CONSTELLIS 401(k) PLAN

Notes to Financial Statements

December 31, 2018 and 2017

1. Description of Plan

The following description of Constellis 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering all full-time employees of Constellis LLC and subsidiaries (the "Company") and participating employers who have completed 90 days of service. Participating employers include Triple Canopy Inc., Tidewater Global Services, Triarc Business Services, LLC, Fulcra Worldwide, Academi LLC, and International Development Solutions, LLC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). Company management is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance. The Company is the Plan's administrator and Transamerica Retirement Solutions, LLC is the Plan's recordkeeper.

The Company has entered into an agreement whereby, State Street Bank and Trust Company (the "Trustee") has been appointed the Trustee of the Plan's assets. Under the terms of the agreement, the Trustee holds and invests the funds of the Plan.

Plan mergers:

Effective May 1, 2017, Academi 401(k) Plan and International Development Solutions, LLC. 401(k) Plan were merged into the Plan. During 2017, all investments were transferred to the Plan and are reflected as Transfer in on the accompanying Statement of changes in net assets available for benefits. As a result of the plan merger, effective May 1, 2017, Academi LLC and International Development Solutions L.L.C became participating employers in the Plan.

Effective April 19, 2018, in connection with the Company's 2017 acquisition of OMNIPLEX World Services Corporation, the accounts of certain participants in the OMNIPLEX World Services Corporation 401(k) Savings Plan were partially merged into the Plan. As a result, assets totaling \$10,116,142 were transferred into the Plan and are reflected as Transfer in on the accompanying Statement of changes in net assets available for benefits. The transfer did not result in a full or partial termination of the OMNIPLEX World Services Corporation 401(k) Savings Plan. Total transfers into the Plan during 2018 were \$10,137,656.

Additionally, effective January 1, 2019, the OMNIPLEX World Services Corporation 401(k) Savings Plan, OMNIPLEX World Services Corporation Union Employees 401(k) Plan, Constellis Retirement Plan, and Centerra Group, LLC 401(k) Plan (collectively, the "Merged Plans"), merged into the Plan. In connection with the merger, all participant account balances, rights, and obligations under the Merged Plans were transferred to the Plan in accordance with the terms of the merger agreement and applicable regulations. The merger did not result in any reduction of accrued benefits to participants. The 2018 financial statements do not reflect the effects of the merger.

Contributions:

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. Participants may also make after-tax Roth contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute rollovers, amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Safe harbor match provisions provide for employer contributions equal to 100% of the participant's contributions up to 3% of compensation, plus 50% of the participant's contributions between 3% to 5% of the participant's compensation. The Company may also make discretionary matching contributions each payroll period on behalf of participants who made elective deferrals and/or

1. Description of Plan (continued)

Contributions (continued):

catch-up contributions, up to 5% of compensation. The Company may also, at its discretion, make nonelective contributions. In order to be entitled to a nonelective contribution, participants, as defined under the Plan, must complete a year of service (1,000 hours) during the Plan year and must be employed on the last day of the Plan year. No discretionary or non-elective employer contributions were made during the year ended December 31, 2018. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant accounts:

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are vested immediately in their contributions and the Company's safe harbor matching contributions plus actual earnings thereon. Vesting in the Company's nonelective contribution portion of their accounts, if any is based on years of continuous service. Participants vest ratably over three years of credited service.

Notes receivable from participants:

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate is set at the prime rate, as defined. Principal and interest are paid ratably through payroll deductions.

Payment of benefits:

On termination of service due to death, disability, or retirement, a participant or their beneficiary may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. Hardship withdrawals and in-service withdrawals at age 59.5 are also permitted, subject to provisions described in the Plan document. Withdrawals from rollover contributions are permitted at any time.

Forfeited accounts:

At December 31, 2018 and 2017, forfeited non-vested accounts totaled \$2,760 and \$7,098, respectively. These accounts will be used to pay administrative expenses or reduce future employer contributions. Also in 2018, \$10,214 of forfeited non-vested accounts was used to pay Plan administrative expenses.

2. Summary of Accounting Policies

Basis of accounting:

The Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Reclassification:

Certain amounts in the prior year financial statements have been reclassified to conform to the current year presentation. Specifically, amounts previously reported as Other receivables have been reclassified to Participant contributions receivable and Employer contributions receivable. This reclassification had no effect on the reported net assets available for benefits.

Use of estimates:

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities

2. Summary of Accounting Policies (continued)

Use of estimates (continued):

and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Management determines the Plan's valuation policies. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants:

Notes receivable from participants is measured at the unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of benefits:

Benefits are recorded when paid.

Administrative expenses:

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

Subsequent events:

The Plan has evaluated subsequent events through March 5, 2026, the date the financial statements were available to be issued. See Note 14 for discussion of subsequent events. The Plan has been amended subsequent to December 31, 2018. See Note 13 for a list of plan amendments.

