Report of Independent Auditor

To the Plan Administrator and Participants
Currey Ingram Academy Retirement Plan
Brentwood, Tennessee

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Currey Ingram Academy Retirement Plan (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of July 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended July 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (“investment information”) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of DOL’s Rules and Regulations for Reporting and Disclosure under ERISA (“qualified institution”).

Management has obtained certifications from qualified institutions as of July 31, 2025 and 2024, and for the year ended July 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor’s Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor’s Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of July 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CURREY INGRAM ACADEMY RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

JULY 31, 2025 AND 2024

Note 1—Description of the Plan

The following description of the Currey Ingram Academy Retirement Plan (the “Plan”) provides only general plan provisions. Participants should refer to the Plan document for a more complete description.

General – The Plan is a 403(b) defined-contribution plan established by Currey Ingram Academy (the “Academy” or “Employer”) that is funded by employer and employee contributions. As defined in accordance with the universal availability standards, all permissible employees of the Academy are eligible to enroll on their date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan was established effective November 1, 1996, to provide retirement benefits for employees of the Academy.

Administration – The Plan is administered by employees of the Academy, who serve without compensation. The Plan administrator has the overall responsibility and authority as the named fiduciary to manage and control the operations and administration of the Plan and may designate one or more individuals to perform those responsibilities.

Contributions – Each year, participants may contribute a percentage of pretax annual compensation, as defined in the Plan agreement, up to the maximum limits of the Internal Revenue Code (“IRC”). Participants also may designate all or a portion of their deferral contributions as after-tax contributions into a Roth account. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Academy contributes 100% of the first 5% of base compensation that a participant contributes to the Plan. Contributions are subject to certain Internal Revenue Service (“IRS”) limitations.

Participant Accounts – Individual accounts are maintained for each Plan participant. Each participant’s account is credited with the participant’s contributions and Academy matching contributions, and an allocation of Plan investment results. Participant accounts are charged with their withdrawals and an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, specific participant transactions or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting – Participants are immediately vested in their voluntary contributions. All participants eligible to participate prior to January 1, 2009 are 100% vested in the Academy’s contributions plus actual earnings thereon. For all other participants, their interest in the contributions of the Academy is vested at 20% per year of service and is 100% vested after five years of service. However, these accounts also become fully vested upon normal retirement, death, disability, or termination of the Plan.

Investment Options – Upon enrollment in the Plan, the participant may direct the investment of their contributions and the Academy’s contributions into various investment options offered by the Plan. Participants may change their investment options at any time.

Payment of Benefits – Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant’s vested interest in his or her account, or installment payments as provided in the Plan agreement. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. In-service and hardship withdrawals are also allowed as defined in the Plan Agreement.

Forfeitures – Nonvested forfeitures can be used to reduce employer contributions or to pay Plan expenses. At July 31, 2025 and 2024, forfeited nonvested accounts held by the Plan totaled \$1,146 and \$1,681, respectively. During the year ended July 31, 2025, Employer contributions were reduced by \$11,733 from forfeited nonvested accounts, and no forfeitures were used to pay Plan expenses.

CURREY INGRAM ACADEMY RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

JULY 31, 2025 AND 2024

Note 2—Summary of significant accounting policies

Basis of Accounting – The accompanying financial statements have been prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires the Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investments Valuation and Income Recognition – Investments are stated at fair value and are managed and held by Teachers Insurance and Annuity Association of America and College Retirement and Equities Fund (“TIAA-CREF”) and American United Life Insurance Company (“AUL”), the “custodians” of the Plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. See Note 3 for discussion on fair value of investments. The TIAA Traditional Non Benefit Responsive fund is non-benefit responsive and reported at fair value. The TIAA Traditional Benefit Responsive fund is fully benefit responsive and is stated at contract value as described below at *Fully Benefit-Responsive Investment Contracts*.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan’s gains and losses on investments bought and sold, as well as held, during the year.

Fully Benefit-Responsive Investment Contracts – The Plan holds fully benefit-responsive investment contracts that are reported at contract value, which is generally the amount a participant would receive if he or she would initiate a withdrawal or transfer from the contract under the provisions of the Plan. Contract value is calculated as the accumulated cash contributions and interest credited to the Plan’s contracts less any withdrawals.

TIAA Traditional Benefit Responsive fund is a fixed annuity contract that is fully and unconditionally guaranteed by Teachers Insurance and Annuity Association of America (“TIAA”), a New York domiciled, non-profit legal reserve life insurance company. During the accumulation phase, the TIAA Traditional Benefit Responsive fund provides a guarantee of principal, a guaranteed minimum rate of interest between 1% and 3%, and the potential for additional interest if declared by TIAA. Additional interest, when declared, remains in effect for the declaration year, which begins each March 1. Additional interest is not guaranteed for future years.

