CIMCO Employee Stock Ownership Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of CIMCO Employee Stock Ownership Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets (deficit) available for benefits as of December 31, 2024, the related statement of changes in net assets (deficit) available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate to the best of their knowledge.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter—Investments

As discussed in Note 8, the financial statements include an investment representing 100% of total assets as of December 31, 2024, whose fair value has been estimated by an independent appraisal, in the absence of readily ascertainable fair value, with the assistance of management and approved by the trustee. Because of the inherent uncertainty of the valuation, the estimated value may differ significantly from the value that would have been used had a market for the investment existed, and the difference could be material. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2024, and Schedule H, line 4j—schedule of reportable transactions for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CIMCO Employee Stock Ownership Plan

Notes to Financial Statements

Note 1. Plan Description

The following brief description of CIMCO Employee Stock Ownership Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General: CIMCO Resources Inc. (Company or Plan Sponsor) established the plan effective as of January 1, 2024. The Plan is a leveraged employee stock ownership plan (ESOP) and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (IRC), and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is administered by the ESOP Committee comprising of individuals appointed by the Company's Board of Directors. GreatBanc Trust Company is the Plan's trustee.

On July 1, 2024, the Plan purchased 408,434 shares of the Company's common stock using the proceeds from a note payable to the Company amounting to \$3,587,566 (see Note 6), and holds the stock in a trust established under the Plan. The borrowing is to be repaid over a period of 40 years, as determined in the loan agreement, by fully deductible Company contributions to the Plan. As the Plan makes each payment of principal and interest, as required, an appropriate percentage of stock will be allocated to eligible participants' accounts in accordance with applicable regulations under the IRC.

The borrowing is collateralized by the unallocated shares of common stock and is guaranteed by the Company. The lender has no rights against the shares of common stock once they are allocated to participants in accordance with the terms of the ESOP. Accordingly, the financial statements of the Plan as of December 31, 2024, and for the year ended December 31, 2024, present separately the assets and liabilities and changes therein pertaining to (a) the accounts of employees with rights in allocated common stock (allocated), and (b) common stock not yet allocated to employees (unallocated).

Eligibility: Employees of the Company and its participant subsidiaries who has attained age 18 are generally eligible to participate in the Plan after completing one year of service. One year of service is defined as the computation period of 12 months, during which an employee has at least 1,000 hours of service.

Contributions: The Company is obligated to make contributions in cash to the Plan which, when aggregated with the Plan's dividends and interest earnings, equal the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on its term loans. At the discretion of the Company, a contribution shall be made to participants' accounts that is based on eligible compensation. Employee contributions are not permitted.

Payment of benefits: Distributions on account of death, disability, or retirement are made in a lump sum in the Plan year following the event. Distributions for other separations from service commence in the fifth Plan year following the separation from service and are made in five annual installments. The amount to be distributed is based upon the immediately preceding valuation date. Distributions are made in cash or, if a participant elects, in the form of Company common stock plus cash. Under the provisions of the Plan, the Company is obligated to repurchase participant shares, which have been distributed under the terms of the Plan if the shares are not publicly traded or if the shares are subject to trading limitations.

Administrative expenses: As provided in the Plan agreement, administrative expenses may be paid either by the Plan or by the Company.

CIMCO Employee Stock Ownership Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Voting rights: Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the trustee prior to the time that such rights are to be exercised. The trustee is not permitted to vote any allocated shares for which instructions have not been given by a participant. The trustee is required, however, to vote any unallocated shares on behalf of the collective best interest of the Plan participants and beneficiaries.

Participant accounts: The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each Plan year with an allocation of shares of the Company's common stock released by the trustee from the unallocated account and forfeitures of terminated participants' nonvested accounts. Only those participants who are eligible employees of the Company as of the last day of the Plan year will receive an allocation. Allocations are based on a participant's eligible compensation, relative to total eligible compensation. Plan earnings are allocated to each participant's account based on the ratio of the participant's account balance.

Vesting: If a participant's employment with the Company ends for any reason other than retirement, permanent disability or death, he or she will vest in the balances in his or her account based on total years of service with the Company. Participants vest 20% after completing two years of service, and vest 20% per year of service, and are 100% vested after six years of service.

Put option: Under federal income tax regulations, the Company stock that is held by the Plan and its participants and is not readily tradable on an established market or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current appraised value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Diversification: Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company common stock into investments that are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. Participants who elect to diversify receive a cash distribution, which is then transferred to CIMCO Resources Inc. 401(k) Profit Sharing Plan. The election to diversify is made subsequent to year-end based upon the shares of Company stock in the participant's account at year-end.

Forfeitures: Plan forfeitures are allocated to each participant's account based upon the relation of the participant's eligible compensation to the total eligible compensation for the Plan year. There were no forfeitures allocated to participants during the year ended December 31, 2024. As of December 31, 2024, there were no forfeited nonvested accounts.

