## **Report of Independent Auditors**

To the Participants and Trustees of  
Electrical Insurance Trustees Insurance  
Fund for Communication Employers

### ***Opinion***

We have audited the financial statements of Electrical Insurance Trustees Insurance Fund for Communication Employers (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits and benefit obligations as of June 30, 2025 and 2024, and the related statements of changes in net assets available for benefits and benefit obligations for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits and benefit obligations of Electrical Insurance Trustees Insurance Fund for Communication Employers as of June 30, 2025 and 2024, and the changes in its net assets available for benefits and benefit obligations for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Responsibilities of Management for the Financial Statements (continued)***

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditors' Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit;
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements;
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed;
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements; and
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

***Auditors' Responsibilities for the Audit of the Financial Statements (continued)***

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

# Electrical Insurance Trustees Insurance Fund for Communication Employers

## Notes to Financial Statements

June 30, 2025 and 2024

### Note 1. Summary of Significant Accounting Policies

**Method of Accounting** - The accompanying financial statements of Electrical Insurance Trustees Insurance Fund for Communication Employers (the Plan) have been prepared using the accrual basis of accounting.

**Investments** - The investments of the Plan are reported at fair value and represent an interest in a master trust held with Northern Trust Company. The fair value of a financial instrument is the amount that would be received to sell that asset (or paid to transfer a liability) in an orderly transaction between market participants at the measurement date (the exit price). Net appreciation or depreciation includes the gains and losses on investments bought and sold as well as held during the year.

Purchases and sales of the investments are reflected on a trade-date basis.

Interest income is recorded on the accrual basis.

**Employer Contributions Receivable** - Employer contributions due and not paid prior to year end are recorded as contributions receivable. Payroll compliance audit deficiencies are included in contributions receivable. Amounts for which collection is not certain that have been reserved as an allowance for doubtful accounts, were determined by a review of historical losses, the aging of receivables and adjusted for management's assessment of current conditions, and reasonable and supportable forecasts regarding future events. The allowance for doubtful accounts as of June 30, 2025 and 2024 is not considered to be material to these financial statements.

**Benefit Obligations** - Claims payable represent amounts due to or on behalf of participants for benefit payments in process at year end. Claims incurred but not reported, disability reserve and accumulated eligibility credits were estimated by the Plan consultant. Claims incurred but not reported are estimated based on claims experience, paid and incurred claims cost studies, and other data as considered necessary. Because disability benefits can extend for two years, the disability reserve is shown at the present value of the expected benefit payments, which was determined using a discount rate of 5.50% and 5.25% for 2025 and 2024, respectively. The estimate of the obligation for accumulated eligibility credits represents the earned eligibility for coverage quarters after year end based on hours worked and contributions received prior to year end. Generally, participants have earned coverage at year end in the range of three to twelve months.

## **Note 1. Summary of Significant Accounting Policies (continued)**

**Prescription Drug Rebates** - The Plan utilizes a pharmacy benefit manager (PBM) who periodically makes rebates to the Plan based on the Plan's actual utilization pattern of specific drugs. Rebates due from the Plan's PBM are recorded when earned. Rebates due as of the financial statement date are reported as a receivable.

**Revenue Recognition** - Revenue derived from employer contributions is recognized in the period in which covered work is performed, based on the number of hours worked in covered employment and the contribution rate currently in effect, as set forth in the applicable collective bargaining agreement. Employers are required to remit contributions monthly. The Plan carries out its purpose described in Note 2 within a jurisdiction primarily located in Cook County, Illinois.

