Iberia Comprehensive Community  
Health Center, Inc. 401(k)  
Plan and Trust

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the accompanying financial statements of Iberia Comprehensive Community Health Center, Inc. 401(k) Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of May 31, 2025 and 2024, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended May 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Iberia Comprehensive Community Health Center, Inc. 401(k) Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of May 31, 2025 and 2024, and for the year ended May 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

### **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Iberia Comprehensive Community Health Center, Inc. 401(k) Plan and Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Iberia Comprehensive Community Health Center, Inc. 401(k) Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Basis of Accounting**

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedule are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the

aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Iberia Comprehensive Community Health Center, Inc. 401(k) Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Iberia Comprehensive Community Health Center, Inc. 401(k) Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matter - Supplemental Schedules Required by ERISA**

The supplemental schedule of Assets Held for Investment Purposes is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements (Continued)  
May 31, 2025

**Note 1 - Description of the Plan**

The following description of the Iberia Comprehensive Community Health Center, Inc. 401(k) Plan and Trust (“Plan”) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering employees of the Company who have one year of service and are age eighteen or older. It is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

Contributions

The plan allows participants to defer up to 100% of eligible compensation as defined in the Plan on a pre-tax basis. Effective June 1, 2006, the plan was amended to allow participants to make ROTH after tax contributions. The plan allows participants to defer up to 100% of eligible compensation as defined in the Plan on an after-tax basis. The Internal Revenue Code limits the amount a participant is permitted to contribute to the plan (including both pre-tax and ROTH after-tax contributions) to the lesser of 100% of eligible compensation or \$23,500 for 2025. Total contributions may not exceed the limits of the plan.

Participants who will be at least age 50 by the end of the Plan year may elect to make “catch-up” contributions, not to exceed an additional deferral of \$7,500 in 2025 (subject to adjustment in future years).

Effective June 1, 2007, this Plan is referred to as a “safe harbor 401(k) plan”. In order to maintain safe harbor status, the employer will make a safe harbor matching contribution to the participating employee’s account (either on a pre-tax basis, contributed on after-tax basis, or combination of pre/after tax) up to six (6%) of the employee’s compensation. The Company may also make a discretionary matching contribution to the participating employee’s account equal to a discretionary percentage, to be determined by the Employer, of the participating employee’s salary deferrals (either on a pre-tax basis, contributed on after-tax basis, or combination of pre/after tax) up to six (6%) of the employee’s compensation. In addition, the Company may make a discretionary profit-sharing contribution to be determined by the Employer to qualifying employees. Beginning on June 1, 2023, the Company elected to make discretionary contributions of up to two (2%) of the participating employee’s salary deferrals. Finally, participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

Vesting

The balance in each participant's account that is attributable to his or her own contributions, rollover contributions and safe harbor employer matching contributions shall be fully vested at all times.

401(k) PLAN AND TRUST  
New Iberia, Louisiana  
EIN #58-2164455

Notes to Financial Statements (Continued)  
May 31, 2025

**Note 1 - Description of the Plan (Continued)**

The vested portion of the participant's account attributable to discretionary employer matching and Profit-Sharing contributions shall be based on the number of years of service as of the date of termination of employment as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
2	20%
3	40%
4	60%
5	80%
6	100%

Benefit Payments

If a participant's vested account balance exceeds \$5,000, on termination of service, disability or after reaching normal retirement age, a participant must consent to their benefit distribution and will receive an amount equal to the value of the participant's vested in his or her account in the following forms: a single lump-sum payment, installments over a period of not more than the participant's assumed life expectancy, or partial withdrawals of at least \$1,000. If a participant's vested balance does not exceed \$1,000, no benefit distribution consent is required upon termination. If a participant's vested balance does not exceed \$5,000, then their vested account balance may only be distributed in a single lump-sum payment. At May 31, 2025, there were no amounts allocated to participants for unpaid benefit payments.

Forfeitures

Forfeited non-vested amounts that occur during the normal operation of the Plan reduce employer obligations for future or current contributions. The Plan had \$2,740 in forfeitures during the year and used \$5,862 of prior year forfeitures to reduce the employer's obligation during the year. The Plan had \$815 and \$3,937 in unallocated forfeitures as of May 31, 2025 and 2024, respectively.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contribution, and the participant's earnings on their investments. Each participant's account is charged with a direct administrative expense or allocation (based on nature of expense) of administrative expenses. Participant accounts are also reduced by forfeitures of non-vested discretionary matching and/or Profit-Sharing contributions and benefit payments.

Investment Options

Participants of the Plan self-direct the investments in their participant accounts. The Plan offers different investment options with varying levels of risk for the participant to choose from.

**Note 2 - Summary of Significant Accounting Policies**

General

The financial statements of the Plan are prepared on a modified cash basis, which is a comprehensive method of accounting other than generally accepted accounting principles. Employer and Employee contributions are recognized when received. Employee benefits and refunds of contribution are expensed when paid.

Valuation of Investments

The Plan's pooled separate account investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 7 for discussion of fair value measurements. The John Hancock Life Insurance Company has provided fair values as of May 31, 2025 and 2024, respectively.

Earnings on investments are recognized on a modified cash basis. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Limited Scope - Certified Information

The John Hancock Life Insurance Company held the Plan's investment assets and executed investment transactions as of May 31, 2025 and from June 1, 2024 to May 31, 2025. Financial information relating to the assets is included in the accompanying financial statements and schedule and is based on information provided by The John Hancock Life Insurance Company. The Plan administrator has instructed the independent public accountants not to examine the information certified as complete and accurate by the custodians. The custodian's certification applies to substantially all Plan assets and transactions for the dates presented.

