Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note B; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Reliance Trust Company, the trustee of the Plan, ("Reliance") including the reports or documentation prepared by ADP on behalf of Reliance, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that Reliance holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from Reliance as of December 31, 2020 and 2019, and for the years ended December 31, 2020 and 2019, that the information provided to the plan administrator by Reliance is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

"EisnerAmper" is the brand name under which EisnerAmper LLP and Eisner Advisory Group LLC provide professional services.

Basis of Accounting

We draw attention to Note B of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedule were prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles. Our opinion is not modified with respect to that matter.

Other Matter

The supplemental schedule of assets (held at end of year) – modified cash basis as of December 31, 2020, which is the responsibility of Plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements, but is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, it is inappropriate to, and we do not, express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

ATRIUM HOSPITALITY LP 401(k) PLAN

Notes to Financial Statements – Modified Cash Basis
December 31, 2020 and 2019

Note A – Description of the Plan

The following description of the Atrium Hospitality LP 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the provisions.

[1] General:

The Plan is a defined contribution plan covering all eligible employees of Atrium Hospitality LP and its affiliates and subsidiaries (the “Company”) that are age 18 and have completed three months of service. Eligible participants may join the Plan on the first day each month, as provided. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The trustee of the Plan is Reliance Trust Company (“Reliance”) and the recordkeeper is ADP Retirement Services (“ADP”). The Plan is administered by the Company. On January 1, 2019, the John Q. Hammons Hotels Management, LLC 401(k) Plan assets were merged and transferred into this Plan. The amount of the transfer was \$45,044,160, as reflected in the statements of changes in net assets available for benefits – modified cash basis. The participants who were transferred into this Plan are subject to the same eligibility and vesting provisions as stated within notes A1 and A4.

[2] Contributions:

Participants may contribute up to 90% of pre-tax annual compensation, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. In addition, participants may contribute up to 90% of after-tax compensation, as defined by the Plan. In no event may participants’ pre-tax and after-tax contributions exceed statutory limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Company matches 50% of the participant pre-tax and after-tax contributions, up to 6% of base compensation, as defined in the Plan. Participants direct the investment of participant and employer contributions into various investment options offered by the Plan. Effective April 1, 2020, the Company match was removed. The match was reinstated on January 1, 2021 to the 50% of the participant pre-tax and after-tax contributions, up to 6% of base compensation, as defined in the Plan.

[3] Participant accounts:

Each participant’s account is credited with the participant’s contributions and allocations of (a) the Company’s contributions, (b) Plan earnings, and may be charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note A – Description of the Plan (Continued)

[4] Vesting:

Participants are vested immediately in their contributions plus actual earnings (losses) thereon. Vesting in the Company's matching contributions, plus earnings (losses) thereon is as follows:

<u>Years of Vesting Service</u>	<u>Vesting Percentage</u>
0 – 1 year	20%
2 years	30%
3 years	50%
4 years	100%

[5] Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years; however, terms may exceed five years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate of prime plus 1%, as defined. Interest rates on outstanding loan balances range from 4.25% to 6.50% at December 31, 2020 and 2019. Principal and interest are paid ratably through payroll deductions. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. Related fees are recorded as administrative expenses and are expensed when they are incurred.

The Coronavirus Aid, Relief, and Economic Security ("CARES") Act was signed into law on March 27, 2020 and provided certain loan provisions. Participants, who met specific conditions, were eligible to take a COVID-19 related loan up to \$100,000 (an increase from \$50,000 previously allowed) for the period March 27, 2020 to September 22, 2020. Loan repayments due between March 27, 2020 and December 31, 2020 could have been suspended until January 1, 2021 for eligible participants, with the repayment amount re-amortized and the due date of the loan extended for up to 1 year.

