Report of Independent Auditors

To the Participants and Trustees of
Electrical Insurance Trustees Supplemental
Unemployment Benefit Plan

Opinion

We have audited the financial statements of Electrical Insurance Trustees Supplemental Unemployment Benefit Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of June 30, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits and benefit obligations of Electrical Insurance Trustees Supplemental Unemployment Benefit Plan as of June 30, 2025 and 2024, and the changes in its net assets available for benefits and benefit obligations for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Responsibilities of Management for the Financial Statements (continued)

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit;
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements;
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed;
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements; and
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Electrical Insurance Trustees Supplemental Unemployment Benefit Plan

Notes to Financial Statements

June 30, 2025 and 2024

Note 1. Summary of Significant Accounting Policies

Method of Accounting - The accompanying financial statements of Electrical Insurance Trustees Supplemental Unemployment Benefit Plan (the Plan) have been prepared using the accrual basis of accounting.

Investments - The investments of the Plan are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell that asset (or paid to transfer a liability) in an orderly transaction between market participants at the measurement date (the exit price). Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Purchases and sales of the investments are reflected on a trade-date basis.

Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

Employer Contributions Receivable - Employer contributions due and not paid prior to year end are recorded as contributions receivable. Delinquent contributions and payroll compliance audit deficiencies are included in contributions receivable. Amounts for which collection is not certain have been reserved as an allowance for doubtful accounts, as determined by a review of historical losses, the aging of receivables and adjusted for management's assessment of current conditions, and reasonable and supportable forecasts regarding future events. The allowance for doubtful accounts as of June 30, 2025 and 2024 is not considered to be material to these financial statements.

Revenue Recognition - Revenue derived from employer contributions is recognized in the period in which covered work is performed, based on the number of hours worked in covered employment and the contribution rate currently in effect, as set forth in the applicable collective bargaining agreement. Employers are required to remit contributions monthly. The Plan carries out its purpose described in Note 2 within a jurisdiction primarily located in Cook County, Illinois.

Benefit Obligations - The Plan has benefit obligations related to those eligible participants who were unemployed and receiving benefits from the Plan as of the last day of the Plan year. As allowed by generally accepted accounting principles, the Plan is presenting its benefit obligations and the changes in benefit obligations in the notes to the financial statements.

Note 1. Summary of Significant Accounting Policies (continued)

Expenses - Certain investment related expenses are included in net appreciation in fair value of investments.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

Subsequent Events - Subsequent events have been evaluated through November 25, 2025, which is the date the financial statements were available to be issued.

Note 2. Description of Plan

The Plan was established in 1971 pursuant to a collective bargaining agreement between Electrical Contractors Association of the City of Chicago and Local Union 134, International Brotherhood of Electrical Workers. The Plan is administered by the Electrical Insurance Trustees who also administer other related plans. The Plan is a multiemployer welfare plan, subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan provides supplemental unemployment benefits for eligible participants, defined as electrical construction workers who are unemployed and available for employment. The Plan provides benefits on the eighth day after the participant's layoff if the Plan's eligibility requirements have been met. Eligible participants receive benefits in the amount of \$300 per week for up to 40 weeks.

Based on the current provisions of the Plan, eligibility is originally established by accumulating 1,040 hours within the most recent four contribution quarters or the most recent 12 months prior to the layoff date. The maximum eligibility period (without reestablishing eligibility) is one year. Eligibility is reestablished when a participant is employed for 1,040 hours and one year has elapsed since benefits were last collected. The Trustees may temporarily amend the Plan's eligibility rules.

The Plan also provides certain benefits to its apprentice participants.

Second and third year apprentices enrolled in the IBEW NECA Technical Institute as determined by the Electrical Joint Apprenticeship and Training Trust Fund are eligible to receive a benefit from the Plan for each full day of training attended at the IBEW NECA Technical Institute. The maximum benefit is currently \$180 per day for second year apprentices and \$210 per day for third year apprentices, for up to 45 days per year during which the participant is classified as either a second or third year apprentice. Fourth and fifth year apprentices are paid \$450 upon completion of six seminars. Such benefits paid by the Plan totaled \$5,184,150 and \$3,813,143 during the years ended June 30, 2025 and 2024, respectively.

Participants should refer to the summary plan description for more complete information.

