INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants
ESI-US Holdings 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the ESI-US Holdings 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of May 22, 2025 and December 31, 2024, and the related statement of changes in net assets available for benefits for the period January 1, 2025 through May 22, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of May 22, 2025 and December 31, 2024 and for the period January 1, 2025 through May 22, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the ESI-US Holdings 401(k) Plan and to meet our ethical responsibilities in accordance with the ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Plan Termination

As further discussed in Note 5 to the financial statements, ESI-US Holdings, the Plan's sponsor, decided to terminate the Plan effective May 22, 2025. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the ESI-US Holdings 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the ESI-US Holdings 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the ESI-US Holdings 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

ESI-US HOLDINGS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS MAY 22, 2025 AND DECEMBER 31, 2024

Note 1 – Description of the Plan

General

The Plan is a defined contribution plan established on July 1, 1998, by ESI US Holdings, Inc. covering ESI US Holdings, Inc., ESI North America, Inc., ESI US R&D, Inc., ESI US, Inc., CyDesign Labs, Inc. and Mineset, Inc. (collectively, the Company). Effective April 28, 2025, the only covered entity is ESI North America, Inc. The Plan is subject to the provisions of ERISA. The following description of the Plan is provided for general information purposes only. Participants should refer to the Summary Plan Description or the Adoption Agreement, including amendments thereto, for a complete description of the Plan's provisions.

Administration

ESI US Holdings, Inc. is the Plan Sponsor and named Plan Administrator. The Plan Administrator is responsible for oversight of the Plan. Plan Administrator determines the appropriateness of the Plan's investment offerings and monitors investment performance and fees. The Plan's Trustee and Investment Custodian is Fidelity Management Trust Company (Fidelity). The Investment Custodian holds all of the Plan's assets and executes all of the Plan's transactions. The Plan has also retained Fidelity Workplace Services, LLC to provide participant recordkeeping and administration services.

Eligibility

The Plan covers all employees of the Company, except those who are covered by a collective bargaining agreement that does not provide for participation in the Plan, non-resident aliens with no U.S. income, or are leased or co-op intern employees. All eligible employees must be 21 years of age and completed two months of service, with the entry date being the first day of the month after meeting the participation requirements.

Contributions to the Plan

Each year, participants may contribute up to 90% of salary, as defined in the plan document, through payroll withholdings to several investment alternatives as directed by the participant. Participant contributions may be made on a pre-tax or after-tax (Roth) basis. Participants who have attained age 50 before the end of the year are eligible to make additional 'catch-up' contributions. Participants may also contribute amounts representing distributions from other defined benefit or defined contribution plans (rollovers).

The Plan includes an auto-enrollment feature, whereby newly eligible participants who do not affirmatively elect a different percentage are enrolled in the Plan at a 5% deferral rate. The auto-enrollment percentage escalates each December 31 by 1% until a participant's deferral rate reaches 10%.

The Plan also allows for a discretionary employer matching contribution. For the period January 1, 2025 through May 22, 2025 and for the year end December 31, 2024, the formula used to determine the employer matching contribution was equal to 100% of the first 5% of compensation deferred with a cap of \$7,500.

Participants direct the investment of both their individual contributions plus their share of employer matching contributions into the various investment options offered by the Plan. The Company's contributions are allocated in the same manner as that of the participant's elective contributions.

ESI-US HOLDINGS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS MAY 22, 2025 AND DECEMBER 31, 2024

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Payment of Benefits

On termination of service, participants with vested account balances less than \$1,000 are subject to involuntary cash-outs, in which automatic distribution of their account balance will occur without direct consent unless they elect a rollover. Participants with vested account balances less than \$5,000 will be rolled over to an individual retirement plan designated by the Plan Administrator. Participants whose vested account balances exceed \$5,000 may elect to receive a lump-sum amount, installment payments, or partial withdrawals. The distributable amount is equal to the value of the participant's vested interest in his or her account. Employees who elect to have their benefit payments deferred continue to share in allocations of investment income and losses.

