INDEPENDENT AUDITOR'S REPORT

To the Trustees of
IBEW Local No. 7 Annuity Fund
Meriden, Connecticut

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the accompanying financial statements of IBEW Local No. 7 Annuity Fund, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits-modified cash basis as of May 31, 2025 and 2024, and the related statements of changes in net assets available for benefits-modified cash basis for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of IBEW Local No. 7 Annuity Fund's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of May 31, 2025 and 2024, and for the year ended May 31, 2025, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of IBEW Local No. 7 Annuity Fund and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis for Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about IBEW Local No. 7 Annuity Fund's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of IBEW Local No. 7 Annuity Fund's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about IBEW Local No. 7 Annuity Fund's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of assets held at year end for the year ended May 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

IBEW LOCAL No. 7 ANNUITY FUND
NOTES TO FINANCIAL STATEMENTS
MAY 31, 2025 AND 2024

1. DESCRIPTION OF FUND

The following brief description of the IBEW Local No. 7 Annuity Fund (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan was formed under a collective bargaining agreement (“CBA”) between certain electrical contractors and the IBEW Local No. 7 Union. The Plan provides retirement benefits, death benefits, and disability benefits covering employees of contractors who are affiliated with IBEW Local No. 7 Electrical Workers’ Union. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Benefits

Eligible participants are always fully vested. Benefits are paid out upon an eligible employees’ retirement, termination, disablement or death. Participants should refer to the Plan document for a complete description of the Plan’s provisions covering benefits.

Contributions

The Plan agreement provides that the affiliated contractors of IBEW Local No. 7 Union make monthly contributions to the Plan of a specified amount for each hour worked to provide benefits for employees. The employer’s contribution rate is determined by the collective bargaining agreement between the contractors and the IBEW Local No. 7 Union members. The contribution rate may vary by year. In estimating expected credit losses for current contributions, we have elected the practical expedient to assume current conditions persist for the life of the asset. This approach allows us to rely on actual collections to validate our loss estimates, reducing the need for complex future economic forecasts.

Notes receivable from participants

Participants are allowed to borrow up to 50%, but not less than \$1,000 or more than \$50,000 of their account balance. Loans are permitted for up to twenty years for the purchase of a primary residence. All other loans are to be repaid over a period of up to five years. Loans carry an interest rate of prime plus one percent.

Priorities upon termination of the plan

In the event of a termination of the Plan, the participants have certain specific rights. Participants should refer to the Plan agreement for a complete description of the Plan provisions covering the priorities upon the termination of the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

It is the Plan’s policy to prepare its financial statements on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America; consequently, revenues are recognized when received rather than when earned, and expenses are recognized when the cash is disbursed rather than when the obligation is incurred. The cash basis of accounting has been modified to state investments at fair value.

Investment valuation and income recognition

Investments are reported at fair value, except for the Guaranteed Investment Contract with an insurance company, which is reported at contract value.

IBEW LOCAL No. 7 ANNUITY FUND
NOTES TO FINANCIAL STATEMENTS
MAY 31, 2025 AND 2024

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

In accordance with the policy of stating investments at market value, net unrealized appreciation or depreciation for the year is reflected in the statement of changes in net assets available for benefits – modified cash basis.

Investments (continued)

The Plan maintains policies and procedures to value instruments using the best and most relevant data available. In addition, the Plan has an investment management team that reviews valuation, including independent price validation for certain instruments. Further, in most instances, management develops internal valuations of the assets and instruments held in the Plan. Total gains (losses) are shown as part of net appreciation (depreciation) in fair value of investments in the statement of changes in net assets available for benefits.

Deposits with insurance company

Deposits in the Stable Fund, a Guaranteed Investment Contract with Transamerica Financial Life Insurance Company, Inc., is valued at contract value which represents the value of contributions made under the contract, plus interest at a guaranteed contract rate which varies each year. All other funds held by the insurance company are stated at fair market value. In accordance with the policy of stating investments at market value, net unrealized appreciation or depreciation for the year is reflected in the statement of changes in net assets available for plan benefits.

Fair value

Accounting Standards Codification provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under Accounting Standards Codification are described as follows:

- Level 1 valuations reflect quoted market or exchange prices for the actual or identical assets or liabilities in active markets.
- Level 2 valuations reflect inputs other than quoted prices in Level 1 which are observable. The inputs can include some or all of the following into a valuation model:
 - quoted prices on similar assets in active markets
 - quoted prices on actual assets that are not active
 - inputs other than quoted prices such as yield curves, volatilities, prepayments speeds
 - inputs derived from market data
- Level 3 valuations reflect valuations in which one or more of the significant valuation inputs are not observable in an active market, there is limited if any market activity, and/or are based on management inputs into valuation model.

