INDEPENDENT AUDITORS' REPORT

To the Participants of the American Tire Distributors, Inc. Retirement Plan and the Benefits Committee of American Tire Distributors, Inc.:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of the American Tire Distributors, Inc. Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 12, 2025 (in liquidation) and December 31, 2024 (ongoing), the related statements of changes in net assets available for benefits for the period from January 1, 2025 to December 12, 2025 (in liquidation) and the year ended December 31, 2024 (ongoing), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 12, 2025 and December 31, 2024, and for the period from January 1, 2025 to December 12, 2025 and the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with generally accepted accounting principles in the United States of America ("GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with generally accepted auditing standards in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Terminating Plan and Liquidation Basis of Accounting

As further discussed in Note 1 to the financial statements, management of American Tire Distributors, Inc., the plan sponsor, adopted a resolution to terminate the Plan effective February 27, 2025 and management determined liquidation is imminent. As a result, the Plan changed its basis of accounting from the ongoing plan basis of accounting used in presenting the 2024 financial statements to the liquidation basis of accounting used in presenting the 2025 financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental schedule of delinquent participant contributions for the period from January 1, 2025 to December 12, 2025 (the "ERISA-required supplemental schedule") is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the ERISA-required supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the ERISA-required supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the ERISA-required supplemental schedule, we evaluated whether the ERISA-required supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the ERISA-required supplemental schedule, other than the information in the ERISA-required supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the ERISA-required supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

AMERICAN TIRE DISTRIBUTORS, INC. RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE PERIOD FROM JANUARY 1, 2025 TO DECEMBER 12, 2025 (IN LIQUIDATION)
AND THE YEAR ENDED DECEMBER 31, 2024 (ONGOING)

1. DESCRIPTION OF PLAN

The following description of the American Tire Distributors, Inc. Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

Plan Termination - By action of management, the Employer adopted a resolution on February 27, 2025 to terminate the Plan effective as of that date. Upon termination, all participant accounts became 100% vested. All distributions were made to participants in the form of a lump sum payment.

General - The Plan was a defined contribution plan covering all eligible employees of American Tire Distributors, Inc. (the "Employer"), as defined in the plan document. Employees were able to participate in the Plan after providing one month of service and attainment of age eighteen. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). California Tire Company, The Speed Merchants, Inc. ILCO Logistics Corporation, T.O. Haas Tire Co., T.O. Hass Holding Co., Target Tire, Inc., Texas Market Tire, Wholesale Tire Distributors, Inc., Wholesale Tire Distributors of Idaho, Inc., Wholesale Tire Distributors of Wyoming, Inc., Silver State Tire Company, Inc., and Samaritan Tire were members of the controlled group of the Employer and had adopted the Plan. The Benefits Committee was responsible for oversight of the Plan, determined the appropriateness of the Plan's investments offerings, and monitored investment performance.

Contributions - Each year, participants were able to contribute up to 90% of their annual eligible compensation, as defined in the plan document. Participants who had attained age 50 before the end of the plan year were eligible to make catch-up contributions. Participants were also able to contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants directed the investment of their contributions into various investment options offered by the Plan. The Plan included an auto-enrollment provision whereby all newly eligible employees were automatically enrolled in the Plan unless they affirmatively elected not to participate in the Plan. Automatically-enrolled participants had their deferral rate set at 4% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Plan also included an auto-escalation provision, whereby participants were subject to an annual automatic deferral rate increase of 1% until their deferral rates reached 15% of eligible compensation. The Employer provided a matching contribution equal to 50% of the first 6% of eligible compensation that the participant contributed to the Plan. At its sole discretion, the Employer could make additional nonelective contributions for participants who had provided one year of service and were employed on the last day of the plan year. For the period from January 1, 2025 to December 12, 2025 and the year ended December 31, 2024, there were no additional discretionary nonelective contributions made to the Plan by the Employer. Contributions were subject to certain Internal Revenue Service ("IRS") limitations.

Participant Accounts - Each participant's account was credited with the participant's contributions and the Employer's matching contributions, as well as allocations of the Employer's additional discretionary nonelective contributions and the Plan's earnings. Participant accounts were charged with an allocation of administrative expenses that were paid by the Plan. Allocations were based on participant earnings, account balances, or specific participant transactions, as defined in the plan document. The benefit to which a participant was entitled was the benefit that could have been provided from the participant's vested account.

Vesting - Participants were immediately vested in their contributions and the Employer's contributions, plus actual earnings thereon.

Notes Receivable from Participants - Participants were able to borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans were secured by the balance in the participant's account. The loan interest rate, determined quarterly, was set at 1% above the prime rate, as defined in the plan document. Principal and interest were paid ratably through payroll deductions.

Payment of Benefits - Upon termination of service due to death, disability, retirement, or for some other reason, a participant could elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account or annual installments over an elected period of time. The Plan permitted in-service and hardship withdrawals under certain conditions.