3. Information Certified by Trustee

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2018 and 2017, and net depreciation in fair value of investments, dividends and interest income for the year ended December 31, 2018, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Trustee of the Plan.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Accounting Standards Codification 820, "Fair Value Measurements", are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
---------	---

(continued)

CONSTELLIS 401(k) PLAN

Notes to Financial Statements

December 31, 2018 and 2017

4. Fair Value Measurements (continued)

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual funds – Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market funds – Money market funds are valued at the closing price as reported by the fund sponsor from an actively traded exchange. The money market funds are open-end mutual funds that invest in short-term debt securities and cash equivalents. These funds are required to publish their daily net asset value and to transact at that price. The money market funds held by the Plan are deemed to be actively traded.

Common collective trusts – Common collective trusts ("CCT's") are valued based on the information reported by the investment advisor using the audited financial statements of the common collective trust at year-end.

CCT's included in the fair value hierarchy – Federated Capital Preservation Fund is valued based upon the net asset value of units owned by the Plan at year-end. The fair value is based on the net asset values of the underlying open-end mutual funds.

CCT's excluded in the fair value hierarchy - Transamerica Stable Pooled investment valued is based on net asset value ("NAV") of units owned by the Plan at year-end, as provided by the Trustee. The NAV is used as a practical expedient to estimate fair value and therefore the investment is excluded from fair value hierarchy classification. The fair value for these investments are presented in the fair value measurement tables to permit reconciliation of the fair value hierarchy to Investment at fair value as reported in the accompanying Statement s of net assets available for benefits.

Self-directed brokerage accounts – Self-directed brokerage accounts primarily consist of common stocks, mutual funds, and money market funds that are valued on the basis of readily determinable market prices.

CONSTELLIS 401(k) PLAN

Notes to Financial Statements

December 31, 2018 and 2017

5. Transfer In Receivables

As described in Note 1, the Academi 401(k) Plan merged into the Plan effective May 1, 2017, and as a result all assets of the Academi 401(k) Plan were transferred to the Plan. The assets transferred to the Plan included participant contributions receivable of \$8,975 and employer contributions receivable of \$189,028, which relate to missed deposits and related lost earnings for various plan errors that were identified and subsequently corrected by the Company between October 2023 and April 2025. These amounts are included in Participant contributions receivable and Employer contributions receivable, respectively, on the Statement of net assets available for benefits as of December 31, 2018 and 2017.

6. Related Party Transactions

Certain Plan investments and related transactions were in investment funds managed by the Plan's Trustee and, therefore, these investments and transactions qualify as party-in-interest transactions. The notes receivable from participants are also considered to be party-in-interest transactions. These transactions are not considered prohibited by statutory exemptions under ERISA.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

8. Tax Status

The volume submitter profit sharing plan received a favorable tax determination letter dated March 31, 2014 from the IRS. Although the Plan itself has not received a determination letter and the volume submitter profit sharing plan has been amended since receiving that determination letter, Company management believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes that the Plan is qualified and is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination of the IRS. The Plan is subject to audit by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of net assets available for benefits.

10. Delinquent Contributions

For the year ended December 31, 2018, certain participant deferrals, including loan repayments, and related employer matching contributions were not remitted to the Plan within the timeframe required by Department of Labor regulations. The Department of Labor considers late deposits, without regard to materiality, to be prohibited transactions. The general rule for deposits of 401(k) withholdings requires that the Company remit withheld employee 401(k) deferrals to the Plan as of the earliest date on which such amounts can reasonably be segregated from the Company's general assets, but in no event later than 15 business days after the end of the month in which the contributions were withheld.

(continued)

CONSTELLIS 401(k) PLAN

Notes to Financial Statements

December 31, 2018 and 2017

10. Delinquent Contributions (continued)

During the year ended December 31, 2018, the Company inadvertently failed to timely deposit \$3,208,278 of participant deferrals, including loan repayments. In addition, during 2018, the Company identified \$48,368 of participant deferrals, including loan repayments, and \$7,545 of related employer matching contributions, withheld from participants' compensation during 2018 that had not been remitted to the Plan. These amounts constitute nonexempt prohibited transactions between the Plan and the Company under ERISA and the Internal Revenue Code.

At December 31, 2018, \$101,044 of participant deferrals, including loan repayments, and \$17,685 of related employer matching contributions had not yet been remitted to the Plan and are included in Participant contributions receivable and Employer contributions receivable, respectively, on the accompanying Statement of net assets available for benefits. The Company is responsible for remitting these amounts and restoring to the Plan any related lost earnings. See Notes 11 and 14.

