## Independent Auditor's Report

Plan Sponsor's Board of Trustees and Plan Participants  
Tate Engineering Systems, Inc. Retirement Savings Plan

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Tate Engineering Systems, Inc. Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of May 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended May 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of May 31, 2025 and 2024, and for the year ended May 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by a qualified institution and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

#### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings and certain internal control-related matters that we identified during the audits.

#### **Other Matter—Supplemental Schedules Required by ERISA**

The supplemental schedule of delinquent participant contributions for the year ended May 31, 2025, and schedule of assets (held at end of year) as of May 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

#### Note 1. Plan Description

The following description of Tate Engineering Systems, Inc. Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

**General:** The Plan is a defined contribution plan covering all employees of Tate Engineering Systems, Inc. (the Company) who are age 18 or older. The Plan Administrator is responsible for oversight for the Plan. The Company's Board of Trustees determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Company's Board of Directors. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

**Contributions:** Participants may contribute up to 100% of pre-tax annual compensation, as defined by the Plan. Employees are subject to automatic enrollment provisions under the Plan. Unless a newly eligible employee makes an affirmative election otherwise, the employee's deferral will be 3% of the employee's eligible compensation. In addition, participants are subject to an automatic deferral increase of 1% annually, not to exceed 10% of eligible compensation. Participants may elect to discontinue their participation in the automatic deferral rate increase program at any time. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). The Plan allows additional catch-up contributions for participants age 50 or older at the end of the Plan year.

The Company may elect to make discretionary matching and/or discretionary non-elective employer contributions to eligible employees. Participants must be credited with 1,000 service hours during the Plan year and be employed on the last day of the Plan year to be eligible for the employer contributions. The Company did not elect to make a discretionary match or discretionary non-elective employer contribution for the year ended May 31, 2025. Contributions are subject to certain Internal Revenue Code (IRC) limitations.

**Investment options:** Upon enrollment in the Plan, a participant may direct all contributions to selected investments as made available and determined by the Plan Administrator in 1% increments. Participants may change their investment options daily.

**Participant accounts:** Each participant's account is credited with the participant's contributions and the Company's discretionary matching contributions, as well as allocations of any discretionary non-elective employer contributions and Plan earnings/losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Vesting:** Participants are immediately vested in their contributions plus earnings thereon. Vesting in the Company's discretionary matching and nonelective contributions plus earnings thereon is based on years of continuous service. Participants vest 20% per year of service and are 100% vested after five years of service.

**Payment of benefits:** The Plan permits withdrawals when a participant terminates employment, retires or becomes disabled or deceased. In-service withdrawals are also permitted for certain financial hardships or when a participant attains the age of 59½. A participant or his/her beneficiary may elect to receive either (a) a lump-sum amount equal to the value of the participant's vested interest in his or her account, (b) installments over time or (c) a payment paid as a direct rollover to an individual retirement account or to another qualified plan.

#### Note 1. Plan Description (Continued)

**Forfeitures:** Forfeitures are used to pay plan expenses or reduce employer contributions. Forfeited nonvested accounts totaled \$7,712 and \$27,981 at May 31, 2025 and 2024, respectively. For the year ended May 31, 2025, \$16,610 of forfeitures were used to reduce employer contributions and \$15,756 were used to pay plan expenses.

**Notes receivable from participants:** Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000. Loan terms range up to five years or over a reasonable period of time for the purchase of a participant's primary residence, as established by the Plan Administrator at the time of the loan. The loans are collateralized by the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. These rates range from 4.25% to 9.50% on loans outstanding at May 31, 2025, and the loans mature through 2029. Principal and interest are paid ratably through periodic payroll deductions.

#### Note 2. Summary of Significant Accounting Policies

**Basis of accounting:** The financial statements of the Plan are prepared on the accrual basis of accounting.

**Use of estimates:** The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

**Investment valuation and income recognition:** Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company's Board of Trustees determines the Plan's valuation policies utilizing information provided by the trustee. See Note 4 for discussion of fair value measurements.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement for the portion of the net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

#### Note 2. Summary of Significant Accounting Policies (Continued)

**Notes receivable from participants:** Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make the scheduled repayments and the Plan Administrator deems the participant to be in default, the participant's note receivable is reduced and a benefit payment is recorded based on the terms of the Plan. No allowance for credit losses has been recorded as of May 31, 2025 and 2024.