Tax status

The Plan obtained its latest determination letter dated March 16, 2016; in which the Internal Revenue Service stated that the Plan, as then designed, was in accordance with applicable requirements of the Internal Revenue Code. The Plan administrator and the Plan's tax counsel believe that the plan is designed and operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTES TO FINANCIAL STATEMENTS
MAY 31, 2025 AND 2024**

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

The Plan has adopted Accounting Standards Codification, “Accounting for Uncertainty in Income Taxes.” Accounting Standards Codification prescribes a comprehensive model for the financial statement recognition, measurement, classification and disclosure of uncertain tax positions. Management has not identified any uncertain tax positions and, therefore, no liability has been recorded in the financial statements.

Use of estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the amounts reported in the financial statements and related notes to financial statements. Changes in such estimates may affect the amounts reported in future periods.

Subsequent events

Management has evaluated subsequent events through February 25, 2026, the date which the financial statements were available to be issued.

3. INVESTMENTS

The following section describes the valuation methodologies the Plan uses to measure the financial instruments at fair value.

Mutual funds

These consist of common stocks and bonds. These funds are valued using a daily calculated NAV and are traded at a quoted price through the National Securities Clearing Corporation making them Level 1 assets.

Stock fund

These consist of stocks readily available in the market valued at a daily quote price making them Level 1 assets.

<u>Investments at fair value</u>	<u>Level 1</u>	<u>Total 05/31/2025</u>
Investments Mutual funds	\$ 51,034,004	\$ 51,034,004
Investments Stock fund	1,621,479	1,621,479
Total Investments	<u>\$ 52,655,483</u>	<u>\$ 52,655,483</u>

<u>Investments at fair value</u>	<u>Level 1</u>	<u>Total 05/31/2024</u>

The Plan maintains policies and procedures to value instruments using the best and most relevant data available. In addition, the Plan has an investment management team that reviews valuation, including independent price

validation for certain instruments. Further, in most instances, management develops internal valuations of the assets and instruments held in the Plan.

Stable fund

The stable fund is a Guaranteed Investment Account (the “GIA”) provided through a group annuity contract (“the Contract”). Under the terms of the Contract, a crediting rate is established for amounts invest in the GIA and participants may direct permitted withdrawal and/or transfer transactions of all or a portion of their account balance at Contract Value. Contract Value represents contributions plus credited interest less participant withdrawals and fees. Because the Guaranteed Investment Contract is fully benefit responsive, contract value is the relevant fair value measurement attribute for that portion of the net assets available for benefits attributable to the Guaranteed Investment Contract. This investment is valued at contract value.

4. CONCENTRATION OF CREDIT RISK

The Plan uses financial institutions in which it maintains cash balances, which at times may exceed federally insured limits. The Plan has not experienced any losses in such accounts and management believes it is not exposed to any significant credit risk on cash.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

5. RELATED PARTY TRANSACTIONS

Plan assets during the year included investments in funds managed by Transamerica Financial Life Insurance Company, Inc., and State Street Bank and Trust Company. Transamerica Financial Life Insurance Company, Inc., and State Street Bank and Trust Company are the Plan’s custodians and, as such, transactions with the custodians qualify as party-in-interest transactions. Participant loans also qualify as party-in-interest transactions. During the normal course of business, the Plan has several arrangements with service providers. These transactions are party in interest transactions under ERISA.

6. COMMITMENTS

In April 2024, the Plan changed the third-party plan administration from Zenith American Solutions and awarded a three-year contract with Solxsys Administrative Solutions, LLC. The initial three-year contract for plan administration services became effective on September 1, 2024, and ends on August 31, 2027, with an initial monthly fee of \$3,000, plus additional fees for work in converting from the prior contractor. On August 31, 2024, the Plan terminated its contract with Zenith American Solutions. The prior contract for plan administration services with Zenith American Solutions required monthly payments of \$2,814. For the years ended May 31, 2025 and 2024, fees paid for all third party plan administration totaled \$42,442 and \$32,535, respectively

7. CERTIFIED INVESTMENTS

Other than the contract value of the Guaranteed Investment Contract and the related adjustment from fair value to contract value for fully benefit-responsive investment contracts, certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules of assets held at year end, including investments and notes receivable from participants held at May 31, 2025 and 2024, and net appreciation in fair value of investments and investment income for the years ended May 31, 2025 and 2024, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the custodians of the Plan, Transamerica Financial Life Insurance Company, Inc. and State Street Bank and Trust Company. The contract value of the Guaranteed Investment Contract was certified by the custodians.

8. CREDIT LOSSES

The Plan invests in a fully benefit-responsive general investment account (“GIA”) contract with an insurance company. The GIA is credited with earnings at a rate determined by the insurance company and is backed by the general account assets of the insurer. The contract is presented at contract value, which represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

The Plan applies the guidance of credit losses to financial assets measured at amortized cost. Management evaluated the GIA contract to determine whether an allowance for expected credit losses is required.

Because the GIA represents a fully benefit-responsive investment contract and the credit risk is associated with the issuing insurance company, management evaluated the financial condition and creditworthiness of the insurer. Based on the insurer’s credit ratings, financial strength, and the absence of historical losses related to the contract, management concluded that no allowance for credit losses was necessary as of May 31, 2025.
