## INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees  
United Association National Pension Fund  
Staff Retirement Plan

### Opinion

We have audited the accompanying financial statements of the United Association National Pension Fund Staff Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of June 30, 2025 and 2024, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, net assets available for benefits of the Plan as of June 30, 2025 and 2024, and the changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

## Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

## UNITED ASSOCIATION NATIONAL PENSION FUND STAFF RETIREMENT PLAN

### NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2025 AND 2024

#### NOTE 1. DESCRIPTION OF THE PLAN

The following brief description of United Association National Pension Fund Staff Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan Description for more complete information.

The Plan is a defined benefit pension plan. It is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Board of Trustees (Trustees) voted to amend the Plan name from Plumbers and Pipefitters National Pension Fund Staff Retirement Plan to United Association National Pension Fund Staff Retirement Plan, effective July 1, 2021.

The Plan provides normal, early retirement, disability, deferred and surviving spouse pensions.

**Pension Benefits** - Participants with 10 or more years of service are entitled to monthly pension benefits beginning at normal retirement age of 65. The amount of the Normal Pension depends on when the participant separates from service, their final average compensation, and their years of credited service at the time of their retirement. The amount of Normal Pension is based on 2.5% of final year's compensation per year of service to a maximum of 70% after 28 years. Final average compensation is defined as the highest 12-consecutive months of compensation out of the last five years of employment prior to termination. The Plan permits early retirement beginning at age of 55 if the participant has at least 10 years of credited service. The benefit will be the normal pension reduced by 0.25% per month, for each month the participant is younger than age 62. Participants may elect to receive their pension benefits in the form of a joint and survivor benefit.

**Disability Benefits** - A participant who is totally and permanently disabled before normal retirement age while actively employed by the Plan and has at least 5 years of service will be eligible for a disability benefit. The amount of the disability benefit is the same as the Normal Pension that the participant would be eligible to receive at normal retirement age based upon their credited service.

## NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

**Basis of Accounting** - The accompanying financial statements have been prepared on the accrual basis of accounting. Under this basis of accounting, revenue is recognized when earned and expenses are recognized when incurred.

**Investment Valuation and Income Recognition** - Investments are carried at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are reported on a trade-date basis. Interest income is reported on the accrual basis. Dividends are reported on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Use of Estimates** - The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

**Payment of Benefits** - Benefit payments to participants are recorded upon distribution.

**Administrative Expenses** - The Plan's expenses are paid either by the Plan or the United Association National Pension Fund, as provided by the Plan document. Expenses that are paid directly by the United Association National Pension Fund are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are reported as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation of fair value of investments presented in the accompanying statements of changes in net assets available for benefits.

## NOTE 3. ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the services employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are based on credited services which consist of the sum of past credited service and future credited service as defined in the Plan document.

### **NOTE 3. ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS (CONTINUED)**

Mortality Rates - Internal Revenue Service (IRS) 2024 Generational Mortality Tables as of July 1, 2024, and IRS 2023 Generational Mortality Tables as of July 1, 2021.

Salary Scale - 4.50% per year.

Retirement Age from Active Status - Age 62 with 10 years of service, or current age if older.

Retirement Age from Inactive Vested Status - Age 65, or age 62 if eligible for a Deferred Pension, or current age if older.

Percent Married - Based on Social Security awards during 1972. Male spouses are assumed to be three years older than female spouses.

Net Investment Return - 6.50% as of July 1, 2024, and July 1, 2023.

Administrative Expenses - \$10,000 as of July 1, 2024, and \$6,500 as of July 1, 2023.

Future Benefit Accruals - One service credit per year per active employee included in the valuation.

Actuarial Cost Method - The Unit Credit cost method as required under the Pension Protection Act of 2006.

Asset Valuation Method - A twenty-four-month average of assets as described in Internal Revenue Code Section 420. The market value for the prior two years is adjusted for benefit payments, administrative expenses, contributions and expected investment return as described in Notice 2009-22 under Section 430(g)(3)(B). The actuarial value of assets is constrained so that it cannot exceed 110% of the market value and cannot be less than 90% of the market value.