CIMCO Employee Stock Ownership Plan

Notes to Financial Statements

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Allocation: The financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to: (a) the accounts of employees with rights in allocated stock (allocated) and (b) stock not yet allocated to employees (unallocated), including shares that are committed to be released. Shares are released from collateral and become allocated generally in the period in which debt service is actually paid.

Investment valuation and income recognition: The shares of Company stock are reported at fair value. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividend income is accrued on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Payment of benefits: Benefits are recorded when paid.

Subsequent events: The Plan Administrator has evaluated subsequent events through October 31, 2025, the date the financial statements were available to be issued.

Note 4. Investments

The Plan's investments in CIMCO Resources, Inc. common stock as of December 31, 2024, is presented in the following table:

	Allocated	Unallocated
Number of shares	10,210.8398	398,223.1602
Cost	\$ 89,651	\$ 3,497,915
Fair value	\$ 28,182	\$ 1,099,095

Note 5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the Financial Accounting Standards Board Accounting Standards Codification 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2024.

CIMCO Resources, Inc. common stock: Valued at fair value based upon an appraisal. This appraisal was based upon a combination of the market and income valuation techniques, with each given equal weighting, as well as a discount for lack of marketability.

Note 5. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

	2024			
	Level 1	Level 2	Level 3	Total
Common stock, CIMCO Resources, Inc.	\$ -	\$ -	\$ 1,127,277	\$ 1,127,277

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market information is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one level to another.

Plan management evaluates the significance of transfers between levels based on the nature of the investment and the relative size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2024, there were no transfers in or out of Level 3.

The table below sets forth a summary of the Plan's purchases of Level 3 asset for the year ended December 31, 2024:

	Common Stock
Shares purchased (408,434)	\$ 3,587,566

Quantitative information about significant unobservable inputs used in Level 3 fair value

measurements: The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments and the significant unobservable inputs.

Instrument	Fair Value	Principal Valuation Technique	Unobservable Inputs
Common stock, CIMCO Resources, Inc.	\$ 1,127,277	Discounted cash flow Guideline public company	EBITDA and EBITA multiple Net Income Weighted average cost of capital Discount rate Public comparables Revenue multiple Discount for lack of marketability Other equity adjustments, primarily cash and working capital shortfall

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 6. Note Payable

On July 1, 2024, the Company entered into a \$3,587,566 ESOP note with the Company. The proceeds of the loan were used to purchase the Company's common stock. Unallocated shares are collateral to the loan. Shares are released from collateral and allocated to participants as payments of principal and interest are made. The number of shares released in any year is the number of shares held as collateral, times the ratio of the current year payments divided by the total of this year's payments, plus all future years' principal and interest payments. This resulted in 10,210.8398 shares being released and allocated for the Plan year ended December 31, 2024. The agreement provides for the loan to be repaid in \$193,679 annual payments consisting of principal and interest, commencing December 31, 2024, and continuing on each December 31 thereafter through and including the maturity date of December 31, 2063. The loan bears interest at 4.61%.

The principal maturities of long-term debt as of December 31, 2024, are as follows:

Years ending December 31:	
2025	\$ 33,399
2026	34,938
2027	36,549
2028	38,234
2029	39,996
Thereafter	3,293,618
	<u>\$ 3,476,734</u>

Note 7. Related-Party and Party-in-Interest Transactions

The Plan invests in Company common stock and has indebtedness to the Company. These are related party and party-in-interest transactions. The Plan a number of service providers. Such providers are parties in interest under ERISA.

Certain employees of the Company provide services to the Plan and are not reimbursed for their services from the Plan. Certain other administrative expenses are paid by the Company on behalf of the Plan.

Note 8. Risks and Uncertainties

The Plan investments consist primarily of the Company's common stock, which is exposed to various risks, such as interest rate, market and credit risks, as well as valuation assumptions based on earnings, cash flows and other such techniques. Due to the level of risk associated with the investment in the common stock and to uncertainties inherent in the estimations and assumptions, it is at least reasonably possible that changes in the value of the common stock will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits. As of December 31, 2024, 100% of the Plan's assets, are invested in shares of CIMCO Resources, Inc. common stock.

Note 9. Plan Termination

The Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon termination of the Plan, the ESOP Committee directs the trustee to pay all liabilities and expenses of the ESOP and to sell shares of financed common stock held as collateral to the extent it determines such sale to be necessary in order to repay the loan. Subsequently, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the IRC.

Note 10. Tax Status

The Internal Revenue Service (IRS) has determined and informed the Plan Sponsor, by a letter dated May 27, 2025, that the Plan, as designed, is qualified, and the trust established under the Plan is tax-exempt under the appropriate sections of the IRC. The Plan Administrator believes the Plan and trust are currently designed, and being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
