## Independent Auditor's Report

To the Plan Administrator and Participants  
Hadrian Automation 401(k) Plan:

### ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed an audit of the accompanying financial statements of Hadrian Automation 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Hadrian Automation 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

### ***Opinion***

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Hadrian Automation 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Hadrian Automation 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Hadrian Automation 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Hadrian Automation 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matter — Supplemental Schedule Required by ERISA***

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its

form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**HADRIAN AUTOMATION 401(K) PLAN**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2024**

**1. Description of Plan**

The following description of the Hadrian Automation 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

a. General

The Plan is a defined contribution plan established January 1, 2022 by Hadrian Automation Inc. (the “Company”) under the provisions of Section 401(a) of the Internal Revenue Code (“IRC”), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. The Plan is administered by the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

b. Eligibility

Employees of the Company are eligible to participate in the Plan upon employment (except union employees, nonresident aliens, and leased employees). Participants are required to be at least 18 years old to participate in the Plan.

c. Participant Contributions

Unless an eligible employee affirmatively elects otherwise, the employee is automatically enrolled in the Plan at a deferral rate of 1% with no automatic escalation scheme. Participants that make their contribution election may defer up to 100% of their eligible compensation, limited by requirements of the IRC. Upon reaching the age of 50, eligible employees may make additional catch-up contributions as allowed by the IRC. Participants may also roll over amounts representing distributions from other qualified defined benefit or defined contribution plans into the Plan.

d. Employer Contributions

The Company may make employer nonelective contributions to the Plan at the discretion of the Company's board of directors, subject to the limits of the IRC. No additional nonelective contributions were made during 2024.

e. Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions, the Company's contributions, and an allocation of the Plan's earnings and expenses. Participants can direct their account into a variety of investments offered by Benefit Trust Company. The benefit to which a participant is currently entitled is the benefit that can be provided from the participant’s vested account.

f. Vesting

Participants are fully vested at all times in the portion of their accounts attributable to their own contributions, employer nonelective contributions, and earnings thereon.

g. Payment of Benefits

Upon reaching retirement age, termination of service or death, a participant or beneficiary may be paid a lump-sum amount equal to the participant's vested account balance.

h. Hardship Withdrawals

Upon certain conditions, participants, while still employed by the Company, are permitted to withdraw, in a single sum, a portion of their account balance as a result of an immediate and heavy financial need, subject to a minimum withdrawal of \$1,000 and a maximum of 2 withdrawals per plan year. These conditions include unreimbursed medical expenses, the purchase of the participant's principal residence, the payment of post-secondary education tuition, the payment of burial or funeral costs of immediate family members, the payment of natural disaster clean-up on the participant's principal residence or to prevent eviction or foreclosure from the participant's principal residence.

i. Notes Receivable from Participants

Participants may borrow the lesser of \$50,000 or 50% of their vested account balance, subject to a \$1,000 minimum and certain other restrictions. Loans are secured by the vested account balance of the participant. Loans are repayable through payroll deductions over periods ranging up to five years, unless the loan is used to acquire a principal residence, in which case the loan term may be for a period of ten years. The interest rate on participant loans is the Wall Street Journal Prime Rate plus 1% and is fixed at the inception of the loan. The interest rate on outstanding loans at December 31, 2024 ranged from 8.75% to 9.50% and loans mature through 2029.

j. Forfeitures

The forfeited accounts of non-vested terminated participants may be used to reduce future employer contributions. For the year ended December 31, 2024, there were no forfeitures utilized to reduce employer contributions. As of December 31, 2024 and 2023, there were approximately \$100 and \$300 in forfeitures available to reduce future employer contributions.

**2. Summary of Significant Accounting Policies**

a. Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

b. Use of Estimates

The preparation of the financial statements in conformity with GAAP requires management of the Plan to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

c. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Net appreciation in fair value of investments consists of the net change in unrealized gains or losses during the year and the realized gain or loss on investments sold during the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date.

d. Contribution Receivable

Contribution receivables are contributions earned during the year but not received until the subsequent period due to the timing of the deposit and can be from either the Company or the participants. Contribution receivables are recorded at cost and due to its nature, the Plan does not establish an allowance for credit losses for contribution receivables.

e. Notes Receivable from Participants

Notes receivable from participants are recorded at their unpaid principal balance plus any accrued but unpaid interest. The Plan does not establish an allowance for credit losses on note receivables since the receivables are fully secured by the participants' contributions to the Plan. Delinquent notes receivable from participants may be treated as a distribution based on the terms of the Plan document.

f. Payment of Benefits

Benefits are recorded when paid.

g. Expenses

Administrative costs, including trustee, recordkeeping, legal and accounting fees, are paid by the Company. Direct expenses totaling approximately \$3,000 were paid by the Plan during 2024 representing transactional fees incurred and allocated to specific participants. Certain expenses are included in the transaction prices of investments bought and sold and cannot be separately quantified.

