PREMIER SOTHEBY'S 401(K) RETIREMENT PLAN
Naples, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of PREMIER SOTHEBY'S 401(K) RETIREMENT PLAN, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have audit of PREMIER SOTHEBY'S 401(K) RETIREMENT PLAN's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from TransAmerica Trust Company as of December 31, 2024 and for the period from July 1, 2024 to December 31, 2024, TransAmerica Financial Life Insurance Company as of December 31, 2024 and for the year then ended, and Reliance Trust Company for the period from January 1, 2024 to June 30, 2024 stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section-

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of PREMIER SOTHEBY'S 401(K) RETIREMENT PLAN and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about PREMIER SOTHEBY'S 401(K) RETIREMENT PLAN 's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of PREMIER SOTHEBY'S 401(K) RETIREMENT PLAN 's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about PREMIER SOTHEBY'S 401(K) RETIREMENT PLAN 's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule of Assets (Held at End of Year) is presented for purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

Other Matter - Supplemental Schedule Required by ERISA (Continued)

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PREMIER SOTHEBY'S 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN

The following description of PREMIER SOTHEBY'S 401(K) RETIREMENT PLAN (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 2024, and is a defined contribution plan covering all employees of Premier Properties of Southwest Florida, LLC (the "Company"), as further defined in the Plan agreement. Upon the establishment of the Plan, appropriately \$7,971,000 in assets were transferred into the Plan from Lutgert Companies Retirement Plan as the Company ceased its participation.

Any employee of the Company who has attained 21 years of age is eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

An eligible employee may elect to contribute a specific percentage or dollar amount of the employee's before-tax earnings not to exceed current Internal Revenue Service (IRS) regulations. These contributions are not subject to federal income tax until withdrawn. The Plan also allows participants to designate all or a portion of their contributions as roth deferral contributions in which the participant will have to pay income tax on such deferrals. Eligible employees may also contribute, with the consent of the plan administrator, amounts representing distributions from other qualified plans (rollover contributions).

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate set at 3% of eligible compensation.

The employer may make discretionary nonmatching contributions designated by job classification, as defined by the Plan document. An eligible employee will share in the discretionary nonmatching contributions if he or she is employed with the employer on the last day of the plan year and has completed at least 1,000 hours of service during the plan year. There was no employer discretionary nonmatching contribution in 2024.

The Plan provides for employer matching contributions each pay period of 50 percent of the participants salary deferral, but not to exceed 6 percent of participant's compensation for that pay period. However, the Plan's employer matching contribution will not to exceed 3 percent of the participant's compensation. The employer matching contributions are calculated each pay period.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

PREMIER SOTHEBY'S 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Participant Notes Receivable

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balances. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates at the time of issuance. Principal and interest are paid ratably through the bi-weekly payroll deductions.

Vesting

Participants are fully vested upon reaching the retirement age of 65, electing early retirement at age 55, or due to death or disability. Participants are always 100 percent vested in their elective and rollover contribution accounts. A participant is vested in employer matching and discretionary nonmatching contribution accounts as follows:

<u>Completed Years of Service</u>	<u>Percentage Vested</u>
Less than 1	- %
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Distribution of Benefits

Benefits may be paid to the participant or beneficiary upon death, disability, retirement, or termination of employment, as defined in the Plan agreement. In-service withdrawals may be paid to participants who have attained 59½ years of age. The Plan provides for normal retirement at age 65 and early retirement on or after attaining age 55. The total vested portion of a participant's account balance is distributed in the form of a lump-sum payment or installments. Participants experiencing financial hardship may withdraw a portion of this account balance as defined in the Plan.

Forfeitures

If a participant is not fully vested on his or her termination date, the non-vested amount of the account is forfeited. Forfeitures are used to reduce future Company contributions or to offset Plan expenses. Since the Plan was established in 2024, the Company did not use any forfeitures to reduce employer matching contributions in 2024. As of December 31, 2024, forfeited non-vested accounts totaled to approximately \$13,000.

Termination

While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the Plan document and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

PREMIER SOTHEBY'S 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contract. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contract because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued but unpaid interest. As of December 31, 2024, no allowance for credit losses has been recorded. Participant notes receivable are written off when deemed uncollectible. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Company and therefore are excluded from these financial statements. Investment related expenses are included in net appreciation (depreciation) in fair value of investments. The Plan agreement allows for administrative expenses to be paid by either the Company or the Plan. Administrative expenses of \$17,763 were paid by the Plan for the year ended December 31, 2024.

Use of Estimates

The preparation of financial statements in conformity with United States generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of additions and deductions during the reporting period. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments, except for fully benefit-responsive investment contract, are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The fully benefit-responsive unallocated investment contract are valued at contract value. Contract value represents investments at cost plus accrued interest income less amounts withdrawn to pay benefits (see Note 8).

The fair value of mutual fund investments is based on quoted prices in active markets. See Note 4 for further discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

PREMIER SOTHEBY'S 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Benefit Payments

Benefits are recorded when paid.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent Events

Subsequent events were evaluated through February 3, 2026, which is the date the financial statements were available to be issued. No subsequent event were identified requiring disclosure.

NOTE 3 - RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST

Certain Plan assets are in investment funds managed by Transamerica Trust Company (TTC), Transamerica Financial Life Insurance Company (TFLIC) or their affiliates. TTC and TFLIC are trustees of the Plan. There were administrative fees paid to TransAmerica Retirement Solutions (TTC affiliate) of approximately \$18,000 through the Plan during the year ended December 31, 2024.

Also, notes receivable from participants accounts are also treated as party-in-interest transactions.

Therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines. All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 4 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

Their hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

PREMIER SOTHEBY'S 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 4 - FAIR VALUE MEASUREMENTS

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access. The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3 - Inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The following fair value disclosure is for those assets measured at fair value on a recurring basis at December 31, 2024:

	<u>Fair Value</u>	<u>Level 1</u>
Mutual Funds	\$ 7,823,940	\$ 7,823,940
Total	<u>\$ 7,823,940</u>	<u>\$ 7,823,940</u>

There were no plan assets requiring the use of Level 2 or 3 inputs for the periods presented. Gains and losses are included in net appreciation in fair value of investments as presented in the statement of changes in net assets available for benefits for the year ended December 31, 2024.

PREMIER SOTHEBY'S 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 5 - INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The following is a summary of the Plan's financial information that is included in the financial statements was obtained from the information prepared and certified by TransAmerica Trust Company as of December 31, 2024 and for the period from July 1, 2024 to December 31, 2024, TransAmerica Financial Life Insurance Company ("TFLIC") as of December 31, 2024 and for the year then ended, and Reliance Trust Company for the period from January 1, 2024 to June 30, 2024 as complete and accurate in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974:

As of December 31, 2024

Cash	<u>\$ 25,274</u>
Investments:	
Mutual funds at fair value	\$ 7,823,940
Fully benefit responsive investment contract at contract value	<u>419,825</u>
Total investments	<u>\$ 8,243,765</u>
Notes receivable from participants	<u>\$ 71,882</u>

For the year ended December 31, 2024:

Net appreciation in fair value of investments	<u>\$ 750,405</u>
Dividends	<u>\$ 222,532</u>
Interest	<u>\$ 7,747</u>
Interest earned from participant loans	<u>\$ 5,489</u>

NOTE 6 - TAX STATUS

The Company has adopted a pre-approved plan document that has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since adopting the pre-approved plan document, the plan administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are no audits for any tax periods in process.

PREMIER SOTHEBY'S 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 7 - RECONCILIATION TO FORM 5500

The accompany financial statements are consistent with the information prepared in Form 5500 as of and for the year ended December 31, 2024. Accordingly, no reconciliation is required.

NOTE 8 - INVESTMENT CONTRACT

The Plan has a benefit-responsive investment contract with TFLIC in the form of Stable Value Funds. TFLIC maintains the contributions in a general account. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Interest is credited on contract balances using a single "portfolio rate" approach. Under this methodology, a single interest rate is applied to all contributions made to the product regardless of the timing of those contributions. Interest crediting rates are reviewed on a semiannual basis for resetting, but there is no stated minimum or maximum interest rate for the investment contract. When establishing interest credit rates for this product, TFLIC considers many factors, including current economic and market conditions, the general interest rate environment, and both the expected and actual experience of a reference portfolio within the issuer's general account.

As described in Note 2, because the investment contract are fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets attributable to the investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by National, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. The contract value of the investment contract at December 31, 2024 was \$419,825.

Certain events limit the ability of the Plan to transact at contract value with TFLIC. Such events include the following: (i) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provision, (iii) bankruptcy of the plan sponsor or other plan sponsor events (e.g. divestitures or spinoffs of a subsidiary) which cause a significant withdrawal from the Plan, or (iv) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

PREMIER SOTHEBY'S 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 8 - INVESTMENT CONTRACT (Continued)

The investment contract generally imposes conditions on both the Plan and the issuer. If an event of default occurs and is not cured, the nondefaulting party may terminate the contract. The following may cause the Plan to be in default: a breach of material obligation under the contract, a material misrepresentation, or a material amendment to the Plan agreement.

The issuer may be in default if it breaches a material obligation under the investment contract makes a material misrepresentation, has a decline in its long-term credit rating below a threshold set forth in the contract, or is acquired or reorganized and the successor issuer does not satisfy the investment or credit guidelines applicable to issuers. If, in the event of default of an issuer, the Plan were unable to obtain a replacement investment contract, withdrawing plans may experience losses if that value of the Plan's assets no longer covered by the contract is below contract value. The Plan may seek to add additional issuers over time to diversify the Plan's exposure to such risk, but there is no assurance the Plan may be able to do so.

The combination of the default of an issuer and an inability to obtain a replacement agreement could render the Plan unable to achieve its objective of maintaining a stable contract value. The terms of an investment contract generally provide for settlement of payments only upon termination of the contract or total liquidation of the covered investments. Generally, payments will be made pro rata based on the percentage of investments covered by each issuer. Contract termination occurs whenever the contract value or market value of the covered investments reaches zero or upon certain events of default. If the contract terminates due to issuer default (other than a default occurring because of a decline in its rating) the issuer will generally be required to pay to the Plan the excess, if any, of contract value over market value on the date of termination. If the contract terminates due to a decline in the ratings of the issuer, the issuer may be required to pay to the Plan the cost of acquiring a replacement contract (i.e. replacement cost) within the meaning of the contract. If the contract terminates when the market value equals zero, the issuer will pay the excess of contract value over market value to the Plan to the extent necessary for the Plan to satisfy outstanding contract value withdrawal requests. Contract termination also may occur by either party upon election and notice.

NOTE 9 - NONCOMPLIANCE

Given this Plan was established on January 1, 2024, the Plan was delinquent in filing the Form 5500 with the 2024 audit. The Plan Sponsor is aware of this issue and has filed for the Delinquent Filer Voluntary Compliance Program. Also, per review of the Form 5500, the Plan was not covered by fidelity bond during 2024. Fidelity bond is required by ERISA, and therefore the Plan was in noncompliance in regard to its fidelity bond during 2024. The Plan Sponsor is aware of this issue and has properly received fidelity bond in accordance with ERISA.