11. Commitments and Contingencies

As described in Note 10, the Company identified certain prohibited transactions in the administration of the Plan and has undertaken corrective action in accordance with applicable Department of Labor guidance for the self-correction of delinquent participant contributions, including the remittance of delinquent amounts and related lost earnings. All costs associated with these corrections, including any related fees or penalties, are being borne by the Company and are not paid from the Plan's assets.

The Company has received notices of determination from the Department of Labor assessing penalties for failure to file complete Forms 5500 with financial statements for the Plan for the 2018 through 2024 plan years. The Company, in consultation with its legal counsel, is in the process of responding to these notices and expects to file amended Forms 5500 as soon as administratively possible. Any penalties and related costs arising from these matters are the responsibility of the Company and are not paid from the Plan's assets.

12. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31, 2018 and 2017:

	2018	2017

13. Plan Amendments

Effective January 1, 2018, certain employees of OMNIPLEX World Services Corporation, OMNISEC International Security Services, Inc., OMNISEC International Investigations, Inc. and OMNISEC Security Solutions, Inc. became employees of Constellis, LLC and thus eligible employees under the Plan.

Effective April 19, 2018, the Plan was amended to exclude SCA employees, Puerto Rico residents, and designated Aberdeen Participants, as defined, from participation in the Plan. Also, part of the OMNIPLEX World Services Corporation 401(k) Savings Plan assets were merged into this Plan.

Effective June 15, 2018, the Plan was amended to remove the separate bonus election allowing participants to make a separate election with regards to bonuses or other incentive compensation.

Effective January 1, 2019, the Plan changed its trustee and third-party administrator from Transamerica Retirement Solutions to Voya. Also, effective as of that date, the Plan was amended and restated in its entirety to have all qualified employees of Constellis and its related employers who had previously adopted the Plan, together with the qualified employees of other employers who had previously adopted the Plan, participate under the Plan. This restatement incorporated various plan provision changes and a change in the form of the plan to a multiple employer plan.

Effective January 1, 2019, the OMNIPLEX World Services Corporation 401(k) Savings Plan, OMNIPLEX World Services Corporation Union Employees' 401(k) Plan, Constellis Retirement Plan, and Centerra Group, LLC 401(k) Plan were merged under this Plan.

Effective January 1, 2020, the Plan was amended to allow highly compensated employees to participate. Effective February 15, 2020, the Plan was amended to exclude bonuses from eligible compensation.

Effective January 1, 2021, the Plan was amended and restated to provide for a safe harbor matching contribution and other updates. The Company contributes a safe harbor matching contribution of 100% of the first 3% of the participant's eligible compensation, and 50% of the next 2% of eligible compensation that the participant contributes to the Plan.

Effective June 1, 2021, the Plan was amended to allow employees who are United States Virgin Islands residents to participate in the plan. The Plan was also amended to update provisions as allowed under the Coronavirus, Aid, Relief, and Economic Security ("CARES") Act passed by Congress on March 27, 2020. Under the CARES Act, changes were made impacting certain provisions of qualified retirement plans, including participant loans and distributions. Among other things, the CARES Act provisions, which were adopted by the Plan, increased the limit on participant loans, extended repayment terms, and waived penalties for certain early withdrawals.

14. Subsequent Events

Effective January 1, 2019, the OMNIPLEX World Services Corporation 401(k) Savings Plan, OMNIPLEX World Services Corporation Union Employees' 401(k) Plan, Constellis Retirement Plan, and Centerra Group, LLC 401(k) Plan were merged under this Plan. All assets were transferred to the Constellis 401(k) Plan between January 2019 and May 2019.

On December 29, 2022, the Setting Every Community Up for Retirement Act ("SECURE") 2.0 Act of 2022 was signed into law as part of the Consolidated Appropriations Act, 2023. The SECURE 2.0 Act includes numerous reforms to existing retirement law intended to increase retirement savings, facilitate access to retirement savings, encourage employees to save for retirement, and simplify and clarify retirement plan rules, with provision effective dates ranging from immediate to future

years. All provisions of SECURE 2.0 will be evaluated and implemented in accordance with future regulations and guidance, and the Plan will be amended as needed.

Subsequent to December 31, 2018, and prior to the issuance of these financial statements, the Company remitted delinquent participant contributions for the years 2015 through 2018, along with related employer matching contributions, to the Plan and credited affected participant accounts with related lost earnings, representing the amounts that would have been earned had the contributions been remitted to the Plan on a timely basis. The corrections were completed between 2019 and 2025 in accordance with applicable Department of Labor and Internal Revenue Service correction guidance, through a self-correction approach without a formal filing under the Voluntary Fiduciary Correction Program. Management believes that the corrective actions taken were appropriate and that no further corrective action is required. The following table summarizes the previously unremitted participant contributions and related employer matching contributions, the associated lost earnings credited, and the years in which such amounts were remitted to the Plan.