The John Hancock Life Insurance Company certifications apply to all investments and the Statement of Assets Held for Investment Purposes.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Concentrations of Credit Risk

Financial instruments, which potentially subject the Plan to concentration of credit risk, consisted principally of pooled separate accounts.

Expenses Paid by Employer Sponsor

The employer sponsor paid for audit fees on behalf of the Plan during the year.

Plan Expenses

The Plan incurred \$98,341 in expenses during the fiscal year ending May 31, 2025. These expenses included \$58,666 in John Hancock contract administration fees, \$1,800 in third party administrator service fees, and \$37,875 in investment advisory fees.

**Note 3 - Plan Termination**

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, employees become 100% vested in their accounts.

**Note 4 - Tax Status**

The IRS has determined and informed the plan sponsor by a letter dated November 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. The Plan's Forms 5500, *Annual Return/Report of Employee Benefit Plan*, are subject to examination by the IRS, generally for three years after they are filed.

**Note 5 - Information Prepared and Certified by Trustee**

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the trustee, The John Hancock Life Insurance Company has provided fair values as of May 31, 2025 and 2024, respectively.

**Note 6 - Preparation of Financial Statements**

The Plan's policy is to prepare its financial statements on a modified cash basis of accounting. Income is reported when it is actually received and expense is reported when it is paid in cash. The exception to cash receipts and disbursements reporting is when the securities investments are adjusted to reflect their fair value on the financial statements. This method of accounting is considered to be a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

**Note 7 - Fair Value Measurements**

Financial Accounting Standards Board (FASB) Codification No. 820-10, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 Measurements) and the lowest priority to unobservable inputs (level 3 Measurements). The three levels of the fair value hierarchy under FASB Codification No. 820-10 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2

Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement. The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

**Note 7 - Fair Value Measurements (Continued)**

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at May 31, 2025 and 2024.

*Pooled separate accounts:* Valued at the net asset value of the underlying mutual funds, minus any daily mortality and expense risk and administration charges, if applicable (see note 8).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the plan's assets at fair value as of May 31, 2025 and 2024:

<b>Assets at Fair Value as of May 31, 2025</b>				
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ -	\$ 11,793,065	\$ -	\$ 11,793,065

<b>Assets at Fair Value as of May 31, 2024</b>

**Note 8 - Investment Contracts with Insurance Companies**

Pooled Separate Accounts

The Plan allows participants to investments in Pooled Separate Accounts through The John Hancock Life Insurance Company. These unregistered Pooled Separate Accounts are divided into investment divisions called “Sub-Accounts”. Each Sub-Account invests in shares of an underlying mutual fund.

Sub-Account values are measured in terms of “Accumulation Units”. The Accumulation Units of a Sub-Account are assigned a unit value on a daily basis, at the end of each day the New York Stock Exchange (“NYSE”) is open for trading, as of the close of the NYSE on that day (called a “Valuation Day”). To determine the current Accumulation Unit Value for a Sub-Account the prior Valuation Day’s Accumulation Unit Value is multiplied by the Net Investment Factor. The “Net Investment Factor” is used to measure the investment performance of a Sub-Account from one Valuation Day to the next. The Net Investment Factor for each Sub-Account equals the net asset value (NAV) per share of the underlying Fund held in the Sub-Account at the end of the current Valuation Day, divided by the net asset value (NAV) per share of the underlying Fund held in the Sub-Account at the end of the prior Valuation Day, minus any daily mortality and expense risk and administration charges, if applicable.

The shares of the underlying Fund are valued at net asset value (NAV) on a daily basis. A complete description of the valuation method used by the underlying Fund may be found in the underlying Fund’s prospectus.

The pooled separate accounts invest primarily in fixed-income securities and other debt instruments, which are subject to credit risk. The fair value of the pooled separate account is measured using net asset value (NAV) per unit as a practical expedient. The NAV reflects the fair value of the underlying investments, including the effect of credit risk, defaults, and any credit losses recognized by the insurance company in determining the pooled separate account’s unit value.

In applying the current expected credit loss (CECL) model under FASB ASC 326, the Plan evaluates whether it has exposure to credit losses on financial assets measured at amortized cost or other in-scope assets for which it records an allowance for credit losses. Because the Plan’s interest in the pooled separate account is measured at fair value using NAV and does not represent an ownership interest in specific underlying debt instruments, the Plan does not record a separate allowance for credit losses related to this investment. Management monitors information provided by the insurance company regarding the credit quality of the underlying portfolio, including credit ratings, diversification by issuer and sector, and any significant impairments recognized at the pooled separate account level.

***Note 8 - Investment Contracts with Insurance Companies (Continued)***

***Pooled Separate Accounts (Continued)***

Based on this monitoring and the investment-grade nature and diversification of the underlying portfolio, management has concluded that any expected credit losses at the Plan level related to its interest in the pooled separate account are reflected in the reported fair value of that investment and that no separate allowance for credit losses is required in the accompanying financial statements

***Note 9 - Risks and Uncertainties***

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

***Note 10 - Related Party Transactions***

Certain Plan investments at May 31, 2025 were investments managed by John Hancock Life Insurance Company. John Hancock Life Insurance Company was also the investment custodian as defined in the Plan. Therefore, these transactions qualified as party-in-interest transactions.

***Note 11 - Subsequent Events***

The Plan evaluated its May 31, 2025 financial statements for subsequent events through the date of the audit report, the date the financial statements were available to be issued. The Plan is not aware of any subsequent events which would require recognition or disclosure in the financial statements.
