INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
Sunshine Village Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Sunshine Village Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of June 30, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Sunshine Village Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended June 30, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Sunshine Village Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Sunshine Village Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Sunshine Village Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Sunshine Village Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of June 30, 2025 and Schedule of Delinquent Participant Contributions for the year ended June 30, 2025 are presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SUNSHINE VILLAGE RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2025 AND 2024

1. PLAN DESCRIPTION:

General

The following description of the Sunshine Village Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan established in May 2009 to provide benefits to all eligible employees of Sunshine Village, Inc. (the "Company" or the "Plan Sponsor"). The Plan is a standardized volume submitter 401(k) plan and is subject to the provisions of the Employment Retirement Income Security Act of 1974 ("ERISA"). The amended and restated Plan is a standardized volume submitter 401(k) plan and is subject to the provisions of ERISA.

Eligibility

The Plan covers all employees of the Company who have attained age 18 and completed 30 days of consecutive employment. Eligibility for employer matching contributions is one year of service, 1,000 hours and age 18. Eligible participants may enter the Plan as soon as the eligibility requirements are met.

Effective January 1, 2026, eligibility for safe harbor employer matching contributions decreased to 90 days of service and 250 hours.

Contributions

An eligible employee may make salary deferral contributions up to 95% of eligible compensation subject to certain limitations including the maximum allowed under the Internal Revenue Code. Participants shall be eligible to designate some or all of their elective deferrals as either pre-tax elective deferrals or Roth elective deferrals. All elections are subject to the same election procedures, limits on modifications and other terms and conditions on elections as specified in the Plan. The Plan allows for catch-up contributions for participants over age 50. Employee contributions are made through payroll deductions.

The Plan allows the Company to make qualified nonelective contributions (profit sharing) based upon a participant's compensation. The Company elected to make a 4% safe harbor match of eligible compensation in fiscal years 2025 and 2024. Employees who had reached one year of service, 1,000 hours and age 18 are eligible for employer matching contributions. The Company's portion of the match totaled \$298,897 and \$208,218 for the years ended June 30, 2025 and 2024, respectively.

The Plan also allows the Company to make a nonelective discretionary contributions to eligible participants based on an allocation formula as determined by the Company up to 6% of a participant's compensation. The Company elected to contribute an additional 3% of the eligible employees' compensation, as defined in the Plan document, for the year ended June 30, 2024. The Company's portion of this additional contribution totaled \$204,945 for the year ended June 30, 2024. No such additional matching contribution was made for the year ended June 30, 2025.

Participants direct the investment of all contributions into various investment options offered by the Plan.

SUNSHINE VILLAGE RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2025 AND 2024

1. PLAN DESCRIPTION: (CONTINUED)

Participant accounts

Each participant's account is credited with (a) the participant's contribution, (b) an allocation of the Company's contribution, (c) plan earnings (losses) and charged with an allocation of administration expenses. Allocations are based on participants' account balances, compensation, or specific participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Certain participants hired prior to January 1, 2011 are immediately vested in their voluntary contributions and in all Company matching contributions plus actual earnings thereon.

Effective January 1, 2011, vesting in the Company's matching contributions (excluding the 100% vesting in the safe harbor matching contributions) for all eligible participants hired after December 31, 2010 to June 30, 2017 is based on years of credited service, as follows:

Vesting Schedule	
Years of Service	Percent Vested
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Effective July 1, 2017, the Plan was amended and restated and a safe harbor matching contribution was implemented and thus all safe harbor matching contributions are 100% vested.

Effective December 31, 2020, the Plan was amended, and all participants employed as of December 31, 2020 are considered 100% vested in all their accounts. Vesting still applies for profit sharing and discretionary employer matching contributions for employees who were not employed on December 31, 2020. Participants are 100% vested in their account balances if they are employed on or after their normal retirement age.

Forfeitures

If a participant terminates employment with the Company for any reason other than retirement, disability or death, they are entitled to all of their contributions, the vested portion of Company contributions and related earnings. The nonvested portion of Company contributions and the related earnings will be forfeited as soon as administratively feasible after such distribution; but no later than the end of the Plan year following the Plan year during which such distribution occurred. Forfeitures may be used to reduce employer contributions and plan expenses.

If the participant is reemployed within five years of the date of termination, the participant's employer derived account balance will be restored to the amount on the date of distribution if the participant repays to the Plan the full amount of the distribution attributable to employer contributions before the earlier of five years after the first date on which the participant is subsequently reemployed by the Company or the date the participant incurs five consecutive one year breaks in service following the date of the distribution.

SUNSHINE VILLAGE RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2025 AND 2024

1. PLAN DESCRIPTION: (CONTINUED)

Forfeitures (continued)

As of June 30, 2025 and 2024, the unused forfeiture balance was \$5,612 and \$8,743, respectively. Total amounts forfeited during the years ended June 30, 2025 and 2024 were \$4,836 and \$296, respectively. There were \$8,140 and \$4,925 of forfeitures used during fiscal year 2025 and 2024, respectively, to reduce expenses.

