Independent Auditor's Report

The Plan Administrator
MidWestOne Financial Group, Inc. Employee Stock Ownership Plan and Trust
Iowa City, Iowa

Opinion

We have audited the financial statements of MidWestOne Financial Group, Inc. Employee Stock Ownership Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of May 7, 2025 and December 31, 2024 and the related statement of changes in net assets available for benefits for the period January 1, 2025 through May 7, 2025, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of May 7, 2025 and December 31, 2024, and the changes in its net assets available for benefits for the period January 1, 2025 through May 7, 2025, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter

As further discussed in Note 9 to the financial statements, the Plan merged into the MidWestOne Financial Group, Inc. 401(k) Plan effective May 7, 2025. As a result, all assets of the Plan were transferred to the MidWestOne Financial Group, Inc. 401(k) Plan and the Plan ceased operations as of that date. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule H, line 4j-schedule of reportable transactions (series) for the period January 1, 2025 through May 7, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 - Description of Plan

The following brief description of the MidWestOne Financial Group, Inc. Employee Stock Ownership Plan and Trust (Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is an employee stock ownership plan sponsored by MidWestOne Financial Group, Inc. and its wholly-owned subsidiaries, MidWestOne Bank and MidWestOne Insurance Services (collectively, the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended, and the Internal Revenue Code (IRC), as amended.

The Plan purchases MidWestOne Financial Group, Inc. common stock and holds the stock in a trust established under the Plan. As of May 7, 2025 and December 31, 2024, all common stock owned by the Plan was allocated to participant accounts.

Eligibility

Employees of the Company who have attained 18 years of age and have completed one year of service of at least 1,000 hours are eligible to participate in the Plan.

Entry Date

Employees enter the Plan on the first day of January or July coinciding with or following the date they satisfy the Plan's eligibility requirements.

Employer Contributions and Dividends on Company Stock

Employer contributions and dividends on common stock are determined at the discretion of the Company's Board of Directors. Participants must have completed 1,000 hours of service and be actively employed on the last day of the year to receive an allocation of the contribution. For the period January 1, 2025 through May 7, 2025, the Company made no discretionary contributions.

Participant Accounts

Each participant's account is credited with an allocation of the Company's contributions and Plan earnings or losses and charged with an allocation of administrative expenses. Company contributions to the Plan are allocated based on participant compensation in relation to total compensation for all participants. Plan earnings or losses and most administrative expenses are allocated to the participants based on the ratio each participant's account balance bears to the total account balance of all participants. Certain administrative expenses attributable to a specific participant are allocated directly to that participant's account. The total annual addition made to a participant's account is subject to a limit as specified in the Plan and to the maximum allowed by the IRC.

Vesting

Vesting is based on years of credited service as set forth in the following table:

<u>Participant's Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeitures

At May 7, 2025, there were no forfeited nonvested accounts. At December 31, 2024, forfeited nonvested accounts totaled \$108,767. These accounts will be used to reduce future employer contributions or offset plan expenses. During the period January 1, 2025 through May 7, 2025, no forfeited nonvested account balances were used.

Diversification

Participants who have reached the age of 55 and have at least 10 years of participation in the Plan may elect to diversify a portion of their account balance that is invested in Company stock. The participant has the option of investment diversification through the distribution of a portion of the account balance or the direct transfer of a portion of the account balance to another qualified plan.

Payment of Benefits

For all terminating participants with a vested balance of \$1,000 or less, benefits are paid in a lump sum payment.

Distributions of remaining benefits are normally made in cash or whole shares of common stock of the Company with the balance representing fractional shares paid in cash. On termination of service, the trustees may distribute a lump-sum amount for the vested portion of the participant's account or make installment payments in specified circumstances. A participant who attains the age of 62 and remains employed by the Company may elect to receive a distribution of up to 25% of their account balance.

Voting Rights

Each participant is entitled to exercise voting rights attributable to the shares allocated to the participant's account. For any matter to be submitted to a vote of stockholders, participants are to provide voting directions to the trustee. With respect to shares of Company stock for which the trustee does not receive timely direction, the trustee is to vote such shares in the same manner and in the same proportion as the shares for which timely instructions were given.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the ERISA. In the event of Plan termination, participants would become 100% vested and the accounts would be paid in the same manner as normal participant retirement or termination.

Note 2 - Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Unrealized appreciation or depreciation of the MidWestOne Financial Group, Inc. common stock is reflected in the Plan's financial statements. Purchase and sales of securities are recorded on a trade date basis. Dividend income is accrued on the ex-dividend date. As of May 7, 2025, the Plan owned no common stock of the Company. As of December 31, 2024, the Plan owned 2.1% of the outstanding common stock of the Company.

The classification of investment earnings (losses) reported above and in the statement of changes in net assets available for benefits may differ from the classification of earnings (losses) on Form 5500 due to different reporting requirements on Form 5500.

Payment of Benefits

Benefits payments to participants are recorded when distribution.

Expenses

The Plan's expenses are paid by either the Plan or the Company, as provided in the Plan document. Employees of the Company provide administrative and management services to the Plan without cost to the Plan. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits.

Subsequent Events

The Company has evaluated subsequent events through February 27, 2026, the date which the financial statements were available to be issued.

Note 3 - Investment in MidWestOne Financial Group, Inc. Common Stock

The Plan's investment in MidWestOne Financial Group, Inc. common stock, which was all allocated to participants, is as follows:

	May 7, 2025	December 31, 2024
Number of shares	-	443,553
Cost	\$ -	\$ 10,438,007
Fair value	-	12,917,710

During the period January 1, 2025 through May 7, 2025, the Plan purchased 36,929 shares of common stock for \$1,145,303. The Plan sold 9,648 shares of common stock for \$282,660. The Plan transferred 470,835 shares of common stock with a fair value of \$13,329,332 to the MidWestOne Financial Group, Inc. 401(k) Plan as discussed in Note 9.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at May 7, 2025 and December 31, 2024.

Money market mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Notes to Financial Statements
May 7, 2025 and December 31, 2024

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

Note 5 - Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by letter dated May 15, 2014, that the Plan was designed in accordance with the applicable regulation of the IRC. Subsequent to the issuance of this determination letter, the Plan was amended. However, the Company and plan management believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC and therefore believe the Plan is qualified and continues to be tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 - Related Party and Party-in-Interest Transactions

American Trust Retirement, the Plan's third-party administrator, and MidWestOne Trust Services, the custodian as defined by the Plan, invest contributions, interest and dividends received and make distributions to participants. As described in Note 2, the Plan paid certain expenses related to Plan operations to various service providers. These transactions are exempt party-in-interest transactions under ERISA.

The Plan received dividends on MidWestOne Financial Group, Inc. common stock of \$114,508, for the period January 1, 2025 through May 7, 2025.