**Payment of benefits:** Benefits are recorded when paid.

**Expenses:** Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Administrative expenses include fees related to the administration of notes receivable that are charged directly to the participant accounts and certain recordkeeping fees paid by the Plan. Investment-related expenses are included in net appreciation of fair value of investments.

**Subsequent events:** The Plan has evaluated subsequent events through March 11, 2026, the date the financial statements were available to be issued.

#### Note 3. Information Certified or Provided by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company (Trustee)

The following is a summary of the Plan's asset information as of May 31, 2025 and 2024, and for the year ended May 31, 2025, included throughout the Plan's financial statements and ERISA-required supplemental schedules, obtained by management and agreed to or derived from information certified by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company, the trustee of the Plan. The Plan Administrator has obtained certifications from the trustee that the information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information that appears throughout the financial statements and ERISA-required supplemental schedules related to the following assets:

	May 31	
	2025	2024
Investments at fair value:		
Registered investment companies	\$ 423,524	\$ 390,534
Common collective trusts	9,950,816	8,536,826
Pooled separate account	2,964	4,125
	<u>\$ 10,377,304</u>	<u>\$ 8,931,485</u>
Investment at contract value:		
Guaranteed investment contract	\$ 904,492	\$ 849,326
Notes receivable from participants	<u>\$ 216,704</u>	<u>\$ 233,208</u>

The trustee also certified to the completeness and accuracy of \$895,671 of net appreciation in fair value of investments, \$49,944 of interest and dividends and \$20,437 of interest income on notes receivable from participants related to the aforementioned assets for the year ended May 31, 2025.

#### Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

**Level 1:** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**Level 2:** Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3:** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at May 31, 2025 and 2024.

**Registered investment companies (mutual funds):** Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

**Pooled separate account:** Valued at the NAV of shares in each account held by the Plan at year end. The net asset value is not a publicly-quoted price in an active market. The NAV, as provided by the insurance carrier, is used as a practical expedient to estimating fair value.

**Common collective trusts:** Valued at the NAV of shares in each account held by the Plan at year end. The net asset value is not a public-quoted price in an active market. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

### Notes to Financial Statements

#### Note 4. Fair Value Measurements (Continued)

The following table sets forth by level, with the fair value hierarchy, the Plan's assets at fair value as of May 31, 2025 and 2024:

Description	Assets at Fair Value as of May 31, 2025			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 423,524	\$ -	\$ -	\$ 423,524
Investment measured at NAV (a)				9,953,780
				<u>\$ 10,377,304</u>

  

Description	Assets at Fair Value as of May 31, 2024			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 390,534	\$ -	\$ -	\$ 390,534
Investment measured at NAV (a)				8,540,951
				<u>\$ 8,931,485</u>

(a) In accordance with the Fair Value Measurements topic, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is estimated using NAV per share (or its equivalent) as a practical expedient as of May 31, 2025 and 2024:

Investment	Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2025	2024			
Common collective trusts	\$ 9,950,816	\$ 8,536,826	None	Daily	None
Pooled separate account	2,964	4,125	None	Daily	None
	<u>\$ 9,953,780</u>	<u>\$ 8,540,951</u>			

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits.

#### Note 5. Fully Benefit-Responsive Investment Contract

The Plan has a traditional, fully benefit-responsive guaranteed investment contract with Principal Life Insurance Company (Principal Life) that is reported at contract value. Principal Life maintains the contributions in a general account. The account is credited with contributions, earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

## **Tate Engineering Systems, Inc. Retirement Savings Plan**

### **Notes to Financial Statements**

---

#### **Note 5. Fully Benefit-Responsive Investment Contract (Continued)**

The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1%. Such interest rates are reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Such events include:

1. Amendments to the Plan documents (including complete or partial Plan termination or merger with another plan;
2. Changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions;
3. Bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan;
4. The failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA; or,
5. Premature termination of the contract.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Such events include:

1. An uncured violation of the Plan's investment guidelines;
2. A breach of material obligation under the contract;
3. A material misrepresentation; or,
4. A material amendment to the agreement without the consent of the issuer.

#### **Note 6. Related Party and Party-in-Interest Transactions**

Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company is the trustee of the Plan; therefore, transactions with the trustee and its affiliates qualify as party-in-interest transactions. The Company also paid certain administrative expenses of the Plan.

