, 2025, the Plan owed \$22,232 in contributions to the related welfare plan. At May 31, 2024, contributions due from the related welfare plan totaled \$817,375 for amounts received during May 2024 and remitted to the Plan in June 2024.

Note 9. Party-in-Interest Transactions

The Plan pays fees and expenses under several arrangements with service providers and affiliated entities, and receives contributions from employers under the terms of collective bargaining agreements. These transactions are considered exempt party-in-interest transactions under ERISA.

Report of Independent Auditors on Supplemental Schedules

To the Participants and Trustees of
International Union of Operating Engineers
Local 399 Health Reimbursement Account Plan

We have audited the financial statements of International Union of Operating Engineers Local 399 Health Reimbursement Account Plan (the Plan) as of and for the years ended May 31, 2025 and 2024, and our report thereon dated February 11, 2026, which expressed an unmodified opinion on those financial statements, appears on pages 1 and 2. Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. Supplemental Schedules 1 and 2 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