**Reciprocal Contributions** - The Plan is signatory to reciprocity agreements with various other multiemployer welfare plans for its participants who perform work outside the geographic jurisdiction of the Plan's participating local unions. Participants who are normally employed within the territory of one local union (home local) may be temporarily employed within the territory of another local union (reciprocating local). When a participant of the home local works in the territory of a reciprocating local, the latter is to make contributions to the former's fringe benefit plans on the participant's behalf. Monies received by the Plan on behalf of persons from outside participating local unions are forwarded to their home local fringe benefit plans. The Plan uses the same recognition and measurement criteria for contributions received on behalf of its participants under the terms of reciprocity agreements as for all other employer contribution revenue. Amounts paid to other plans under the terms of reciprocity agreements are not reflected in the statements of changes in net assets available for benefits and benefit obligations, as the amounts received are not revenue earned by the Plan, and the corresponding payments are not an expense of the Plan. The Plan recognizes a liability upon receiving reciprocal contributions on behalf of non-participants working within the jurisdiction of the local union, and recognizes a decrease in that liability upon remitting those contributions to the appropriate plan. Employer contributions included reciprocal contributions of approximately \$6,087,000 and \$6,002,000 for the years ended June 30, 2025 and 2024, respectively, from various other welfare plans under the terms of reciprocity agreements. The Plan remitted a total of approximately \$1,872,000 and \$1,533,000 in reciprocal contributions to various other welfare plans under the terms of reciprocity agreements for the years ended June 30, 2025 and 2024, respectively. Reciprocal contributions payable at June 30, 2025 and 2024 are not considered to be material to these financial statements.

**Estimates** - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

**Subsequent Events** - Subsequent events have been evaluated through November 25, 2025, which is the date the financial statements were available to be issued.

## **Note 2. Description of the Plan**

The Plan was established pursuant to a collective bargaining agreement between Electrical Contractors Association of the City of Chicago and Local Union 134, International Brotherhood of Electrical Workers. The Plan is administered by the Electrical Insurance Trustees who also administer other related plans. The Plan is a multiemployer welfare plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan provides hospital, medical, dental, vision, prescription drug, death, accident and sickness, and short-term and long-term disability benefits to eligible employees of participating employers operating in the communication industry in the Chicago area, and their dependents. The Plan is self-insured for all benefits except permanent and total disability and life insurance benefits.

Generally, eligibility for benefits starts retroactively on the first day of the month after receipt of contributions for 600 hours of active work within a period of six consecutive months. Eligibility continues as long as the Plan receives contributions of 300 hours in the most recent contribution quarter or 1,200 hours in the previous four contribution quarters.

The Plan also provides health care benefits to eligible participants through the EIT Health and Wellness Center and the Midwest Coalition of Labor. The EIT Health and Wellness center located in Alsip, Illinois and the Midwest Coalition of Labor center located in Northbrook, Illinois provide participants with health clinic and wellness programs, including preventative, wellness, disease management, health consultation, occupational health and primary care services. The Plan has an agreement with Premise Health whereby Premise Health bills the Plan monthly for all costs incurred with the operation of these facilities. In addition, the Plan operates the EIT Vision Center, also located in Alsip, Illinois. The Plan has an agreement with VSP Retail, Inc. whereby VSP Retail, Inc. bills the Plan monthly for all costs incurred with the operation of the facility.

The Plan also offers a Health Reimbursement Arrangement (HRA) benefit. An HRA is an account that the Plan sets up and maintains on behalf of a participant and can be utilized to reimburse certain out-of-pocket medical expenses not otherwise covered by the Plan, such as copayments or deductibles, or other eligible expenses defined under Section 213(d) of the Internal Revenue Code, including retiree health care premiums. Each HRA account is funded exclusively through contributions made on a participant's behalf by an employer that contributes to the Plan under a collective bargaining or participation agreement. The amount of contributions is determined by the Board of Trustees and is subject to change or discontinuance at any time. Participants are not vested in the contributions made on their behalf and accounts may be subject to forfeiture under certain conditions. The HRA benefit to which a participant is entitled is the benefit that can be provided from the participant's HRA account. There are no interest or fees applied to the participant accounts. Any unused amount each year may be accumulated in the participant's HRA account for future periods if the participant maintains eligibility. Forfeitures from the HRA account totaled \$144,645 and \$0 for the years ended June 30, 2025 and 2024. At June 30, 2025 and 2024, net assets available for benefits include HRA accounts of approximately \$31,941,000 and \$27,725,000 respectively. Claims payable from the HRA accounts totaled \$23,973 and \$43,839 at June 30, 2025 and 2024, respectively.

**Note 2. Description of the Plan (continued)**

Continuation of health care benefits to persons who would otherwise lose those benefits due to certain events, as mandated by Consolidated Omnibus Budget Reconciliation Act (COBRA), was adopted by the Plan.

Participants should refer to the summary plan description for more complete information.