Certain events could limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (i) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (ii) changes to the Plan’s prohibition on competing investment options; or (iii) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Currently, management believes the occurrence of an event that would cause the Plan to transact contract distributions at less than contract value is not probable.

Contributions Receivable – The amount of participant related contributions that have been deducted from the participant’s payroll as of the end of the year but that have not been deposited with the Plan until after the end of the year is reflected as participant contributions receivable in the Plan’s financial statements. In addition, any contributions due and payable by the Employer are reflected as Employer contributions receivable in the Plan’s financial statements.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – Certain administrative expenses of maintaining the Plan are paid directly by the Academy and are excluded from these financial statements. Investment related expenses are netted with investment income.

CURREY INGRAM ACADEMY RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

JULY 31, 2025 AND 2024

Note 2—Summary of significant accounting policies (continued)

Subsequent Events – The Plan has evaluated subsequent events through March 2, 2026, the date the financial statements were available to be issued.

Effective as of September 1, 2025, the Academy's matching contribution increased to 100% of the first 6% of base compensation that a participant contributes to the Plan.

Note 3—Fair value measurements

U.S. GAAP provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices available in active markets for identical investments as of the reporting date;

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value, including the general classification of such assets pursuant to the valuation hierarchy. There have been no changes in the methodologies used at July 31, 2025 and 2024.

Variable Annuities – The money market account is valued at amortized costs. All other annuity accounts are valued based on the market approach, valued using market quotations, or prices obtained from independent pricing sources that may employ various pricing methods to value the investments, including matrix pricing. There are currently no significant redemption restrictions on these investments. These investments are classified within Level 2 of the valuation hierarchy.

Guaranteed Investment Contracts (“Non-Fully Benefit-Responsive Contracts”) – These investments are guaranteed fixed income annuities backed by TIAA's claims paying ability whereby the annuities guarantee principal and a minimum interest rate, plus opportunity for additional amounts in excess of the guaranteed rate. The annuity contracts are not traded and significant other observable inputs are not available. These contracts are reported at fair value and are classified within Level 3 of the valuation hierarchy.

Pooled Separate Account (“Real Estate Fund” or “REF”) – This investment is a public investment vehicle valued using the net asset value (“NAV”) provided by the administrator of the fund. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The fair value of the pooled separate account is stated at NAV as a practical expedient.

CURREY INGRAM ACADEMY RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS

JULY 31, 2025 AND 2024

Note 3—Fair value measurements (continued)

Pooled Separate Accounts (“AUL Pooled Separate Accounts”) – The value is determined based on NAV of the underlying assets owned by the fund adjusted for any dividends or distributions received and any fee charged pursuant to the contract with AUL. The underlying investments of the AUL pooled separate accounts consist of mutual funds and seek to mirror the investment objectives and strategies of the underlying mutual fund for which the pooled separate account is named. The fair value of the pooled separate account is stated at NAV as a practical expedient.

Stable Value Fund – These investments are placed in the general account of AUL where they are invested in accordance with AUL’s general account investment policy. The value is determined based on amounts contributed or transferred in less any withdrawals or transfers out, plus all accrued interest. The investment objective is to provide investors with an interest earning investment option, backed by AUL’s general account assets. The fund is invested in bonds, cash, and commingled mortgages. All monies in the fund will earn interest at a guaranteed rate, which is set annually and becomes effective on January 1 of each calendar year. AUL bears the investment risk for the fund values and for paying interest. Participants can transfer money into and out of the fund without any restrictions. The fair value of the stable value fund is stated at NAV as a practical expedient.

The Plan believes its valuation methods are appropriate and consistent with other market participants; however, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of July 31:

CURREY INGRAM ACADEMY RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

JULY 31, 2025 AND 2024

Note 4—Certified investment information

Certain information in the accompanying financial statements and ERISA-required supplemental schedule related to investments held as of July 31, 2025 and 2024, and net appreciation in fair value of investments and interest and dividends for the year ended July 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by TIAA-CREF and American United Life Insurance Company, the qualified institutions.

Note 5—Tax status

The Academy has adopted a pre-approved plan document that has received an opinion letter from the IRS dated March 31, 2017, stating that the form of the pre-approved plan document was in compliance with applicable requirements of the IRC. Although, the Plan has been amended since adopting the pre-approved plan document, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of July 31, 2025 and 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6—Transactions with parties-in-interest

The Plan invests in variable annuities, pooled separate accounts, stable value funds, and guaranteed investment contracts sponsored by the Plan's custodians and, therefore, these transactions qualify as party-in-interest transactions.

Note 7—Plan termination

Although it has not expressed any intent to do so, the Academy has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, participants will become 100% vested in their accounts.

Note 8—Risks and uncertainties

The Plan provides for various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.