Payment of benefits

Upon termination of service, death, disability, or attainment of normal retirement age, participants may receive a lump-sum amount equal to the value of their account. Participants employed at age 59 ½ may withdraw all or any part of their vested account balance. If a participant's vested account balance does not exceed \$1,000 at the time the individual becomes entitled to a distribution, such vested account shall be paid in a lump sum without the participant's written consent. Distributions of vested account balances more than \$1,000 cannot be made before the participant's normal retirement age without the participant's written consent.

Withdrawals of contributions before the age of 59 ½ years can be made in the event of financial hardship and upon approval by the Plan administrator.

SECURE 2.0 Act of 2022

The SECURE 2.0 Act of 2022 (the "Act") was signed into law on December 29, 2022, to increase retirement savings, improve retirement rules, and lower employer costs of setting up a retirement plan. Plan amendments required by the Act generally need not be made until the end of the first plan year beginning on or after January 1, 2026, however, plans must operate in accordance with effective date of each new provision.

Major provisions of this Act that may effect the Plan include:

- Effective January 1, 2024, the limit for mandatory cash outs was raised from \$5,000 to \$7,000.
- Effective January 1, 2025, further expansion of eligibility to long-term part-time workers, which will allow participation after two consecutive years of 500 or more hours.
- Effective January 1, 2026, catch up contributions for any participants over age 50 who earn over \$145,000 are now required to be made on a Roth basis.

Notes receivable from participants

Participants may borrow from the vested portion of their accounts at a minimum amount of \$1,000 up to a maximum amount of \$50,000 or 50% of their vested account balance, whichever is less. Loans are for a period not to exceed five years (except longer terms are available for loans issued for the purchase of a principal residence). Only one loan is allowed for each participant. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined quarterly by the Plan administrator of 4.25% to 8.5%. Principal and interest is paid ratably through payroll deductions so long as the participant is employed by the Company and thereafter by regular installment payments.

SUNSHINE VILLAGE RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2025 AND 2024

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America and the Department of Labor (DOL) rules and regulations for reporting and disclosure under ERISA require the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Accordingly, actual results could differ from those estimates.

Investment valuation and income recognition

Investments held by the Plan are stated at fair value with the exception of the fully-benefit responsive investment contract which is stated at contract value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). Contract value reflects the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan and is the relevant measure for the portion of assets attributable to fully benefit-responsive investment contracts. All investments are participant directed.

The Plan administrator is responsible for determining the Plan's valuation policies and analyzing information provided by the investment advisors and record keepers that is used to determine the fair value of the Plan's investments. See Note 4 for further discussion of fair value measurements.

In accordance with the policy of stating investments at fair value, the Plan presents in the statements of changes in net assets available for benefits, the net appreciation in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation on those investments.

Interest income is recorded as earned. Dividend income is recorded on the ex-dividend date. Purchases and sales are recorded on a trade date basis.

Earnings on investments are allocated on a pro rata basis to individual participant accounts based on the type of investment and the ratio of each participant's individual account balance to the aggregate of participant account balances. The portion of interest included in each loan payment made by a participant is recognized as interest income to the Plan.

Notes receivable from participants

Notes receivable from participants are recorded at their unpaid balance plus any accrued but unpaid interest. Since the participant's remaining vested investment balance is sufficient to cover the outstanding loan amount, there is no allowance for doubtful accounts at June 30, 2025 and 2024. Interest is calculated and included in the repayment terms of the loan when the loan is initiated and is recognized with the amortization of the loan as each payment is remitted. Loans are monitored for repayment under the original loan terms and defaulted when active participants cease payments past the allowed grace period. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. For terminated participants, once a distribution is requested, the outstanding loan balance will be netted against the remaining vested investment balance.

Benefit payments

Benefit payments are recorded when paid.

SUNSHINE VILLAGE RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2025 AND 2024

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

Administrative expenses

The Company absorbs substantially all administrative costs of the Plan, except for certain contract administrative fees and investment management fees which are paid by the Plan. Plan expenses related to the management of investments are included in net appreciation of fair value of investments. (See Note 7).

3. INFORMATION CERTIFIED BY THE TRUSTEES:

The Plan administrator has elected the method of compliance permitted by Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, Empower Annuity Insurance Company of America and Empower Trust Company, LLC, the trustees of the Plan, certified to the Plan administrator the fair value and physical custody of investments to be complete and accurate as of June 30, 2025 and 2024 and investment transactions for the years ended June 30, 2025 and 2024 and investments and notes receivable from participants included in the statements of net assets available for benefits, interest and dividend income and net appreciation in the fair value of investments included in the statements of changes in net assets available for benefits and the information contained in Notes 4 and 5 concerning investments and information included in the schedule of assets (held at end of year).