#### **Note 7. Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

## **Tate Engineering Systems, Inc. Retirement Savings Plan**

### **Notes to Financial Statements**

---

#### **Note 8. Tax Status**

The Plan has adopted a non-standardized pre-approved profit-sharing plan (pre-approved plan) sponsored by Principal Life Insurance Company. The pre-approved plan provider has received an opinion letter from the IRS as to the pre-approved plan's qualified status. The pre-approved opinion letter has been relied upon by the Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

#### **Note 9. Nonexempt Transactions**

During the years ended May 31, 2023 and 2022, the Company inadvertently did not timely deposit participant contributions and loan repayments. The late contributions for the years ended May 31, 2023 and 2022 totaled \$192,654 and \$32,395, respectively. The late contributions were deposited, and in October 2025, the Company contributed lost earnings (determined in accordance with DOL regulations) totaling \$4,855, resulting in full correction. Required excise taxes were also paid.

Board of Trustees  
Tate Engineering Systems, Inc. Retirement Savings Plan  
Baltimore, MD

Attention: Greg Ray, Chief Financial Officer, and Robbie Mathias, Vice President of Human Resources

In planning and performing our audit of the financial statements of the Tate Engineering Systems, Inc. Retirement Savings Plan (the Plan) as of May 31, 2025, and for the year then ended, in accordance with auditing standards generally accepted in the United States of America, we considered relevant plan provisions and the Plan's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the Plan's compliance with those provisions or on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the Plan's compliance with plan provisions or on the effectiveness of the Plan's internal control.

Our consideration of relevant plan provisions and internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all instances that the Plan is not operating in accordance with the Plan's provisions or deficiencies in internal control that might be material weaknesses or significant deficiencies. Therefore, instances that the Plan is not operating in accordance with plan provisions or deficiencies in internal control, including material weaknesses or significant deficiencies, may exist that were not identified.

Instances where the Plan is not operating in accordance with plan provisions may be indicative of a deficiency in internal control. A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A deficiency in design exists when (a) a control necessary to meet the control objective is missing, or (b) an existing control is not properly designed so that, even if the control operates as designed, the control objective would not be met. A deficiency in operation exists when a properly designed control does not operate as designed or when the person performing the control does not possess the necessary authority or competence to perform the control effectively.

A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Following are descriptions of identified deficiencies in internal control that we determined did not constitute significant deficiencies or material weaknesses:

***Incentive and OnCall Wages Incorrectly Excluded from Eligible Compensation***

During the course of our audit, we noted that eligible compensation was understated due to the Plan excluding Incentive and OnCall compensation codes from employees' eligible compensation used to calculate employee deferrals each pay period. This error occurred due to the failure of the control system to update the proper definition of eligible compensation with the payroll provider. Procedures should be put in place to verify the accuracy of the data provided to the payroll provider and to reconcile that data file to the payroll records to confirm consistency of the file with the Plan Document.

This communication is intended solely for the information and use of the Plan Administrator, management, the Board of Trustees, and others within the Plan, and is not intended to be, and should not be, used by anyone other than these specified parties.

Board of Trustees  
Tate Engineering Systems, Inc. Retirement Savings Plan  
Baltimore, MD

Attention: Greg Ray, Chief Financial Officer, and Robbie Mathias, Vice President of Human Resources

We have completed an Employee Retirement Income Security Act of 1974 (ERISA) Section 103(a)(3)(C) audit, pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, of the financial statements of Tate Engineering Systems, Inc. Retirement Savings Plan (the Plan) as of and for the year ended May 31, 2025, and have issued our report thereon dated March 11, 2026. This letter presents communications required by our professional standards.

***Our Responsibility under Auditing Standards Generally Accepted in the United States of America***

As communicated in our engagement letter, our responsibility, as described by professional standards, is to conduct our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). As permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL Rules and Regulations for Reporting and Disclosure under ERISA, our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America. Other than for the certified investment information, the financial statements and supplemental schedule were audited by us in accordance with GAAS and were subjected to tests of your accounting records and other procedures as we considered necessary to enable us to express an opinion as to whether they are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Our audit of the financial statements does not relieve you or management of its respective responsibilities.