The Plan also allows for in-service distributions upon attainment of age 59 1/2 for any reason, and before age 59 1/2 due to financial hardship, as defined in the plan document.

Vesting

Participants are immediately vested in their contributions (deferrals and rollovers) plus actual earnings thereon. The Company's contributions vesting is 0% < 1 year, 50% for 1 year, 75% for 2 years, and 100% after 3 years. Participants also become 100% vested upon death, disability, or attainment of normal retirement age. Effective April 28, 2025, all employer matching contributions are 100% vested.

Forfeitures

Forfeitures attributable to employer contributions will be used to offset plan administration costs or to reduce employer contributions. No forfeitures were used to offset employer matching contributions for the plan year ended May 22, 2025. Forfeitures of \$3,468 were used to offset plan administration costs for the plan year ended December 31, 2024. The balance in the forfeiture account was \$-0- and \$12 as of May 22, 2025 and December 31, 2024, respectively.

Participant Accounts

All plan investments are participant-directed and participants have the option of having their contributions invested in one or more of several investment alternatives, including a self-directed brokerage account. Each participant's account is credited with the participant's contributions and company matching contributions. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant Notes Receivable

Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan transactions are treated as participant-directed investments. Loan terms range from one to fifteen years. Loans are secured by the balance in the participant's account and bear interest at a rate commensurate with prevailing rates. Principal and interest is paid ratably through payroll deductions.

NOTES TO FINANCIAL STATEMENTS MAY 22, 2025 AND DECEMBER 31, 2024

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared using the accrual basis of accounting. Employer contributions and income from investments are recorded when they are earned. Employee contributions are recorded in the period they are withheld from payroll. Expenses are recorded in the accounting period in which they are incurred.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the Investment Custodian and investment advisers. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Participant Notes Receivable

Participant notes receivable are valued at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of May 22, 2025 and December 31, 2024. Delinquent participant notes receivable are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Fees and Expenses

Professional fees incurred to operate the Plan, such as attorney and audit fees are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of benefit payments are charged directly to the participant's accounts and are included in administration expenses. Direct fees for custodian and recordkeeping services are paid by the Plan Sponsor and are excluded from these financial statements. Investment related expenses are included in the net appreciation or depreciation in fair value of investments.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

ESI-US HOLDINGS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS MAY 22, 2025 AND DECEMBER 31, 2024

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including March 10, 2026, which is the date the financial statements were available to be issued.

Note 3 – Unaudited Investment Information Certified by the Trustee

Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the following information has been certified by Fidelity Management Trust Company as to its completeness and accuracy and was not subjected to any auditing procedures performed by the Plan's independent auditors:

1. All investment balances reflected in the accompanying statements of net assets available for benefits as of May 22, 2025 and December 31, 2024;
2. All investment activity reflected in the statement of changes in net assets available for benefits for the period January 1, 2025 through May 22, 2025; and
3. The participant note balances as of May 22, 2025 and December 31, 2024 and the related participant note income for the period January 1, 2025 through May 22, 2025.

Note 4 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

ESI-US HOLDINGS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS MAY 22, 2025 AND DECEMBER 31, 2024

The following is a description of the valuation methods used for assets measured at fair value. There have been no changes in the methodologies used at May 22, 2025 and December 31, 2024.

Interest bearing cash: Valued at its face value.

Common stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

Self-directed brokerage accounts: Valued at the daily closing prices as reported by the fund. Self-directed brokerage accounts primarily consist of mutual funds, unit investment trusts, and common stocks. The self-directed brokerage accounts held by the Plan are deemed to be actively traded.

Mutual funds: Valued at daily closing prices as reported by the fund. Mutual Funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value and to transact at that price. Mutual Funds held by the Plan are deemed to be actively traded.

Common/collective trust fund: Valued at the net asset value of units held by the Plan at year end. The net asset value, as provided by the Trustee, is used as a practical expedient to estimate fair values. The net asset value is based on the fair value of the trust's underlying assets, less its liabilities. This practical expedient is not used when it is determined to be probable that a fund will sell the investment for an amount different than the reported net asset value.