4. FAIR VALUE MEASUREMENTS:

The Plan follows established guidelines for a fair value hierarchy that prioritizes the inputs used to measure fair value. An asset or liability's classification within the hierarchy is determined based on the lowest level input that is significant to the fair value measurement. This hierarchy prioritizes the inputs into three broad levels as follows:

- Level 1 Quoted prices (unadjusted) in active markets for identical assets or liabilities. Market price is generally obtained from exchange or dealer markets.
- Level 2 Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities. Inputs are obtained from various sources including market participants, dealers and brokers.
- Level 3 Unobservable inputs that are supported by little or no market activity as they trade infrequently or not at all and that are significant to the fair value of the assets or liabilities.

SUNSHINE VILLAGE RETIREMENT PLAN

**NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025 AND 2024**

4. FAIR VALUE MEASUREMENTS: (CONTINUED)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at June 30, 2025 and 2024.

Following is a description of the valuation methodologies used for assets measured at fair value.

Variable annuities: Prices/unit values are calculated daily by the annuity provider. The initial pricing input is the quoted price obtained for the underlying mutual fund, which is then adjusted to apply the expense factor disclosed in the annuity contract.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30,:

	Assets at Fair Value			
<u>2025</u>	Level 1	Level 2	Level 3	Total
Variable annuities	\$ -	\$ 5,242,250	\$ -	\$ 5,242,250

	Assets at Fair Value			
<u>2024</u>	Level 1	Level 2	Level 3	Total
Variable annuities	\$ -	\$ 4,407,085	\$ -	\$ 4,407,085

5. COMMON/COLLECTIVE TRUST STABLE VALUE FUND:

The Plan has entered into a fully benefit-responsive contract through a common/collective trust fund through Massachusetts Mutual Life Insurance Company that is administered by Empower Annuity Insurance Company of America. The fund seeks to preserve capital and provide stability of principal while earning current income that exceeds money market rates over the long term.

SUNSHINE VILLAGE RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2025 AND 2024

5. COMMON/COLLECTIVE TRUST STABLE VALUE FUND: (CONTINUED)

The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan and is not permitted to terminate the agreement prior to the scheduled maturity date. Because the contract is fully-benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract. Contract value, as reported by Empower Annuity Company of America, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average crediting rate was 1.35% from July 1, 2023 to December 31, 2023, 2.8% from January 1, 2024 to December 31, 2024, and 2.9% from January 1, 2025 to June 30, 2025. Such interest rates are reviewed on a quarterly basis for resetting.

6. TAX STATUS:

The Plan operates under a volume submitter plan document with an opinion letter dated June 30, 2020 in which the Internal Revenue Service stated that the Plan as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving this letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

During the year ended June 30, 2024, the Company failed to remit certain participant contributions to the Plan totaling \$11,870, within the time period prescribed by Department of Labor Regulations. Delays in remitting contributions to the Plan were due to procedural errors. The Company contributed \$204 to the Plan during 2025 to compensate for potential lost income due to delays related to 2024 contributions. The Plan Administrator does not believe that the correction of these matters will have an adverse impact on the Plan's tax status; therefore, no provision for income taxes has been included in the Plan's financial statements.

During the year ended June 30, 2024, Plan management discovered an operational failure where one employee did not properly receive an employer match of approximately \$2,300. The Company corrected the error during the year ended June 30, 2025.

During the year ended June 30, 2024, Plan management discovered an operational failure where a total of eight employees were underpaid in matching employer contributions which resulted in an error of approximately \$500. The Company corrected the error during the year ended June 30, 2025.

SUNSHINE VILLAGE RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2025 AND 2024

6. TAX STATUS: (CONTINUED)

For the year ended June 30, 2024, the Company elected to make a nonelective discretionary contributions to eligible participants. The Company elected to contribute an additional 3% of the employees' base salary. Per the Plan documents, compensation is defined as wages or other compensation reported on the employees W-2, not base salary. As a result, the Company underpaid a total of \$17,147 in the employer nonelective discretionary contributions. The Company corrected the error during the year ended June 30, 2025.

Plan management is required to evaluate tax positions by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more-likely-than-not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of June 30, 2025, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations prior to June 30, 2022.

7. RELATED-PARTY TRANSACTIONS:

Empower Annuity Insurance Company and Empower Trust Company, were the custodians of the Plan's investments for the years ended June 30, 2024 and 2023, therefore, these transactions qualify as party-in-interest transactions. These fees are included in net appreciation of investments. Fees paid by the Plan to its third party administrator for record keeping, administration, distributions, and loan services amounted to \$8,374 and \$5,165 for the years ended June 30, 2025 and 2024, respectively.

Certain employees and officers of the Company, who may also be participants in the Plan perform administrative services at no cost to the Plan.

8. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

9. RISK AND UNCERTAINTIES:

The Plan's investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

10. SUBSEQUENT EVENTS:

Management has evaluated subsequent events through January 8, 2026, the date on which the financial statements were available to be issued.
