INDEPENDENT AUDITOR'S REPORT

To the Plan Sponsor of
Pollo Regio 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Pollo Regio 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022, and the related statements of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Pollo Regio 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Notes #4 through #6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Pollo Regio 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Pollo Regio 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Pollo Regio 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Pollo Regio 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule, Form 5500, Schedule H, line 4i-Supplemental Schedule of Assets (Held at End of Year) as of or for the year ended December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under EIRSA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

Predecessor auditors performed an audit of the 2021 financial statements of Pollo Regio 401(k) Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-9 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated October 8, 2022 indicated that (a) the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management

determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2021 supplemental schedules, other than the information in the 2021 supplemental schedules that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and the information in the 2021 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**POLLO REGIO 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Pollo Regio 401(k) Plan (“the Plan”) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all employees (except as noted below) of Pollo Regio 401(k) Plan (the “Company”), who have 12 months of consecutive service with 1000 hours and are age twenty-one or older. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

An employee who is a member of a collective bargaining unit where retirement benefits were the subject of good faith bargaining, and/or non-resident aliens with no U.S. source of earned income are not eligible to participate in the Plan.

The Plan administrator is the Plan’s sponsor, PR Corporate Operations, LLC. The Plan custodian is Ascensus, LLC.

Plan Contributions

Participants may contribute up to the IRS maximum amount of pretax or after tax salary, deferral basis. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company has elected to make safe harbor matching contributions equal to 100% of the participants’ contributions up to 3% of compensation, plus 50% of the next 2% contributed (maximum match is 4% of compensation) for the years ended December 31, 2022 and 2021. The Company may contribute additional amounts at the discretion of the Company’s Board of Directors. The Company has elected not to make additional contributions to the Plan for the years ended December 31, 2022 and 2021.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and allocations of Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

See Independent Auditor’s Report.

**POLLO REGIO 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

Investment Options

Upon enrollment in the Plan, a participant may direct employee contributions in a variety of mutual funds, including money market options, and/or a guaranteed investment account.

Vesting

Participants are immediately 100% vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. The Company matching contribution is vested at 20% in the second year of employment and 20% each year thereafter to 100% vested in the sixth year of employment.

Distributions

Upon retirement, disability or death, a participant or beneficiary receives the entire amount credited to the participant's account in a lump sum. Upon termination, other than by retirement, disability or death, a participant becomes eligible to receive the current value of the participant's vested account in a lump-sum.

Participant Notes Receivable

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan transactions are treated as a transfer to (from) the investment fund (to) from the participant loans fund. The loans are secured by the balance in the participant's account and bear interest at prime rate plus one percentage point. Principal and interest are paid ratably by the participants directly to Empower on a payroll basis and monitored by the Plan administrator.

Forfeited Accounts

At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$-0- and \$-0-, respectively. These amounts can be used to reduce future employer contributions and/or offset administrative expenses. None were used in 2022 or 2021.

Participant Investment Rollovers

Participants are allowed to transfer or rollover funds into the Plan from other qualified plans.

See Independent Auditor's Report.

**POLLO REGIO 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

A plan is also required to disclose significant accounting policies such as the basis of accounting, investments, non-readily marketable securities (if applicable), and the use of estimates. A summary of significant accounting policies is included below.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles in the United States of America.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Accounting Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of certain assets, liabilities, and disclosures. Accordingly, the actual amounts could differ from those estimates. Any adjustments applied to estimated amounts are recognized in the year in which such adjustments are determined.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value based on quoted market prices as of December 31, 2022 and 2021 (except for fully benefit-responsive investment contracts, if any, which would be reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Plan presents in the statements of changes in net assets available for benefits, the net appreciation (depreciation) in fair value of its investments, which consist of realized gains or losses and unrealized appreciation (depreciation) on those assets.

See Independent Auditor's Report.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

Excess Contributions Refundable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS and excess matching contributions made by the employer are recorded as a liability with a corresponding reduction to contributions. There were none at December 31, 2022 or 2021.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through June 30, 2025, the date the financial statements were available to be issued. See note 13 for disclosures.

See Independent Auditor's Report.

NOTE 3 – CERTIFICATION FROM A QUALIFIED INSTITUTION

The Plan administrator has elected the method of compliance permitted pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Disclosure under the Employment Retirement Security Act of 1974. Accordingly, Ascensus, the Plan custodian, has certified all of the investments and invested-related activity presented in the statements of net assets available for benefits, statements of changes in net assets available for benefits, and supplemental schedule of assets held for investment purposes for the years ended December 31, 2022 and 2021 are complete and accurate. Such information has not been audited by independent auditors except for comparing such information with related information included in the financial statements as of and for the years ended December 31, 2022 and 2021.

NOTE 4 – INVESTMENTS

Unaudited information certified by the Plan custodian.

During the years ended December 31, 2022 and 2021, the Plan investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value by \$(37,127) and \$6,757, respectively. Additionally, the Plan's investments earned \$3,857 and \$2,178, respectively, of interest and dividend income.

NOTE 5 – FAIR VALUE MEASUREMENT

Unaudited information certified by the Plan custodian.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability; and
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

See Independent Auditor's Report.

**POLLO REGIO 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

NOTE 5 – FAIR VALUE MEASUREMENT (CONTINUED)

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end. The NAV is a quoted price in an active market.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021.

	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 249,729	\$ -	\$ -	\$ 249,729

	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 161,997	\$ -	\$ -	\$ 161,997

See Independent Auditor's Report.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

NOTE 6 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Ascensus is the custodian as defined by the Plan. Fees incurred and paid directly by the Plan for the administrative expenses were \$839 and \$465 for the years ended December 31, 2022 and 2021, respectively.