### **NOTE 4. PLAN TERMINATION**

The Trustees shall have the right to discontinue or terminate this Plan in whole or in part. The rights of all affected participants to benefits accrued to the date of termination, partial termination or discontinuance to the extent funded as of such date shall be nonforfeitable. In the event of termination, the assets then remaining in the Plan, after providing for any administrative expenses, shall be allocated among the pensioners, beneficiaries, and participants in the following order:

1. To persons who are receiving or could have received retirement benefits from the Plan for at least three years prior to the Plan termination date in the amount equal to the lowest Plan benefits existing within the five years prior to the termination;

## NOTE 4. PLAN TERMINATION (CONTINUED)

2. To persons receiving benefits insured by the Pension Benefit Guaranty Corporation with respect to participation in the Plan;
3. To persons with vested accrued benefits under the Plan. If the Plan has been amended during the five Plan years before it is terminated, assets must first be allocated to vested benefits arising from Plan provisions in effect for more than five Plan years. Any remaining Plan assets are then allocated to the vested benefits arising from the oldest amendment enacted during this period to the extent sufficient, after which any remaining Plan assets are allocated to the vested benefits arising from the next oldest amendment enacted during the last five years to the extent sufficient, etc. This process is followed until either all vested benefits are provided, or all Plan assets have been allocated, whichever occurs first; and,
4. To any other person entitled to a benefit under the Plan.

## NOTE 5. FAIR VALUE MEASUREMENTS

Accounting standards provide the framework for measuring fair value which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include other significant observable inputs including:
- Quoted prices for similar assets or liabilities in active markets;
  - Quoted prices for identical or similar assets or liabilities in inactive markets;
  - Inputs other than quoted prices that are observable for the asset or liability; and
  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

## NOTE 5. FAIR VALUE MEASUREMENTS (CONTINUED)

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2025 and 2024.

*Short-term investments:* The Plan's investments consist of shares of a money market portfolio that is valued using amortized cost, which approximates fair value.

*Common collective trusts and limited partnerships:* Common collective trusts and limited partnerships are valued at net asset value (NAV). The NAV, as provided by the investment advisor, is used as a practical expedient to estimate fair value. The NAV of these investments is based on the fair value of the underlying assets held by the fund less its liabilities.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2025 and 2024:

Description	Assets at Fair Value as of June 30, 2025			
	Total	Level 1	Level 2	Level 3
Short-term investments	\$ 17,592,414	\$ -	\$ 17,592,414	\$ -
Total assets in the fair value hierarchy	17,592,414	\$ -	\$ 17,592,414	\$ -
Investments measured at NAV*	43,863,229			
Total	\$ 61,455,643			

Description	Assets at Fair Value as of June 30, 2024			
	Total	Level 1	Level 2	Level 3
Short-term investments	\$ 14,601	\$ -	\$ 14,601	\$ -
Total assets in the fair value hierarchy	14,601	\$ -	\$ 14,601	\$ -
Investments measured at NAV*	63,037,998			
Total	\$ 63,052,599			

\*In accordance with Accounting Standards Codification, investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

## NOTE 6. FAIR VALUE OF INVESTMENTS THAT CALCULATE NET ASSETS VALUE

Authoritative guidance on fair value measurements permits the Plan to measure the fair value of an investment entity that does not have a readily determinable fair value based upon the NAV per share or its equivalent of the investment. This guidance does not apply if it is probable that the investment will be sold at a value different than NAV.

The Plan's investment in investment entities is subject to the terms of the respective private placement memoranda and governing agreements. Income or loss from investments in these investment entities are net of the Plan's proportionate share of fees and expenses incurred or charged by these investment entities. To diversify its investment risk, the Plan looked for different investment vehicles where the return did not necessarily correlate to general market returns as what was previously invested.

The following table sets forth the Plan's investments in certain entities that calculate NAV per share at fair value measurement as of June 30, 2025 and 2024:

Description	Fair Value		Unfunded Commitments		Redemption Frequency (if currently eligible)	Redemption Notice Period
	2025	2024	2025	2024		
Limited partnership	\$ 5,166,217	\$ 5,137,763	\$ -	\$ -	Varies	Varies
Common collective trusts	38,697,012	57,900,235	-	-	Daily	1 Day
	<u>\$ 43,863,229</u>	<u>\$ 63,037,998</u>				

The investments in the limited partnership class consists of one investment which is an open-end, commingled real estate investment fund and is intended to have an indefinite term and seeks to achieve long term growth of capital consistent with risk reduction through diversification. These investments are subject to various restrictions on redemption and frequency. The fair value of these investments is estimated based on the audited capital accounts and the respective ownership as reported by the investment manager.

The Plan's investment in the common collective trust category is comprised of one investment. Underlying assets in this fund primarily include publicly traded equity securities and fixed income securities and are valued at their NAVs calculated by the fund or bank sponsor and have daily liquidity.

## NOTE 7. FUNDING POLICY

The Plan is financed by contributions made by the United Association National Pension Fund. The employer contributes amounts which will maintain the Plan in an actuarially sound position. The Plan's actuary has determined the Plan has met the minimum funding requirements of ERISA.