Forfeited Accounts - Forfeited account balances were used to reduce the Employer's future contributions or to pay the Plan's administrative expenses, as determined by the Employer at its sole discretion. As of December 12, 2025, there were no forfeited nonvested accounts. As of December 31, 2024, forfeited nonvested accounts available for future use totaled approximately \$9,000. During the period from January 1, 2025 to December 12, 2025 and the year ended December 31, 2024, approximately \$10,000 and \$5,000, respectively, of forfeited nonvested accounts were used to either reduce the Employer's contributions or pay the Plan's administrative expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - As of and for the year ended December 31, 2024, the financial statements have been prepared on the accrual basis of accounting. Effective February 27, 2025, management of the Employer adopted a resolution to terminate the Plan. As a result, the Plan's financial statements for the period from January 1, 2025 to December 12, 2025 have been prepared on the liquidation basis of accounting in accordance with generally accepted accounting principles in the United States of America ("GAAP"). This basis of accounting is considered appropriate when, among other things, liquidation of the Plan is probable, and the net realization of assets are reasonably determinable. Under the liquidation basis of accounting, assets are stated at their estimated net realized cash value and liabilities are stated at their anticipated settlement amounts.

Use of Accounting Estimates - The preparation of financial statements in accordance with GAAP required management to make estimates and assumptions that affected the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates. Any adjustments applied to estimated amounts were recognized in the year in which such adjustments were determined.

Investment Valuation and Income Recognition - Investments were reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. The Benefits Committee determined the Plan's valuation policies utilizing information provided by the investment advisors and John Hancock Trust Company, LLC, the Trustee of the Plan. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation in fair value of investments included the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions - Contributions from participants were recorded as they were withheld from the participants' wages. Contributions from the Employer were recorded in the period in which the related participant contributions were due.

Notes Receivable from Participants - Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income was recorded on the accrual basis. Related fees were recorded as administrative expenses and were expensed when they were incurred. No allowance for credit losses had been recorded as of December 12, 2025 or December 31, 2024. If a participant ceased to make loan repayments and management deemed the participant loan to be in default, the participant loan balance was reduced and a benefit payment was recorded.

Payment of Benefits - Benefits were recorded when paid.

Administrative Expenses - Certain expenses of maintaining the Plan were paid by the Plan, unless otherwise paid by the Employer. Expenses that were paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants were charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events - Management has evaluated subsequent events through February 19, 2026, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY TRUSTEE

The following is a summary of the Plan's asset information as of December 12, 2025 and December 31, 2024, and for the period from January 1, 2025 to December 12, 2025 and the year ended December 31, 2024, included in the financial statements and the ERISA-required supplemental schedule, that was prepared by, or derived from, information prepared by the Trustee and furnished to management. Management has obtained certifications from the Trustee that such information is complete and accurate as of December 12, 2025 and December 31, 2024 and for the period from January 1, 2025 to December 12, 2025 and the year ended December 31, 2024.

4. FAIR VALUE MEASUREMENTS

GAAP provides the framework for measuring fair value by utilizing a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under GAAP are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investments measured at fair value. There were no changes in the methodologies used as of December 31, 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan were open-end mutual funds that were registered with the Securities and Exchange Commission. These funds were required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan were deemed to be actively traded.

Collective trust fund: Valued at the NAV of units of a collective trust. The NAV, as provided by the Trustee, was used as a practical expedient to estimate fair value. This practical expedient was not used when it was determined to be probable that the fund would sell the investment for an amount different than the reported NAV.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although management believes the Plan's valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$259,225,882</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 259,225,882</u>
Total investments in the fair value hierarchy	<u>\$259,225,882</u>	<u>\$ -</u>	<u>\$ -</u>	259,225,882
Investments measured at NAV, as a practical expedient				<u>7,655,445</u>
Investments, at fair value				<u>\$ 266,881,327</u>

Fair Value of Investments in Entities that Use NAV as a Practical Expedient

The following table summarizes investments measured at fair value based on NAV per share as a practical expedient as of December 31, 2024:

December 31, 2024	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Collective trust fund - stable value	\$7,655,445	None	Daily	30 days

5. RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain investments of the Plan were managed by John Hancock Trust Company, LLC. John Hancock Management Trust Company, LLC was the Trustee and recordkeeper for the Plan and, therefore, these transactions qualified as exempt party in interest transactions.

As described in Note 1, the Plan permitted participants to borrow from their account balances. These transactions qualified as exempt party in interest transactions.

6. TAX STATUS

On June 30, 2020, the IRS stated that the prototype plan adopted by the Plan, as then designed, qualified under Internal Revenue Code ("IRC") Section 401(a). The Plan had not received a determination letter specific to the Plan itself; however, management and the Plan's tax counsel believed that the Plan was designed and was being operated in compliance with the applicable requirements of the IRC and, therefore, that the Plan was qualified and the related trust was tax exempt.

GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. Management has analyzed the tax positions taken by the Plan, and has concluded that as of December 12, 2025 and December 31, 2024, there were no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan was subject to routine audits by taxing jurisdictions; however, there were currently no audits of any tax periods in progress.

7. RISKS AND UNCERTAINTIES

The Plan invested in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it was at least reasonably possible that changes in the values of investment securities would occur in the near term and that such changes could have materially affected participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. PROHIBITED TRANSACTION

During the year ended December 31, 2023, the Employer made remittances of participant contributions and loan payments totaling \$833,185 that were in excess of the time period described by the Department of Labor's ("DOL") Rules and Regulations. The delay in remitting the contributions was due to administrative error which was identified during 2024. The Employer intends to fully correct the delinquent contributions as soon as administratively feasible.