***Planned Scope and Timing of the Audit***

We performed the audit according to the planned scope and timing previously communicated to you in our discussion about planning matters.

***Qualitative Aspect of Accounting Policies***

Management is responsible for the selection and use of appropriate accounting policies. In accordance with the terms of our engagement letter, we will advise management about the appropriateness of accounting policies and their application. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the year ended May 31, 2025.

We noted no transactions entered into by the Plan during the year that were both significant and unusual, and of which, under professional standards, we are required to inform you, or transactions for which there is a lack of authoritative guidance or consensus. In addition, we did not identify any significant findings or issues during the audit in connection with the Plan's related parties.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected.

We evaluated the key factors and assumptions management used to develop the fair value estimates pertaining to investments and determined that such estimates and assumptions are reasonable.

The disclosures in the financial statements are neutral, consistent, and clear.

### ***Corrected and Uncorrected Misstatements***

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. We identified uncorrected misstatements related not passing compliance testing and missed contributions related to not including the INCEN and CAR compensation codes in eligible compensation used to calculate employee contributions. Management has concluded the passed adjustments are not, individually or in the aggregate, material to the financial statements. We agree with management's conclusion in that regard. Uncorrected misstatements or matters underlying these uncorrected misstatements could potentially cause future-period financial statements to be materially misstated, even if we have concluded that the uncorrected misstatements are immaterial to the financial statements under audit

### ***Independence***

We are not aware of any relationships between Coker and Company, LLC and the Plan that, in our professional judgment, may reasonably be thought to bear on our independence. Relating to our audit of the financial statements of the Plan as of and for the year ended May 31, 2025, Coker and Company, LLC hereby confirms in accordance with the Code of Professional Conduct issued by the American Institute of Certified Public Accountants, that we, in our professional judgment, are independent with respect to the Plan.

During the year ended May 31, 2025, Coker and Company, LLC provided services to prepare the financial statements for the Plan.

### ***Form 5500***

In performing our audit, in accordance with GAAS, we are responsible for obtaining and reading the draft Form 5500 in order to identify material inconsistencies, if any, with the audited ERISA plan financial statements. During our audit we obtained and read the draft Form 5500 from management and did not identify any material inconsistencies.

### ***ERISA-Required Supplemental Schedules***

We subjected the information included in the ERISA-required supplemental schedules, other than that agreed to or derived from the certified investment information, to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or the financial statements themselves, and other additional procedures in accordance with GAAS. The objective of these audit procedures was to determine whether the ERISA-required supplemental schedules, other than the certified investment information, are fairly stated in all material respects in relation to the financial statements as a whole, whether the form and content of the ERISA-required supplemental schedules are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure Under ERISA, and whether the certified investment information in the supplemental schedules agrees to, or is derived from, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). We will include an other-matter paragraph in our auditor's report for the ERISA-required supplemental schedules. We did not identify inconsistencies with the audited financial statements or with the certified investment information.

### ***Reportable Findings***

In planning and performing the audit, we considered plan provisions relevant to designing audit procedures for the purpose of expressing our opinion on the Plan's financial statements, but not for the purpose of expressing an opinion on the Plan's compliance with those provisions. Our audit was not designed to identify all instances that the Plan is not operating in accordance with the Plan's provisions or other specified criteria that might be considered reportable findings.

A reportable finding is one or more of the following:

- A matter that is identified as an instance of noncompliance or suspected noncompliance with laws or regulations.
- A finding arising from the audit that is significant and relevant to those charged with governance regarding their responsibility to oversee the financial reporting process.
- A deficiency in internal control identified during the audit that has not been communicated to management by other parties that is of sufficient importance to merit management's attention

We are required to communicate reportable findings from the audit procedures performed relating to the plan provisions to those charged with governance, in writing. We have included reportable findings that resulted in internal control deficiencies in the written communication for internal control matters.

### ***Internal Control Matters***

We have issued a separate communication, regarding certain deficiencies in internal control that we identified during the planning or performance of our audit of the financial statements.

### ***Consultation With Other Accountants***

We are not aware of any consultations management had with other accountants about accounting or auditing matters.

***Management Representations***

We have requested certain representations from management that are included in the management representation letter. This letter has been provided to you.

This information is intended solely for the use of the Board of Trustees and management of the Plan Sponsor and is not intended to be, and should not be, used by anyone other than these specified parties.