Note 3. Benefit Obligations

Benefit obligations are estimated based on the number of participants on the benefit roll as of the end of the Plan year, the average number of weeks of eligibility those participants have remaining, and the weekly supplemental unemployment benefits allowed by the Plan. Benefit obligations at June 30, 2025 and 2024 consisted of the following:

	<u>2025</u>	<u>2024</u>
Future obligations for supplemental unemployment benefits	<u>\$ 343,000</u>	<u>\$ 819,000</u>

The changes in benefit obligations are presented below:

	<u>2025</u>	<u>2024</u>
Beginning of year	\$ 819,000	\$ 47,000
Increase (decrease) during the year attributable to changes in		
Future obligations for supplemental unemployment benefits	<u>(476,000)</u>	<u>772,000</u>
End of year	<u>\$ 343,000</u>	<u>\$ 819,000</u>

Note 4. Funding Policy

The participating employers contribute such amounts as specified in the collective bargaining agreements. During the years ended June 30, 2025 and 2024, hourly contribution rates ranged from \$0.77 to \$1.10.

Note 5. Fair Value Measurements

The *Fair Value Measurements and Disclosures* Topic of the FASB Accounting Standards Codification established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Basis of Fair Value Measurement

- Level 1 Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities

- Level 2 Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly

- Level 3 Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable

Note 5. Fair Value Measurements (continued)

The mutual funds are classified within Level 1 of the fair value measurements hierarchy. The fair values of the mutual funds are determined by reference to the funds' underlying assets, which are principally marketable fixed income investments. Shares held in mutual funds are traded on national securities exchanges and are valued at the net asset value on the last business day of each period presented.

The money market fund is classified within Level 2 of the fair value measurements hierarchy. The money market fund is valued at cost, which approximates fair value.

Note 6. Tax Status

The Plan received a notice of exemption dated September 29, 1966, in which the Internal Revenue Service stated that the trust established under the Plan, as then designed, was in compliance with the applicable sections of the Internal Revenue Code and was, therefore, exempt from federal income taxes. The Plan has been amended since receiving the notice of exemption. The Plan's administrator and the Plan's legal counsel believe that the trust and related Plan are currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. They therefore believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require the Plan to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7. Priorities upon Termination

It is the intent of the Trustees to continue the Plan in full force and effect; however, to safeguard against any unforeseen contingencies, the right to discontinue the Plan is reserved to the Trustees. In the event of termination, the Trustees shall first satisfy or make provisions to satisfy the obligations of the Plan. Any remaining Plan assets will be distributed in such manner as will, in the opinion of the Trustees, bring about the purpose of the Plan. Termination shall not permit any part of the Plan to be used for or diverted to purposes other than the exclusive benefit of the participants.

Note 8. Related Party Transactions

The Plan shares facilities, equipment and staff with other related employee benefit plans administered by the Electrical Insurance Trustees. Expenses shared by these organizations are initially paid by one of the related plans and are allocated based on estimates of time spent, space utilized and costs incurred. The Plan's share of the administrative expenses was \$396,000 and \$444,000 for the years ended June 30, 2025 and 2024, respectively. At June 30, 2025 and 2024, the Plan owed \$330 and \$336 respectively, for shared administrative expenses.

In addition, contributions to the Plan are deposited in a lockbox account and are allocated to the Plan based on the various contracts in effect. Contributions held in the lockbox account at year end are transferred to the Plan shortly after year end, and are included in due from related plans in the accompanying financial statements. At June 30, 2025 and 2024, a total of \$827,423 and \$1,003,124 respectively, was due to the Plan for contributions in process.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits. The current economic environment has increased the degree of uncertainty.

Two short-term fixed income mutual funds represented approximately 70% and 71% of the Plan's net assets available for benefits as of June 30, 2025 and 2024, respectively. Because these mutual funds aim to maintain a stable net asset value, Plan management believes that the risk of changes in the fair values of these investment funds is minimal.

REPORT OF INDEPENDENT AUDITORS ON SUPPLEMENTAL SCHEDULES

To the Participants and Trustees of
Electrical Insurance Trustees
Supplemental Unemployment
Benefit Plan

We have audited the financial statements of Electrical Insurance Trustees Supplemental Unemployment Benefit Plan (the Plan) as of and for the years ended June 30, 2025 and 2024, and our report thereon dated November 25, 2025, which expressed an unmodified opinion on those financial statements, appears on pages 1 and 2. Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. Supplemental Schedule 1 is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