### **3. Investments**

Plan investment assets are held by Benefit Trust Company. Participants can direct their accounts among various mutual funds and a money market fund.

### **4. Fair Value Measurements**

Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, establishes a framework for fair value measurement, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;

- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investment assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024.

*Money market and mutual funds:* Valued at fair value based on quoted market prices at year end.

The following table sets forth by level within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2024:

	Investments at Fair Value			Total
	Level 1	Level 2	Level 3	
Money market fund	\$ 79	\$ -	\$ -	\$ 79
Mutual funds	3,192,335	-	-	3,192,335
Total investments	<u>\$ 3,192,414</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 3,192,414</u>

The following table sets forth by level within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2023:

	Investments at Fair Value			Total
	Level 1	Level 2	Level 3	
Money market fund	\$ 29	\$ -	\$ -	\$ 29
Mutual funds	914,382	-	-	914,382
Total investments	<u>\$ 914,411</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 914,411</u>

## 5. Risks and Uncertainties

The Plan assets are invested in a variety of investments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, foreign currency and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near

term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits, and therefore participant account balances.

## **6. Information Certified by the Trustee**

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The following information included in the financial statements and supplemental schedule was provided and certified by the trustee, Benefit Trust Company, as of December 31, 2024 and 2023 and for the year ended December 31, 2024, as complete and accurate.

- Investments, at fair value
- Non-interest bearing cash
- Notes receivable from participants
- Investment income
- Interest on participant notes receivable
- Schedule of assets (held at end of year)

## **7. Party-in-interest Transactions**

Benefit Trust Company is the trustee as defined by the Plan. Certain investment fees are paid by the trustee and are reflected in the investment income or loss for the year. The Plan also issues loans to participants that are secured by the vested balance in the participants' accounts. As such, these transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

Additionally, the Plan sponsor, Hadrian Automation Inc., is a party-in-interest to the Plan. The transactions between the Plan and the Plan sponsor included funding of contributions to the Plan and payment of certain administrative expenses of the Plan, which are exempt transactions.

## **8. Tax Status**

The Plan utilizes a Guideline Non-Standardized Defined Contribution Pre-Approved Plan Document. Guideline received an advisory letter from the Internal Revenue Service ("IRS") on November 18, 2020 in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the advisory letter. However, management of the Plan believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan is qualified, and the related trust is tax exempt as of and for the year ended December 31, 2024.

Assuming it meets certain initial and ongoing requirements, the Plan is generally exempt from federal and state income taxes. However, GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the

IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

**9. Plan Termination**

Although it has not expressed any intention to do so, the Company may terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

**10. Subsequent Events**

The Plan has evaluated subsequent events with respect to the Plan through November 5, 2025, the date the financial statements are available to be issued and concluded there are no material subsequent events that required recognition or additional disclosures in these financial statements.

**11. Reconciliation of Financial Statements to the Form 5500**

The following is a reconciliation of net assets available for benefits as reported on the Plan's financial statements to amounts reported on the Form 5500 at December 31:

	<u>2024</u>	<u>2023</u>
Net assets available for benefits reported on the financial statements	\$ 3,399,455	\$ 935,974
Contribution receivable not reported on the Form 5500	<u>(50,788)</u>	<u>(21,220)</u>
Net assets available for benefits reported on the Form 5500	<u>\$ 3,348,667</u>	<u>\$ 914,754</u>

The following is a reconciliation of the net change in net assets available for benefits as reported on the Plan's financial statements to amounts reported on the Form 5500 for the year ended December 31:

	<u>2024</u>
Net change in net assets available for benefits reported on the financial statements	\$ 2,463,481
Change in contribution receivable	<u>(29,568)</u>
Net change in net assets available for benefits reported on the Form 5500	<u>\$ 2,433,913</u>
