Independent Auditor's Report

Plan Administrator
Frontier Fire Protection 401(k) Profit Sharing Plan
Denver, Colorado

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Frontier Fire Protection 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of March 6, 2023 and December 31, 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the period ended March 6, 2023 and the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the “Auditor’s Responsibilities for the Audit of the Financial Statements” section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Except as described in the “Scope and Nature of the ERISA Section 103(a)(3)(C) Audit” of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan’s internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Frontier Fire Protection 401(k) Profit Sharing Plan
Notes to Financial Statements
March 6, 2023 and December 31, 2022

Note 1. Description of the Plan

General

The following description of Frontier Fire Protection 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

The Plan was a defined contribution plan sponsored by Frontier Fire Protection, LLC (the Company) for the benefit of its employees who are age 18 or older and have completed one month of service, as defined. The Plan was subject to provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Ascensus Trust Company was the trustee of the Plan.

Effective January 1, 2023, the Plan adopted the provisions of the SuccessWise Pooled Employer Plan. All assets were transferred to the custodian of that plan on March 6, 2023.

Contributions

Eligible participants could elect to have a portion of their pre-tax compensation, as defined, deferred and contributed to the Plan. Participants could contribute up to 100% of their eligible compensation, subject to IRS limitations. Employee rollover and Roth contributions are also permitted. Participants who had attained age 50 before the end of the plan year were eligible to make catch-up contributions.

After completing one month of service and attaining the age of 18, participants were eligible for employer matching contributions. The Company made matching contributions equal to 100% of each participant's contributions limited to participant contributions on the first 3% of eligible compensation. The Company then made matching contributions equal to 50% of each participant's contributions limited to participant contributions between 3% and 5% of eligible compensation.

After completing one month of service and attaining the age of 18, participants were also eligible for employer discretionary profit-sharing contributions. No discretionary profit-sharing contributions were made for the period ended March 6, 2023 and the year ended December 31, 2022.

Participant Investment Account Options

Investment account options available included various funds. Each participant had the option of directing his or her contributions, as well as the employer's contributions, into any of the separate investment accounts.

Participant Accounts

Each participant's account was credited with the participant's contribution, the Company's contributions, if any, and plan earnings and was charged with an allocation of administrative expenses. Allocations were based on participant earnings or account balances, as defined. The benefit to which a participant was entitled was the benefit that can be provided from the participant's vested account.

Vesting

Participants were immediately vested in their voluntary contributions and employer matching contributions plus earnings thereon. Vesting in the Company's profit-sharing contribution portion of their accounts plus earnings thereon was based on years of continuous service. A participant was fully vested after six years of continuous service.

Frontier Fire Protection 401(k) Profit Sharing Plan
Notes to Financial Statements
March 6, 2023 and December 31, 2022

Notes Receivable from Participants

Participants could borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans were secured by the balance in the participant's account and bear interest at rates that were commensurate with market rates for similar loans. All loans were covered by demand notes and were repayable through payroll deductions.

Payment of Benefits

Upon termination of service, a participant could elect to receive either a lump-sum distribution, installment payments or a direct rollover to another qualified retirement plan, as defined, in an amount equal to the value of the participant's vested interest in his or her account. In certain circumstances, participant could also take distributions from the Plan upon attainment of age 59-½.

Forfeited Accounts

Participant forfeitures of employer profit-sharing contributions were used to offset future employer matching and profit-sharing contributions. No forfeitures were used in 2023 or 2022.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes in net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability.

Purchases and sale of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Frontier Fire Protection 401(k) Profit Sharing Plan
Notes to Financial Statements
March 6, 2023 and December 31, 2022

Plan Tax Status

The Plan operated under a nonstandardized adoption agreement in connection with a prototype retirement plan and trust/custodial document sponsored by Ascensus. This prototype plan document was been filed with the appropriate agency. The Plan did not obtained or requested a determination letter. However, the plan administrator believes that the Plan was designed and operated in compliance with the applicable requirement of the Internal Revenue Code and that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Payment of Benefits

Benefit payments to participants were recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion.

Note 3. Certification of Plan Insurance Company and Custodian

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Ascensus, as agent for Ascensus Trust Company, the trustee of the Plan, has certified the following investment information included in the accompanying financial statements and is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of March 6, 2023 and December 31, 2022
- Investment income (loss) and interest income from notes receivable from participants as shown in the statements of changes in net assets available for benefits for the period from January 1, 2023 through March 6, 2023 and for the year ended December 31, 2022

The Plan's independent auditors did not perform auditing procedures with respect to this certified investments information, except for comparing such certified investment information to the related information included in the financial statements.

Note 4. Related-party and Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee received compensation from the Plan. Some administrative expenses of the Plan are paid directly by the employer. Ascensus Trust Company and Ascensus are service providers to the Plan and, therefore, these transactions and the Plan's payment of fees to Ascensus Trust Company and Ascensus qualify as party-in-interest transactions. Notes received from participants also reflect party-in-interest transactions.

Frontier Fire Protection 401(k) Profit Sharing Plan
Notes to Financial Statements
March 6, 2023 and December 31, 2022

Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The Company directly pays other fees related to the Plan's operations.

Note 5. Fair Value of Plan Assets and Liabilities

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. The hierarchy comprises three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities

Recurring Measurements

The following tables present the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2022. There were no assets held by the Plan as of March 6, 2023.

	2022			
	Fair Value	Fair Value Measurements Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	\$ 4,118,718	\$ 4,118,718	\$ -	\$ -
Money market	10,187	10,187	-	-
Total assets in the fair value hierarchy	<u>\$ 4,128,905</u>	<u>\$ 4,128,905</u>	<u>\$ -</u>	<u>\$ -</u>

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. There were no Level 2 or Level 3 securities.

Note 6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 7. Subsequent Events

Subsequent events have been evaluated through February 20, 2026, which is the date the financial statements were available to be issued.