## **NOTE 8. INCOME TAX STATUS**

The Plan obtained its latest determination letter on February 8, 2018, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

## **NOTE 9. RELATED PARTY TRANSACTIONS**

During the years ended June 30, 2025 and 2024, the Plan reimbursed the United Association National Pension Fund for benefits paid on behalf of participants which totaled \$38,055 and \$74,409, respectively.

In addition, in connection with the planned merger of the Plan into the United Association National Pension Fund, the Plan transferred \$1,979,811 to the United Association National Pension Fund on June 30, 2025. As the merger had not yet become effective, this amount was recorded as a receivable from the United Association National Pension Fund as of June 30, 2025.

The balance receivable at June 30, 2025 and 2024 was \$1,979,811 and \$4,109, respectively, and is included in other receivables.

## **NOTE 10. RISK AND UNCERTAINTIES**

The Plan invests in various investments securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments securities, it is least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near-term would be material to the financial statements.

## NOTE 11. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation for additions per the financial statements to income per Form 5500 for the year ended June 30, 2025:

Additions per financial statements	\$ 8,568,930
Add: investment expenses	<u>41,759</u>
Income per Form 5500	<u>\$ 8,610,689</u>

The following is a reconciliation for deductions per the financial statements to expenses per Form 5500 for the year ended June 30, 2025:

Deductions per financial statements	\$ 2,313,627
Add: investment expenses	<u>41,759</u>
Expenses per Form 5500	<u>\$ 2,355,386</u>

Investment expenses are netted with investment income on the statements of net assets available for benefits but are not netted with additions on the Form 5500.

## NOTE 12. PLAN MERGER

Effective July 1, 2025, the Plan merged into the United Association National Pension Fund. Accordingly, on that date, the United Association National Pension Fund assumed all assets, liabilities, rights and obligations of the Plan. The transfer of net assets occurred in conjunction with the merger and, as a result, the Plan ceased operations and had no assets or net assets available for benefits as of June 30, 2025.

## NOTE 13. SUBSEQUENT EVENTS

Subsequent events have been evaluated through January 6, 2026, which is the date the financial statements were available to be issued. This review and evaluation revealed no material event or transaction which would require an adjustment to or disclosure in the accompanying financial statements.

**Schedule SB, Part V – Summary of Plan Provisions:**

**1. Plan Year**

July 1 through June 30.

**2. Normal Pension**

<b>Age Requirement</b>	65
<b>Credited Service Requirement</b>	10 Years
<b>Benefit</b>	2.5 percent of final year's average compensation per year of service to a maximum of 70% after 28 years. Final average compensation is defined as the highest 12 consecutive months of compensation out of the last five years of employment prior to termination. Compensation used to calculate the average is defined as basic annual salary or earnings and may not exceed the limit mandated in IRC §401(a)(17) (\$330,000 for 2023, and \$345,000 for 2024) in any year. Benefits may not exceed the limit mandated in IRC §415 limit (\$265,000 in 2023 and \$275,000 in 2024).

**3. Early Retirement Pension**

<b>Age Requirement</b>	55
<b>Service Requirement</b>	10 Years
<b>Benefit</b>	Normal pension reduced by ¼% per month for each month the employee is younger than age 62

**4. Disability Pension**

<b>Age Requirement</b>	None
<b>Service Requirement</b>	5 Years
<b>Benefit</b>	Normal pension based on service accrued and final average compensation at disability, payable immediately

**Attachments to 2024 Schedule SB (Form 5500)**

**EIN 52-6088636, Plan 001**

**5. Deferred Pension**

<b>Age Requirement</b>	None
<b>Service Requirement</b>	10 Years
<b>Benefit</b>	Normal pension based on service accrued and final average compensation at termination, payable as early as age 55 (reduced by 1/4% per month for each month the employee is younger than age 62)

**6. Vested Pension**

<b>Age Requirement</b>	None
<b>Service Requirement</b>	5 Years
<b>Benefit</b>	Accrued pension payable at age 65

**7. Spouse's Pre-Retirement Death Benefit**

<b>Age Requirement</b>	None
<b>Credited Service Requirement</b>	5 Years
<b>Amount: Qualified Spouse</b>	50% of benefit employee would have received had he/she retired the day before he/she died and elected the joint and survivor option. If the participant dies prior to age 55, benefits to the spouse are deferred to when the participant would have attained age 55.
<b>Beneficiary</b>	Normal pension based on service accrued and final average compensation at death, payable immediately for 60 months

**8. Joint and Survivor Post-Retirement Death Benefit**

All benefits are paid in the form of joint and survivor annuity unless this form is rejected by the employee and spouse. If not rejected, the benefit amount payable is reduced to reflect the joint and survivor coverage. If rejected, benefits are payable for the life of the employee without reduction or in any other available option form elected by the employee in an actuarially equivalent amount.