[6] Payment of benefits:

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, partial withdrawal, or annual installments over a period of not more than the assumed life expectancy of the participant, subject to certain minimum distribution rules. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Notes to Financial Statements – Modified Cash Basis
December 31, 2020 and 2019

[6] Payment of benefits (continued):

The CARES Act also provided optional distribution provisions as well as suspension of required minimum distributions (“RMDs”) for anyone required to receive an RMD in 2020. The Plan Sponsor has implemented the following provisions of the CARES Act and the Plan will be formally amended prior to December 31, 2022 as required by the Act.

Participants, who met specific conditions, were eligible to take a COVID-19 related distribution up to \$100,000 without a 10% early withdrawal penalty. Eligible distributions could have been taken from January 1, 2020 through December 31, 2020, and may be repaid within three years. The repayments will be treated as taxfree rollovers into the participant’s account.

The Plan Sponsor elected to suspend paying RMDs to participants and beneficiaries that would otherwise be required to receive an RMD in 2020. However, participants and beneficiaries had a choice between receiving and not receiving the RMD for 2020. In addition, individuals that received an RMD prior to the enactment of the Act had until August 31, 2020 to rollover the RMD to an eligible retirement plan.

[7] Forfeitures:

Forfeited nonvested accounts may be used to reduce future Company contributions and pay Plan expenses. During the years ended December 31, 2020 and 2019, forfeitures of \$24,558 and \$106,927 were used to reduce employer contributions and \$154,011 and \$0 to pay Plan expenses, respectively. Forfeited nonvested accounts available at December 31, 2020 and 2019 were \$358,309 and \$211,537, respectively. In 2021, the forfeiture account will be fully utilized.

Note B – Summary of Significant Accounting Policies

[1] Basis of accounting:

The financial statements are prepared on the modified cash basis of accounting. The modified cash basis of accounting is a cash basis that adjusts securities to fair market value and does not provide for accrual for contributions receivables or payables. Interest and dividends are recorded when received; expenses are recorded when paid.

[2] Investment valuation and income recognition:

The Plan’s investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded when received. Net appreciation in the value of investments includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Notes to Financial Statements – Modified Cash Basis
December 31, 2020 and 2019

Note B – Summary of Significant Accounting Policies (Continued)

[3] Payment of benefits:

Benefits are recorded when paid.

[4] Plan expenses:

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net appreciation of fair value of investments.

[5] Use of estimates:

The preparation of financial statements in conformity with the modified cash basis of accounting requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and when applicable, disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Note C – Investment Certification

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Reliance Trust Company has certified to the completeness and accuracy of all investments and related investment activity and notes receivable from participants and related activity in the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019, the statements of changes in net assets available for benefits for the years ended December 31, 2020 and 2019 and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2020.

Note D – Fair Value Measurements

The Financial Accounting Standards Board's Accounting Standards Codification 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

ATRIUM HOSPITALITY LP 401(k) PLAN

Notes to Financial Statements – Modified Cash Basis
December 31, 2020 and 2019

Note D – Fair Value Measurements (Continued)

Level 2 Inputs to the valuation methodology include: (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; or (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

- *Registered investment companies:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- *Collective trust fund* - Valued at the NAV of units of a bank collective trust. The NAV, as provided by Reliance, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. There are no restrictions on redemptions on the collective trust.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

ATRIUM HOSPITALITY LP 401(k) PLAN

Notes to Financial Statements – Modified Cash Basis
December 31, 2020 and 2019

Note D – Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 80,363,304	\$ -	\$ -	\$ 80,363,304
Common collective funds (A)				7,236,243
Total investment assets at fair value	<u>\$ 80,363,304</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 87,599,547</u>
	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 84,441,310	\$ -	\$ -	\$ 84,441,310
Common collective funds (A)				5,482,808
Total investment assets at fair value	<u>\$ 84,441,310</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 89,924,118</u>

(A) Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

Note E – Tax Status

The Plan has adopted a Prototype Non-standardized Profit-Sharing Plan sponsored by ADP, LLC. On July 16, 2014, the Internal Revenue Service ("IRS") stated in an opinion letter that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code ("IRC") and therefore, the related trust is exempt from taxation. The Plan has been amended since receiving the letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority.

