INDEPENDENT AUDITOR'S REPORT

To the Trustees
MorphoSys US, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of **MorphoSys US, Inc. 401(k) Plan**, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits - modified cash basis as of November 10, 2025, and December 31, 2024, and the related statement of changes in net assets available for benefits - modified cash basis for the period January 1, 2025 through November 10, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of **MorphoSys US, Inc. 401(k) Plan's** financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of November 10, 2025, and December 31, 2024, and for the period January 1, 2025, through November 10, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of **MorphoSys US, Inc. 401(k) Plan** and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedule are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting as described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable preparation of the financial statements in the circumstances, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about **MorphoSys US, Inc. 401(k) Plan's** ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of **MorphoSys US, Inc. 401(k) Plan's** internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about **MorphoSys US, Inc. 401(k) Plan's** ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Emphasis of Matter

As discussed in Note 1 to the financial statements, the Plan Sponsor was acquired in May 2024. In March 2025, Plan Management approved the merger of **MorphoSys US, Inc. 401(k) Plan** into the Novartis Corporation Investment Savings Plan. On November 10, 2025, the remaining assets were transferred out of the Plan. Our opinion is not modified with respect to that matter.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedule of delinquent participant contributions as of November 10, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF PLAN

The following description of Morphosys US, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

Plan Merger: In May 2024, the Plan Sponsor was acquired by Novartis Corporation. On March 7, 2025, Plan management approved the merger of the Plan into the Novartis Corporation Investment Savings Plan. The remaining assets of \$29,680,202 were transferred on November 10, 2025.

General: The Plan was a defined-contribution plan established on June 1, 2019, to provide retirement and other related benefits to substantially all employees of Morphosys US, Inc. (the "Company") who were 21 years of age or older. Employees became eligible to participate for purposes of salary reduction contributions immediately upon hiring. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Participant Contributions: Each year, participants were able to contribute an amount up to a certain percentage of their pretax annual compensation, as defined in the Plan. Participants who had attained the age of 50 before the end of the Plan year were eligible to make catch-up contributions as prescribed by Treasury regulations. Participants, with the consent of the Plan Administrator, were able to deposit amounts received from any other retirement plan which satisfy the tax rules for rollovers.

Employer Contributions: The Company made matching employer contributions on behalf of the Plan's participants. For the period ended November 10, 2025, the Company made matching contributions equal to 100% of the first 3% of deferrals contributed by participants into the Plan.

The Company was also able to make a discretionary safe harbor non-elective matching contribution to the Plan. For the period ended November 10, 2025, the Company made matching contributions equal to 100% of the first 3% of eligible compensation.

The Company was also able to make a discretionary non-elective profit-sharing contribution allocated based on participant's compensation as a percentage of total compensation. The Plan did not make any discretionary non-elective profit-sharing contributions for the period ended November 10, 2025.

Participant Accounts: Each participant's account was credited with the participant's contributions, an allocation of employer contributions, and Plan investment earnings or losses, and charged with an allocation of administrative expenses. Allocations of earnings or losses were based on account balances, as defined. Discretionary non-elective matching contributions were based on employee compensation amounts. The benefit to which a participant was entitled was the benefit that can be provided from the participant's vested account balance.

Investment Options: Participants directed the investment of contributions into various investment options offered by the Plan.

MORPHOSYS US, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF PLAN (CONTINUED)

Vesting: Participants were immediately vested in their voluntary contributions, employer contributions and any actual earnings thereon.

Notes Receivable from Participants: Participants were able to borrow from their account balance up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balances. Loan transactions were treated as a transfer to (from) the investment fund from (to) the participant notes receivable fund. Notes receivable terms could not exceed five years unless for the purchase of a primary residence. Loans were secured by the balances in the participants' accounts and were supported by a promissory note. Loans bore interest at rates based on the prevailing interest rates charged by persons in the business of lending money for loans that would be made under similar circumstances. Principal and interest were paid ratably, usually through payroll deductions.

Payment of Benefits: On termination of service due to death, disability, retirement, or other reasons, a participant was able to elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or partial withdrawal of any portion of the participant's distributable vested interest in their account in cash at any time. If a participant terminated employment for any reason, his or her account became 100% distributable if below \$7,000.

A participant was also able to request a withdrawal upon attainment of the age of 59½, or upon demonstration by the participant to the Plan Administrator that the participant was suffering from a hardship, as defined in the Plan document. The hardship withdrawals were subject to a minimum of \$500.