**Schedule SB, Part V – Statement of Actuarial Assumptions/Methods:**

**A. Actuarial Methods**

**1. Asset Valuation Method**

24-month average of assets as described in Internal Revenue Code Section 420. The market value for the prior two years is adjusted for benefit payments, administrative expenses, contributions and expected investment return as described in Notice 2009-22 under Section 430(g)(3)(B). The actuarial value of assets is constrained so that it cannot exceed 110% of the market value and cannot be less than 90% of the market value.

**2. Actuarial Cost Method**

The Unit Credit cost method as required under the Pension Protection Act of 2006.

**3. Modeling Disclosures**

In accordance with Actuarial Standard of Practice No. 56 (Modeling), the following disclosures are made:

***Proval***

Cheiron utilizes ProVal, an actuarial valuation software leased from Winklevoss Technologies (WinTech) to calculate liabilities, normal costs, and project benefit payments. We have relied on WinTech as the developer of ProVal. We have reviewed ProVal as it relates to the Plan and have used ProVal in accordance with its original intended purpose. We have not identified any material inconsistencies in the output of ProVal that would affect the contents of this actuarial valuation report.

**EIN 52-6088636, Plan 001**

**6. Percent Married**

Based on Social Security awards during 1972. Male spouses are assumed to be three years older than female spouses. Sample rates are as follows:

Age	Percent Married	
	Male	Female
40-44	71.4	63.1
45-49	73.3	61.0
50-54	75.7	64.0
55-59	77.0	57.6
60-64	74.0	49.5
65-69	69.9	22.7

**7. Administrative Expenses**

\$10,000 payable as of the beginning of the year.

**8. Future Benefit Accruals**

One service credit per year per active employee included in the valuation.

**9. Unknown Data for Participants**

Same characteristics as those exhibited by participants with similar known characteristics.

**10. Interest Rates**

- a. Funding Target interest rates - 5.43%

5.43% is the effective interest rate based on the IRC §430(h)(2)(B) base segment rates, as allowed under IRC §430(h)(2)(C)(iv), which was amended through IIJA, as published by the IRS.

- i. Segment 1 4.99%
- ii. Segment 2 5.29%
- iii. Segment 3 5.59%

**Attachments to 2024 Schedule SB (Form 5500)**  
**United Association National Pension Fund Staff Retirement Plan**  
**EIN 52-6088636, Plan 001**

b. Maximum Deductible Funding Target interest rates - 5.28%

5.28% is the effective interest rate based on the IRC §430(h)(2)(B) base segment rates for July 2024, as allowed under IRC §430(h)(2)(E), and as published by the IRS. These rates do not reflect the interest rate smoothing offered under funding relief. These rates are also used for the LDRM.

- i. Segment 1 4.99%
- ii. Segment 2 5.29%
- iii. Segment 3 5.29%

c. Low-Default-Risk Obligation Measure interest rates - 5.39%

5.39% is the effective interest rate based on the following segment rates.

- i. Segment 1 5.09%
- ii. Segment 2 5.28%
- iii. Segment 3 5.52%

d. Accounting - 6.50%

e. PBGC Premium: Same as the segment rates noted in b. above.

## **11. Assumed Long Term Asset Return**

6.50%, net of investment expenses

The Fund's investment consultant reported expected long-term geometric return (net of investment expenses) was 6.7% per year last year based on the current portfolio. This expectation is based on an inflation projection of 2.0% per year. Given these expectations, the assumed 6.5% per year is reasonable for this year but will continue to be monitored.

## **12. Rationale for Assumptions**

Mortality and interest rates for funding are prescribed by the law. All other assumptions are based on the last experience review performed by the former actuary prior to 2005. The results of that study are incorporated here by reference. The assumptions continue to be closely monitored.

**Attachments to 2024 Schedule SB (Form 5500)**  
**United Association National Pension Fund Staff Retirement Plan**  
**EIN 52-6088636, Plan 001**

**13. Changes in Assumptions Since Last Valuation**

The mortality assumption was changed from the IRS 2023 Generational Mortality Table to the IRS 2024 Generational Mortality Table to comply with mandated assumptions prescribed by the regulatory guidance of the Pension Protection Act of 2006 (PPA).

The interest rates changed from the segment rates for July 2023 per §430(h)(2)(B) as adjusted by ARPA to the segment rates for July 2024 per §430(h)(2)(B) as adjusted by IJA.

Administrative expenses were changed to better reflect anticipated experience for the upcoming plan year.

**Statement by Enrolled Actuary**  
 To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.