ATRIUM HOSPITALITY LP 401(k) PLAN

Notes to Financial Statements – Modified Cash Basis
December 31, 2020 and 2019

Note E – Tax Status (Continued)

The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

Note F – Related Party and Party-in-Interest Transactions

Certain investments are shares of mutual funds and a common collective trust funds managed by Reliance Trust Company. Reliance Trust Company is the Plan trustee and, therefore, transactions related to these investments qualify as party-in-interest transactions. The Plan also pays administrative and investment advisory fees to ADP and Merrill Lynch, respectively. As service providers to the Plan, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to these service providers were \$302,666 and \$278,209 for the years ended December 31, 2020 and 2019, respectively.

On June 1, 2019, the Plan entered into a fee agreement with Merrill Lynch, the Plan investment advisor, from which it receives revenue sharing funds which are recorded in the non-allocated ERISA budget spending account invested in non-interest-bearing cash. The purpose of this account is to pay necessary and reasonable plan-related expenses in accordance with the Department of Labor's ("DOL") guidance. During 2020 and 2019, total additions to the ERISA spending accounts were \$771,206 and \$432,672, respectively. Of the total additions to the spending account, \$761,715 and \$412,089 are reflected as other income in the statement of changes in net assets available for benefits at December 31, 2020 and 2019, respectively. The remaining amounts of \$9,491 and \$20,583 are reflected as dividend and interest income in the statement of changes in net assets available for benefits at December 31, 2020 and 2019, respectively. ERISA spending account funds utilized during 2020 and 2019 to pay investment advisory expenses totaled \$33,124 and \$180,680, respectively. These fees are included in the total plan expense amounts. The ERISA spending account balances at December 31, 2020 and 2019 were \$990,074 and \$251,992. In 2021, the ERISA spending account will be fully utilized.

Note G – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Volatility in the financial markets may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2020 may not necessarily be indicative of amounts that could be realized in a current market exchange.

ATRIUM HOSPITALITY LP 401(k) PLAN

Notes to Financial Statements – Modified Cash Basis
December 31, 2020 and 2019

Note G – Risks and Uncertainties (Continued)

The extent of the impact of the coronavirus ("COVID-19") outbreak on the financial performance of the Plan's investments will depend on future developments, including the duration and spread of the outbreak and related advisories and restrictions and the impact of COVID-19 on the financial markets and the overall economy, all of which are highly uncertain and cannot be predicted. If the financial markets and/or the overall economy are impacted for an extended period, the Plan's investment results may be materially adversely affected.

The COVID-19 pandemic significantly impacted the global economy and strained the hospitality industry due to travel restrictions and stay-at-home directives resulting in cancellations and significantly reduced travel around the world. Through July 2020, the properties managed by the Company operated at significantly reduced occupancy. In response to the decline, the Company took several measures including removing the Company 401(k) match (Note A2), suspension of award and incentive programs, and furloughing employees or reducing their work hours. Once state COVID-19 restrictions were lifted, the Company began the process of reinstating furloughed employees, ending up with approximately 40% being reinstated at December 31, 2020. Through October 2021, the Company has restored their workforce. The extent of the impact of COVID-19 on the operational and financial performance of the Company's hotels will depend on future developments, including the duration and spread of the outbreak and related travel advisories and restrictions and the impact of COVID-19 on overall demand for hotel rooms, all of which are highly uncertain and cannot be predicted. If demand for the underlying hotels is impacted for an extended period, results of operations will be materially adversely affected.

Note H – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

During the year ended December 31, 2020, the Plan Sponsor determined that the Plan experienced a partial plan termination. As a result of the partial plan termination, the affected participants became fully vested upon their termination date.

Note I - Mutual Fund Fees

Certain investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940. These annual fees are used to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity, and thus not separately identifiable as an expense.