**Note 3. Funding Policy**

The Plan is primarily funded by employer contributions and by contributions from participants electing COBRA coverage. Employer contributions are based on the covered work performed by eligible employees of electrical communication employers and are made at rates specified in the collective bargaining agreements. For the years ended June 30, 2025 and 2024, hourly rates ranged from \$13.90 to \$16.70.

Participant contributions are allowed to provide COBRA benefits. Participant contribution rates are determined annually based on claims experience. Participant contributions to provide benefits under COBRA were paid at monthly rates ranging from \$2,126 to \$2,321 during the years ended June 30, 2025 and 2024, depending on the participant's coverage option.

**Note 4. Priorities upon Termination**

It is the intent of the Trustees to continue the Plan in full force and effect; however, the right to discontinue the Plan is reserved to the Trustees. In the event of termination, the Trustees shall first satisfy or make provisions to satisfy the obligations of the Plan. Any remaining Plan assets will be distributed in such manner as will, in the opinion of the Trustees, bring about the purpose of the Plan. Termination shall not permit any part of the Plan to be used for or diverted to purposes other than the exclusive benefit of the participants.

**Note 5. Plan Interest in Master Trust**

The Plan holds investments in a master trust which was established for the investment of assets of the Plan and other related employee benefit plans. The Plan is one of three welfare plans that participate in the master trust of the Electrical Insurance Trustees Insurance Fund (master trust). The investments of the three plans are commingled in the master trust. As of both June 30, 2025 and 2024, the Plan's percentage interest in the commingled investments of the master trust was approximately 14%. Net investment income or loss relating to the master trust is allocated to the individual plans at year end based upon each plan's respective share of investments in the master trust during the year.

## Note 5. Plan Interest in Master Trust (continued)

The master trust has an agreement with its custodial bank authorizing the bank to lend securities held by the master trust to third parties. The bank must obtain collateral from the borrower with a fair value at least equal to 100% of the fair value of the loaned securities. Both the collateral and the securities loaned are marked-to-market on a daily basis so that all loaned securities are fully collateralized at all times.

The master trust and the bank each receive a percentage of the net revenue derived from securities lending activities. For the years ended June 30, 2025 and 2024, securities lending fees paid by the master trust totaled \$48,492 and \$60,359 respectively. At June 30, 2025 and 2024, both the fair value of the securities received for collateral and the obligation to return that collateral was \$83,048,466 and \$110,329,839 respectively.

Although the master trust's securities lending activities are collateralized as described above, they involve both market and credit risk. In this context, market risk refers to the possibility that the borrowers of securities will be unable to collateralize their loan upon a sudden material change in the fair value of the loaned securities or the collateral. Credit risk refers to the possibility that counterparties involved in the securities lending program may fail to perform in accordance with the terms of their contracts. As of June 30, 2025 and 2024, the custodial bank was not reporting any shortage in the collateral pool.

## **Note 6. Fair Value Measurements**

The *Fair Value Measurements and Disclosures* Topic of the FASB Accounting Standards Codification established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

### Basis of Fair Value Measurement

Level 1	Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities
Level 2	Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly
Level 3	Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable

## Note 6. Fair Value Measurements (continued)

The following tables set forth, by level within the fair value hierarchy, the master trust's total investment assets at fair value as of June 30, 2025 and 2024. As required, assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. In accordance with generally accepted accounting principles, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the following tables are intended to permit reconciliation of the fair value hierarchy to the master trust's total investment assets.

## **Note 6. Fair Value Measurements (continued)**

### Level 1 Measurements

U.S. Treasury securities traded in active markets on national and international securities exchanges and are valued at closing prices on the last business day of each period presented.

The fair value of the mutual fund is determined by reference to the fund's underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds are traded on national securities exchanges and are valued at the net asset value as of the last business day of each period presented.

Cash collateral for securities on loan include money market funds and other highly liquid debt securities with an aggregate duration of less than one year. The carrying amounts of these assets approximate fair value because of the relatively short period of time between origination and expected realization, and their limited exposure to credit risk. Non-cash collateral for securities on loan include U.S. Government and corporate obligations with an aggregate duration of more than one year.