NOTE 2: SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements were prepared using the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Under the modified cash basis of accounting, investments are recorded at fair value, contributions are recorded when received and benefits are recorded when paid. The modified cash basis of accounting is an acceptable alternative method of reporting under regulations issued by the Department of Labor ("DOL"). The financial statements and supplementary schedule have been prepared to satisfy the reporting and disclosure requirements of ERISA.

Investment Valuation and Income Recognition: Investments were reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determined the Plan's valuation policies utilizing information provided by the investment advisers, trustees and other parties involved with the Plan. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Interest and dividend income was recorded when received. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the period.

MORPHOSYS US, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 2: SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Administrative Expenses: Certain expenses of maintaining the Plan were paid by the Plan, unless otherwise paid by the Company. Expenses that were paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants were charged directly to the participant's account and are included in administrative expenses. Investment related expenses were included in net appreciation of fair value of investments.

Use of Estimates: The preparation of financial statements in conformity with the modified cash basis of accounting requires Plan management to make estimates and assumptions that affect the reported amounts of Plan assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties: The Plan utilized various investment instruments. Investment securities, in general, are exposed to various risks such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it was reasonably possible that changes in the values of investment securities could occur and that such changes could have materially affected the amounts reported in the statements of net assets available for benefits.

Payment of Benefits: Benefit payments to participants were recorded when paid.

Notes Receivable from Participants: Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income was recorded received. Related fees were recorded as administrative expenses and were expensed when they were incurred. No allowance for credit losses has been recorded as of November 10, 2025 and December 31, 2024.

Uncertain Tax Positions: The Plan Administrator has analyzed the tax positions taken by the plan, and has concluded that as of the period ending November 10, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2022.

NOTE 3: PLAN TERMINATION

The Company had the right under the Plan to terminate it at any time subject to the provisions of ERISA. See Note 1 for disclosure of termination of the Plan.

MORPHOSYS US, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 4: TAX STATUS

On June 30, 2020, the Internal Revenue Service ("IRS") stated that the prototype adopted by the Plan, as then designed, was in compliance with the applicable sections of the Internal Revenue Code ("IRC"). The Plan has not received a determination letter specific to the Plan itself, and the Plan has been amended since the latest determination letter; however, the Plan Administrator believes that the Plan was designed and operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 5: CERTIFICATION OF TRUSTEE

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee, Fidelity Management Trust Company, certified that the following data included in the accompanying financial statements is complete and accurate.

	<u>November 10,</u> 2025	<u>December 31,</u> 2024
Mutual funds	\$ -	\$ 34,093,012
Notes receivable from participants	\$ -	\$ 114,786
	<u>Period Ended</u> <u>November 10,</u> 2025	
Net appreciation in fair value of investments	\$ 4,745,542	
Interest and dividend income	\$ 617,312	
Interest earned on notes receivable from participants	\$ 5,923	

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements.

NOTE 6: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan can access at the measurement date.

MORPHOSYS US, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 6: FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2 - inputs other than quoted market prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - inputs that are unobservable for the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There has been no change in the methodologies used at November 10, 2025 and December 31, 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan were deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believed its valuation methods were appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could have resulted in a different fair value measurement at the reporting date.

There were no assets held in the Plan as of November 10, 2025. The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	2024			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 34,093,012	\$ -	\$ -	\$ 34,093,012
Total investments, at fair value	<u>\$ 34,093,012</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 34,093,012</u>

MORPHOSYS US, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 7: RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments were shares of mutual funds advised by Fidelity Management & Research Company ("FMR"), an affiliate of Fidelity Management Trust Company ("FMTC"), the Trustee as defined by the Plan. Fidelity Investments Institutional Operations Company, the Plan's Recordkeeper, was also an affiliate of FMR and FMTC. Transactions with these entities qualify as party-in-interest transactions. Fees paid by the Plan to these parties for services in connection with the Plan are reported as administrative expenses in the statement of changes in net assets available for benefits. The Plan extended loans to participants who are considered parties-in-interest. These party-in-interest transactions were exempt from prohibitive transaction rules.

NOTE 8: LATE REMITTANCES

As reported on Form 5500, Schedule H, Line 4(a) – Schedule of Delinquent Participant Contributions, certain participant contributions were not remitted to the Plan within the time frame specified by the DOL's regulations, thus constituting nonexempt transactions between the Plan and the Company. The late remittances amounted to \$13,047 and relate to the period ended November 10, 2025. The Company corrected these late remittances in the period.

NOTE 9: SUBSEQUENT EVENTS

The date to which events occurring after November 10, 2025, the date of the most recent statement of financial position, have been evaluated for possible adjustment to the financial statements or disclosure is February 26, 2026, which is the date the financial statements were available to be issued.
