## INDEPENDENT AUDITOR'S REPORT

Plan Administrator and Participants  
Rynone Manufacturing Corporation 401(k) Plan

### ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed audits of the financial statements of Rynone Manufacturing Corporation 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Rynone Manufacturing Corporation 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note G to the financial statements, is complete and accurate.

### ***Opinion***

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Rynone Manufacturing Corporation 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Rynone Manufacturing Corporation 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Rynone Manufacturing Corporation 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Rynone Manufacturing Corporation 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matter- Supplemental Schedules Required by ERISA***

The supplemental schedules of delinquent participant contributions for the year ended December 31, 2024 and assets held for investment purposes at end of year – December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RYNONE MANUFACTURING CORPORATION 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

NOTE A: DESCRIPTION OF THE PLAN

The following description of Rynone Manufacturing Corporation 401(k) Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Rynone Manufacturing Corporation, Sayre Corporation, Rynone Waverly, Inc., and Cayuga Realty Associates, LTD DBA Rynone Factory Outlet, (collectively "the Companies"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Newly hired and eligible rehired employees, if not classified as temporary, are automatically enrolled in the Plan after one year of service at 2% before-tax contribution rate, unless they file an election form with the Plan Administrator indicating a different rate of contribution.

The Companies make a non-discretionary safe harbor matching contribution equal to 100% of the participant's salary deferral not to exceed 3% of the participant's compensation plus 50% of the participant's salary deferral to the extent such salary deferrals exceed 3% but do not exceed 5% of the participant's compensation.

Participant accounts

Each participant's account is credited with the participant's contribution, the Companies' matching contribution, an allocation of Plan earnings and special discretionary contributions, if any. Allocations of earnings are based upon account balances. The benefit to which a participant is entitled is the benefit that can be provided for the participant's vested account. Participants may direct employee and employer contributions in several different investment models.

Vesting

Participants are immediately vested in their voluntary contributions and safe harbor matching contributions. Vesting in the remainder of their account is based on years of service. Plan participants become fully vested in employer discretionary matching contributions received prior to 2023 after six years of service.

Payment of benefits

Upon termination of service for any reason, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account or installment payments.

NOTES TO FINANCIAL STATEMENTS, Cont'd

DECEMBER 31, 2024 AND 2023

NOTE B: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment valuation and income recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Net investment gain (loss) is recorded monthly based on the change in the fair value of the accounts. See Note C for discussion of fair value measurements. Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date and capital gain distributions are included in dividend income.

Payment of benefits

Benefits are recorded when paid.

Plan expenses

The Plan's expenses are paid either by the Plan or the Companies, as provided by the plan document. Expenses that are paid by the Companies are excluded from these financial statements. Plan expenses are allocated to the participants on a pro-rata basis and are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation or depreciation of fair value of investments presented in the accompanying statements of changes in net assets available for benefits.

Use of estimates in the preparation of financial statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent events

The Plan has conducted an evaluation of potential subsequent events occurring after the statement of net assets available for benefits date through July 11, 2025 which is the date the financial statements are available to be issued. No subsequent events requiring disclosure were noted.

NOTES TO FINANCIAL STATEMENTS, Cont'd

DECEMBER 31, 2024 AND 2023

NOTE C: FAIR VALUE MEASUREMENTS

Accounting principles generally accepted in the United States of America provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1      Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2      Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3      Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

*Cash:* Fair value equals cost.

*Mutual funds and exchange traded funds:* Valued at the quoted net asset value of shares held by the Plan at year end. The net asset value is determined using the quoted market prices of the investments in which the portfolio has invested.

*Collective investment fund:* Valued using the net asset value (NAV) per share practical expedient as determined by the issuer based on the fair value of the underlying investments held by the fund less its liabilities. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective fund, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that the securities liquidations will be carried out in an orderly business manner.

NOTES TO FINANCIAL STATEMENTS, Cont'd

DECEMBER 31, 2024 AND 2023

NOTE C: FAIR VALUE MEASUREMENTS, Cont'd

The preceding methods as described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to amounts presented in the statements of net assets available for benefits.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value, as of December 31, 2024 and 2023:

NOTES TO FINANCIAL STATEMENTS, Cont'd

DECEMBER 31, 2024 AND 2023

NOTE D: TAX STATUS

On June 30, 2020, the Internal Revenue Service stated that the prototype adopted by the Plan and the related trust, as then designed, qualifies under the applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the determination letter; however, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service or other applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE E: PLAN TERMINATION

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become fully vested in their accounts.

NOTE F: FORFEITURES

If a participant terminates employment, the unvested value of their account is forfeited. The forfeited amounts may be used by the Companies to restore participant's forfeitures or to reduce future contributions to the Plan and also to pay plan expenses as of December 1, 2024. At December 31, 2024 there were \$117 in forfeited non-vested amounts. At December 31, 2023, there were no forfeited non-vested amounts.

NOTE G: CERTIFIED INVESTMENTS (UNAUDITED)

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments held at December 31, 2024 and 2023, and net appreciation in fair value of investments and interest and dividends for the years ended December 31, 2024 and 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Matrix Trust Company, the custodian of the Plan.

	<u>2024</u>	<u>2023</u>
Interest and dividends	\$ 57,888	\$ 38,602
Net appreciation in fair value of investments	543,677	612,064

All information included in the attached supplemental schedule of Assets Held for Investment Purposes at End of Year - December 31, 2024.

NOTE H: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE I: TRANSACTIONS WITH PARTIES-IN-INTEREST

As described in Noted B, the Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party in interest transactions under ERISA.

NOTE J: PROHIBITED TRANSACTIONS – DELINQUENT PARTICIPANT CONTRIBUTIONS

During 2024 and 2023, the Company failed to deposit \$66,243 and \$25,710, respectively, of participant deferrals within the required time frame as stated by the United States Department of Labor (DOL). The DOL considers late deposits to be prohibited transactions. Plan management has completed all proposed corrections of this non-exempt transaction outside of the Voluntary Fiduciary Correction Program.