Certain employees of the Company provide administrative and trustee services to the Plan and are not reimbursed for these services. Certain other administrative expenses are paid by the Company on behalf of the Plan.

NOTE 7 – PROHIBITED TRANSACTIONS

DOL Regulation 2510.3-102 requires employers to remit amounts paid by a participant or beneficiary to an employer and/or withheld by an employer for contribution to an employee benefit plan or repayment of a participant loan to the plan as soon as they can be reasonably segregated from the employer's general assets. The regulation provides a safe harbor for plans with fewer than 100 participants at the beginning of the plan year. Under the safe harbor, funds will be considered contributed or repaid to the plan as soon as they can be reasonably segregated from the employer's general assets if such amounts are deposited with the plan no later than the 7th business day from the date the amounts were received by the employer or withheld by the employer from participants' wages. The safe harbor does not apply to plans with 100 or more participants. Employers holding contributions beyond the time allowed under DOL regulations commingled with its general assets will have engaged in a prohibited use of plan assets.

Although the Plan Sponsor was delinquent in remitting more than half of the participants' contributions to Ascensus for the 2022 Plan year, they have rectified the procedures and have been timely remitting contributions since June 2023. The delinquent contribution remittances totaled \$73,109 for the year ended December 31, 2022 and \$4,342 for December 31, 2021.

NOTE 8 – TAX STATUS

The Plan has received a determination letter from the Internal Revenue Service stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan was implemented as of June 30, 2020 and Plan management believes the Plan is currently designed and operated in compliance with the applicable requirements of the Code.

See Independent Auditor's Report.

**POLLO REGIO 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

NOTE 8 – TAX STATUS (continued)

The provisions of the SECURE Act became effective on January 1, 2021. Plans have until December 31, 2025 to formally amend plan documents to conform with the SECURE Act. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by applicable authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examination for years prior to 2020.

NOTE 9 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. However, no such action may deprive any participant or beneficiary under the Plan of any vested right.

NOTE 10 – RISKS AND UNCERTAINTIES

The Plan's investments, in general, are subject to various risks, such as interest rate, credit, and overall market volatility risk. Additionally, the value, liquidity, and related income of the investment securities are sensitive to changes in economic conditions and may be affected by shifts in the market's perception of issuers and changes in interest rates. Certain investments (such as asset-backed securities, limited partnerships, and limited liability companies) are less liquid and may have restrictions on their sale. Forced liquidation, although not expected at this time, may affect the estimated value of such investments. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes to the value of investments will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and the funded status of the Plan.

NOTE 11 – FIDELITY BOND

The Plan maintains its fidelity bond with Federal Insurance Company. The fidelity bond coverage is up to \$25,000.

See Independent Auditor's Report.

NOTE 13 – SUBSEQUENT EVENTS

The Plan evaluated subsequent events through June 30, 2025, the date the financial statements were available to be issued.

Improved market conditions resulted in a net investment gain of approximately \$65,000 for 12/31/23, \$78,000 for 12/31/24 and \$51,000 through June 30, 2025, the latest date for which reports were available. These results are not indicative of the remainder of 2025, and year-end results could vary significantly from this amount.

Ms. Joy Srayil
Pollo Regio 401(k) Plan
1185 108th Street
Grand Prairie, TX 75050

Dear Ms. Srayil,

We have audited of the financial statements of Pollo Regio 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) for the year ended December 31, 2022, and have issued our report thereon dated June 30, 2025. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Empower, the custodian, which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedules, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated November 2, 2022. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the year ended December 31, 2022. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized

in the financial statements in the proper period. Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was:

Investments are stated at fair value, except for investments in fully benefit-responsive investment contracts, which are reported at contract value. Investments with values that are based on quoted market prices in active markets are classified as Level 1. Investments that trade in markets that are not considered to be active, but are valued based upon quoted market prices, dealer quotations or alternative pricing sources supported by observable inputs are classified as Level 2. Investments classified as Level 3 investments have significant unobservable inputs, as they trade infrequently or not at all.

We evaluated the key factors and assumptions used to develop the accounting estimates described above in determining that they are reasonable in relationship to the financial statements taken as a whole.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure affecting the financial statements was:

Related party and party-in-interest transactions in Note 6 to the financial statements disclose amounts paid to the Plan record keeper, custodian, third party administrator, and certain other administrative expenses.

Prohibited transactions in Note 7 to the financial statements disclose delinquent remittances of participant contributions. Although the Plan Sponsor was delinquent in remitting more than half of the participants' contributions to Ascensus for the 2022 Plan year, they have rectified the procedures and have been timely remitting contributions since June 2023. The delinquent contribution remittances totaled \$72,109 for the year ended December 31, 2022.

The financial statement disclosures are neutral, consistent, and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit; other than disclosing the delinquent remittances mentioned above. The documentation to be attached to the final 5500 has been sent to the Plan Sponsor.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit. However, we noted several delinquent remittances of employee contributions into the Plan and incorrect total wages in the Acensus reports. Both of these inconsistencies have been rectified.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

The Plan is required to have a fidelity bond of at least 10% of the amount of funds handled by the fiduciary up to a maximum limit of \$500,000. The Plan's bond covers claims up to \$25,000, which is sufficient for 2022.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter, dated June 30, 2025.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

The Plan is required to formally amend plan documents to be in conformity with the SECURE Act by December 31, 2025.

Other Matters

Our responsibility for the ERISA-required supplemental schedules accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedules, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Closing

We will be pleased to respond to any questions you have about the foregoing. We appreciate the opportunity to continue to be of service to Pollo Regio 401(k) Plan.

This information is intended solely for the use of the Plan sponsor and management of Pollo Regio 401(k) Plan and is not intended to be, and should not be, used by anyone other than these specified parties.