### Level 2 Measurements

U.S. Government Agency and corporate obligations and other bonds are generally valued by benchmarking model-derived prices to quoted market prices and trade data for identical or comparable securities. To the extent that quoted prices are not available, fair value is determined based on a valuation model that includes inputs such as interest rate yield curves and credit spreads. Securities traded in markets that are not considered active are valued based on quoted market prices, broker or dealer quotations, or alternative pricing sources with reasonable levels of price transparency. Securities that trade infrequently and therefore have little or no price transparency are valued using the investment manager's best estimates.

The money market fund is valued at cost, which approximates fair value.

### Measurements Using Net Asset Value as a Practical Expedient

The common and collective trusts are valued at the net asset value per share, used as a practical expedient (or its equivalent) to estimate fair value. The net asset value is based on the fair values of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value.

The common and collective trusts are direct filing entities (DFEs) and file a Form 5500 annual report with the U.S. Department of Labor. The Plan is not required to disclose the significant investment strategies of DFE investments. Redemptions are available on a daily basis without a significant notice period.

**Note 7. Risks and Uncertainties**

The Plan invests in various investment securities through the master trust arrangement. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and benefit obligations. The current economic environment has increased the degree of uncertainty.

Due to inherent uncertainties involved in the valuations of investments that are not publicly traded, estimated fair values may differ materially from the values that would have been used had a ready market for the underlying securities existed.

Benefit obligations are estimated based on certain assumptions using paid and incurred claims cost studies, Plan benefits, claims experience and other data as considered necessary. Due to uncertainties inherent in the estimates and assumptions process, it is at least reasonably possible that changes in these estimates in the near term would be material to the financial statements.

**Note 8. Tax Status**

The Plan received a notice of exemption from the Internal Revenue Service dated September 29, 1966, stating that the trust established under the Plan was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the notice of exemption. The Plan's administrator and the Plan's legal counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. They therefore believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require the Plan to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**Note 9. Related Party Transactions**

The Plan shares facilities, equipment and staff with other related employee benefit plans administered by the Electrical Insurance Trustees. Expenses shared by these organizations are initially paid by one of the related plans and are allocated based on estimates of times spent, space utilized and costs incurred. The Plan's share of the administrative expenses was \$672,000 and \$624,000 for the years ended June 30, 2025 and 2024, respectively.

**Note 9. Related Party Transactions (continued)**

In addition, contributions to the Plan are deposited in a lockbox account and are allocated to the Plan based on the various contracts in effect. Contributions held in the lockbox account at year end of \$4,448,310 and \$4,107,989 at June 30, 2025 and 2024, respectively, were transferred to the Plan shortly after year end and are included in due from related plan in the accompanying financial statements.

**Note 10. Reconciliation of Financial Statements to Form 5500**

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	<u>2025</u>	<u>2024</u>
Net assets available for benefits per the financial statements	\$ 119,929,273	\$ 109,262,032
Less - benefit obligations currently payable	(2,855,016)	(3,333,672)
Less - HRA claims payable at end of year	<u>(23,973)</u>	<u>(43,839)</u>
Net assets available for benefits per the Form 5500	<u>\$ 117,050,284</u>	<u>\$ 105,884,521</u>

The following is a reconciliation of benefits paid to or for participants per the financial statements to the Form 5500 for the year ended June 30, 2025:

Benefits paid to or for participants per the financial statements	\$ 49,269,126
Add - benefit obligations currently payable at end of year	2,855,016
Add - HRA claims payable at end of year	23,973
Less - benefit obligations currently payable at beginning of year	(3,333,672)
Less - HRA claims payable at beginning of year	<u>(43,839)</u>
Benefits paid to or for participants per the Form 5500	<u>\$ 48,770,604</u>

Claims payable amounts related to HRA accounts are recorded on the Form 5500 for benefit claims that have been processed and approved for payment prior to year end, but not yet paid as of that date.

REPORT OF INDEPENDENT AUDITORS ON SUPPLEMENTAL SCHEDULES

To the Participants and Trustees of  
Electrical Insurance Trustees Insurance  
Fund for Communication Employers

We have audited the financial statements of Electrical Insurance Trustees Insurance Fund for Communication Employers (the Plan) as of and for the years ended June 30, 2025 and 2024, and our report thereon dated November 25, 2025, which expressed an unmodified opinion on those financial statements, appears on pages 1 through 3. Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. Supplemental Schedule 1 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