The tables below segregate all financial assets as of May 22, 2025 and December 31, 2024 that are measured at fair value on a recurring basis (at least annually) into the most appropriate level within the fair value hierarchy based on the inputs used to determine the fair value at the measurement date:

	As of May 22, 2025			
	Total	Level 1	Level 2	Level 3
Cash - interest bearing	\$ -	\$ -	\$ -	\$ -
Common stock	-	-	-	-

Investments measured at net asset value ^(a)	-			
Investments, at fair value	\$ -			

ESI-US HOLDINGS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS MAY 22, 2025 AND DECEMBER 31, 2024

	As of December 31, 2024			
	Total	Level 1	Level 2	Level 3
Cash - interest bearing	\$ 419,459	\$ 419,459	\$ -	\$ -
Common stock	762,519	762,519	-	-
Self-directed brokerage accounts	2,265,609	2,265,609	-	-
Mutual funds	27,850,730	27,850,730	-	-
Total assets in the fair value hierarchy	31,298,317	\$ 31,298,317	\$ -	\$ -
Investments measured at net asset value ^(a)	2,005,797			
Investments, at fair value	\$ 33,304,114			

(a) In accordance with Subtopic 820-10, certain investments were measured at net asset value per share (or its equivalent) and have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table sets forth the fair value of investments using NAV as a calculation of measurement as of May 22, 2025 and December 31, 2024:

	As of May 22, 2025 Fair Value	As of December 31, 2024 Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common/Collective Trust Fund ^(b)	\$ -	\$ 2,005,797	\$ -	Daily	None

(b) The objective of the Putnam Stable Value fund is to provide a moderate total return over a full market cycle with commensurate risk. The fund pursues its investment objective by investing primarily in a professionally managed portfolio of registered investment companies and collective investment trusts, which in turn, invest in equity securities and fixed income securities.

Note 5 – Plan Termination

The Company has the right under the Plan to discontinue its contributions and to terminate the Plan at any time subject to the provisions of ERISA.

In September 2023, ESI-US Holdings, was acquired by Keysight Technologies. The Plan merged with Keysight Technologies, 401(k) Plan. As a result, substantially all assets were transferred out on May 19, 2025 with the remaining self-directed brokerage accounts transferring on May 22, 2025, effectively terminating the ESI-US Holdings 401(k) Plan.

ESI-US HOLDINGS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS MAY 22, 2025 AND DECEMBER 31, 2024

Note 6 – Plan Amendment and Tax Status

The Plan uses a non-standardized pre-approved plan document, which has been filed with the IRS and has received a favorable advisory letter dated June 30, 2020 from the IRS. While the plan document has not received an individual IRS determination letter, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with applicable requirements of the Internal Revenue Code and, therefore, that the Plan is qualified under Section 401(a) and that the related Trust is tax-exempt as of May 22, 2025.

The Plan was most recently amended effective April 28, 2025, the Plan was amended for employer and matching contributions to be vested 100% immediately and changed covered entities, removing all covered entities except for ESI North America, Inc. On January 1, 2025, the Plan was amended to increase the catch up contribution limit to \$11,250 for participants ages 60 to 63.

The Plan permitted provisions of SECURE Act 2.0 during the year during the period January 1, 2025 through May 22, 2025 and for the year ended December 31, 2024. Written amendments to the plan document to reflect these operational changes will be adopted at a later date in accordance with the deadlines pursuant to applicable laws and IRS guidance.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 – Party-in-Interest Transactions

Certain plan investments are managed by Fidelity Management Trust Company, the Plan's Trustee and Investment Custodian. During the period January 1, 2025 through May 22, 2025, the Plan paid direct compensation to the Investment Custodian for services rendered. Indirect compensation (that is netted against investment income on the statement of changes in net assets available for benefits) is paid to the Investment Custodian from total annual operating expenses charged on the balance of fund investments, depending on the particular fund. Transactions involving these investments are considered party-in-interest transactions; however, these transactions are not considered prohibited transactions under 29 CFR 408(b) of the ERISA regulations.

Note 8 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
